RE: General Conference, 1979

In order to have delegates seated at the Ninth General Conference of the UFMCC, each congregation must be in compliance with the UFMCC By-Laws. Article X 'Church Finances', Section C 'Fellowship Support' states:

"Each study group, mission and church will on a monthly basis contribute a minimum of ten percent (10%) of all collected funds [except for designated funds] to the Board of Elders of the Universal Fellowship of Metropolitan Community Churches for the administrative expenses of the Fellowship."

Tithes through and including June should be paid to the UFMCC Treasurer's Office no later than JULY 10, 1979 to insure seating of delegates at the Ninth General Conference. Section II. 3 of the Financial Report for the Church Year 1976-1977, as included in the Reports of the Eighth General Conference, states:

"...the Elders at the last General Conference expressed to you their desire to enforce the late rule at this year's conference as the only way to operate in fairness to those Churches who made sure all tithes were paid by the end of the year..."

Any congregation unable to meet these requirements should contact the UFMCC Treasurer's Office immediately.

This month's mailing consists of the items above. We hope this recap will help you quickly determine their appropriate distribution. Please see that these mailings are shared with the members and friends of your congregation. We have found that those congregations in which efforts to share communications are made, feel more a part of the Fellowship, besides having the information necessary to be an effective part of it. In these churches materials are not just announced but actually made available to the congregation by posting, as on a church bulletin board.

The Rev. Jeri Ann Harvey

Pastor

Dear Brothers and Sisters in Christ:

Hallelujah! Do you realize it is only four months away and we can hug and kiss and share the ten year struggle together. "For Such a Time as This" is so appropriate a theme for us all. MCC/LA and all the churches in the Los Angeles area are feeling the excitement and frenzy of General Conference 1979. We are so excited about the things that are planned for us all and can hardly wait for August to get here.

Reservations are coming in from around the world and we expect the largest delegations from our churches outside the United States. What a time this "Such a Time as This" is going to be...Praise God!

We are preparing welcome packets for all who attend that will inform you as to restaurants and fast food places near the hotel for your convenience and all other businesses surrounding the hotel's immediate area for your shopping pleasure. The hotel is beautiful and will be greatly appreciated by those who were housed at the Ambassador in Washington, D.C.

MCC/LA is preparing a very special musical program for Sunday night, August 12 and we invite all who can to attend. We, of course, would love to have you at our 11:00 a.m. service also, if you are in town. We hope to be able to provide everything for your needs while here. If there is anything that your group needs, please advise us of it so that we may either arrange for it or explain why it cannot be done. Please keep in mind that we will be attempting to satisfy between four and six thousand others.

For those who have asked, Jesus the Christ was the first reservation received and will be in attendance throughout the entire Conference. Amen!

Because He Lives,

TO: All UFMCC Clergy

FROM: The UFMCC Administrative Offices

Dear sisters and brothers,

The Ninth General Conference of the Universal Fellowship of Metropolitan Community Churches is quickly approaching. This year we are sending out all reports of our Commissions and Committees prior to the Conference. The first of these pre-conference packets is included in this mailing. It contains the report of the UFMCC By-Laws Committee and the proposed By-Law changes. The second packet will include the Conference schedule and all other reports received in these offices. We will be mailing those within two weeks. Those who have registered for Conference will receive the final copy of the Reports and Directives of General Conference IX around the end of the year.

To utilize these materials to their greatest advantage, we urge you to facilitate rap groups and/or meetings to carefully review and discuss the proposed By-Law changes and other resolutions with the members and friends of your congregation. These are extremely important in the continuing ministry of our Fellowship. We hope that receiving these reports prior to General Conference will enable the ministers, lay delegates and other conference registrants to be well prepared and familiar with the areas of business which we need to conduct so that we can make the most of the time we have to share together.

We all are looking forward to this time when so many of us are able to be together in reunion and fellowship. We pray that God will bless you and watch over you, particularly as you travel to this area for the Conference.

Re: Proposed By-Law Change for Article IV - Ministry
(dated December 18, 1978)

Dear Jeff, Jim, Bob and Rev. Elder Sandmire:

I am writing at the request of a group of ministers, worship coordinators, exhorters, lay delegates, and the Northeast District's Office of Lay Concerns, who met in Providence last weekend to discuss your proposal and MCAC's requirements as presently written.

First, let me say that the group was overwhelmingly in favor of the MCAC requirements and the attempt to upgrade the educational requirements for professional ministry. That was never in question. Also, the involvement of Samaritan in that process was encouraged.

However, we found a number of areas of difficulty with the proposal as written. We understand that there is another proposal in the works but as yet no one in this district has seen it, so we were limited to the proposal we received. The difficulties we envision include:

1. As in all groups of fairly large size, there is a tendency to permit fewer and fewer persons to make more and more decisions, and to exclude interested persons from decision-making processes. The Fellowship is not immune to this. Lay people, for example, have begun to workthrough the Office of Lay Concerns to increase their input into decision-making. Ministers, on the other hand, have had their access to information and their access to decision making severely curtailed under the current District Review Committee system. The committees are too small. We feel that five rather than three would be a better number.
2. The proposal places too much responsibility with the District Coordinator and the DRC (of whom the District Coordinator is a member). It might be well that all members of the committee be ministers other than the District Coordinator. The District Coordinator is also busy pastoring a church and administering more and more details in the District. To add still more responsibilities to one person's already hectic schedule is inhumane. This might well be a task for the Assistant District Coordinator.

Also the District Coordinator may not be interested primarily in working with student ministers. S/He may not feel called to work in this area, and there may well be another minister with greater interest and qualification.

The third person on the DRC does not reside in the District, may not know or understand the needs of the District, and will not be available to implement the supervisory aspect of the

aspect of the proposal. The fact that the DRC meets annually in the District also gave us some question. It would put off the work of the student minister until the DRC could be empaneled, and waste a good deal of the student's time.

3. As we see it, the duties to which the student minister would be assigned should extend from the needs of the local church as well as the training needs of the student. It would seem that the DRC is taking on responsibility for internal church affairs from too far distance for the student or the local church to benefit fully. Insufficient communication is provided between the DRC and the local pastor if the DRC is to meet only annually. There is also the question of divided loyalty. To whom is the student really answerable? In the present proposal it would seem to be the DRC and the District Coordinator. That would make the working relationship difficult, at best, between the local pastor and the student.
4. Skills, which are varied and a fairly extensive list, cannot all be developed over a one-year period. The person may well be developing ministerial skills from a place of responsibility in the church during a 2,3, or 4 year period while completing her/his education. People do not all progress at the same rate; a one-year period may be too short for some individuals, who eventually may make excellent ministers. This needs to be looked at individually.
5. While we see the intent of the proposal to upgrade the qualifications of MCC ministers, and are in accord with this, we feel that limiting access to the program to those in their "final year of education" (and who is ever finally educated?) without spelling out what that level is, makes it difficult to ascertain just what qualifications are expected, and might well leave us with a program which in many areas will be racist, sexist, ageist, classist, and promoting of those who are most closeted, to the detriment of those who are most open, since many openly gay people are denied access to higher education in many areas, particularly in seminaries.

The older student, the person from a racial minority, the Lesbian mother with children, the person from a disadvantaged educational background -- be it rural or inner city -- may well have many talents and be a valuable minister for us, and can make a valuable contribution to a local MCC while being encouraged to seek higher education. Let us not follow the rest of society in putting blocks between that person and access to a place of Christian service as an exhorter-student minister in the Fellowship. There has been enough perpetuation of these myths in many mainline denominations. Ministers need not all be male, young, middle-class, and white in order to minister. We have much to learn from each other, let us not also close our eyes and ears to the wealth of experience people of varied backgrounds have to offer to all of us. Limiting access to people completing their education may well lose us many older students who could be valuable MCC ministers.

6. Because of the nature of the homosexual experience in the United States in particular, many gay people today do not come full-grown to the Christian experience. Many have rejected it because of the church's history of oppression of gay people. For

many of our people the very idea of ministry has been unthinkable, and they have not made educational plans in that area. Yet, when they are introduced to MCC, at whatever age, the Holy Spirit can and does work in their lives and does, indeed, call unlikely vessels to our ministry. This program would limit those calls to people only in their final year of education. This would be tragic! God can and does use unlikely instruments. As a matter of fact, if we look at our church as a whole, we -- all of us -- are an unlikely instrument called to a prophetic work in this world. Let us not turn off the Holy Spirit because that instrument is not fully turned out according to a table of expectations drawn up by any Board or Committee. We must be aware of our fallibility and act to enable and empower our people, rather than limit them.

7. We see the intent of the proposal to limit the number of people who will feel called to MCC's ministry. However, not all districts are experiencing a too plentiful supply. In the East, that is Northeast, Mid-Atlantic, and South Central districts there are a number of churches without ministers, and we are not calling even sufficient ministers to meet our own needs, much less to enable the spread of MCC to places where there is no church ministering to the needs of the gay community. It is unlikely that for the time being, at least, we will attract sufficient 2nd and 3rd year seminarians or junior or senior college students (if indeed these are the very people who are ready to be called to as difficult a ministry as MCC's). In all probability for some time to come our ministers will need to be drawn from other denominations or from other professions, and the people so called will need to supplement their already excellent educations with theological or other courses while ~~in~~ they are worship coordinators or pastors. To wait to license them until the "final year of their education" could put off licensing for many years. If these are not young adults it might well discourage the attempt, and in this district at least, we need these people.

It is our feeling that the present By-Law regarding Exhorters is sufficient as it exists, given that the MCAC Requirements for the Professional Ministry as outlined in the preliminary working copy of April 10, 1978 still apply. These requirements certainly are sufficient to begin upgrading our students for professional ministry. We would, however, make one change. Page 2, paragraph A (in our opinion) should be changed to read:

A. A total of 60 academic units (if quarter units, convert to semester units) from STL or any post-high school institution of higher learning accredited by any regional accrediting board. Transcripts are required.

We see the need to spell out "accredited" rather than "approved" institutions of higher learning. It is our feeling that any accredited institution of higher learning would be acceptable -- not merely those on Samaritan's "approved" list, and possibly some of those "approved" might not be accredited. This is for the student's protection. We must not allow our students to be duped into believing they are being given credit for work which cannot be used toward degrees. Samaritan, of course, is in a special category, and it is hoped that eventually it, too, will be accredited and offer more than the four courses now available to students outside of California.

We have taken the liberty of duplicating this letter in a form that will make it possible for all of those who were involved in last week's deliberations to have copies.

We would also be interested in seeing further proposals as they are developed by Samaritan, MCAC, DRC's etc. Included herewith is a By-Laws proposal which grew out of the group deliberations, and which may make MCC's task easier.

We hope you will look at these opinions as not coming from just one individual but as representing the considered deliberations of individuals interested enough to travel some distance in order to discuss, deliberate and pray about our input into your process.

4. Skills, which are varied and a fairly extensive list, cannot all be developed over a one-year period. The person may well be developing ministerial skills from a place of responsibility in the church during a 2,3, or 4 year period while completing her/his education. People do not all progress at the same rate; a one-year period may be too short for some individuals, who eventually may make excellent ministers. This needs to be looked at individually.
5. While we see the intent of the proposal to upgrade the qualifications of MCC ministers, and are in accord with this, we feel that limiting access to the program to those in their "final year of education" (and who is ever finally educated?) without spelling out what that level is, makes it difficult to ascertain just what qualifications are expected, and might well leave us with a program which in many areas will be racist, sexist, ageist, classist, and promoting of those who are most closeted, to the detriment of those who are most open, since many openly gay people are denied access to higher education in many areas, particularly in seminaries.

The older student, the person from a racial minority, the Lesbian mother with children, the person from a disadvantaged educational background -- be it rural or inner city -- may well have many talents and be a valuable minister for us, and can make a valuable contribution to a local MCC while being encouraged to seek higher education. Let us not follow the rest of society in putting blocks between that person and access to a place of Christian service as an exhorter-student minister in the Fellowship. There has been enough perpetuation of these myths in many mainline denominations. Ministers need not all be male, young, middle-class, and white in order to minister. We have much to learn from each other, let us not also close our eyes and ears to the wealth of experience people of varied backgrounds have to offer to all of us. Limiting access to people completing their education may well lose us many older students who could be valuable MCC ministers.

6. Because of the nature of the homosexual experience in the United States in particular, many gay people today do not come full-grown to the Christian experience. Many have rejected it because of the church's history of oppression of gay people. For

many of our people the very idea of ministry has been unthinkable, and they have not made educational plans in that area. Yet, when they are introduced to MCC, at whatever age, the Holy Spirit can and does work in their lives and does, indeed, call unlikely vessels to our ministry. This program would limit those calls to people only in their final year of education. This would be tragic! God can and does use unlikely instruments. As a matter of fact, if we look at our church as a whole, we -- all of us -- are an unlikely instrument called to a prophetic work in this world. Let us not turn off the Holy Spirit because that instrument is not fully turned out according to a table of expectations drawn up by any Board or Committee. We must be aware of our fallibility and act to enable and empower our people, rather than limit them.

7. We see the intent of the proposal to limit the number of people who will feel called to MCC's ministry. However, not all districts are experiencing a too plentiful supply. In the East, that is Northeast, Mid-Atlantic, and South Central districts there are a number of churches without ministers, and we are not calling even sufficient ministers to meet our own needs, much less to enable the spread of MCC to places where there is no church ministering to the needs of the gay community. It is unlikely that for the time being, at least, we will attract sufficient 2nd and 3rd year seminarians or junior or senior college students (if indeed these are the very people who are ready to be called to as difficult a ministry as MCC's). In all probability for some time to come our ministers will need to be drawn from other denominations or from other professions, and the people so called will need to supplement their already excellent educations with theological or other courses while they are worship coordinators or pastors. To wait to license them until the "final year of their education" could put off licensing for many years. If these are not young adults it might well discourage the attempt, and in this district at least, we need these people.

It is our feeling that the present By-Law regarding Exhorters is sufficient as it exists, given that the MCAC Requirements for the Professional Ministry as outlined in the preliminary working copy of April 10, 1978 still apply. These requirements certainly are sufficient to begin upgrading our students for professional ministry. We would, however, make one change. Page 2, paragraph A (in our opinion) should be changed to read:

A. A total of 60 academic units (if quarter units, convert to semester units) from STL or any post-high school institution of higher learning accredited by any regional accrediting board. Transcripts are required.

We see the need to spell out "accredited" rather than "approved" institutions of higher learning. It is our feeling that any accredited institution of higher learning would be acceptable -- not merely those on Samaritan's "approved" list, and possibly some of those "approved" might not be accredited. This is for the student's protection. We must not allow our students to be duped into believing they are being given credit for work which cannot be used toward degrees. Samaritan, of course, is in a special category, and it is hoped that eventually it, too, will be accredited and offer more than the four courses now available to students outside of California.

We have taken the liberty of duplicating this letter in a form that will make it possible for all of those who were involved in last week's deliberations to have copies.

We would also be interested in seeing further proposals as they are developed by Samaritan, MCAC, DRC's etc. Included herewith is a By-Laws proposal which grew out of the group deliberations, and which may make MCC's task easier.

We hope you will look at these opinions as not coming from just one individual but as representing the considered deliberations of individuals interested enough to travel some distance in order to discuss, deliberate and pray about our input into your process.

PROPOSED BY-LAW CHANGE
for General Conference IX
Los Angeles, California

IV. C. 3. (Add)

Evangelist: Evangelists are a special order of lay ministers within the jurisdiction of the district, under the supervision of the District Coordinator and the Board of Home Missions, which supervision may be delegated to a local church.

Qualifications: Evangelists are persons who feel called to the ministry of the word and must meet the same qualifications in I Timothy 3: 8-14. Their purpose is to provide outreach both within the local congregation and to areas not served by a local MCC. Considering the responsibility and duties of an evangelist, it is desirable that they not serve on the Board of Directors or in other church offices.

Requirements: Evangelists shall have been members of an MCC within the District for six months to one year, unless they are called by the District or a local body of the District from an MCC outside that District. Initial recommendation, evaluation and training as deemed necessary shall come from the local pastor and Board of Directors. They shall be members in good standing of their local church, and be persons of spiritual mind, exemplary lives, joyful outlook, sound judgment, and of proven dedicated service with a gift of the ministry of the word. The Board of Home Missions shall make the initial appointment, and shall review the appointment annually or at their discretion. If supervision has been delegated to a local church, mission or study group, annual review shall include the recommendation and evaluation by the local pastor and Board of Directors.

Duties: Evangelists may be called to the prison ministry, institutional ministry, innovative ministries, or to new works in areas not yet served by MCC.

The duties may, if necessary and circumstances dictate, include administration of the rites and sacraments (with the exception of Holy Matrimony) under the authority and direction of the supervising pastor or District Coordinator and Board of Home Missions.

Discipline: If supervision has been delegated to a local pastor and church, mission or study group, the pastor, together with a majority of the full Board of Directors, may vote to remove from office any Evangelist for disloyalty, unbecoming conduct, or dereliction of duty. The pastor, together with a majority of the full Board of Directors may impose for cause such lesser discipline as they may deem appropriate. If supervision remains with the Board of Home Missions and the District Coordinator, they may vote to remove from office any Evangelist for disloyalty, unbecoming conduct or dereliction of duty. Lesser discipline may be imposed by the appropriate body.

Rationale: While many districts have a sufficient supply of trained ministers, others do not. Prison ministry, innovative ministries, institutional ministries may require a person to preach and provide the sacraments where there is no minister available, and no exhorter or deacon in the area. Exhorters, under the new requirements, will have as their major impetus, the completion of their education in order to prepare themselves for the professional ministry. This leaves a gap in the available personnel previously filled by lesser-trained exhorters. In many districts, churches are unpastored and there are insufficient professional ministers available to begin new works in areas not served by MCC. Under this proposal, Evangelists would be available to be sent out, either under the supervision of a local church, or under supervision of the District Coordinator and Board of Home Missions to those areas. Many people have a gift for beginning new works who are not sufficiently trained for the professional ministry and who may, by reason of age, etc., be unwilling to take time out for that education, but who may be valuable as they are to begin new study groups and temporarily pastor them. It is to this need that we speak in this proposal.

Rationalize. While many districts have a sufficient supply of trained ministers, others do not. Prison ministry, innovative ministries, institutional ministries may require a person to preach and provide the arrangements where there is no minister available, and no exhorter or deacon in the area. Exhorters, under the new requirements, will have as their major interest, the completion of their education in order to prepare themselves for the professional ministry. This leaves a gap in the available personnel previously filled by lesser-trained exhorters. In many districts, churches are unassured and there are insufficient professional ministers available to begin new works in areas not served by IBC. Under this proposal, Evangelists would be available to be sent out, either under the supervision of a local church, or under supervision of the District Coordinator and Board of Home Missions to those areas. Many people have a gift for beginning new works who are not sufficiently trained for the professional ministry and who may, by reason of age, etc., be unwilling to take time out for that education, but who may be valuable as they are to begin new study groups and temporarily pastor them. It is to this need that we speak in this proposal.

PROPOSED REVISION OF ARTICLE IV OF THE BY-LAWS OF THE U.F.M.C.C.

offered by the Pastor and Board of Directors of the Metropolitan Community Church of Nashville.

This has been accepted for consideration by the Board but NOT YET adopted, amended or refused -

RATIONALE: The recently received proposal from the Board of Trustees of the Samaritan Theological Institute, to revise part C of Article IV, and to replace IV, C, 2 (of Exhorters), with an Article IV, D (of Student Ministers), in our minds raises questions which touch other parts of Article IV. We believe the entire Article can be rewritten to procure a clearer and better statement, establish more uniform procedures and standards, and provide the Fellowship with professional and non-professional ministers. Therefore we offer the following in substitution for Article IV as it now stands. We point out that much of what follows is only a rearrangement or a restatement of the present text; some of the material proposes only slight change; and some of the material proposes substantial change. 7/14/79

ARTICLE IV: the MINISTRY

A The Universal Fellowship of Metropolitan Community Churches affirms the universal priesthood of all believers. All members of the Church are called by God to minister the grace and gospel of Christ in their daily lives and in their personal growth. This Fellowship also recognises two orders of ministry within the Church, professional and non-professional, composed of persons to whom the Fellowship has committed the exercise of certain offices and functions not appropriately exercised by any persons not called and authorised thereto by the Fellowship.

1.) LICENSED MINISTERS are professional ministers within the Fellowship.

Qualifications: Licensed Ministers must be active members of a church of this Fellowship, and must be persons of demonstrated spiritual mind and exemplary life, of moral integrity and sound judgment, and must possess administrative abilities and educational preparation and experience in the church as may be determined by the Fellowship's Committee on Ministerial Credentials and Concerns, before applying for License or renewal of License.

Requirements: The Ministerial Credentials and Concerns Committee, following procedures prescribed by the Board of Elders, shall from time to time establish minimum standards of education to be met by persons applying to be Licensed Ministers or to be renewed in that capacity. Application to become a Licensed Minister must be made to the Committee, and must include profession of Christian

faith consonant with the profession(s) of faith of this Fellowship, agreement to be bound by the By-laws of this Fellowship while continuing as a Licensed Minister, and recommendations from credible Christians as to personal and spiritual qualifications for the office. Licensed Ministers must be renewed in that capacity once a year according to procedures of the Committee.

Duties: Licensed Ministers are authorized to administer the Sacraments and Rites of this Fellowship and to perform all other functions of Christian ministry unless specifically limited by the Ministerial Credentials and Concerns Committee of the Fellowship at the time of granting or renewing the license.

2.) ORDAINED MINISTERS are professional ministers within the Fellowship.

Qualifications: Ordained Ministers must be active members of a Church of this Fellowship, and must be persons of spiritual mind and exemplary life, of moral integrity and sound judgment and sound administrative abilities, which have been demonstrated in at least two years in the capacity of Licensed Minister. Ordained Ministers must show both qualifications and willingness to assume any pastoral or administrative office under this Fellowship, if called thereto, and must be recognized as having made an unreserved life-long commitment to be loyal, active professional ministers of this Fellowship.

Requirements: To be considered for the Rite of Ordination and to become an Ordained Minister, an individual must have served in this Fellowship for at least two consecutive years, and must submit application to the Fellowship's Committee on Ministerial Credentials and Concerns in accordance with procedures prescribed by the Board of Elders. Such applications must always include a personal profession of Christian faith consonant with the profession(s) of faith of this Fellowship, agreement to be bound by the By-laws of this Fellowship, and a statement of life-long commitment to the professional ministry of this Fellowship saving only the call of God to other labors. Standards of educational and work achievement to be met before being accorded status as Ordained

Minister, and of continuing education to be required of all professional ministers in the Fellowship, may be established from time to time by the Committee in accordance with procedures prescribed by the Board of Elders.

Duties: Ordained Ministers are authorized to administer the Sacraments and Rites of this Fellowship and to perform all other functions of Christian ministry, unless the Committee on Ministerial Credentials and Concerns in accordance with procedures established by the Board of Elders shall temporarily and for cause suspend the Ordained Minister from any or all exercises of the Christian ministry.

3.) INACTIVE STATUS and RETIREMENT: Ordained Ministers not engaged in a pastorate or any other appropriate ministry under this Fellowship for a period of twelve (12) months are not eligible to vote as Minister at a General or District Conference or in a local congregational meeting. After twelve (12) consecutive months of inactivity in the professional ministry of this Fellowship, an Ordained Minister must appear before the Committee on Ministerial Credentials and Concerns which may, in accordance with procedures prescribed by the Board of Elders, temporarily suspend or revoke the status as Ordained Minister.

Ordained Ministers and Licensed Ministers may be accorded Inactive Status when for reasons of ill health, or other compelling reasons, that is deemed appropriate by the Committee. Ordained Ministers and Licensed Ministers may be accorded the status of Honorably Retired Minister after an appropriate number of years of service or upon attainment of sixty-five (65) years of age.

4.) Discipline: The Universal Fellowship of Metropolitan Community Churches reserves to itself the discipline of its Ordained and Licensed Ministers, and cannot condone disloyalty or unbecoming conduct on the part of its ministers. Therefor the Fellowship makes the following provisions for discipline and removal of professional ministers:

Initiation of disciplinary action, including removal, must be by a formal

statement of charges by a majority vote of the membership of the congregation affected, by a majority vote of a District Conference, or by two Ordained Ministers of this Fellowship acting upon facts known to them personally. Such charges must be presented in writing to the minister concerned, to the Board of Elders, and to the Committee on Ministerial Credentials and Concerns, and may be presented to other members of this Fellowship directly affected. Such a statement of charges is confidential and not otherwise to be published or publicly discussed. At the time the statement of charges is presented to the minister, s/he immediately goes upon inactive status but retains any office and continues to be fully compensated until final disposition of the charges is made.

Immediately upon receipt of the statement of charges the Board of Elders and the Committee shall confer upon the matter, and if the charges are by them then found to be frivolous or insupportable as drawn they may dismiss the charges. The Board of Elders and the Committee shall appoint representatives to investigate the charges as promptly and as completely as possible, and those representatives shall recommend or not recommend a hearing within the next thirty days or at the next General Conference, whichever shall occur first. All parties and persons affected shall have the right to be heard at that hearing, and may elect to be represented and assisted by an Ordained Minister of the Fellowship.

At the conclusion of the hearing, the Committee shall rule on each of the charges preferred, and based upon its findings the Committee shall rule by majority vote of its full membership either to reaffirm the credentials and status of the minister, or to remove those credentials and that status, or to impose such lesser discipline as seems appropriate to the Committee. All such decisions of the Committee may be appealed in writing to the Board of Elders within the next thirty (30) days, and the decision of the Board of Elders when rendered shall be final, either to confirm the discipline of the Committee or to set it aside.

- B MINISTERS FROM OTHER DENOMINATIONS: It is the policy of the Universal Fellowship of Metropolitan Community Churches in accepting ministers from other Christian denominations to receive them as Licensed Ministers. In accordance with procedures prescribed by the Board of Elders, the Committee on Ministerial Credentials and Concerns shall accept, consider and act upon the application of ministers from other denominations as they would applications from within the Fellowship to become or to remain and Licensed Minister.
- C DEACONS are non-professional ministers within the Fellowship. Their office is an historic ministry within the Christian Church, a ministry of service and aid, and their qualifications are described in I Timothy 3: 8 - 14. It is not appropriate that Deacons serve on the Board of Directors of a local church or in other administrative offices of the Church. A Deacon may not serve as pastor, interim pastor or associate or assistant pastor, but may be appointed Worship Coordinator of a study group or a mission.

Qualifications: Prior to being appointed and set apart by prayer, a Deacon must be a member in good standing of a local church of this Fellowship, and must be a person of spiritual and personal maturity, of exemplary life, of sound judgment, and of proven dedication to God in the church. Appropriate training for Deacons, before and after appointment, shall be the responsibility of the pastor of the local church. Persons are nominated to become Deacons by the pastor of the local church, approved by a majority of the full Board of Directors, and set apart or installed in office by prayer, for a term of three (3) years. Deacons may be appointed and approved in the same way to serve further terms in office.

Duties: At the direction of the pastor of the local church, Deacons shall perform a spiritual ministry to those in need, to the sick, the friendless, and any in distress. As directed to do so by the pastor and Board they may administer material aid from and in behalf the church. It is appropriate that

Deacons assist their pastors in the conduct of public and private worship when called upon to do so; but Deacons may not administer the Sacraments and Rites of this Fellowship except when specifically authorised to do so by the / Pastor under whom they serve.

Discipline of Deacons is to be exercised by the pastor and Board of Directors of the church in which the Deacon is a member. For cause the pastor may suspend a Deacon from the exercise of a Deacon's ministry for a period of not more than thirty (30) days, and must report that suspension and the reasons for it to the Board. The pastor and the a majority of the full Board may remove a Deacon from office for disloyalty, unbecoming conduct, or dereliction of duty, and may for cause impose lesser discipline. There is no appeal from disciplinary decisions of the pastor and a majority of the full Board.

D EXHORTERS are persons preparing for the professional ministry of the Fellowship.

Qualifications: before being appointed an Exhorter an individual must be a member of a church in this Fellowship, and must have demonstrated a spiritual disposition, willingness and ability to work well with others, loyalty to the Fellowship and its agents and agencies, and must show promise of ability to do the study and work of a minister in this Fellowship. Such an individual, having indicated to the local pastor of a sensed and accepted call from God, must be nominated by that pastor to the Board of Directors of the same local Church. The Board shall discuss the matter with the individual, with the pastor, and with any other persons, shall review supporting documents of education, religious experience and church activity, and reference from credible Christian persons; and at a subsequent meeting the same Board shall vote to confirm the individual's appointment, or not to confirm that appointment, for a one year term.

Duties: the chief duty of an Exhorter shall be to prepare for the Christian ministry under the guidance of the local pastor. As part of that preparation, and in addition to it, an Exhorter may be assigned by the pastor to plan and conduct group activity, to preach, to give counsel, and to do administrative work in the local church. With the local pastor's consent, it is appropriate

for District Coordinator to appoint an Exhorter to serve as Worship Coordinator of a Feasibility Study or a Study Group; but in such cases it shall be clearly understood and accepted by all concerned that the Exhorter's primary duty and responsibility continues to be in the local church through the pastor. Within the local church it is not appropriate for Exhorters to administer the Sacraments and Rites of this Fellowship, but they may be authorised to do so by the agreement of pastor and District Coordinator when acting as Worship Coordinator in a Feasibility Study or a Study Group. Exhorters shall not be appointed Associate or Assistant Pastor, or Interim Pastor, but may be appointed Worship Coordinator by the Board of the church of which an Exhorter is a member.

No person shall serve as Exhorter more than four years altogether and after that time must apply to the District Review Committee to be received as a Student Minister.

E STUDENTS MINISTERS are persons preparing for the professional ministry of the Fellowship who have completed the greater part of required academic study and who have had substantial practical experience as Exhorter.

Qualifications: before applying to the District Review Committee for the status of Student Minister, a person must be a member of a Church in this Fellowship in which s/he has served at least two years as Exhorter. Upon making such application, the Exhorter must present satisfactory evidence of having successfully completed academic and practical work to such an extent that the balance required can be completed in one year. That evidence shall consist of transcripts and of letters of recommendation from the pastor and Board of the Exhorter's local church, as well as other references and documentation. The District Review Committee shall vote whether or not to confer the status of Student Minister for a term of one year, and shall do so only after having worked out with the individuals and church bodies affected a plan of work for that year. A district Review Committee may renew a person's appointment as Student Minister for a second one year term only if events beyond the Student Minister's control and expectation prevented completion of that work assignment.

Duties: Student Ministers shall be responsible chiefly to the District Review Committee and immediately to the pastor assigned by the Committee to supervise that work. The duties of a Student Minister shall be in general terms set forth and agreed to by the District Review Committee, the pastor of the local church, and the Student Minister when the appointment is made. Ordinarily a Student Minister shall be assigned to serve in a local church of the District, but may be assigned to serve in a Feasibility Study, Study Group or Mission without a pastor provided the District Review Committee takes care that a competent minister of the Fellowship supervises that work. It is the expectation of the Fellowship that a Student Minister will be fully qualified to be accorded license as a professional minister of this Fellowship after one year of service planned and directed by the District Review Committee.

F DISCIPLINE: The Universal Fellowship of Metropolitan Community Churches cannot condone disloyalty, unbecoming conduct, or dereliction of duty on the part of its non-professional ministers. The discipline of Deacons is reserved to the pastor and Board of the local church served by the Deacon. The discipline, extending to suspension or removal, of Exhorters is reserved to the pastor and Board of the local church served by the Exhorter. The discipline of Student Ministers is reserved to the District Review Committee acting in consultation with the District Coordinator and the pastor of the local church served by the Student Ministers, and extends to suspension or removal. A Student Minister suspended by action of the District Review Committee may apply again to be appointed Student Minister if, because of that suspension, it was impossible for the individual to complete the assigned program of work and study. A Student Minister removed from that status by the District Review Committee may not apply to be appointed again until one year has elapsed, and then must apply as would an Exhorter of a local church.

Re: Proposed By-Law Change for Article IV - Ministry
(dated December 18, 1978)

Dear Jeff, Jim, Bob and Rev. Elder Sandmire:

I am writing at the request of a group of ministers, worship coordinators, exhorters, lay delegates, and the Northeast District's Office of Lay Concerns, who met in Providence last weekend to discuss your proposal and MCAC's requirements as presently written.

First, let me say that the group was overwhelmingly in favor of the MCAC requirements and the attempt to upgrade the educational requirements for professional ministry. That was never in question. Also, the involvement of Samaritan in that process was encouraged.

However, we found a number of areas of difficulty with the proposal as written. We understand that there is another proposal in the works but as yet no one in this district has seen it, so we were limited to the proposal we received. The difficulties we envision include:

- ✓ 1. As in all groups of fairly large size, there is a tendency to permit fewer and fewer persons to make more and more decisions, and to exclude interested persons from decision-making processes. The Fellowship is not immune to this. Lay people, for example, have begun to work through the Office of Lay Concerns to increase their input into decision-making. Ministers, on the other hand, have had their access to information and their access to decision making severely curtailed under the current District Review Committee system. The committees are too small. We feel that five rather than three would be a better number.
2. The proposal places too much responsibility with the District Coordinator and the DRC (of whom the District Coordinator is a member). It might be well that all members of the committee be ministers other than the District Coordinator. The District Coordinator is also busy pastoring a church and administering more and more details in the District. To add still more responsibilities to one person's already hectic schedule is inhumane. This might well be a task for the Assistant District Coordinator.

Also the District Coordinator may not be interested primarily in working with student ministers. S/He may not feel called to work in this area, and there may well be another minister with greater interest and qualification.

The third person on the DRC does not reside in the District, may not know or understand the needs of the District, and will not be available to implement the supervisory aspect of the

aspect of the proposal. The fact that the DRC meets annually in the District also gave us some question. It would put off the work of the student minister until the DRC could be empaneled, and waste a good deal of the student's time.

3. As we see it, the duties to which the student minister would be assigned should extend from the needs of the local church as well as the training needs of the student. It would seem that the DRC is taking on responsibility for internal church affairs from too far distance for the student or the local church to benefit fully. Insufficient communication is provided between the DRC and the local pastor if the DRC is to meet only annually. There is also the question of divided loyalty. To whom is the student really answerable? In the present proposal it would seem to be the DRC and the District Coordinator. That would make the working relationship difficult, at best, between the local pastor and the student.
4. Skills, which are varied and a fairly extensive list, cannot all be developed over a one-year period. The person may well be developing ministerial skills from a place of responsibility in the church during a 2,3, or 4 year period while completing her/his education. People do not all progress at the same rate; a one-year period may be too short for some individuals, who eventually may make excellent ministers. This needs to be looked at individually.
5. While we see the intent of the proposal to upgrade the qualifications of MCC ministers, and are in accord with this, we feel that limiting access to the program to those in their "final year of education" (and who is ever finally educated?) without spelling out what that level is, makes it difficult to ascertain just what qualifications are expected, and might well leave us with a program which in many areas will be racist, sexist, ageist, classist, and promoting of those who are most closeted, to the detriment of those who are most open, since many openly gay people are denied access to higher education in many areas, particularly in seminaries.

The older student, the person from a racial minority, the Lesbian mother with children, the person from a disadvantaged educational background -- be it rural or inner city -- may well have many talents and be a valuable minister for us, and can make a valuable contribution to a local MCC while being encouraged to seek higher education. Let us not follow the rest of society in putting blocks between that person and access to a place of Christian service as an exhorter-student minister in the Fellowship. There has been enough perpetuation of these myths in many mainline denominations. Ministers need not all be male, young, middle-class, and white in order to minister. We have much to learn from each other, let us not also close our eyes and ears to the wealth of experience people of varied backgrounds have to offer to all of us. Limiting access to people completing their education may well lose us many older students who could be valuable MCC ministers.

6. Because of the nature of the homosexual experience in the United States in particular, many gay people today do not come full-grown to the Christian experience. Many have rejected it because of the church's history of oppression of gay people. For

many of our people the very idea of ministry has been unthinkable, and they have not made educational plans in that area. Yet, when they are introduced to MCC, at whatever age, the Holy Spirit can and does work in their lives and does, indeed, call unlikely vessels to our ministry. This program would limit those calls to people only in their final year of education. This would be tragic! God can and does use unlikely instruments. As a matter of fact, if we look at our church as a whole, we -- all of us -- are an unlikely instrument called to a prophetic work in this world. Let us not turn off the Holy Spirit because that instrument is not fully turned out according to a table of expectations drawn up by any Board or Committee. We must be aware of our fallibility and act to enable and empower our people, rather than limit them.

7. We see the intent of the proposal to limit the number of people who will feel called to MCC's ministry. However, not all districts are experiencing a too plentiful supply. In the East, that is Northeast, Mid-Atlantic, and South Central districts there are a number of churches without ministers, and we are not calling even sufficient ministers to meet our own needs, much less to enable the spread of MCC to places where there is no church ministering to the needs of the gay community. It is unlikely that for the time being, at least, we will attract sufficient 2nd and 3rd year seminarians or junior or senior college students (if indeed these are the very people who are ready to be called to as difficult a ministry as MCC's). In all probability for some time to come our ministers will need to be drawn from other denominations or from other professions, and the people so called will need to supplement their already excellent educations with theological or other courses while all they are worship coordinators or pastors. To wait to license them until the "final year of their education" could put off licensing for many years. If these are not young adults it might well discourage the attempt, and in this district at least, we need these people.

It is our feeling that the present By-Law regarding Exhorters is sufficient as it exists, given that the MCAG Requirements for the Professional Ministry as outlined in the preliminary working copy of April 10, 1978 still apply. These requirements certainly are sufficient to begin upgrading our students for professional ministry. We would, however, make one change. Page 2, paragraph A (in our opinion) should be changed to read:

A. A total of 60 academic units (if quarter units, convert to semester units) from SET or any post-high school institution, of higher learning accredited by any regional accrediting board. Transcripts are required.

We see the need to spell out "accredited" rather than "approved" institutions of higher learning. It is our feeling that any accredited institution of higher learning would be acceptable -- not merely those on Samaritan's "approved" list, and possibly some of those "approved" might not be accredited. This is for the student's protection. We must not allow our students to be duped into believing they are being given credit for work which cannot be used toward degrees. Samaritan, of course, is in a special category, and it is hoped that eventually it, too, will be accredited and offer more than the four courses now available to students outside of California.

We have taken the liberty of duplicating this letter in a form that will make it possible for all of those who were involved in last week's deliberations to have copies!

We would also be interested in seeing further proposals as they are developed by Samaritan, MCAC, DRC's etc! Included herewith is a By-Laws proposal which grew out of the group deliberations, and which may make MCC's task easier.

We hope you will look at these opinions as not coming from just one individual but as representing the considered deliberations of individuals interested enough to travel some distance in order to discuss, deliberate and pray about our input into your process.

In Christ's love,

The following items describe aspects of leadership behavior. Respond to each item according to the way you would be most likely to act if you were the leader of a work group. Circle whether you would be likely to behave in the described way always (A), frequently (F), occasionally (O), seldom (S), or never (N).

If I were the leader of a work group . . .

- | | | | | | | |
|---|---|---|---|---|-----|---|

IV. The facilitator instructs the participants in the scoring as follows:

- A. Circle the item number for items 1, 3, 9, 10, 11, 15, 16, and 17.
- B. Write a "1" in front of the circled items to which you responded S (seldom) or N (never).
- C. Write a "1" in front of items not circled to which you responded A (always) or F (frequently).
- D. Circle the "1's" which you have written in front of the following items: 2, 4, 5, 6, 8, 10, 14, 16, and 18.
- E. Count the circled "1's." This is your score for concern for people. Record the score in the blank following the letter "P" at the end of the questionnaire.
- F. Count the uncircled "1's." This is your score for concern for production. Record this number in the blank following the letter "T."

Directions: In order to locate oneself on the Managerial Grid below find your score for Concern for Production on the horizontal axis of the Grid. Next, move up the column corresponding to your Production score to the point of intersection with your Concern for People score. Place an "X" at the intersection that represents your two scores. Numbers in parentheses correspond to the major styles on the Managerial Grid.

"LIFE CYCLE" OF A GROUP

Group - Leader relationships appropriate to a Democratic Leadership style.

A, B, C, D, and E are normal paths groups may follow in their conscious or unconscious use of leadership functions in relation to a leader. Naive leaders may become confused by any of these paths - may feel that rebellion is personal rejection - may "need" dependence and resent group's maturity, etc.

See Clyde Reid, Groups Alive - Church Alive, Chapter IV, pp. 64 - 70, Harper and Row, New York, 1969.

FRIENDSHIP RELATIONS SURVEY

This survey, which is based upon a managerial effectiveness survey developed by Jay Hall, is designed to assess your understanding of and behavior in your interpersonal relationships. There are no "right" or "wrong" answers. Rather, the best answer is simply the one which comes closest to representing your practices in your quest for good interpersonal relationships.

For each item on the survey you are requested to indicate which of the alternative reactions would be more characteristic of the way you would handle the situation described. Some alternatives may be equally characteristic of you or equally uncharacteristic. While this is a possibility, nevertheless choose the alternative which is relatively more characteristic of you. For each item, you will have five points that you may distribute in any of the following combinations:

1. If A is completely characteristic of what you would do and B is completely uncharacteristic, write a "5" on your survey answer sheet under A and a "0" under B, thus,

<u>A</u>	<u>B</u>
<u>5</u>	<u>0</u>
2. If A is considerably characteristic of what you would do and B is somewhat characteristic, write a "4" on your survey answer sheet under A and a "1" under B, thus,

<u>4</u>	<u>1</u>
----------	----------
3. If A is only slightly more characteristic of what you would do than B is, write a "3" on your survey answer sheet under A and a "2" under B, thus:

<u>3</u>	<u>2</u>
----------	----------
4. Each of the above three combinations may be used in the converse order: that is, for example, should you feel B is slightly more characteristic of you than A, write a "2" on your survey answer sheet under A and a "3" under B, thus:

<u>2</u>	<u>3</u>
----------	----------
5. And so on for A=1, B=4; or A=0, B=5.

Thus there are six possible combinations for responding to the pair of alternatives presented to you with each survey item. Be sure the numbers you assign to each pair sum to 5. In general, try to relate each situation in the survey to your own personal experience. Take as much time as you need to make a true and accurate response. There is no right or wrong answer. Attempts to give a "correct" response merely distort the meaning of your answers and render the test results valueless. Be honest with yourself!

1. If a friend of mine had a "personality conflict" with a mutual acquaintance of ours with whom it was important for him to get along, I would:
 - A. Tell my friend that I felt he was partially responsible for any problems with this other person and try to let him know how the person was being affected by him.

 - B. Not get involved because I wouldn't be able to continue to get along with both of them once I had entered in any way.

2. If one of my friends and I had had a heated argument in the past and I realized that he was ill at ease around me from that time on, I would:
A. Avoid making things worse by discussing his behavior and just let the whole thing drop.

B. Bring up his behavior and ask him how he felt the argument had affected our relationship.

3. If a friend began to avoid me and act in an aloof and withdrawn manner, I would:
A. Tell him about his behavior and suggest that he tell me what was on his mind.

B. Follow his lead and keep our contacts brief and aloof since that seems to be what he wants.

4. If two of my friends and I were talking and one of my friends slipped and brought up a personal problem of mine that involved the other friend, of which he was not yet aware, I would:
A. Change the subject and signal my friend to do the same.

B. Fill my uninformed friend in on what the other friend was talking about and suggest that we go into it later.

5. If a friend of mine were to tell me that, in his opinion, I was doing things that made me less effective than I might be in social situations, I would:
A. Ask him to spell out or describe what he has observed and suggest changes I might make.

B. Resent his criticism and let him know why I behave the way I do.

6. If one of my friends aspired to an office in our organization for which I felt he was unqualified, and if he had been tentatively assigned to that position by the president of our group, I would:
A. Not mention my misgivings to either my friend or the president and let them handle it in their own way.

B. Tell my friend and the president of my misgivings and then leave the final decision up to them.

7. If I felt that one of my friends was being unfair to me and his other friends, but none of them had mentioned anything about it, I would:
A. Ask several of these people how they perceived the situation to see if they felt he was being unfair.

B. Not ask the others how they perceived our friend, but wait for them to bring it up with me.

8. If I were preoccupied with some personal matters and a friend told me that I had become irritated with him and others and that I was jumping on him for unimportant things, I would:
A. Tell him I was preoccupied and would probably be on edge for a while and would prefer not to be bothered.

B. Listen to his complaints but not try to explain my actions to him.

9. If I had heard some friends discussing an ugly rumor about a friend of mine which I knew could hurt him and he asked me what I knew about it, if anything, I would:
- A. Say I didn't know anything about it and tell him no one would believe a rumor like that anyway.
 - B. Tell him exactly what I had heard, when I had heard it, and from whom I had heard it.
10. If a friend pointed out the fact that I had a personality conflict with another friend with whom it was important for me to get along, I would:
- A. Consider his comments out of line and tell him I didn't want to discuss the matter any further.
 - B. Talk about it openly with him to find out how my behavior was being affected by this.
11. If my relationship with a friend has been damaged by repeated arguments on an issue of importance to us both, I would:
- A. Be cautious in my conversations with him so the issue would not come up again to worsen our relationship.
 - B. Point to the problems the controversy was causing in our relationship and suggest that we discuss it until we get it resolved.
12. If in a personal discussion with a friend about his problems and behavior, he suddenly suggested we discuss my problems and behavior as well as his own, I would:
- A. Try to keep the discussion away from me by suggesting that other, closer friends often talked to me about such matters.
 - B. Welcome the opportunity to hear what he felt about me and encourage his comments.
13. If a friend of mine began to tell me about his hostile feelings about another friend whom he felt was being unkind to others (and I agreed wholeheartedly), I would:
- A. Listen and also express my own feelings to him so he would know where I stood.
 - B. Listen, but not express my own negative views and opinions because he might repeat what I said to him in confidence.
14. If I thought an ugly rumor was being spread about me and suspected that one of my friends had quite likely heard it, I would:
- A. Avoid mentioning the issue and leave it to him to tell me about it if he wanted to.
 - B. Risk putting him on the spot by asking him directly what he knew about the whole thing.
15. If I had observed a friend in social situations and thought he was doing a number of things which hurt his relationships, I would:
- A. Risk being seen as a busybody and tell him what I had observed and my reactions to it.
 - B. Keep my opinions to myself rather than be seen as interfering in things that are none of my business.

16. If two friends and I were talking and one of them inadvertently mentioned a personal problem which involved me, but of which I knew nothing, I would:
- A. Press them for information about the problem and their opinions about it.

- B. Leave it up to my friends to tell me or not tell me, letting them change the subject if they wished.

17. If a friend seemed to be preoccupied and began to jump on me for seemingly unimportant things, and to become irritated with me and others without real cause, I would:
- A. Treat him with kid gloves for a while on the assumption that he was having some temporary personal problems which were none of my business.

- B. Try to talk to him about it and point out to him how his behavior was affecting people.

18. If I had begun to dislike certain habits of a friend to the point that it was interfering with my enjoying his company, I would:
- A. Say nothing to him directly, but let him know my feelings by ignoring him whenever his annoying habits were obvious.

- B. Get my feelings out in the open and clear the air so that we could continue our friendship comfortably and enjoyably.

19. In discussing social behavior with one of my more sensitive friends, I would:
- A. Avoid mentioning his flaws and weaknesses so as not to hurt his feelings.

- B. Focus on his flaws and weaknesses so he could improve his interpersonal skills.

20. If I knew I might be assigned to an important position in our group and my friend's attitudes towards me had become rather negative, I would:
- A. Discuss my shortcomings with my friends so I could see where to improve.

- B. Try to figure out my own shortcomings by myself so I could improve.

FRIENDSHIP RELATIONS SURVEY ANSWER KEY

In the Friendship Relations Survey there are ten questions which deal with your receptivity to feedback from friends and ten questions which are concerned with your willingness to self disclose, be open, or give feedback to your friends. Transfer your scores from the "Survey Answer Sheet" to this "Survey Answer Key". Add the scores in the "receptivity to feedback" column; then add the scores in the "willingness to self-disclose" column. Do not count any points for the alternatives which measure neither receptivity to feedback nor willingness to self-disclose.

NOTES

**THE UNIVERSAL FELLOWSHIP OF
METROPOLITAN COMMUNITY CHURCHES**

BY-LAWS

[Revised at General Conference VIII in Denver, Colorado, August, 1977]

**ARTICLE I
NAME**

- A. The name of this Fellowship shall be the **UNIVERSAL FELLOWSHIP OF METROPOLITAN COMMUNITY CHURCHES**.
- B. Each affiliated local church group will use the name **METROPOLITAN COMMUNITY CHURCH** as part of its official title. The group may add either a prefix or suffix to distinguish it from other affiliated local church groups, such as: "Grace Metropolitan Community Church", "Metropolitan Community Church of Tallahassee", "Metropolitan Community Church, Ashland Study Group" or "Springfield Mission, Metropolitan Community Church".

**ARTICLE II
PURPOSE**

The objective of this Fellowship shall be:

- A. To bind together churches for the purpose of sharing in the worship of God in the Christian tradition, and to make God's will dominant in the lives of all people, individually and collectively, as set forth in the Holy Scriptures.
- B. To set up bodies for instruction in theology and in allied subjects for the propagation of the teachings of the Christian faith, as accepted by the General Conference of the Universal Fellowship of Metropolitan Community Churches.
- C. To instruct and encourage those who offer themselves to the teaching and philosophy as received by this body.
- D. To do all things that are compatible with the work of a Christian church.

**ARTICLE III
DOCTRINE, SACRAMENTS AND RITES**

- A. **DOCTRINE:** Christianity is the revelation of God in Jesus Christ and is the religion set forth in the scriptures. The Old Testament foretells him, the New Testament presents him, and the Christian Church proclaims him in every age and in every land.

Founded in the interest of offering a church home to all who confess and believe, the Universal Fellowship of Metropolitan Community Churches moves in the mainstream of Christianity.

Our faith is based upon the principles outlined in the historic creeds: Apostles and Nicene.

We believe:

1. In one triune God, of one substance, in the persons of the Father, Son, and Holy Spirit, omnipotent, omnipresent and omniscient, God being the Creator of all, the Prime Mover and Spirit of the Universe.
2. That the Bible is the divinely inspired Word of God, showing forth

God to every person through the law and the prophets, and finally, completely and ultimately on earth in the being of Jesus Christ.

3. That Jesus . . . The Christ . . . historically recorded as living some 2,000 years before this writing, is the Father's most divine Son, as well as being the Son of Man, born of Woman. And that by total subservience to God, the Father, Jesus has demonstrated once and forever that all people are likewise Children of God, being spiritually made in God's image.

4. That the Holy Spirit is God making known God's love and interest to all people. The Holy Spirit is God, available to and working through all who are willing to place their welfare in God's keeping.

5. Every person is justified by Grace to God through faith in Jesus Christ.

6. We are saved from loneliness, despair and degradation through God's gift of grace, as was declared by our Master. Such grace is not earned, but is a pure gift from a God of pure love. We further commend the Fellowship of the Faithful to a life of prayer; to seek genuine forgiveness for unkind, thoughtless, and unloving acts; and to a committed life of Christian service.

7. The Church serves to bring all people to God through Christ. To this end, it shall arrange for regular services of worship, prayer, interpretation of the Scriptures, and edification through the teaching and preaching of the Word.

B. **SACRAMENTS:** This church embraces two holy Sacraments:

1. **BAPTISM** by water and the Spirit, as recorded in the Scriptures, shall be a sign of the dedication of each life to God and God's service. Through the words and acts of this sacrament, the recipient is identified as God's own Child.

2. **HOLY COMMUNION** is the partaking of blessed bread and wine in accordance with our Lord's words: "This is my body . . . this is my blood." [Matthew 26:26-28]

All who believe, confess, repent and seek God's love through Christ, after examining their own consciences, may freely participate in the communal meal, signifying their desire to be received into his fellowship, to be saved by his sacrifice, to participate in his resurrection, and to commit their lives anew to his service.

C. **rites:** The Rites of the Church as performed by its duly authorized ministers shall consist of the following:

1. The **rite of ordination** is the setting apart of duly qualified persons for the professional ministry of this church. It is evidenced by the laying on of hands by authorized Ordained ministers, pursuant to these By-Laws.

2. The **rite of attaining membership in the church**, Mission or Study Group shall be conducted by the minister or Worship Coordinator before a local congregation at any regular worship service. After completing classes for instruction in the beliefs and doctrines of the

church, membership in the Church, Mission or Study Group may be achieved by baptized Christians through a letter of transfer from a recognized Christian body or through affirmation of faith.

3. The RITE OF HOLY UNION and the RITE OF HOLY MATRIMONY are the spiritual joining of two persons in a manner fitting and proper by a duly authorized minister of the Church. After both persons have been counseled and appraised of their responsibilities one towards the other, this rite of conferring God's blessing may be performed.
4. The RITE OF FUNERAL OR MEMORIAL SERVICE is to be fittingly conducted by the ministers of the Church for the deceased.
5. The RITE OF LAYING ON OF HANDS or prayer for the healing of the sick in mind, body or spirit is to be conducted by the ministers of the Church, at their discretion, upon request.
6. The RITE OF BLESSING may be conducted by the ministers of the Church for persons, things and relationships, when deemed appropriate by the minister. This includes the dedication of a church building to the glory of God.

ARTICLE IV MINISTRY

- A. The Universal Fellowship of Metropolitan Community Churches recognizes two orders of the professional Christian Ministry:

1. LICENSED MINISTERS:

- a. **QUALIFICATIONS:** Licensed ministers are those persons of demonstrated spiritual mind and life, administrative abilities, moral integrity, and educational background or equivalent experience to be determined by the Ministerial Credentials and Affairs Committee.
- b. **REQUIREMENTS:** In order to be licensed or to have a license renewed, such persons must be active members in a church of the Universal Fellowship of Metropolitan Community Churches and must submit an application to the Ministerial Credentials and Affairs Committee in accordance with procedures prescribed by the Board of Elders. Once the license is granted, it must be renewed annually by the Ministerial Credentials and Affairs Committee.
- c. **DUTIES:** The Licensed Minister may perform all functions of the ministry unless otherwise specified by the Ministerial Credentials and Affairs Committee.

2. ORDAINED MINISTERS:

- a. **QUALIFICATIONS:** Ordained ministers are those individuals who have met all qualifications for the full ministry of the Church and are prepared to pastor, evangelize, teach, preach, lead in worship, and fulfill all other duties of the office. Ordained ministers are those individuals who are recognized as having made a full, life-time commitment to be loyal professional ministers in the Universal

Fellowship of Metropolitan Community Churches.

- b. **REQUIREMENTS:** To be considered for ordination, the person shall have been a Licensed minister for at least one year. To become an Ordained minister, the Licensed minister must submit an application to the Ministerial Credentials and Affairs Committee in accordance with procedures prescribed by the Board of Elders. After questioning the candidate, the Committee will determine whether the candidate should be ordained. Such ordination shall extend throughout the lifetime of the ordained unless otherwise determined by the proper church authorities, as provided in these By-Laws.
- c. **DUTIES:** The Ordained minister shall be required to shepherd his/her flock, to preach the Gospel as stated in the doctrine of the Universal Fellowship of Metropolitan Community Churches, as set forth in the Articles of Incorporation and By-Laws of the same, to administer the sacraments and to perform the rites of the Church, or to undertake other duly authorized ministries.
- d. **INACTIVE STATUS AND RETIREMENT:** Ordained ministers not occupying pastorates or other duly authorized ministries for a period of twelve [12] consecutive months are not eligible to vote as a minister at General Conference, District Conferences, or at a local congregational meeting. If, for a period of 12 consecutive months an Ordained minister does not occupy a pastorate or other duly authorized ministry, he/she may be required to appear before the Ministerial Credentials and Affairs Committee for a review of his/her status as an Ordained minister with the Universal Fellowship of Metropolitan Community Churches. At that time, the Ministerial Credentials and Affairs Committee has the right to remove his/her license.

The exceptions to the above will be those Ordained ministers who are retired after suitable years of service or because of reasons of ill health.

- 3. **DISCIPLINE:** The Universal Fellowship of Metropolitan Community Churches cannot condone disloyalty or unbecoming conduct in the ministry, and, therefore, makes the following provisions for discipline and removal of ministers:

- a. Initiation of disciplinary action or removal and related procedures for professional ministers of the Universal Fellowship of Metropolitan Community Churches may be accomplished only by a formal statement of charges made by either 1) a majority vote of the local congregation affected, or 2) two Ordained ministers of the Fellowship acting on facts known by them personally. The charges must be presented in writing, to the minister, to the Board of Elders, to the Ministerial Credentials and Affairs Committee, and to others directly affected. The document of charges is to be classified **CONFIDENTIAL**. At the time the charges are presented to the minister, the minister goes on inactive status but remains fully compensated until final disposition of all charges.

- b. Upon receipt of the document of charges, the Board of Elders and the Ministerial Credentials and Affairs Committee shall confer on the matter, appoint representatives to investigate the charges,

and [if the representatives so recommend] schedule a hearing on the charges within 30 days or at the next General Conference, whichever shall occur first. All affected parties shall have a right to be heard at the hearing.

c. At the close of the hearing, the Ministerial Credentials and Affairs Committee shall rule on each of the charges brought against the minister and, based upon these findings, shall vote to 1) reaffirm the credentials of the minister, 2) remove the credentials of the minister, and/or 3) impose such lesser sanctions on the minister as the Committee may deem appropriate. All decisions of the above process may be appealed, in writing, to the Board of Elders within 30 days of the decision.

d. The decision of the Board of Elders is final in removal and disciplinary matters.

B. MINISTERS FROM OTHER DENOMINATIONS: It is the policy of the Universal Fellowship of Metropolitan Community Churches in accepting ministers from other Christian denominations, to receive them in the rank of Licensed ministers. The Ministerial Credentials and Affairs Committee shall investigate such candidates in the same manner as other candidates for the licensed ministry to determine whether they are worthy of the ministry.

C. The Universal Fellowship of Metropolitan Community Churches recognizes two orders of the lay ministry within the jurisdiction of the local congregation:

1. DEACONS:

a. **QUALIFICATIONS:** The Deacons are an historic office of service in the Church whose qualifications are indicated in I Timothy 3:8-14. Their purpose is to serve their local congregations under the jurisdiction of their pastors. Considering the great responsibilities and duties of the Deacons, it is desirable that they not serve on the Board of Directors or in other church administrative offices.

b. **REQUIREMENTS:** Deacons shall be members in good standing of their local church and be persons of spiritual mind, exemplary lives, joyful outlook, sound judgement and of proven dedicated service. Appropriate training for Deacons must be provided by the pastor, or persons chosen by him/her, prior to any appointment to the position of Deacon. All persons appointed by the pastor as Deacons shall be approved by the local Board of Directors. The pastor and Board of Directors may review the appointment annually or at their discretion. The term of office for Deacons shall be for three (3) years. Persons may be reappointed at the end of any term.

c. **DUTIES:** Deacons shall minister to those in need; the sick, the friendless, and those persons who may be in distress in accordance with the spiritual duties of the office. The duties may, if necessary and circumstances dictate, include administering the rites and sacraments under the authorization and under the direction of their pastor.

d. **DISCIPLINE:** The pastor, together with a majority of the full

Board of Directors, may vote to remove from office any Deacon for disloyalty, unbecoming conduct or dereliction of duty. The pastor, together with a majority of the full Board of Directors, may impose for cause such lesser discipline as they may deem appropriate.

- e. Any specific matters of congregational approval or appeal not contained herein are left to local church option.

2. EXHORTERS:

a. **QUALIFICATIONS:** Exhorters are qualified persons who feel called by the Lord to professional Christian ministry and for a limited time may serve in this position as a test of their calling under the direction of their pastor with the approval of the Board of Directors in their local churches. The term of an Exhorter shall be for one (1) year. No person shall serve as an Exhorter for more than five (5) terms. Persons seeking this position should have the same identifiable qualities as those required for the professional Christian ministry.

b. **REQUIREMENTS:** Candidates for Exhorter shall be members in good standing in their local church. Upon the pastor's recommendation the Board of Directors may approve the candidate as an Exhorter. Assuming this post, the Exhorter will engage in a program of spiritual and practical study under the direction of the pastor or at any appropriate recognized educational institution.

c. **DUTIES:** Under the close supervision of the pastor, the Exhorter may perform all duties as listed for Deacons. At the discretion of the pastor the Exhorter may perform other duties within the area of Christian services. Exhorters shall not serve as Assistant Pastor, Associate Pastor, Interim Pastor or Pastor of any church or mission. An Exhorter may be assigned to function as Worship Coordinator of a church, mission or study group where the pulpit is vacant.

d. **DISCIPLINE:** Reasons and procedures for discipline or removal of Exhorters are identical to those given in these By-Laws for Deacons.

- e. Any specific matters of congregational approval or appeal not contained herein are left to local church option.

ARTICLE V GOVERNMENT, ORGANIZATION AND OFFICERS

A. GOVERNMENT:

1. This Fellowship acknowledges the Holy Scriptures interpreted by the Holy Spirit in conscience and faith as its guide in faith, discipline and government.

2. The government of this Fellowship is vested in its Elders, Ministers and church delegates, who exert the right of control in all of its affairs, subject to the provisions of its Articles of Incorporation and By-Laws.

3. This Fellowship is amenable to no outside ecclesiastical jurisdiction,

but accepts the obligation of mutual consent, comity and cooperation involved in the free fellowship of other churches, and does pledge itself to share in their common aims and endeavors subject to the expressed approval of its membership.

4. Geographical Districts and District Conferences, as defined by these By-Laws, are set forth for the sole purposes of Christian fellowship, mutual cooperation and other objectives as set forth in these By-Laws.

5. A local church of the Universal Fellowship of Metropolitan Community Churches is that church which subscribes to the government and doctrine of the Universal Fellowship of Metropolitan Community Churches, and has been chartered by the same, and is listed in the minutes of the General Conference.

6. The government of the local Chartered churches in the Fellowship is vested in its members who exert the right to control all of its affairs, subject to the provisions of its Articles of Incorporation and By-Laws, and those of the General Conference of the Fellowship. The local Chartered church is amenable only to its membership and the By-Laws of the Universal Fellowship of Metropolitan Community Churches.

B. FELLOWSHIP:

1. **ELDERS:** The Board of Elders of the Universal Fellowship of Metropolitan Community Churches is that body authorized by the General Conference to carry on the administrative affairs of the Universal Fellowship of Metropolitan Community Churches between General Conferences in an orderly manner. This board shall consist of seven (7) members, which shall be expanded to nine (9) members by the General Conference once the number of chartered churches reaches one hundred (100). It is desirable that the General Conference shall elect members of the Board of Elders so that this board is geographically representative of the Fellowship.

a. **QUALIFICATIONS:** Elders must be those individuals of obvious spiritual quality and leadership who are mature and have sound judgement and a proven record of accomplishment within the Fellowship.

b. **REQUIREMENTS:** A nominations committee composed of one lay person and one minister from each District elected respectively by the lay delegates and clergy at the District Conference immediately preceeding the General Conference shall receive and review any and all nominations for the position of Elder. This committee will then present to the General Conference qualified nominees for the purpose of filling the position(s) available. Nominations may be made from the floor of General Conference. The Nominations Committee shall make its report at the first business meeting of General Conference. The nominees shall present themselves before the delegates for open questioning as determined by the Nominations Committee. The election shall be held no less than two (2) days after the nominations. The term of office for a member of the Board of Elders will be four (4) years.

c. **DUTIES:** It is the responsibility of the Board of Elders to establish and make appointments to the various Fellowship boards,

commissions, committees and institutions. The Board is also empowered to collect and disburse funds for the advancement and growth of this church. In addition, this Board is charged to carry out all directives of the General Conference. All actions of this Board must be reported to, and approved by, each General Conference except where specifically provided for in these By-Laws.

When church bodies or members of the Fellowship raise a question of interpretation of the By-Laws, by official action the Board of Elders — as the administrative body of the Fellowship — is authorized to issue an advisory interpretation of the By-Laws for that situation. Such interpretations shall be referred to the By-Laws Committee for evaluation and incorporation into the normal By-Law revision process.

The Moderator is elected by and from the Board of Elders and is the chief administrative officer of the Fellowship. He/She shall also preside over the General Conference. A Vice-Moderator, Clerk and Treasurer shall also be elected by and from the Board. In case of a vacancy, the Board may fill such position for the remainder of the term by the appointment of a qualified person who meets the above-stated requirements. Such persons must be specifically approved by the next General Conference.

d. **DISCIPLINE:** The Universal Fellowship of Metropolitan Community Churches cannot condone disloyalty or unbecoming conduct on the part of its Elders, and, therefore, makes the following provisions for discipline or removal:

All charges against an Elder must be submitted in written form, signed by a minimum of ten (10) Ordained ministers, and ratified by the Boards of Directors of ten (10) chartered churches. The Board of Elders will then review the charges, and, upon majority vote of the full Board, may remove the Elder or take other such action as they may deem appropriate. The Elder must be given written notice of the charges, and, at that time, becomes inactive but has the right to appear on his/her behalf before the Board of Elders. The only appeal from the decision of the Board of Elders will be to the General Conference of the Fellowship, and written notice of such appeal must be filed with the Clerk of the Board of Elders within thirty (30) days.

2. **FELLOWSHIP BOARDS, COMMISSIONS, COMMITTEES AND INSTITUTIONS:** The following must be standing committees of this Fellowship: The Ministerial Credentials and Affairs Committee; the Fellowship By-Laws Committee; and the Commission on Fellowship, Faith and Order.

All other Fellowship Boards, Commissions, Committees and Institutions must be called into existence by either the General Conference or the Board of Elders. These groups are responsible to, and operate under, the direction of the Board of Elders and, therefore, are also accountable to the General Conference.

C. **DISTRICT:**

1. **DISTRICT COORDINATOR:** The District Coordinator shall be a Licensed or Ordained minister elected by a District Conference for a specified term determined by that conference. It is the duty of the District Coordinator to act as Moderator at all District Conferences, to act as the official representative of the Board of Elders in the District where the District Coordinator is elected to serve, and to see — with the Board of

Elders -- that every mission and church within his/her jurisdiction is supplied with a pastor and every study group is supplied with a worship coordinator. It shall be the right and duty of the District Coordinator to visit all local church bodies within his/her district. The District Coordinator shall also serve as Chairperson of the District Board of Home Missions.

2. **OTHER DISTRICT OFFICES:** All other district offices shall be determined by the individual districts. Each district must have procedures for the collection and disbursement of monies, and for the keeping of adequate records concerning their activities. All of the monies must be reported to the Board of Elders on a regular, quarterly basis.

3. **DISTRICT BOARD OF HOME MISSIONS:** This board shall be comprised of all the pastors of all chartered churches within the District as well as the elected representative(s) to the Office of Lay Concerns. It shall be the function of this board to direct the establishment, life and growth of study groups and missions.

4. **DISCIPLINE:** The Universal Fellowship of Metropolitan Community Churches cannot condone disloyalty or unbecoming conduct on the part of its district officers and, therefore, makes the following provisions for discipline or removal:

All charges must be submitted to the District Coordinator or other district officers in written form, signed by a minimum of three (3) Licensed or Ordained ministers or by a majority vote of the Boards of Directors of at least three (3) local churches within that district. As soon as the officer is informed of the written charges he/she becomes inactive. The next District Conference will then review the charges and, upon majority vote of that conference, may remove the officer in question or may take other such action as they may deem appropriate. The disciplined or dismissed officer has the right of written appeal to the Board of Elders and must remain inactive until final determinations of the charges. The appeal must be presented in writing to the Board of Elders not later than thirty (30) days after the action. The decision of the Board of Elders is final.

5. Any specific matters of district approval or appeal not covered herein are left to the local district option.

D. LOCAL CHURCH BODIES:

1. **PASTOR:** The pastor is that person elected by a local church congregation to perform the duties of teacher, preacher, spiritual leader and counselor. The person filling this position must be a licensed or ordained minister in the Universal Fellowship of Metropolitan Community Churches. The pastor of the church body shall have the authority for ordering all religious worship services of the church. The pastor is also to serve as moderator of the local Board of Directors. He/She may participate as an ex-officio member in the activities of any or all of the boards, committees and organizations within the local church. The pastor shall act as moderator of congregational business meetings. Associate or Assistant pastors, other ministerial personnel, uncompensated and compensated personnel shall be appointed by the pastor subject to the approval of the Board of Directors. The pastor shall act as personnel director of the local church staff, shall have the authority to delegate such responsibilities and duties as to him/her seem wise, and shall, with the approval of the Board of Directors, determine compensation, vacation periods and titles of office of the staff.

Pastors may be removed from office only for good and sufficient reasons by a majority vote of the congregation at any special meeting called for that purpose by a three-fourths ($\frac{3}{4}$) vote of the full Board of Directors, or by petition to the Clerk or other officer of the Board of Directors by at least 25% of the members in good standing of the congregation. The pastor must be given written notice of the charges within two (2) weeks. At that time the pastor has the right to appear on his/her behalf for a congregational meeting. The action of the congregation is final. If a special meeting is called to remove a pastor the District Coordinator and the Board of Elders must be given notice that such action is being taken. The District Coordinator, in conjunction with the Board of Elders, must send a representative to attend said meeting as an impartial observer. If the pastor is removed the Board of Directors will meet immediately after the meeting with the representative of the District Coordinator and Board of Elders to elect a worship Coordinator who will serve until the pulpit is filled. The Board of Directors will confer with the District Coordinator and the Board of Elders of the Fellowship as to available candidates for the office of pastor.

2. **BOARD OF DIRECTORS:** The Board of Directors elected by the local church body shall consist of from five (5) to nine (9) members of the local church who are in good standing; they shall hold office for a term of three (3) years with the exception of the pastor who will hold office for as long as he/she occupies the pulpit of that church. The term of one-third of the members of the board shall expire each year and other members shall be elected to fill the vacancies thus created. In the event of the resignation or death of a board member the remaining members of the board shall appoint a member of the church to fill the vacancy until the next congregational meeting.

The Board of Directors shall have charge of all matters pertaining to the Articles of Incorporation, church property, finances and physical affairs of the local church body. This board shall have the responsibility of collecting and disbursing funds, keeping adequate church records, and making reports thereof to the local congregation and through their district to the Universal Fellowship of Metropolitan Community Churches. The Board of Directors shall serve as pulpit committee upon the event of any pastoral vacancy. When they have chosen suitable qualified candidates the Board shall present them to the congregation for approval at a specially called meeting or at the next regular business meeting. Every local church financial account is required to have a minimum of two (2) signatures which shall be the Treasurer, and 1) another Board member, or 2) the pastor.

Local churches of the Universal Fellowship of Metropolitan Community Churches must not condone disloyalty or unbecoming conduct on the part of any member of the Board of Directors, therefore, the Board may remove, by a majority vote of the full board, any of their members guilty of the above. A petition presented to the board and signed by 20% of the members in good standing may also initiate such procedure. This action of the Board of Directors may be subject to review by a vote of the congregation at its next regular business meeting or at a special meeting which may be called and must be in accordance with the provisions of the By-Laws of this Fellowship and the By-Laws of the local church.

3. Any specific matters of congregational approval or appeal not covered herein are left to the local church option.

ARTICLE VI APPROVAL OF LOCAL CHURCH BODIES

To become affiliated with the Universal Fellowship of Metropolitan Community Churches the following procedures are set forth:

- A. **STUDY GROUP:** If a group of individuals is interested in associating with the Universal Fellowship of Metropolitan Community Churches it is to contact the Coordinator of their district or proper Fellowship board. The District Coordinator will then be in contact with the District Board of Home Missions which must concur with him/her in order to authorize a study group. If approved, a worship coordinator will be appointed by the District Coordinator and the Board of Elders will be officially notified of this action.
- B. **MISSION:** After functioning as a study group for at least three (3) months a group may petition the District Coordinator — or the proper Fellowship board — to be officially recognized as a mission. They must certify in their petition that at least twenty-five (25) persons are actively involved in the life of the group and that they are receiving adequate financial support to maintain the work of a mission. The District Coordinator will confer with the District Board of Home Missions or the proper Fellowship board and, along with the Board of Elders, will decide on the petition of the group. If the recognition is granted the mission will then appoint as interim pastor a minister of the Universal Fellowship of Metropolitan Community Churches. Their selection must be approved by the District Coordinator and the District Board of Home Missions or proper Fellowship board.
- C. **CHURCH:** The mission may petition the District Coordinator or proper Fellowship board for chartering as a church in the Universal Fellowship of Metropolitan Community Churches after three (3) months. They must certify in their petition that at least thirty-five (35) persons are actively involved in the life of the mission and that they are financially able to support a pastor and a program of church activities. The District Coordinator will then confer with the District Board of Home Missions or the proper Fellowship board and, along with the Board of Elders, will decide upon the chartering. If chartering is granted the new church will then elect a licensed or ordained minister of the Universal Fellowship of Metropolitan Community Churches to serve as their pastor.
- D. **THE BOARD OF WORLD CHURCH EXTENSION** shall be composed of those appointed by the Board of Elders as Coordinators of Church Extension. This board shall be responsible to the General Conference and to the Board of Elders. The Board of Elders shall be responsible for establishing the procedures for World Church Extension. The Board of World Church Extension shall be directed by the Board of Elders to continue to develop an outreach in response to interested groups throughout the world. When these groups request recognition to become a part of the Universal Fellowship of Metropolitan Community Churches the Board of Elders will have the right to grant permission to these groups to change these By-Laws if they are in direct violation of their national laws.
- E. **OTHER:** Independently organized Christian bodies, as well as previously-affiliated church groups, who desire affiliation with the Universal Fellowship of Metropolitan Community Churches are to apply to their District Coordinator or proper Fellowship board by petition giving full details of their history, activities, organization and financial responsibility. After consultation with the District Board of Home Missions and the Board of Elders, and with their approval, the District Coordinator or the proper Fellowship board may accept such groups

either as a study group or as a mission. Thereafter, they must meet the qualifications of these By-Laws.

F. DISCIPLINE: If any local church body [Mission or church] shall fail to abide by the Articles of Incorporation or these By-Laws, or refuses to participate in the General Conference of the Fellowship, the Board of Elders shall take appropriate action to require compliance and participation. The Board of Elders shall report any such action to the next meeting of the General Conference which shall have the power to withdraw the recognition of missions, revoke the charter of churches, or take other appropriate action.

Study groups failing to comply with the Articles of Incorporation or the By-Laws of the Fellowship may be dissolved by the proper Fellowship board or the District Coordinator with the approval of the District Board of Home Missions. Such action must be reported to the Board of Elders and entered into the minutes of the next General Conference.

G. CHURCH PROPERTIES: The Boards of Directors of the local congregations of this fellowship will act as the Boards of Trustees for any property purchased by said groups. The Board of Directors and the members of each local congregation will have sole control of said property except under the following circumstances: 1) if the property is abandoned, 2) if the local church is disbanded by action of the local Board of Directors and the District Board of Home Missions. Should any of the above circumstances exist said property will revert to use of the General Conference of the Universal Fellowship of Metropolitan Community Churches which will decide the disposition of the said property.

Local church bodies which are now incorporated or which become incorporated as non-profit corporations under their state laws shall be required to name the Universal Fellowship of Metropolitan Community Churches as the successor 501 (C) (3) corporation designated to receive that church's property in the event of the dissolution or abandonment of that incorporated local church body.

ARTICLE VII CHURCH MEMBERSHIP

Provisions for membership in this church are defined in Article III, Section C of these By-Laws.

A. MEMBERS IN GOOD STANDING: On an annual basis the Board of Directors of the local chartered church shall review the entire membership. Any member who does not have registered attendance, identified financial support, definite service contribution, and expressed interest and loyalty within the preceding period of six months to one year may be placed on an inactive member list. At that time the Board of Directors of the local church shall notify the member in writing that he/she has been placed on such a list and is not eligible to vote at any business meeting of the local church. After notification, if the member has not expressed further interest or loyalty for a period of two months immediately following, the Board of Directors of the local church shall have the authority, at their discretion, to drop any such member from the local church body. The member may be restored to regular standing in the congregation by a vote of the Board of Directors of the local church without a public reception into membership.

B. FRIENDS OF THE CHURCH: A local church body may, if it desires, accept into the church persons who, for one reason or another, feel that they cannot become regular members of the church but who support the goals of the church and want to be a part of the work of the church; Such people shall be designated as "Friends of the church". Friends may serve on appointed committees and may

participate in all activities of the church. Friends may not, however, serve on the Board of Directors and may not vote at congregational meetings. Friends shall not be considered in determining the number of lay delegates which a local church body may send to meetings of the General Conference of the Fellowship or District Conferences.

C. DISCIPLINE: The Universal Fellowship of Metropolitan Community

Churches cannot condone disloyalty or unbecoming conduct on the part of any of its members and Friends, therefore, the Board of Directors of the local church is empowered to remove by majority vote any member or friend from the rolls of the church or take such appropriate disciplinary action as it deems necessary. The action of the Board of Directors may be subject to review by vote of the congregation at its next regular business meeting or at a special meeting which may be called and must be in accordance with the provisions of the By-Laws of the Fellowship and of the local church.

ARTICLE VIII CHURCH SERVICES

Each local church and mission shall hold a service of public worship every Sunday. Other worship services may be held as determined by the pastor with the approval of the local Board of Directors. In regard to the worship services of churches or missions, the sacrament of Holy Communion shall be offered each Sunday as well as at other worship services at the discretion of the pastor. Holy Baptism may be administered at any appropriate service of the local church or mission — or at any other time — at the pastor's discretion.

ARTICLE IX CHURCH MEETINGS

A. FELLOWSHIP: For the purpose of the transaction of business the Universal Fellowship of Metropolitan Community Churches will hold a Biennial General Conference beginning in 1977. The time and place of this conference will preferably be determined and announced at the previous General Conference. Notice must be given in writing to all churches and missions ninety (90) prior to the upcoming General Conference. This General Conference of the Universal Fellowship of Metropolitan Community Churches is that body consisting of all licensed ministers, ordained ministers, Elders and lay delegates. Each local church must elect one lay delegate for each one hundred (100) members, or portion thereof, that it carries on its active membership rolls, and each mission must elect one lay delegate, and each study group may send one official observer with voice but no vote. The transaction of all business except procedural matters must be approved by a separate majority vote of the lay delegates and a separate majority vote of the licensed ministers, ordained ministers and Elders. A quorum shall consist of a number of lay delegates equal to at least eighty percent (80%) of the total number of lay delegates eligible to attend from churches within the Universal Fellowship of Metropolitan Community Churches and eighty percent (80%) of the ministerial delegates to the General Conference.

All special conferences of the Universal Fellowship of Metropolitan Community Churches can only be called by a petition submitted to the Board of Elders by fifty percent (50%) of the ordained ministers and licensed ministers of the Universal Fellowship of Metropolitan Community Churches and ratified by fifty percent (50%) of the Boards of Directors of local churches. Such special conferences shall be governed by the same rules as those pertaining to the General Conference with the exception that written notice must be sent to all licensed and

ordained clergy and to all missions and churches at least thirty (30) days prior to the special conference. The nature and purpose of special conferences must be stated in the petition and notices and must be written into the agenda of the special conference.

B. DISTRICT: Between General Conferences District Conferences must be held at least once, but no more than three times, yearly. A District Conference is that meeting of all study groups, missions and local churches within a geographical area as defined by the Board of Elders. Changes in the district boundaries must be specially approved by the next General Conference. Thirty (30) days written notice of any conference must be sent to all study groups, missions and churches. Voting rights at these conferences shall be determined in the same manner as for the General Conference except that missions shall be allowed one clergy vote and one lay delegate vote. All resolutions must be passed by a majority vote. A District Conference quorum shall consist of no less than fifty-five percent (55%) of all clergy and elected lay delegates. All resolutions passed at District Conferences are advisory only to study groups, missions and churches of that district.

All special conferences of the various districts of the Universal Fellowship of Metropolitan Community Churches can be called by petition submitted to the District Coordinator by fifty percent (50%) of the ordained and licensed ministers of that district and ratified by fifty percent (50%) of the Boards of Directors of the district missions and churches. Such special conferences shall be governed by the same rules as those pertaining to the regularly scheduled District Conferences. The nature and purpose of special conferences must be stated in the petition and notices and must be written into the agenda of the special conference. Special conferences may also be called at the district level by the District Coordinator or by other means as provided for in the district By-Laws if such exist.

C. LOCAL: Each local church body of the Universal Fellowship of Metropolitan Community Churches must hold an annual congregational business meeting, preferably during the same month each year. In order to transact business no less than twenty percent (20%) of the active membership must be present. Two weeks notice must be given in writing to all members.

All special meetings of local church bodies can be called by a petition submitted to the Moderator or Clerk of the Board of Directors. This petition must be signed by twenty-five percent (25%) of the church membership listed on the active membership rolls of the local body. Such special meetings shall be governed by the same rules as those pertaining to the congregational meeting. The nature and purpose of the special meeting must be stated in the petition and notices and must be written into the agenda of the special meeting. Special meetings of the local church bodies may be called by other means as provided for in the local By-Laws.

ARTICLE X CHURCH FINANCES

A. LOCAL OFFERINGS: At any service of public worship of the local church body an offering shall be received for the church and banked by the church treasurer.

B. CONFERENCE OFFERINGS: At the meeting of any District Conference or at any General Conference of the Universal Fellowship of Metropolitan Community Churches special offerings may be received to help in the work of that district or the Fellowship.

C. FELLOWSHIP SUPPORT: Each study group, mission and church will on a

monthly basis contribute a minimum of ten percent (10%) of all collected funds [except for designated funds] to the Board of Elders of the Universal Fellowship of Metropolitan Community Churches for the administrative expenses of the Fellowship.

D. **AREA OUTREACH SUPPORT:** Each study group, mission and church shall on a monthly basis contribute a minimum of two percent (2%) of all collected funds [except for designated funds] to their district [or Fellowship board] to help expand the Christian outreach of this church.

ARTICLE XI RESERVATION OF POWERS

All powers not delegated by these By-Laws are reserved to the local church bodies.

ARTICLE XII ADOPTION AND AMENDMENTS

A. **ADOPTION:** These By-Laws shall become effective immediately upon adoption by the General Conference of the Universal Fellowship of Metropolitan Community Churches and shall become binding upon all members and organized church bodies within the Fellowship.

B. **AMENDMENTS:** These By-Laws may be amended or repealed at any duly convened meeting of the General Conference. Such amendments or repeals can only be effective if two-thirds of the duly authorized lay delegates and two-thirds of the duly authorized clergy attending vote in favor of such amendments or repeals.

CORRECTIONS

Please note the following corrections in your copy of the BY-LAWS OF THE UNIVERSAL FELLOWSHIP OF METROPOLITAN COMMUNITY CHURCHES (Revised at General Conference VIII, Denver, Colorado - August, 1977)

Page 5 - Article III, C, 3, fourth line. The word printed as appraised should read apprised.

Page 12- Article V, D, 1, seventh line. The sentence printed as, "At that time the pastor has the right to appear..." should be corrected to read: "At that time the Pastor goes on inactive status but remains fully compensated until final action by the congregation. The Pastor has the right to appear on his/her behalf before a congregational meeting." The text should continue as printed with, "The action of the congregation is final...."

Page 12- Article V, D, 2. After the final paragraph of section 2, add the following paragraph: "The Board of Directors shall be subject to these By-Laws, local Articles of Incorporation, or local By-laws, if such exist, and to the approval or disapproval by action of their local congregation as provided for in any of the above. It is incumbent upon the Board of Directors of each local church to provide that church with a set of By-Laws or Standard Operating Procedures."

BY-LAWS PROPOSAL

FOR ARTICLE IV (MINISTRY)

(IV.C., change to IV.C. and IV.D. as follows)

IV.C. PREPARATION FOR PROFESSIONAL MINISTRY

1. Ministerial students.

- a. Qualifications. Ministerial students are persons who are in academic preparation for the professional ministry in the UFMCC and who are designated as "ministerial students" by the District Review Committee (DRC) of that district.
- b. Requirements. "Ministerial student" status is a district standing. Recognition as a ministerial student must be renewed on an annual basis by the DRC. The requirements and procedures shall be determined by the Ministerial Credentials and Affairs Committee.
- c. Duties. Ministerial students are under the jurisdiction of the pastor or worship coordinator of the congregation in which they are members. They may be assigned specific responsibilities but their primary focus shall be academic preparation.

2. Ministerial interns.

- a. Qualifications. Ministerial interns are persons serving an intern year of concentrated practical training prior to being licensed as a professional minister in the UFMCC and who are designated as "ministerial interns" by the DRC in that district. Persons preparing for the professional ministry shall have substantially completed their academic requirements before applying for the status of "ministerial intern". Those seeking this status shall have previously demonstrated their spiritual outlook and their perseverance in work.
- b. Requirements. "Ministerial intern" status is a district standing. This status is a one-year appointment which the DRC may renew. Persons seeking "ministerial intern" status may or may not have previously held "ministerial student" status. A year of "ministerial intern" status is required before licensing as a professional minister. The specific requirements and procedures shall be determined by the Ministerial Credentials and Affairs Committee.
- c. Duties. Ministerial interns shall serve in a local congregation in the district in which they hold standing. Their precise duties shall be assigned by the pastor or worship coordinator of the congregation in which they are interning. Ordinarily these duties shall include some experience in each of the following areas: preaching, leading worship, counseling, administration, teaching, evangelism, and social action. The intern's work shall be guided and evaluated by the pastor or worship coordinator. The performance of sacraments and rites may be done only under the direction of the pastor or worship coordinator.

IV.C.2.c. Duties (cont'd)

A ministerial intern may be assigned by the District Coordinator to serve as worship coordinator of a study group, provided that the District Coordinator serves as supervisor of the intern. A ministerial intern may be appointed by the Board of Directors of a church or mission to serve as worship coordinator of that congregation, provided that the District Coordinator approves and serves as supervisor of the intern. A ministerial intern may not serve as Pastor, Assistant Pastor, Associate Pastor, or Interim Pastor of a congregation.

3. Discipline

The discipline of ministerial students and ministerial interns shall lie first in the hands of the local pastor or worship coordinator with whom they are working. If charges are made by the pastor or worship coordinator against a ministerial student or ministerial intern of disloyalty, unbecoming conduct, or dereliction of duty, the District Coordinator shall mediate. The District Coordinator will reaffirm or remove status, or take other action as she or he deems appropriate. The District Coordinator may allow an intern to serve in another congregation. Any such disciplinary action by the District Coordinator is subject to approval by the DRC at its next meeting.

IV.D. LAY MINISTRY

1. The priesthood of all believers. The Universal Fellowship of Metropolitan Community Churches affirms the lay ministry of every member of the UFMCC.
2. Deacons. Deacons are a special order of lay ministry within the jurisdiction of the local congregation.
 - a. Qualifications: (same as present IV.C.1.a.)
 - b. Requirements: (same as present IV.C.1.b.)
 - c. Duties: (same as present IV.C.1.c.)
 - d. Discipline: (same as present IV.C.1.d.)
 - e. Any specific matters... (same as present IV.C.1.e.)

RATIONALE

This By-Laws proposal basically does two things:

- It separates the process of preparation for the professional ministry from lay ministry
- It redefines what the process of preparation for the professional ministry will be.

First, it is important to affirm the ministry of every layperson, as well as to point out the special lay ministry of deacons. Persons preparing for the professional ministry do not properly belong in this section, even though technically they still are "laypersons". It is not their aim to be "lay ministers", but rather they are in a preparatory period equipping themselves for professional ministry. They are "candidates" for the professional ministry and therefore should not be categorized under Lay Ministry. There needs to be a separate By-Laws section (IV.C.) for them.

It is not the purpose of this proposal to redefine lay ministry for the UFMCC; that is a separate matter. ~~WXXX~~ This proposal will, however, enable such a re-evaluation of lay ministry to take place in the future by affirming the ministry of every member and by dealing with deacons in their own right (IV.D.).

Second, the primary reason for presenting this proposal is to revamp the ministerial preparation process. The present system of exhorters is inadequate. Our clergy drop-out rate has been very high these past two years, and we want to develop a better system to ensure that our future clergy will be better practically trained in local parish work and that they will have more "stick-to-it-iveness". Thus we are not modifying the present system of exhorters. Rather this is a proposal for an entirely new program. The old way is not working because it is too uneven. Some local exhorter programs are excellent; others are so-so; others are non-existent. A district status would even out the quality and provide more flexibility and opportunities for training.

Concerning the change in terminology from "exhorter" to "ministerial student" and "ministerial intern", the reason is for clarity. In most Christian circles, "exhorter" is not a very meaningful or self-explanatory term. "Ministerial student" and "ministerial intern" describe exactly what the person is doing.

MINISTERIAL STUDENTS. This status would not be necessary for those preparing for the professional ministry, but would give some recognition to those who are in school and would enable them to focus on academic training. Ministerial training should include both academic and practical, on-the-job experience. The division into ministerial students and ministerial interns allows for some practical experience throughout one's ministerial preparation, but recognizes the importance of concentrated academic time and concentrated practical time (intern year).

MINISTERIAL INTERNS. This status would be for those who have completed the bulk of their academic requirements and who can concentrate on practical training. If one year is not sufficient to prepare someone for licensing, the DRC may renew the status. A status of "ministerial intern" would be required for candidates for the licensed ministry to ensure that our future clergy have some practical expertise prior to getting the title "Reverend".

RATIONALE (con'd)

THE ROLE OF MCAC. The specific requirements and procedures will be left up to MCAC so as to allow for flexibility and adaptation in MCC's growing years. As the structure of MCC evolves, we may be unhappy that the By-Laws specify a certain procedure that has become obsolete. This proposal lays down the general principles of preparation for professional ministry, but leaves the implementation up to MCAC.

DISTRICT STANDING. There are several reasons why "ministerial student" and "ministerial intern" status should be district standings:

- First, it is the DRC who ultimately decides whether a person will become a licensed minister. They would be in a much better position to evaluate a person at the end of the preparatory process if they have been involved in that process themselves. There would be much more continuity in the whole process.
- Second, the DRC will meet with individuals before they apply for licensing. There will be more time for individual concerns and guidance.
- Third, an intern with a district standing may serve in a local setting which would be most advantageous for her/his own particular training. This may or may not be the congregation where the intern is a member. Not all pastors have the time or inclination to train and supervise interns. Not all local congregations are good training grounds. Individual needs and congregational needs can be taken into account. Moreover, it would be good experience for an intern to serve in more than one congregation before licensing. There would be much more flexibility with a district standing.
- Fourth, at present, study groups and missions can have members but not exhorters. If "ministerial student" and "ministerial intern" were district standings, this problem would be alleviated. There would be no membership-in-name-only in a nearby chartered church, which disenfranchises persons who are working in a study group or mission.

DISCIPLINE. It may not be wise to give the District Co-ordinator sole mediating and disciplinary responsibility when the matter goes beyond a local congregation, but at the present time, given our district structure, it is necessary. Hopefully, in the future, when DRC's meet more than once a year, this can be amended so that the DRC handles such disciplinary problems. The Board of Home Missions is not an appropriate body to handle this because they are charged with establishing and developing congregations, not clergy. They have nothing to do with the licensing process, whereas the DRC does. The District Co-ordinator is a member of the DRC and can be given the responsibility of carrying out their actions during the year.

PROPOSED BY-LAW CHANGES FOR GENERAL CONFERENCE VIII IN DENVER COLORADO =====

- ✱ 1. ARTICLE III.A. = Change third paragraph to read: "Our faith is based upon the principles outlined in the historic creeds: Apostles and Nicene."
SPONSOR: Northwest District.
RATIONALE: The delegates at District Conference made their decision based on two major arguments: 1) The Athanasian Creed is extremely sexist; and, 2) it is very rigid, stating one must accept the Creed in its entirety to claim salvation.
2. ARTICLE III.C.2. = Add "or in the mission" after "in the church" in both first and second sentences.
SPONSOR: MCC San Francisco.
RATIONALE: Membership should be allowed in missions so that missions could legally elect a delegate to District and general conferences.
3. ARTICLE III.C.2. = Replace second sentence with: "After completing classes for instruction in the Doctrines, Rites, Sacraments and works of the Church, membership in the church may be obtained by: 1) a letter of transfer from a recognized Christian body; 2) affirmation of faith in the doctrines, rites, sacraments and works of UFMCC; 3) by those who actively support the work of UFMCC and respect its doctrines, rites and sacraments."
SPONSOR: MCC East Bay (Oakland).
RATIONALE: None submitted.
4. ARTICLE III.C.5. = Change to: "The rite of anointing with oil or laying-on of hands for the healing of the sick in mind, body or spirit is to be conducted by ministers of the church at their discretion upon request." [Removes "prayer"]
SPONSOR: MCC Los Angeles.
RATIONALE: The prayer of a lay person is just as valid as that of a minister. It is understood that prayer goes along with the anointing with oil or the laying-on of hands.
- ✱ 5. ARTICLE III = That Article III of our By-Laws be removed without change from the body of the By-Laws and placed before and published congruent with the By-Laws. Article III would be entitled our "Articles of Faith". Any change in the "Articles of Faith" would be subject to the same procedure as outlined in Article III.B of the By-Laws.
SPONSOR: Commission on Faith, Fellowship and Order.
RATIONALE: Article III is a "Statement of Faith" that defines WHAT the basis is for our Fellowship. It should be placed in a primary position. The rest of the Articles define the governmental structure of our Fellowship and indicate HOW the church is organized.
6. ARTICLE IV.A.2.d. = Where it says "If for a period of 36 months. . .", Second sentence, change to: "If for a period of 12 consecutive months an ordained minister does not occupy a pastorate or other duly authorized Ministry he / she must appear before the Ministerial Credentials and Affairs Committee for a review of his / her status as an ordained minister with the Universal Fellowship of Metropolitan Community Churches."
SPONSOR: MCC Los Angeles
RATIONALE: To make this paragraph consistent throughout, all time period references should be the same. Thus we ask that all time periods mentioned be changed to 12 consecutive months in keeping with the initial sentence of this paragraph.
7. ARTICLE IV.C.1.b. = After the first sentence, change the remaining four sentences to: "All persons to be considered for Deacons are to be recommended by the Pastor, approved by the Board of Directors and then affirmed by the congregation. All Deacons must be reviewed and reaffirmed at the end of each three year term. If the pastor feels that a person is not performing their duties as authorized by the pastor, this person may be reviewed at the discretion of the pastor and the Board of Directors. A Deacon may be ordained at the end of at least three years of service upon the recommendation of the pastor, approval of the Board of Directors and affirmation by the congregation."
SPONSOR: MCC Los Angeles.
RATIONALE: To allow for ordination of Deacons, and to allow for confirmation of Deacon appointments by the congregation after recommendation by pastor and approval by Board of Directors.
- NOTE::: If proposal 7 is adopted, Article III.C.1. must be changed to read: "The Rite of Ordination is the setting-apart of duly qualified persons for the professional ministry AND THE OFFICE OF DEACON of this church. It is evidenced. . ."
BY-LAWS COMMITTEE
8. ARTICLE IV.C.1.d. = Shall be changed to read as follows: "Discipline: The pastor, together with a majority of the full Board of Directors, may vote to remove from office, temporarily or permanently, any Deacon for disloyalty, unbecoming conduct or dereliction of duty. When, in the judgement of the pastor, disciplinary action short of temporary or permanent removal from office is needful and appropriate, the pastor shall take such action(s). Such action(s) shall be reviewed by the Board of Directors at its first meeting subsequent to the action(s). A majority vote of the full Board of Directors shall be needed to sustain the pastor's action(s)."
SPONSOR: MCC Kansas City
RATIONALE: The existing By-Laws make no provision for emergency action by the pastor in the event it is needed. This proposed change does provide such a provision, with the added benefit that it prevents the pastor from taking any such action(s) without giving it thoughtful consideration.

9. ARTICLE IV.C.2. = Remove the term "Exhorter" from the Fellowship By-Laws and replace with the term "Student Minister."

SPONSOR: The Christian Education Commission.

RATIONALE: We find that the title "Exhorter" in reference to individuals preparing for the professional ministry is confusing. The term is used in other denominations denoting a function entirely different to that of a student minister. The term itself is not self-explanatory, and does not adequately describe the function of this individual in the Fellowship. We feel that the title "seminarian" is not adequate, as some of those individuals are not enrolled in a seminary to further their educational needs. Finally, the terms "Vicar" and "Curate" are not appropriate, as they imply areas of authority and responsibility that are not ordinarily assigned to one preparing for the professional ministry. For these reasons, we feel that the change is necessary.

10. ARTICLE V.B.1.b. = Except for the last sentence, replace the paragraph with: "A Nominations Committee composed of one lay person and one minister from each District elected respectively by the lay delegates and clergy at the District Conference immediately preceding the General Conference, shall receive and review any and all nominations for the position of Elder. This committee will then present to the General Conference qualified nominees for the purpose of filling the position available. Nominations may be made from the floor of General Conference. The Nominations Committee shall make its report at the first business meeting of General Conference. The nominees shall present themselves before the delegates for for open questioning as determined by the Nominations Committee. The election shall be held no less than two [2] days after the nominations. No ballot shall be valid unless said ballot contains a number of votes equal to the number of positions open in the Board of Elders.

SPONSOR: MCC Los Angeles.

RATIONALE: It will establish a set rule for nominating and electing Elders which will allow the persons desiring the office of Elder to be questioned by each delegate and minister attending General Conference.

11. ARTICLE V.B.1.c. = Add after the first sentence: "Where feasible and appropriate, there must be equal representation between lay people and ministers on all Boards, Commissions and Committees appointed by the Board of Elders."

SPONSOR: MCC Los Angeles.

RATIONALE: There are a great number of qualified lay people within the Fellowship who could add experience and knowledge to the different Boards, Commissions and Committees. This would also allow the laity to become better known.

12. ARTICLE V.C.1. = Replace the first sentence with: "The District Coordinator shall be a person elected by a District Conference for a specified term determined by that conference."

SPONSOR: MCC Los Angeles.

RATIONALE: The District Coordinator is basically an administrative office and there are a number of qualified lay people who could handle this position. It would also enable the lay people within the Fellowship to demonstrate their ability and become known in the Fellowship. This is the only way a lay person can become well enough known to ever be elected as an Elder.

13. ARTICLE V.C.3. = Replace the first sentence with: "This Board shall be comprised of all the Pastors of all Chartered churches within the District as well as one lay person elected by the congregation from each Chartered church."

SPONSOR: MCC Los Angeles.

RATIONALE: This allows the laity of the church to have some input into the Board of Home missions.

14. ARTICLE V.D.1. = Replace the third sentence with: "The pastor of the church body shall have the authority to establish the 'orders of service / worship' for all religious services of the church."

SPONSOR: MCC San Francisco.

RATIONALE: Rewording to avoid confusion, as the meaning of 'for ordering all religious worship services' has been interpreted as approving more than one required religious service without the approval of the Board of Directors.

15. ARTICLE V.D.1. = Replace the sixth sentence with: "The pastor shall act as Moderator of all congregational business meetings unless a conflict of interests exists, at which time a member of the Fellowship may be requested to moderate the meeting."

SPONSOR: MCC San Francisco.

RATIONALE: None submitted.

- * 16. ARTICLE V.D.2. = [First paragraph] Change in first sentence: "... they shall hold office for a term of TWO years, ..."
Change in second sentence: "... The term of ONE-HALF of the members ..."

SPONSOR: Jane Carl [Los Angeles], Rita Cisneros-Hunt [Los Angeles], Kent Olson [San Jose], Eric Neilson [New York City].

RATIONALE: Board members can be reviewed and re-elected or rejected without uncomfortable procedures; or hard-working Board members can leave office without resigning before their term of office is completed.

17. ARTICLE V.D.2. = Add to the end of the second paragraph: "Every local church account is required to have a minimum of two signatures, which shall be the treasurer and 1) another Board member, or 2) the Pastor."

SPONSOR: The Board of Elders.

RATIONALE: None submitted.

18. ARTICLE V.D.2. = Add to the end of the second paragraph: "The church Clerk and Treasurer shall be elected by the Board from the congregation. They shall serve as ex-officio members on the Board of Directors without vote."

SPONSOR: MCC Indianapolis.

RATIONALE: None submitted.

②

February 3, 1979, and passed unanimously at the business meeting of the Northeast District.

19. ARTICLE V.D.2. = Add to the end of the second paragraph: "The chairman [Moderator] and Vice Chairman [Vice Moderator] shall be elected by the Board of Directors from among elected Directors. The Chairman [Moderator] will preside at meetings of the Directors and the congregation."

SPONSOR: MCC Indianapolis.

RATIONALE: None submitted.

20. ARTICLE V.D.2. = Add to the end of second paragraph: "The pastor shall not serve as Chairman [Moderator] or Vice Chairman [Vice Moderator]."

SPONSOR: MCC Indianapolis.

RATIONALE: None submitted.

NOTE: If proposal 20 is adopted, in article V.D.1., sentences four and six must be deleted.

BY-LAWS COMMITTEE

NOTE: If proposals 18, 19, or 20 are adopted, a motion is suggested to restructure and possibly subdivide paragraph two [Art. V.D.2.] for clarity and readability.

BY-LAWS COMMITTEE

21. ARTICLE V.D.3. = Third paragraph; replace the second sentence with: "Therefore the Board may remove by a 2/3 vote of the full Board any of their members guilty of the above. This action by the Board shall be subject to review by the congregation, at a congregational meeting held in accordance with the By-Laws of the Fellowship and local church within 30 days after the action. Also a petition presented to the Board and signed by 20% of the members in good standing shall call a congregational meeting in accordance with the By-Laws of the Fellowship and local church within 30 days for the purpose of taking a congregational vote of confidence on a Board member."

SPONSOR: MCC Los Angeles.

RATIONALE: None submitted.

22. ARTICLE VI.A. = Add as a second paragraph: "It shall be the responsibility of the Worship Coordinator to appoint an interim Board of Directors of from 3 to 5 persons, with the approval of the District Coordinator, to advise the Worship Coordinator on concern relating to that Study Group and to assist in the growth and development of same group. Removal and / or new appointments are to be made by the Worship Coordinator when deemed necessary, with the approval of the District Coordinator. This Board is dissolved when reaching Mission status."

SPONSOR: MCC San Francisco.

RATIONALE: None submitted.

23. ARTICLE VI.B. = In the first sentence change: "Three [3] months" to "six [6] months"

SPONSOR: MCC San Francisco.

RATIONALE: None submitted.

24. ARTICLE VI.B. = Add as a second paragraph: "It shall be the responsibility of the Interim Pastor to appoint, with the approval of the District Coordinator, an interim Board of Directors of from 3 to 7 persons which shall function as and under the same conditions as an interim Board for Study Groups. The Board is dissolved upon Chartering the church."

SPONSOR: MCC San Francisco.

RATIONALE: None submitted.

NOTE: If proposal 2 is adopted, proposal 24 is not appropriate for missions. It is suggested that a motion similar to the following be made: "The Board of Directors, elected by the mission membership, shall consist of from 3 to 7 members and shall function in an identical manner as Board of Directors for Chartered churches. [Art. V.D.2.]

BY-LAWS COMMITTEE

25. ARTICLE VI.C. = In the first sentence change: "three months" to "six months".

SPONSOR: MCC San Francisco.

RATIONALE: None submitted.

- * 26. ARTICLE VI. = Add as section "G" [new]: "The Board of Directors of local congregations of this Fellowship will act as the Board of Trustees for and property purchased by said group. The Board of Directors and the members of the local congregation will have sole control of said property except under the following circumstances: 1) If the property is abandoned, 2) If the local church is disbanded by action of the local Board of Directors and the District Board of Home Missions, 3) If the local congregation is found to be disloyal by the General Conference of the UFMCC. Should any of the above circumstances exist, said property will revert to use of the General Conference of the UFMCC which will decide the disposition of said property."

SPONSOR: Board of Elders.

RATIONALE: The days of a minister or a group of laity leaving the Fellowship and taking property paid for by loyal members of this Fellowship will hopefully be over with the passage of this By-Law.

27. ARTICLE VII.B. = End the third sentence with: "Board of Directors", and delete the remainder of that sentence. Add the following sentence at this point: "Affiliated friends of the church shall have the right of voting on all church matters except those pertaining to Doctrine, Sacraments and Rites."

SPONSOR: MCC Portland.

RATIONALE: It is the consensus of MCC Portland that the national By-Laws of UFMCC be amended to allow those persons with the designation of "Friends of the Church" to vote on secular matters at congregational meetings.

③

February 3, 1979, and passed unanimously at the business meeting of the Northeast District.

28. ARTICLE IX.A. = Change in the first sentence: "An annual General Conference" to "A Biennial General Conference beginning in 1977".

SPONSOR: Board of Elders.

RATIONALE: It is with concern that note is taken of the deficit encountered in the aftermath of the 1976 General Conference. Further, be it noted that the financial strain engendered by our member congregations [in many cases, as much as 10% of their annual budget] causes undue hardship, and tends to hamper their local outreach and development. The general feeling of many of our Districts that the work of UFMCC might well proceed apace more effectively if this recommendation is adopted.

NOTE: Upon the adoption of the amendment to Article IX, it would be imperative to make provision for the election of Elders at the 1977 General Conference to fill the terms that normally would expire in 1977 and 1978. These Elders shall be elected to serve until General Conference 1981.

BOARD OF ELDERS

NOTE: If proposal 28 is adopted, the last sentence in Article V.B.1.b. must be changed from "three years" to "four years" with half of the Board's term of office expiring at each General Conference".

BY-LAWS COMMITTEE

* 29. ARTICLE IX.A. = Add in fourth sentence: "... is that body of all WORSHIP COORDINATORS, Licensed Ministers, ..."
SPONSOR: Clifford Turpin, Joseph Houle, Joseph B. Smith, Frank Scott, James Gribbon, Pat Kader, Russell Miller.
RATIONALE: Worship Coordinators who in some cases are Exhorters do not have voting privileges at any Fellowship Conferences, either District or (inter)national. An Exhorter when placed as Worship Coordinator must carry the same burdens and functions as a professional minister and should be given this privilege of voting on church matters.

* 30. ARTICLE IX.A. = Add to end of fifth sentence: "... and each mission must elect one lay delegate."
SPONSORS: Same as number 29
RATIONALE: The By-Laws of UFMCC as they read do not provide for a lay delegate (from missions) at General Conference.

31. ARTICLE X.C & D.: In the two places which say, "except for designated funds" i.e.; designated funds shall be Deacon's fund and Building fund (collected money for future purchase or building of church property should be deleted).

SPONSOR: MCC Los Angeles.

RATIONALE: This will define designated funds and allow all churches to share equal responsibility. It will also add to the Fellowship treasury allowing the Fellowship to move in additional areas.

*Denotes Priority I change.

Mr. Kenneth Barr

Dear Mr. Mank,

Rev. Edward Hougen, who is District Coordinator of the Northeast District, has asked me as Secretary of the district to send to you a copy of two proposals for UFMCC By-Law revisions, that were passed unanimously by the business session at our last district conference at MCC Hispana, New York.

The first proposal, typed up as it was presented and sent to me by Rev. Marge Ragona, is enclosed. The session also voted that a copy of this proposal be sent to the Board of Elders, inviting them if they would like to co-sponsor it, which I am also mailing off to Rev. Elder Carol Cureton, Clerk.

The second proposal, presented by Ken Barr of MCC Worcester, is as follows:

Article V,C,3- Insert between the first and last sentences: "An Assistant District Coordinator shall be a voting member of the Board of Home Missions by virtue of his/her office."

Rationale: The Assistant District Coordinator is elected by the clergy and lay representatives of the district to a district-wide office. This office has been created since the By-Laws were written and provisions for this office are not reflected in current By-Laws. Most districts have not had a problem with the Assistant District Coordinator being a member of the Board as they are also affiliated with a chartered church. We feel that Assistant District Coordinators should be voting members by virtue of the office only and not by church affiliation, as has been previously and still is the case with the office of District Coordinator.

We send with these proposals our best wishes to you from the Northeast District.

In our Lord Jesus Christ,

PROPOSED BY-LAW CHANGES
for General Conference IX
Los Angeles, California

1. Article IIIA

Change first paragraph to read:

The Christ is foretold in the Old Testament, presented in the New Testament, and proclaimed by the Christian church in every age and in every land.

2. Article III A 1

Change to read:

in one triune God, of one substance, in the persons of the Parent of all creation, the Christ and the Holy Spirit, omnipotent, omnipresent and omniscient, God being the Creator of all, the Prime Mover and Spirit of the Universe.

3. Article III A 3

Change to read:

That Jesus...the Christ...historically recorded as living some 2,000 years before this writing is God incarnate, being one born of humanity, fully God and fully human, and that by being one with the will of God, Jesus has demonstrated once and forever that all people are likewise Children of God, being spiritually made in God's image.

4. Article III A 6

Replace "Master" with "Redeemer."

5. Article III B 2

Change "our Lord's" to "Jesus!"

6. Article III B 2

Change to read:

...signifying their desire to be received into community with God, to be saved by Christ's divine sacrifice, to participate in Christ's resurrection, and to commit their lives anew to Christian service.

RATIONALE:

To bring the By-Laws into accord with the Resolution brought by the Task Force on Women to General Conference, August 11, 1976, and passed unanimously by that conference that we continue to change the language used in Metropolitan Community Churches to be inclusive of both sexes and not reflect the traditional use of male terms to be normative.

CELEBRATING 10 YEARS of MINISTRY!

The stately Biltmore Hotel will be the site of our Ninth General Conference, August 13 - 19, 1979. The Biltmore overlooks the gardens and fountains of Pershing Square in downtown Los Angeles, near many main attractions of the city and six blocks from MCC - Los Angeles, the founding church of the UFMCC.

Amusement areas for which southern California is known, such as Disneyland, Magic Mountain, Knotts Berry Farm and Hollywood, are easily accessible by mass or private transportation.

These outstanding events will be featured at General Conference Nine:

HUMAN RIGHTS CELEBRATION!

Special guest speaker *Midge Costanza*, former Advisor to President Carter on Women and Gays, will receive UFMCC's first Humanitarian Award.

DISTINGUISHED PANELISTS

Rev. Nancy Wilson will moderate a panel discussion entitled *The Christian Response to Homosexuals*. Panelists will include:

Virginia Mollenkott, author of *Women, Men and the Bible* and co-author of *Is the Homosexual My Neighbor?*

(continued next page)

Ralph Blair, founder of *Evangelicals Concerned* and director of the *Homosexual Community Counseling Center*.

Malcolm Boyd, Episcopal priest and author of *Are You Running With Me*, *Jesus* and the recently published, *Take Off the Masks*.

Troy Perry, founder of the UFMCC and author of *The Lord is My Shepherd* and *Knows I'm Gay*.

ROSALIND RINKER

well known evangelical author and lecturer, will lead a seminar on "Communicating Love Through Prayer."

THE READERS' THEATRE

of MCC - Cincinnati will present Richard Bach's "Illusions."

A MULTI-MEDIA WORSHIP SERVICE

entitled "Do You Know Where You're Going To?" will be hosted by our MCC in Melbourne, Australia.

There will be *SPECIAL WORKSHOPS* for:
* Parents of Gays * Deacons * Music Leaders * Boards of Directors * Church Secretaries * and others ** (AA meetings will be scheduled throughout the week).

Conference's many WORSHIP EXPERIENCES will be led by some of UFMCC's best and most provocative preachers and by our finest musicians.

Commission on Government, Structures and Systems

of the

UNIVERSAL FELLOWSHIP of METROPOLITAN COMMUNITY CHURCHES

In accordance with the request from the Administrative Offices of the Universal Fellowship of Metropolitan Community Churches dated March 7, 1979, the Commission on Government, Structures and Systems herewith presents its report to the IX General Conference of UFMCC in two general sections.

Section I -- Informational (Items presented for ACCEPTANCE by General Conference)

Section II - Resolutions (Items requiring specific action by the General Conference) for ADOPTION

SECTION I

The Commission on Government, Structures and Systems of the Universal Fellowship of Metropolitan Community Churches was established at the VI General Conference with the following motion:

"Move the establishment of a Commission on Government, Structures and Systems for the purpose of investigating and proposing possible governmental models toward which our growing fellowship might consciously direct itself."

In the Commission on Government, Structures and Systems Report to the VII General Conference at Washington, D. C., the Commission sponsored and supported the following Resolution:

"Be it resolved that each District Coordinator be instructed to provide for a workshop at a business

conference within the next year at study the existing structures and systems of UFMCC in order to allow each individual to express opinions on the structure as it presently exists. The workshop will be planned and conducted by the District's representatives to the Commission."

At the VIII General Conference at Denver, Colorado the Commission on Government, Structures and Systems reported plans to bring a partial report to the IX General Conference at Los Angeles with the understanding that the Commission's work would extend far beyond that date. The Commission proposed a national meeting to be held in Chicago, Illinois (August 3-6, 1978) and presented the following Resolution:

"Resolved that the Commission on Government, Structures and Systems be extended until 1981 and that the presently elected representatives serve for the life of the Commission. We further urge each Congregation in the Fellowship to designate one liaison/contact person to work with the Commission through the District representatives."

District Coordinators were requested to hold Government, Structures and Systems Workshops at District Conferences (to be conducted by lay and ministerial representatives to the Commission from the respective districts.) Commission representatives were given written assignments individually for submission when completed to the Chairperson of the Commission on Government, Structures and Systems for distribution to the other Commission members for consideration prior to the proposed national conference of the Commission. The Fellowship was mandated by the VIII General Conference to give priority funding to the work of this Commission. (The Fellowship stood ready and willing to do so.) Districts were URGED to provide funding for Commission Representatives from their districts for workshop materials, traveling expenses to a national meeting of the Commission.

Each Church body or congregation in the Fellowship was asked to name or elect a liaison person to work with the representatives to the Commission in their District in arranging both District and LOCAL CHURCH workshops. FEW have done so. There are good reasons why most others have not done so and we shall address them in the Resolutions section of this report.

All of the above seems carefully prepared, businesslike and correct! It was. What happened? Very little of the projected activity took place. Why? What can we do to ensure active, working and PRODUCTIVE Commissions and Committees in our Fellowship's future?

Let's take these questions one at a time:

1. Why didn't planned activities take place?

Our present system of elected ministerial and lay representatives from each District (with all efforts being made to balance the Commissions and Committees by gender, race, clergy and laypersons) is an excellent system in THEORY. It does not prove out to be effective or even WORKABLE in PRACTICE!

A large portion of the Chairperson's time and correspondence is consumed in attempts to LOCATE current Commission members. Both clergy and lay representatives are often called upon to MOVE from one District to another, thus leaving their previous District without representation on the Commission(s) or Committee(s). This lack of representation must, under our current system continue until that District's next business conference. This deplorable situation is common, we believe, to most (if not all) of our Commissions and Committees. It results in eternal confusion, complete lack of continuity, and thus limited results, at best.

We regret, but do not hesitate to report to this General Conference our first major finding; i.e.,

OUR PRESENT SYSTEM OF ESTABLISHING AND MAINTAINING PRODUCTIVE COMMISSIONS AND COMMITTEES IS NOT ADEQUATE.

(Note: None of the above is to be construed as criticism of any individuals, Commissions, Committees or Congregations. It is the current SYSTEM which is being addressed.)

2. What can we do to ensure active, working PRODUCTIVE Commissions, Committees in our Fellowship's future?

The Southwest District recently passed a Resolution at a duly called business meeting which

provides that:

A Commission or Committee Chairperson(s), in concert with the District Coordinator and District Representative to the Office of Lay Concerns, may appoint from among ministers and laypersons in good standing in the Southwest District, individuals to fill vacancies created by move, resignation, etc. of the elected representative.

This was intended as a stop-gap measure which *would have* proved useful when the elected lay representative to the Commission on Government, Structures and Systems subsequently resigned from the Fellowship. It obviously represents one District's Thinking and one possible solution. We will address other possible means of strengthening and improving this aspect of Government, Structures and Systems in the RESOLUTIONS portion of this report.

It is the intention of the Commission on Government, Structures and Systems to hold meetings and to make ourselves available to all interested parties during the IX General Conference at Los Angeles prior to presentation of this report on the Conference floor. We also welcome any written comments and suggestions PRIOR to General Conference. Please understand that this Report represents ONLY the input received by the Commission thus far and may be amended or revised as necessary prior to and during presentation.

In summation, we feel that our present method of election and maintenance of both lay and clergy Commission and Committee members at the Fellowship-wide level does not serve the best interests of our growing Fellowship.

Our young Fellowship, in its zeal to strengthen itself within and broaden its outreach to sisters and brothers everywhere had chosen a vehicle inappropriately designed and ill-suited to its purpose. We need feel neither guilt nor grief. We may feel a justifiable pride and satisfaction at our recognition of that fact, and, especially, in our willingness to make the necessary changes, and with the help and Grace of God, rectify the situation.

We pray that together we will find our way to the grand design that God has prepared for us.

SECTION II

RESOLUTIONS FOR ADOPTION

A. ELDERS' ADVISORY LETTERS

Prior to the 1977 General Conference, fourteen Elders' Advisory Letters to Churches were referred to the Commission on Government, Structures and Systems for consideration. These are Elders' Advisory Letters '75-7,10,&13 and '76-7,9,10,12,14,25,26,27,28,32,&33.

RECOMMENDATIONS **

1. Recommend ADOPTION of Elders' Advisory Letter 75-7; re: Board of Directors;
2. Recommend REFERRAL of Elders' Advisory Letter 75-10 to Ministerial Credentials & Affairs Committee;
3. Recommend REFERRAL of E.A.L. 75-13 to M.C.A.C.;
4. Recommend REFERRAL of E.A.L. 76-7 to M.C.A.C.;
5. Recommend ADOPTION of E.A.L. 76-9;
6. Recommend ADOPTION of E.A.L. 76-10 with emphasis on . . . , "if possible, ONLY . . .";
7. Recommend ADOPTION of E.A.L. 76-12;
8. Recommend the REFERRAL of E.A.L. 76-14 to M.C.A.C.;
9. Recommend ADOPTION of E.A.L. 76-25;
10. Recommend ADOPTION of E.A.L. 76-26;
11. Recommend ADOPTION of E.A.L. 76-27;
12. Recommend ADOPTION of E.A.L. 76-28;
13. Recommend ADOPTION of E.A.L. 76-32;
14. Recommend ADOPTION of E.A.L. 76-33;

B. For purposes of debate and discussion, the Commission on Government, Structures and Systems agrees to co-sponsor the proposed By-Law changes initiated by the Board of Trustees of Samaritan Theological Institute (Art. IV (Ministry)).

C. PRIORITY-ONE "BY-LAW" PROPOSALS **

At the VII General Conference of the Universal Fellowship of Metropolitan Community Churches, nine proposed By-Law changes were referred to the Commission on Government, Structures and Systems. They are identified as follows: #9; #15; #18; #19; #20; #22; #23; #24; & #25;

(These may be found in the "working copy" of proposed By-Law changes which were used during the Conference.)

RECOMMENDATION

The Commission on Government, Structures and Systems moves that the above-numbered proposals be ADOPTED by the IX General Conference.

**PLEASE NOTE: The Commission on Government, Structures and Systems recognizes that the Elders' Advisory Letters and, particularly, the proposed By-Law changes need additional debate, discussion and inquiry. Our recommendations to ADOPT or REFER are made solely for the purpose of protecting their privilege to come before this General Conference. After convening the Commission just prior to General Conference, the Commission will be in a position to affirm, amend, or revise these recommendations as necessary.

D. RESOLUTION re: UFMCC (Fellowship-wide) COMMISSIONS and COMMITTEES

"Be it resolved that this IX General Conference of the Universal Fellowship of Metropolitan Community Churches does recognize the necessity of establishing and maintaining Commissions and Committees on a Fellowship-wide basis in such a way as to ensure continuity and productivity;

We further acknowledge the need of our Commissions and Committees to be composed of individuals with proven records of stability and of expertise in specified areas;

THEREFORE, we do request and empower our Board of Elders to review all existing Commissions and Committees. After said reviews and careful deliberation and consultation with Chairpersons and District Coordinators, we do request and empower our Board of Elders to APPOINT those men and women in

our Fellowship deemed by them to be BEST QUALIFIED to serve on Commissions and Committees without regard to geographic location or other considerations not directly related to the subject matter of the Commissions and Committees; and to periodically review and evaluate their performance and to make new appointments as may be indicated."

Rationale: It is our feeling that the people of our Congregations are willing to forego such matters as geographical representation and other considerations in order to have working for them on Fellowship Commissions and Committees the best minds and the ablest individuals available in the Fellowship. We believe our Congregations are even willing to give up to some extent their Congregational and Regional (District) authority in the area of election if doing so will ensure that the best talents we have available are at work for them and will be likely to get the job done! This is best achieved by means of a selective process, rather than be popular vote.

We have all (lay persons and clergy alike) heard again and again the anguished cries of Chairpersons and Commission members about "lost" questionnaires, unanswered correspondence, poor attendance at Committee meetings, etc.

We believe it is time that we reposed a greater measure of trust in that body which we have elected to serve and lead us -- our BOARD OF ELDERS. Their "overview" of our Fellowship; their acquaintance with the interests and abilities of our clergy and laypersons fellowship-wide is wasted unless we call upon it and utilize it. The Universal Fellowship of Metropolitan Community Churches is only ten years old -- still young enough to see and admit when procedures are not working -- mature enough to trust and try again.

This Report is respectfully submitted with full knowledge that our work as a Commission is not completed -- that our growth as Christian sisters and brothers in this magnificent Fellowship has barely begun. We persist, in the knowledge of Christ's glorious promise:

"... My Grace is sufficient for you."

PROPOSED BY-LAW CHANGES REFERRED TO GOVERNMENT, STRUCTURES AND SYSTEMS BY GENERAL CONFERENCE VI, DALLAS, TEXAS, 1975.

9. ARTICLE IV.C.2 — Remove the term "Exhorter" from the Fellowship By-laws and replace with the term "Student Minister." SPONSOR: The Christian Education Commission.

RATIONALE: We find that the title "Exhorter" in reference to individuals preparing for the professional ministry is confusing. The term is used in other denominations denoting a function entirely different to that of a student minister. The term itself is not self-explanatory, and does not adequately describe the function of this individual in the Fellowship. We feel that the title "seminarian" is not adequate as some of those individuals are not enrolled in a seminary to further their educational needs. Finally, the terms "Vicar" and "Curate" are not appropriate, as they imply areas of authority and responsibility that are not ordinarily assigned to one preparing for the professional ministry. For these reasons, we feel that the change is necessary.

15. ARTICLE V.D.1 — Replace the sixth sentence with: "The pastor shall act as Moderator of all congregational business meetings unless a conflict of interests exists, at which time a member of the Fellowship may be requested to moderate the meeting." SPONSOR: MCC San Francisco

RATIONALE: None Submitted.

18. ARTICLE V.D.2 — Add to the end of the second paragraph: "The church Clerk and Treasurer shall be elected by the Board from the congregation They shall serve as ex-officio members on the Board of Directors without vote." SPONSOR: MCC Indianapolis

RATIONALE: None submitted.

19. ARTICLE V.D.2 — Add to the end of the second paragraph: "The chairperson (Moderator) and Vice Chairperson (Vice Moderator) shall be elected by the Board of Directors from among elected Directors. The Chairperson (Moderator) will preside at meetings of the Directors and the congregation." SPONSOR: MCC Indianapolis.

RATIONALE: None submitted.

20. ARTICLE V.D.2 — Add to the end of the second paragraph: "The pastor shall not serve as Chairperson (Moderator) or Vice Chairperson (Vice Moderator)." SPONSOR: MCC Indianapolis.

RATIONALE: None submitted.

22. ARTICLE VI.A — Add as a second paragraph: "It shall be the responsibility of the Worship Coordinator to appoint an interim Board of Directors of from 3 to 5 persons, with the approval of the District Coordinator, to advise the Worship Coordinator on concerns relating to that Study Group and to assist in the growth and development of same group. Removal and/or new appointments are to be made by the Worship Coordinator when deemed necessary, with the approval of the District Coordinator. This Board is dissolved when reaching Mission status." SPONSOR: MCC San Francisco.

RATIONALE: None Submitted.

23. ARTICLE VI.B — In the first sentence change: "Three [3] months" to "six [6] months" SPONSOR: MCC San Francisco.

RATIONALE: None submitted.

24. ARTICLE VI.B — Add as a second paragraph: "It shall be the responsibility of the interim pastor to appoint, with the approval of the District Coordinator, an interim Board of Directors of from 3 to 7 persons which shall function as and under the same conditions as an interim Board for Study Groups. The Board is dissolved upon Chartering the church. SPONSOR: MCC San Francisco.

RATIONALE: None submitted.

25. ARTICLE VI.C — In the first sentence change : "three months" to "six months". SPONSOR: MCC San Francisco.

RATIONALE: None submitted.

Referred back to committee

ELDERS' ADVISORY LETTERS REFERRED TO THE GOVERNMENT STRUCTURES AND SYSTEMS COMMISSION

1. Recommend ADOPTION of Elders' Advisory Letter 75-7; re: Board of Directors;

The Chartered Church has a Board of Directors elected by the active Membership of the church. Board members should not be elected for a specific position on the board or as a "reward" for some past event. Deacons and Exhorters should not be on the Board of Directors unless no other qualified and responsible people are available. Licensed and Ordained Ministers (except for the Pastor) should never be on the Board of Directors. Ministers (lay and professional) should devote their energies and talents to assisting the Pastor in the spiritual affairs of the church.

2. Recommend REFERRAL of Elders' Advisory Letter 75-10 to Ministerial Credentials and Affairs Committee;

There is a significant difference between a Deacon and an Exhorter. We must recognize these lay ministry positions according to the structure established within UFMCC and not necessarily in accord with the office as defined in another denomination. (The same could be said for the position of "Elder".)

A Deacon is a person who is chosen to serve the local congregation, under the direction of their pastor, in the ministry to those in need by counseling (when qualified), welfare, crisis intervention, etc. If necessary and circumstances dictate, Deacons may administer the Sacraments and Rites of the church when authorized. The Deacon is not aspiring toward the professional ministry in the UFMCC but serves strictly as a local lay minister.

An Exhorter is an individual who feels a call to the professional ministry and requests to become a "student" by functioning in the local church as an Exhorter. Training of the Exhorter includes such areas as church administration, worship services, counseling (when qualified), preaching, membership and finance projects, etc.

Candidates for either of these positions should already meet the requirements and qualifications of the office as defined in the UFMCC By-Laws. The candidacy period, if any, is to allow time for personal decision and evaluation.

3. Recommend REFERRAL of Elders' Advisory Letter 75-13 to Ministerial Credentials and Affairs Committee;

Study Groups and Missions have no authority to create Deacons and Exhorters. Only Chartered Churches in UFMCC have the authority to select Deacons or accept Exhorters. Study Groups and Missions have either Worship Coordinators or Interim Pastors. Pastors (not Interim Pastors) of Chartered Churches first appoint Deacons or recommend Exhorters before approval of the Board of Directors (Article IV.C). Advance appointment of lay ministers would be unfair to both the individuals and the minister who is to become Pastor, since they all must work together as a team.

4. Recommend REFERRAL of Elders' Advisory Letter 76-7 to Ministerial Credentials and Affairs Committee;

"Does the Fellowship grant credentials for professional ministers who are not active in work within the Fellowship?"

All professional (licensed and ordained) and lay (deacons and exhorters) ministers MUST be members of a Chartered Church in UFMCC for their credentials to remain in effect. Lay ministers are directly responsible to the Pastor of the church from which they receive their credentials, except for those areas of special assignment made by the District Board of Home Missions of the district with the approval of the Pastor of the home church of the lay minister. Professional ministers in UFMCC are expected to be active in some form of ministry in UFMCC unless they have requested and received from the Board of Elders "leave of absence" status or they have been placed on the inactive list established by the Ministerial Credentials and Affairs Committee of UFMCC.

Those persons recognized as serving in the active UFMCC professional ministry are defined as: 1) a minister on special assignment from the Fellowship; 2) a minister on special assignment from the District Board of Home Missions; 3) a minister serving as pastor of a Chartered Church; 4) a minister serving on the pastoral staff of a local church. All ministries must result from a call by a UFMCC church body or an assignment from a UFMCC authority.

5. Recommend ADOPTION of Elders' Advisory Letter 76-9;

"What constitutes adequate instruction for membership in the Fellowship and what obligations are involved when members transfer from another MCC?"

The UFMCC By-Laws require individuals to "complete classes of instruction in the beliefs and doctrines of the Church" before achieving membership in the Church (Ref: Article III.C.2.). The By-Laws are not specific on what constitutes "instructions in beliefs and doctrines" and interpretation of this requirement is the choice of the pastor as guided by conscience. Pastors are asked to consider the natural freedom of individuals to choose their church home and the door of MCC which is closed to no sincere, cooperating baptized Christian. When a member of an MCC transfers membership to another MCC, the local pastor will determine if the incoming member is required to receive further instruction. Once membership is attained, the member has all rights and privileges of a member as defined in by-laws and procedures. A comprehensive membership instruction program is being studied by the Fellowship.

6. Recommend ADOPTION of Elders' Advisory Letter 76-10 with emphasis on ..., "if possible, ONLY...";

"May a lay minister (deacon or exhorter) perform a Holy Union?"

Since efforts are being made to have Holy Union (Holy Matrimony) between two of the same sex recognized as legal contracts and, when this is attained, the ruling would be retroactive, this Rite of the Church should be performed, if possible, only by a professional minister (as required by state law for heterosexual marriages). In most areas a professional minister in UFMCC can be obtained for the administering of this Rite. Worship Coordinators or another UFMCC minister (lay or professional) may conduct the required counseling before the Rite is performed by the professional minister. A Worship Coordinator (or other lay minister) may assist during the Rite of Holy Union (Holy Matrimony).

7. Recommend ADOPTION of Elders' Advisory Letter 76-12;

"What is the function of the District Coordinator?"

The District Coordinator is elected by the District Conference to act as the representative of the Board of Elders in the district (Ref: Article V.C.1.). Any situation within a district should first be directed to the District Coordinator who then must advise the Board of Elders and, when needed, seek the counsel of the Board of Elders. Districts are not legislative bodies and, as situations dictate, boundaries of districts may be changed. District Coordinators should review their responsibilities as defined in the UFMCC By-Laws. They are to report monthly, in writing, on each of the Investigations, Study Groups, Missions and Chartered Churches in their district. Copies of this report are to be sent to each Elder and to each of the other District Coordinators (including Coordinators of Church World Extension, who are to report in a similar manner).

8. Recommend REFERRAL of Elders' Advisory Letter 76-14 to Ministerial Credentials and Affairs Committee;

"May Chartered Churches with vacant pulpits appoint deacons and exhorters?"

The UFMCC By-Laws state that the pastor presents deacons and exhorters to the Board of Directors for approval (Article IV.C.). If the pulpit is vacant in a Chartered Church, no other person is able to present lay ministers to the board. An increase in the lay ministry of the church must wait until a pastor is chosen.

9. Recommend ADOPTION of Elders' Advisory Letter 76-25;

"What is an Investigation or Feasibility Study?"

INVESTIGATION (FEASIBILITY STUDY) - an unofficial title describing an official action by the District Board of Home Missions or other appropriate Fellowship board to determine if a specific area shows sufficient support for starting a Study Group. This action is normally in response to requests from several individuals in the immediate vicinity. A suitably trained lay or professional minister in UFMCC should be available to pursue and guide any effort started. It is unfair to excite people about having their own local MCC and then not give them proper and adequate support and guidance. Investigations are not listed in the official directory of UFMCC. Investigations do not have Worship Coordinators, Interim Boards of Directors, or other official structure; if such are needed, then a Study Group is warranted.

10. Recommend ADOPTION of Elders' Advisory Letter 76-26;

"What constitutes a Study Group in UFMCC?"

STUDY GROUP - an official body in UFMCC established by the District Board of Home Missions or other appropriate Fellowship board when sufficient interest and support has been shown by people in an area. The Board of Elders MUST be advised immediately with full information regarding mailing address, meeting location and time, phone number, appointed Worship Coordinator and officers, etc. It is recommended that a Post Office Box be used as a mailing address until a permanent and secure address is available.

11. Recommend ADOPTION of Elders' Advisory Letter 76-27;

"What constitutes a Mission in UFMCC?"

MISSION - an official body in UFMCC established by the Board of Elders upon recommendation from the District Board of Home Missions. A petition for Mission status, signed by at least 25 individuals who pledge support to the Mission, is processed through the district to the Board of Elders. The official date of attaining Mission status is the date when approval is granted by the Board of Elders. In addition to the signed petition, the group must have demonstrated an effectiveness and proficiency commensurate with the increased activity of a Mission.

12. Recommend ADOPTION of Elders' Advisory Letter 76-28;

"What constitutes a Chartered Church in UFMCC?"

CHARTERED CHURCH - an official body in UFMCC established by the Board of Elders upon the recommendation from the District Board of Home Missions or other appropriate Fellowship board. A petition for charter is signed by at least 35 individuals who certify that they are actively involved in the life of the church and that they are financially able to support a pastor and a program of church activity. The petition for charter is processed through the district to the Board of Elders. The official chartering date is the date the charter is presented, which is determined by the newly recognized church. In addition to the signed petition, the group must have demonstrated an effectiveness and proficiency commensurate with the increased activity of a Chartered Church. A Chartered Church has full voting rights at General Conference as defined in the UFMCC By-Laws. Upon chartering, the church will: 1) Receive Members; 2) Elect a Board of Directors; 3) Establish a Pulpit Committee; 4) If a pastor is not elected at the chartering, the Board of Directors will appoint a Worship Coordinator pending election of a pastor.

13. Recommend ADOPTION of Elders' Advisory Letter 76-32;

"Can proxy or absentee ballots be used at congregational meetings?"

The procedures followed at General Conference also apply at local meetings and conferences. For local meetings, at least 20 percent of the active (in good standing) membership is required TO BE PRESENT to constitute a quorum and to transact business. Only the quorum present may vote on issues. The following points apply:

1) The quorum is determined by the quantity of qualified individuals present (on the floor) at the meeting.
2) Absentee ballots are invalid because an individual must be present to hear the discussion of issues before a logical vote can be cast. At a meeting, all motions are subject to discussion which may affect decision making. For example, at General Conference or District Conference, if a clergy or delegate/alternate delegate is absent from the floor, they can not vote.

3) Proxy ballots are invalid for the same reasons absentee ballots are invalid. Also, the voting privilege in the UFMCC is not transferable or assignable (except for congregations electing representing delegates for conferences). Proxy ballots are inclined to promote abuses in the voting privileges.

14. Recommend ADOPTION of Elders' Advisory Letter 76-33;

The By-Laws of the Fellowship clearly define minimum requirements for a body to be recognized as a Chartered Church in our Fellowship. (Ref: Article VI.C.) In order for a charter to be maintained, it is necessary that the church body also maintain its qualifications. Therefore, if a Chartered Church does not maintain over one fiscal quarter (3 consecutive months) an average Sunday attendance of at least 35 AND maintain financial support of its pastor and the work of the church, then the Board of Elders may return that body to Mission status.

1 We're Not Afraid Anymore

The Master came to earth, To show the way of life;
His peace he brought from Heav'n above;
That all might walk in light;
One time my soul was grieved, Grace was denied to me
But then Christ's message of love I heard,
Now I have been set free!

CHORUS:

We're not afraid anymore! We're not afraid anymore!
God's message is for all the world,
Salvation is for everyone,
What's bound on earth is bound in Heav'n —
Praise the Lord! I'm not afraid anymore!

CHORUS:

We're not afraid anymore! We're not afraid anymore!
God message is for all the world, Salvation is for everyone,
What's bound on earth is bound in Heav'n —
Praise the Lord! I'm not afraid anymore!

My friend do you now feel God has denied you here?

With burdens of this life you lead

Bound up in guilt and fear.

The Savior, he has said, "Come unto me and rest."

Accept this gift of love, my friend,

With him you will be blest! (Chorus:)

That Christ, he did not come, his love with all to share,
I listened to these lying words from those who did not care.
But now I am convinced God has prepared the way,
For all who trust in Jesus' Word, believing they shall say:
(Chorus:)

2 When We All Get To Heaven

Sing the wondrous name of Jesus.

Sing his mercy and his grace;

In the mansions bright and blessed

He'll prepare for us a place!

REFRAIN:

When we all get to heaven

What a day of rejoicing that will be!

When we all see Jesus

We'll sing and shout the victory!

Onwards to the prize before us!

Soon his beauty we'll behold;

Soon the pearly gates will open,

We shall tread the streets of gold! (Refrain:)

Let us then be true and faithful

Trusting, serving every day;

Just one glimpse of him in glory

Will the toils of life repay. (Refrain:)

3 There's A New Name Written Down in Glory

I was once a sinner, but I came

Pardon to receive from my Lord;

This was freely given, and I found,

That he always keeps his word!

CHORUS:

There's a new name written down in glory,

And it's mine, O yes, it's mine!

And the white-robed angels sing the story,

"A sinner has come home!"

For there's a new name written down in glory,

And it's mine, O yes, it's mine!

With all my sins forgiven I am bound for heaven,

Never more to roam!

In the Book 'tis written: "Saved by grace,

O the joy that came to my soul;

Now I am forgiven and I know,

By his blood I am made whole! (Chorus:)

4 Wonderful, Wonderful, Jesus Is To Me!

Wonderful, wonderful, Jesus is to me,

Counselor, Prince of Peace, mighty God is he,

Saving me, keeping me, from all sin and shame,

Wonderful is my Redeemer, Praise his name!

1. Praise him, Praise him, Praise him in the morning,

Praise him in the noontime,

Praise him, Praise him, Praise 'til the sun goes down.

2. Love him, Love him

3. Serve him, Serve him

4. Thank him, Thank him

5 He Lives! He Lives!

I serve a risen Savior, He's in the world today;

I know that he is living, whatever people say;

I see his hand of mercy, I hear his voice of cheer;

And just the time I need him, he's always near.

CHORUS:

He lives! He lives! Christ Jesus lives today!

He walks with me and talks with me, Along life's narrow way

He lives! He lives! Salvation to impart!

You ask me how I know he lives: he lives within my heart!

Rejoice, Rejoice O Christian, Lift up your voice and sing,

Eternal hallelujahs to Jesus Christ the king;

The hope of all who seek him, the help of all who find

None other is so loving — so good and kind! (Chorus:)

6 When The Roll Is Called Up Yonder

When the trumpet of the Lord shall sound
and time shall be no more,
And the morning breaks eternal, bright and fair;
When the saved of earth shall gather over the other shore,
And the roll is called up yonder, I'll be there!

CHORUS:

When the roll is called up yonder,
When the roll is called up yonder,
When the roll is called up yonder,
When the roll is called up yonder, I'll be there!

On that bright and cloudless morning
When the dead in Christ shall rise,
And the glory of his resurrection share;
When his chosen ones shall gather
To their home beyond the skies,
And the roll is called up yonder, I'll be there. (Chorus:)

7 What A Friend We Have In Jesus

What a friend we have in Jesus,
All our sins and grief to bear,
What a privilege to carry, everything to God in prayer;
O what peace we often forfeit, O what needless pain we bear,
All because we do not carry everything to God in prayer.

Are we weak and heavy laden, Cumber'd with a load of care?
Precious savior, still our refuge, Take it to the Lord in pray'r;
Do thy friends despise, forsake thee?
Take it to the Lord in pray'r,
In his arms he'll take and shield thee,
Thou wilt find a solace there.

8 Christ For Me

Christ for me, yes, it's Christ for me;
He's my Savior, my Lord and King,
I'm so happy, I shout and sing.
Christ for me, yes, it's Christ for me,
It is Christ for me!

9 Turn Your Eyes Upon Jesus

Turn your eyes upon Jesus; look full in his wonderful face,
And the things of earth will grow strangely dim,
In the light of his glory and grace.

10 The Three Choruses

O when the saints, Go marching in,
O when the saints go marching in,
Lord, I want to be in that number,

When the saints go marching in.
I belong to Jesus, He sets me free;
And he keeps me singing sweet melodies;
Fills my life with sunshine, whatever be-tide;
I believe in Jesus, He's by my side.
Roll'd away, Roll'd away, Roll'd away,
Every burden of my heart roll'd away;
Every sin — it had to go,
Underneath the cleansing flow,
Hallelujah!
Roll'd away, Roll'd away, Roll'd away,
Every burden of my heart roll'd away!

11 The Seven Choruses

When the roll is called up yonder —
I'll be traveling on the King's highway —
Tell me the old, old story,
I love it better every day —
I will make you fishers of souls
If you'll only follow me —
Hallelujah! What a Savior,
He belongs to me —
Give me oil in my lamp, keep me burning;
Give me oil in my lamp I pray.
Give me oil in my lamp, keep me burning;
Keep me burning till the break of day —
Sing Hosanna; Sing Hosanna;
Sing Hosanna to the King of Kings!
Sing Hosanna; Sing Hosanna;
Sing Hosanna to the King!

12 There's Power In The Blood

Would you be free from the burden of sin?
There's pow'r in the blood, pow'r in the blood;
Would you o'er evil a victory win?
There's wonderful pow'r in the blood.

CHORUS:

There is pow'r — pow'r — wonder-working pow'r
In the blood of the Lamb;
There is pow'r — pow'r — wonder-working pow'r
In the precious blood of the Lamb.

Would you be free from your passion and pride?
There's pow'r in the blood, pow'r in the blood;
Come for a cleansing to Calvary's tide!
There's wonderful pow'r in the blood! (Chorus:)

Would you do service for Jesus your King?
There's pow'r in the blood, pow'r in the blood;
Would you live daily his praises to sing?
There's wonderful pow'r in the blood. (Chorus:)

13 Thank You, Lord

Thank you Lord for saving my soul,
Thank you Lord for making me whole;
Thank you Lord for giving to me
Thy great salvation so rich and free.

Thank you Lord for answering prayer,
Thank you Lord for lifting my care,
Thank you Lord for giving to me
Faith and assurance and victory.

14 Amazing Grace, How Sweet the Sound

Amazing grace, how sweet the sound
That saved a wretch like me!
I once was lost but now am found,
Was blind, but now I see.

'Twas grace that taught my heart to fear,
And grace my fears relieved;
How precious did that grace appear
The hour I first believed!

Through many dangers, Toils and snares
I have already come;
'Tis grace hath brought me safe thus far,
And grace will lead me home.

Yea, when this flesh and heart shall fail
And mortal life shall cease,
I shall possess within the veil,
A life of joy and peace.

15 It Is Well With My Soul

When peace, like a river, attendeth my way,
When sorrows like sea billows roll,
Whatever my lot, Thou hast taught me to say:
It is well, it is well, with my soul.

CHORUS:

It is well, It is well,
It is well, It is well with my soul.

The Satan should buffet, tho' trials should come,
Let this blest assurance control,
That Christ hath regarded my helpless estate,
And hath shed his own blood for my soul (Chorus:)

My sin, O the bliss of this glorious thought,
My sin, not in part, but in whole,
Is nailed to the cross, and I bear it no more:
Praise the Lord, praise the Lord, O my soul! (Chorus:)

And, Lord, haste the day when my faith shall be sight,
The clouds be rolled back like a scroll;
The Trump shall resound and the Lord shall descend,
"Even so" — It is well with my soul. (Chorus:)

16 Blessed Assurance

Blessed assurance Jesus is mine!
O what a foretaste of glory divine!
Heir of salvation, Purchase of God,
Born of his spirit, washed in his blood.

CHORUS:

This is my glory, this is my song,
Praising my savior all the day long!
This is my story, this is my song,
Praising my savior all the day long!

Perfect submission, Perfect delight!
Visions of rapture now burst on my sight;
Angels descending bring from above
Echoes of mercy, whispers of love (Chorus:)

Perfect submission, all is at rest,
I and my savior are happy and blest;
Watching and waiting, looking above,
Filled with God's mercy, lost in God's love! (Chorus:)

17 Christ the Lord Is Risen Today

Christ the Lord is risen today, Alleluia!
All in heav'n and earth will say, Alleluia!
Raise your joy and triumph high, Alleluia!
Sing ye heav'ns and earth reply, Alleluia!

Lives again our glorious king, Alleluia!
Where O death is now thy sting? Alleluia!
Dying once he all doth save, Alleluia!
Where's thy victory, O grave? Alleluia!

Love's redeeming work is done, Alleluia!
Fought the fight, the battle won, Alleluia!
Death in vain forbids him rise, Alleluia!
Christ has open'd Paradise, Alleluia!

Soar we know where Christ has led, Alleluia!
Following our exalted Head, Alleluia!
Made like him — like him we rise, Alleluia!
Ours the cross, the grave, the skies, Alleluia!

18 Leaning On The Everlasting Arms

What a fellowship, what a joy divine
Leaning on the everlasting arms.
What a blessedness, what a peace is mine,
Leaning on the everlasting arms.

CHORUS:

Leaning, Leaning,
Safe and secure from all alarms.
Leaning, Leaning,
Leaning on the everlasting arms.

O how sweet the walk in this pilgrim way,
Leaning on the everlasting arms.
O how bright the path grows from day to day,
Leaning on the everlasting arms. (Chorus:)

What have I to dread, what have I to fear?
Leaning on the everlasting arms.
I have blessedness with my Lord so near,
Leaning on the everlasting arms. (Chorus:)

19 Joyful, Joyful, We Adore Thee

Joyful, joyful we adore thee,
God of glory, Lord of love;
Hearts unfold like flow'rs before thee,
Hail thee as the sun above.
Melt the clouds of sin and sadness,
Drive the dark of doubt away;
Giver of immortal gladness,
Fill us with the light of day!

All thy works with joy surround thee,
Earth and heav'n reflect thy rays,
Stars and angels sing around thee,
Center of unbroken praise;
Field and forest, vale and mountain,
Bloss'ming meadow, flashing sea,
Chanting bird and flowing fountain
Call us to rejoice in Thee.

Thou art giving and forgiving,
Ever blessing, ever blest,
Wellspring of the joy of living,
Ocean depth of happy rest!
Ever singing, march we onward,
Victors in the midst of strife;
Joyful music lifts us sunward
In the triumph song of life!

20 Beulah Land

Far away the noise of strife Upon my ear is falling
Then I know the sins of earth Beset on every hand;
Doubt and fear and things of earth In vain to me are calling,
None of these shall move me From Beulah Land.

CHORUS:

I'm living on the mountain,
Underneath a cloudless sky,
I'm drinking at the fountain
That never shall run dry;
O yes! I'm feasting on the manna
From a bountiful supply
For I am dwelling in Beulah Land.

Viewing here the works of God, I sink in contemplation,
Hearing now the blessed voice, I see the way God planned;
Dwelling in the Spirit, Here I learn of full salvation,
Gladly will I tarry, in Beulah Land. (Chorus:)

21 Because He Lives

God sent the Christ, They called him Jesus,
He came to love, heal and forgive;
He lived and died to buy my pardon,
An empty grave is there to prove my savior lives.

CHORUS:

Because he lives I can face tomorrow,
Because he lives All fear is gone;
Because I know He holds the future
And Life is worth the living Just because he lives.

How sweet to hold a newborn baby,
And feel the pride and joy it gives;
But greater still the calm assurance
This child can face uncertain days
Because he lives (Chorus:)

And then one day I'll cross the river
I'll fight life's final war with pain;
And then as death gives way to victory,
I'll see the lights of glory and I'll know he reigns. (Chorus:)

22 There's Just Something About That Name

Jesus, Jesus, Jesus
There's just something about that name;
Master, Savior, Jesus, Like the fragrance after the rain;
Jesus, Jesus, Jesus,
Let all heav'n and earth proclaim;
Kings and kingdoms will all pass away,
But there's something about that name.

23 Down In My Heart

I have the Joy, joy, joy, joy down in my heart,
Down in my heart, Down in my heart.
I have the joy, joy, joy, joy down in my heart,
Down in my heart to stay!

I have the peace that passes understanding

I have the love of Jesus, love of Jesus

I know the devil doesn't like it but it's down in my heart . . .

24 Sweet, Sweet Spirit

There's a sweet, sweet spirit in this place,
And I know that it's the Spirit of the Lord;
There are sweet expressions on each face,
And I know they feel the presence of the Lord.

CHORUS:

Sweet holy spirit, sweet heavenly dove,
Stay right here with us, filling us with your love;
And for these blessings we lift our hearts in praise,
Without a doubt we'll know that we have been revived
When we shall leave this place.

If you say he saved you from your sin,
Now you're weak, you're bound and cannot enter in;
You can make it right if you will yield
You'll enjoy the holy spirit that we feel. (Chorus:)

25 My Faith Looks Up To Thee

My faith looks up to thee,
Thou Lamb of Calvary
Savior divine;
Now hear me while I pray,
Take all my guilt away,
O let me from this day Be wholly thine!

May thy rich grace impart
Strength to my fainting heart,
My zeal inspire;
As thou hast died for me,
O may my love to thee
Pure, warm and changeless be,
A living fire!

While life's dark maze I tread,
And griefs around me spread,
Be thou my guide;
Bid darkness turn to day,
Wipe sorrow's tears away,
Nor let me ever stay
From thee aside.

When ends life's transient dream
When death's cold, sullen stream
Shall round me roll,
Blest Savior, then, in love
Fear and distrust remove;
O bear me safe above,
A ransomed soul!

26 Just As I Am Without One Plea

Just as I am, without one plea,
But that thy blood was shed for me,
And that thou bidd'st me come to thee,
O lamb of God, I come, I come.

Just as I am, and waiting not
To rid my soul of one dark blot,
To thee, whose blood can cleanse each spot,
O Lamb of God, I come, I come.

Just as I am, though tossed about
With many a conflict, many a doubt,
Fightings within and fears without,
O Lamb of God, I come, I come.

Just as I am, thou wilt receive,
Wilt welcome, pardon, cleanse, relieve;
Because thy promise I believe,
O Lamb of God, I come, I come.

Just as I am, thy love unknown
Hath broken every barrier down;
Now, to be thine, yea, thine alone,
O Lamb of God, I come, I come!

27 Break Thou the Bread of Life

Break thou the bread of life,
Dear Lord, to me,
As thou didst break the loaves Beside the sea;
Beyond the sacred page
I seek thee, Lord;
My spirit pants for thee, O living Word!

Bless thou the truth, dear Lord,
Now, unto me,
As thou didst bless the bread By Galilee;
Then shall all the bondage cease,
All fetters fall;
And I shall find my peace,
My all in all.

28 Fairest Lord Jesus

Fairest Lord Jesus, Ruler of all nature,
O thou of God and humankind;
Thee will I cherish, Thee will I honor,
Thou glory of my soul and mind.

Fair are the meadows,
Fairer still the woodlands,
Robed in the blooming garb of spring;
Jesus is fairer, Jesus is purer,
Who makes the woeful heart to sing.

Fair is the sunshine,
Fairer still the moonlight
And all the twinkling, starry host;
Jesus shines brighter, Jesus shines purer,
Than all the angels heaven can boast.

29 Our God Is Like An Eagle

words: Larry Bernier

When Israel camped in Sinai, Then Moses heard the Lord,
"This message tell the people And give them this my Word:
From Egypt I was with you And carried on my wing
The whole of your great nation From slav'ry I did bring.

"Just as a mother eagle, Who helps her young to fly,
I am a mother to you; Your needs I will supply.
And you are as my children My own who hear my voice,
I am a mother to you, The people of my choice."

If God is like an eagle Who helps her young to fly,
And God is also father, Then what of you and I?
We have no fear of labels, We have no fear of roles,
If God's own being blends them, We seek the self-same goal.

Our God is not a woman, Our God is not a man,
Our God is both and neither, Our God is I WHO AM.
From all the roles that bind us Our God has set us free;
What freedom does God give us? The freedom just to be!

30 We've A Story To Tell To The Nations

We've a story to tell to the nations
That shall turn their hearts to the right,
A story of truth and mercy,
A story of peace and light,
A story of peace of light.

REFRAIN:

For the darkness shall turn to dawning,
And the dawning to noonday bright,
And Christ's great kingdom shall come on earth,
The kingdom of love and light.

We've a song to be sung to the nations
That shall lift their hearts to the Lord;
A song that shall conquer evil,
And shatter the spear and sword,
And shatter the spear and sword. (Refrain:)

We've a message to give to the nations,
That the Lord who reigneth above
Sent Jesus the Christ to save us
And show us that God is love,
And show us that God is love. (Refrain:)

We've a Savior to show to the nations,
Who the path of mercy has trod,
That all of the world's great peoples
Might come to the truth of God,
Might come to the truth of God. (Refrain:)

31 Standing On The Promises

Standing on the promises of Christ, my king,
Through eternal ages, let his praises ring;
Glory in the highest, I will shout and sing,
Standing on the promises of God.

CHORUS:

Standing, Standing,
Standing on the promises of God, my savior;
Standing, Standing,
I'm standing on the promises of God.

Standing on the promises that can not fail,
When the howling storms of doubt and fear assail,
By the living Word of God I will prevail,
Standing on the promises of God. (Chorus:)

Standing on the promises of Christ the Lord,
Bound to him eternally by love's strong cord,
Overcoming daily with the Spirit's sword,
Standing on the promises of God! (Chorus:)

Standing on the promises I cannot fail,
Listening every moment to the Spirit's call,
Resting in my savior as my all in all,
Standing on the promises of God! (Chorus:)

32 All Hail The Power Of Jesus' Name

All hail the power of Jesus' name, let angels prostrate fall
Bring forth the royal diadem and crown him Lord of all;
Bring forth the royal diadem and crown him Lord of all!

Ye chosen seed of Israel's race, ye ransomed from the fall,
Hail him who saves you by his grace and crown him Lord of all!
Hail him who saves you by his grace and crown him Lord of all!

Let ev'ry kindred, ev'ry tribe on this terrestrial ball
To him all majesty ascribe, And crown him Lord of all!
To him all majesty ascribe, And crown him Lord of all!

33 Pass Me Not

Pass me not, O gentle Savior, Hear my humble cry!
While on others you are calling, Do not pass me by!
Savior, Savior, hear my humble cry:
While on others you are calling, do not pass me by.

Let me at thy throne of mercy find a sweet relief;
Kneeling there in deep contrition, Help my unbelief.
Savior, Savior, hear my humble cry:
While to others you are calling, do not pass me by.

Trusting in only in thy merit, Would I seek thy face;
Heal my wounded, broken spirit, Save me by thy grace.
Savior, Savior, hear my humble cry:
While on others you are calling, do not pass me by.

Thou the spring of all my comfort, More than life to me!
Whom on earth have I beside thee? Whom in heav'n but thee?
Savior, Savior, hear my humble cry:
While on others you are calling, do not pass me by!

35 Once To Every Soul And Nation

Once to every soul and nation Comes the moment to decide
In the strife of truth with falsehood For the good or evil side;
Some great cause, some new decision,
Offering each the bloom or blight,
And the choice goes by forever Twixt that darkness
And that light.

Then to side with truth is noble,
When we share the wretched crust,
Ere her cause bring fame and profit,
And 'tis prosperous to be just;
Then it is the brave one chooses,
While the coward stands aside;
Till the multitude make virtue
Of the faith they had denied.

Though the cause of evil prosper
Yet 'tis truth alone is strong,
Though our portion be the scaffold
And upon the throne is wrong.
Yet that scaffold sways the future
And behind the dim unknown,
Standeth God within the shadows
Keeping watch above God's own.

36 Send the Light

There's a call comes ringing o'er the restless wave,
"Send the light! Send the light!"
There are souls to rescue, there are souls to save,
"Send the light! Send the light!"

REFRAIN:

Send the light! The blessed gospel light!
Let it shine from shore to shore!
Send the light! The blessed gospel light!
Let it shine forever more!

We have heard the Macedonian call today:
"Send the light! Send the light!"
And a golden offering at the cross we lay,
"Send the light! Send the light!" (Refrain:)

Let us pray that grace may ev'rywhere abound;
"Send the light! Send the light!"
And a Christ-like spirit ev'rywhere be found;
"Send the light! Send the light!" (Refrain:)

Let us not grow weary in the work of love,
"Send the light! Send the light!"
Let us gather jewels for a crown above,
"Send the light! Send the light!" (Refrain:)

37 How Great Thou Art

O Lord my God, when I in awesome wonder
Consider all the worlds thy hands have made,
I see the stars, I hear the rolling thunder,
Thy power throughout the universe displayed!

REFRAIN:

Then sings my soul, my Savior God to thee;
How great thou art, how great thou art!
Then sings my soul, my Savior God to thee;
How great thou art, how great thou art!

When through the woods and forest glades I wander
And hear the birds sing sweetly in the trees
When I look down from lofty mountain grandeur
And hear the brook and feel the gentle breeze (Refrain:)

And when I think: Christ, my blest Redeemer,
Was sent to die, I scarce can take it in;
That on the cross, my burden gladly bearing,
He bled and died to take away my sin! (Refrain:)

When Christ shall come with shout of acclamation
And take me home, what joy shall fill my heart!
Then I shall bow in humble adoration
And there proclaim, my God, how great thou art!
(Refrain:)

38 In Times Like These

In times like these you need a Savior,
In times like these you need an anchor;
Be very sure your anchor holds
And grips the solid Rock!

This Rock is Jesus, Yes he's the One;
This Rock is Jesus, the only One
Be very sure, be very sure,
Your anchor holds and grips the solid Rock.

In times like these, you need a Bible,
In times like these, O be not idle;
Be very sure, be very sure
Your anchor holds and grips the solid Rock!

This Rock is Jesus, Yes he's the One
This Rock is Jesus, The only One!
Be very sure, be very sure
Your anchor holds and grips the solid Rock!

In times like this I have a Savior,
In times like this I have an anchor;
I'm very sure, I'm very sure
My anchor holds and grips the solid Rock!

39 Holy, Holy, Holy

Holy, Holy, Holy! Lord God Almighty!
Early in the morning our song shall rise to thee;
Holy, Holy, Holy! Merciful and Mighty!
God in three Persons, blessed Trinity!

Holy, Holy, Holy! All the saints adore thee,
Casting down their golden crowns around the glassy sea;
Cherubim and seraphim falling down before thee,
Which wert and art and ever more shall be.

Holy, Holy, Holy! Though the darkness hide thee,
Though the eyes of those who sin thy glory may not see;
Only thou art holy, there is none beside thee,
Perfect in pow'r, in love and purity.

Holy, Holy, Holy! Lord God Almighty!
All thy works shall praise thy name in earth and sky and sea;
Holy, Holy, Holy! Merciful and Mighty!
God in three Persons, blessed Trinity!

40 Lord I Want To Be A Christian

Lord I want to be a Christian in my heart, in my heart,
Lord I want to be a Christian in my heart.
In my heart, in my heart,
Lord I want to be a Christian in my heart!

Lord I want to be more loving. . .

Lord I want to be more holy. . .

Lord I want to be like Jesus! . . .

41 Open My Eyes That I Might See

Open my eyes that I may see
Glimpses of truth thou hast for me;
Place in my hands the wonderful key
That shall unclasp and set me free.

REFRAIN:

Silently now I wait for thee,
Ready my God thy will to see;
Open my eyes, illumine me, Spirit divine!

Open my ears that I may hear
Voices of truth thou sendest clear;
And while the wave notes fall on my ear,
Everything false will disappear. (Refrain:)

Open my mouth and let me bear
Gladly the warm truth everywhere;
Open my heart and let me prepare
Love with thy children thus to share. (Refrain:)

42 "Are Ye Able," Said The Master

"Are ye able," said the Master, "To be crucified with me?"
"Yea," the sturdy dreamers answered,
"To the death I follow thee."

CHORUS:

Lord, we are able, our spirits are thine;
Remold them, make us
Like thee divine;
Thy guiding radiance above us shall be
A beacon to God, to love and loyalty.

Are ye able to remember
When a thief lifts up his eyes,
That his pardoned soul is worthy
Of a place in paradise? (Chorus:)

Are ye able when the shadows
Close around you with the sod,
To believe that spirit triumphs,
To commend your soul to God? (Chorus:)

Are you able still the Master
Whisper down eternity
And heroic spirits answer,
Now, as then in Galilee. (Chorus:)

43 I Have Decided To Follow Jesus

I have decided to follow Jesus,
I have decided to follow Jesus,
I have decided to follow Jesus,
No turning back, no turning back.

Though no one join me, still I will follow,
Though no one join me, still I will follow,
Though no one join me, still I will follow,
No turning back, no turning back

The world behind me, the cross before me
The world behind me, the cross before me
The world behind me, the cross before me
No turning back, no turning back.

UNIVERSAL FELLOWSHIP OF METROPOLITAN COMMUNITY CHURCHES

BYLAWS COMMITTEE REPORT

This report from the Bylaws Committee will cover the following topics: I) actions taken by the committee in reference to the Elders' Advisory Letters, II) proposals referred to this committee by General Conference 1977, III) a "Statement of Purpose" for the Bylaws Committee and IV) recommendations (resolutions) to the General Conference 1979.

I. Elders' Advisory Letters

Prior to the 1977 General Conference, three Advisory Letters were referred to the Bylaws Committee, fourteen were referred to the Government, Structures and Systems Commission, and the remainder were referred to the Committee on Standard Operating Procedures (See page 104 of the "Reports and Directives, General Conference VIII").

All three of the letters directed to this committee (Advisory Letters 1975 No. 8, 1976 No. 13, and 1977 No. R1) related to Bylaw proposals which were being submitted to General Conference in 1977. In two instances, the proposals were passed. (These were membership for missions and study groups and a clarification of local church membership requirements.) Two other proposals, which would have helped define the government for missions and study groups, were referred to the Government, Structures and Systems Commission by General Conference.

Since General Conference 1977, two Advisory Letters have been issued: (1) The letter dated February 4, 1978 deals with the topic: "Responsibility / Privileges of Study Groups and Missions with regard to 'membership' ". Due to the scope of this letter and the subject matter it covers, the Bylaws Committee has submitted four proposals to General Conference for consideration. This is in keeping with the responsibilities of the Bylaws Committee as outlined in Article V.V.1.c (second paragraph) of the Bylaws. (2) The letter dated October 16, 1978 covers the topic of representation on the Board of Home Missions by the Office of Lay Concerns. This committee has submitted one proposal to General Conference on that topic.

II. Proposals referred to the Bylaws Committee

The only proposal referred to this committee in 1977 has been resubmitted to General Conference after consulting with the original maker of the proposal (see proposal No. 37). No change has been made in the text of the proposal; hopefully, the new rationale will better explain its intent.

III. A Statement of Purpose

Several have inquired about the role of the Bylaws Committee. Consequently, this opportunity is being taken to state the responsibilities, duties, and some philosophy of this committee.

A) The Bylaws Committee submits Bylaw proposals to General Conference only when one or more of the following situations exist:

- 1) a proposed Bylaw change from a previous General Conference has been referred to this committee by that General Conference,
- 2) the General Conference has charged this committee with a specific task of re-writing part(s) or all of the Bylaws,
- 3) or the evaluation of an Elders' Advisory Letter indicates "incorporation into the normal Bylaw revision process." (See Fellowship Bylaws, Article V.B.1.c, second paragraph.)

B) In reference to number 3 above, the committee in its evaluation may determine that the letter does not produce any change in the Bylaws, and the letter is thereby offered to the Fellowship as advice only and is not binding in any situation.

C) It is the responsibility of this committee to accept all Bylaw proposals from authorized sources and to organize them into a suitable plan for presentation to General Conference. It is also the committee's responsibility to indicate where proposed changes will affect other areas of the Bylaws and to submit proposals which will bring the Bylaws into conformance.

continued

D) This committee initiates ways of facilitating the Bylaw change process through recommendations presented to General Conference. These recommendations may be procedures that help the committee in its task to procedures that will benefit the entire General Conference.

E) Since the Bylaws Committee is a "committee" of the Fellowship and since all committees are authorized sources for Bylaw proposals, the question may be asked, "Why doesn't this committee submit proposals except as stated in "A" above?" It is the opinion of the present (and of previous) committee members that due to being so intricately involved in the process of Bylaw change, it is advisable not to submit proposals initiated by the committee in order to prevent a possible conflict of interest. (The idea is very tempting at times!) Also, members of the committee have other avenues to follow if they feel so inclined—i.e. their local church, district, or another Fellowship board, committee or commission on which they may be a member.

The Bylaws Committee hopes that this section of the report will be informative and helpful. Any comments will be welcomed by the committee. (Sent to the chairperson, Michael H. Mank, 38 Bonview, San Francisco, Ca 94110)

IV. Resolutions from the Bylaws Committee to General Conference, 1979.

1) All future publications of the Fellowship Bylaws by the Fellowship shall have a left-side column on each page that numbers each line on that page.

rationale: Locating specific portions in the Bylaws as they are now printed can be difficult. With numbered lines on each page, reference to a portion within the Bylaws would be done with ease. The cost would be minimal.

2) Each Bylaw proposal submitted to the Bylaws Committee shall be on separate sheet(s) of paper.

rationale: This resolution may seem trivial except to those who organize Bylaw proposals for presentation to General Conference! It is a courtesy that is being requested.

3) All Bylaw proposals submitted to the Bylaws Committee shall be submitted to the Bylaws Committee shall be sponsored by a District Conference or by a Fellowship Board, Committee or Commission.

rationale: This resolution seeks to make the democratic process work for us and not against us! Many have expressed concern over the use of valuable time at General Conference for Bylaw Revisions. (This committee has even received written proposals supporting such a resolution.) General Conference must face this issue and this resolution is being made accordingly.

In effect, this resolution removes chartered churches as an authorized source of Bylaw proposals. It is projected that through discussions at District Conferences, the ramifications of a proposal would be better examined before reaching General Conference. The district will also provide a source of testing on the advisability of a proposal and on the support it carries.

The question might be raised, "What if a proposal couldn't pass my district but would pass in another?" An answer is to request a church in that other district to sponsor the proposal to its district if the idea has support there.

Respectfully submitted,

Chairperson, Michael "Herm" Mank

NOTE from the Bylaws Committee: The committee attempted to underline, cross reference, and generally help guide the reader with the changes proposed in this text. After nearly completing this work, it became evident that these aids only made reading more difficult. Please be aware that we attempted this task.

RATIONALE: The recently received proposal from the Board of Trustees of the Samaritan Theological Institute [Proposal No. 16] to revise part C of Article IV and to replace IV.C.2 (of Exhorters), with an Article IV.D (of Student Ministers), in our minds raises questions which touch other parts of Article IV. We believe the entire Article can be rewritten to procure a clearer and better statement, establish more uniform procedures and standards and provide the Fellowship with professional and non-professional ministers. Therefore we offer the following in substitution for Article IV as it now stands. We point out that much of what follows is only a rearrangement or a restatement of the present text; some of the material proposes only slight change; and some of the material proposes substantial change.

ARTICLE IV: MINISTRY

A. The Universal Fellowship of Metropolitan Community Churches affirms the universal priesthood of all believers.

All members of the Church are called by God to minister the grace and gospel of Christ in their daily lives and in their personal growth. The Fellowship also recognizes two orders of ministry within the Church, professional and non-professional, composed of persons to whom the Fellowship has committed the exercise of certain offices and functions not appropriately exercised by any persons not called and authorized thereto by the Fellowship.

1) **LICENSED MINISTERS** are professional ministers within the Fellowship.

a. Qualifications: Licensed ministers must be active members of a church of this Fellowship and must be persons of demonstrated spiritual mind and exemplary life, of moral integrity and sound judgement, and must possess administrative abilities and educational preparation and experience in the church as may be determined by the Fellowship's Committee on Ministerial Credentials and Affairs, before applying for License or renewal of License.

b. Requirements: The Ministerial Credentials and Affairs Committee, following procedures prescribed by the Board of Elders, shall from time to time establish minimum standards of education to be met by persons applying to be Licensed Ministers or to be renewed in that capacity. Application to become a Licensed Minister

(continued)

must be made to the Committee and must include profession of Christian faith consonant with the profession(s) of faith of this Fellowship, agreement to be bound by the Bylaws of this Fellowship while continuing as a Licensed Minister, and recommendations from credible Christians as to personal and spiritual qualifications for the office. Licensed Ministers must be renewed in that capacity once a year according to procedures of the Committee.

c. Duties: Licensed ministers are authorized to administer the Sacraments and Rites of this Fellowship and to perform all other functions of Christian ministry unless specifically limited by the Ministerial Credentials and Affairs Committee of the Fellowship at the time of granting or renewing the license.

2). **ORDAINED MINISTERS** are professional ministers within the Fellowship.

a. Qualifications: Ordained ministers must be active members of a Church of this Fellowship, and must be persons of spiritual mind and exemplary life, of moral integrity and sound judgement and sound administrative abilities, which have been demonstrated in at least two years in the capacity of Licensed Minister. Ordained Ministers must show both qualifications and willingness to assume any pastoral or administrative office under this Fellowship, if called thereto, and must be recognized as having made an unreserved life-long commitment to be loyal, active professional ministers of this Fellowship.

b. Requirements: To be considered for the Rite of Ordination and to become an Ordained Minister, an individual must have served in this Fellowship for at least two consecutive years, and must submit application to the Fellowship's Committee on Ministerial Credentials and Affairs in accordance with procedures prescribed by the Board of Elders. Such applications must always include a personal profession of Christian faith consonant with the profession(s) of faith of this Fellowship, agreement to be bound by the Bylaws of this Fellowship, and a statement of life-long commitment to the professional ministry of this Fellowship saving only the call of God to other labors. Standards of educational and work achievement to be met before being accorded status as Ordained Minister, and of continuing education to be required of all professional ministers in the Fellowship, may be established from time to time by the Committee in accordance with procedures prescribed by the Board of Elders.

c. Duties: Ordained Ministers are authorized to administer the Sacraments and Rites of this Fellowship and to perform all other functions of Christian ministry, unless the Committee on Ministerial Credentials and Affairs in accordance with the procedures established by the Board of Elders shall temporarily and for cause suspend the Ordained Minister from any or all exercises of the Christian ministry.

3) **INACTIVE STATUS AND RETIREMENT:** Ordained Ministers not engaged in a pastorate or any other appropriate ministry under this Fellowship for a period of twelve (12) months are not eligible to vote as Minister at a General or District Conference or in a local congregational meeting. After twelve (12) consecutive months of inactivity in the professional ministry of this Fellowship, an Ordained Minister must appear before the Committee on Ministerial Credentials and Affairs which may, in accordance with procedures prescribed by the Board of Elders, temporarily suspend or revoke the status as Ordained Minister.

Ordained Ministers and Licensed Ministers may be accorded Inactive Status when for reasons of ill health, or other compelling reasons, that is decreed appropriate by the Committee. Ordained Ministers and Licensed Ministers may be accorded the status of Honorably Retired Minister after an appropriate number of years of

service or upon attainment of sixty-five (65) years of age.

4) Discipline: The Universal Fellowship of Metropolitan Community Churches reserves to itself the discipline of its Ordained and Licensed Ministers and cannot condone disloyalty or unbecoming conduct on the part of its ministers. Therefore the Fellowship makes the following provisions for discipline and removal of professional ministers:

a. Initiation of disciplinary action, including removal, must be by a formal statement of charges by a majority vote of the membership of the congregation affected, by a majority vote of a District Conference, or by two Ordained Ministers of this Fellowship acting upon facts known to them personally. Such charges must be presented in writing to the minister concerned, to the Board of Elders, and to the Committee on Ministerial Credentials and Affairs and may be presented to other members of this Fellowship directly affected. Such a statement of charges is confidential and not otherwise to be published or publically discussed. At the time the statement of charges is presented to the minister, s/he immediately goes on inactive status but retains any office and continues to be fully compensated until final disposition of the charges is made.

b. Immediately upon receipt of the statement of charges the Board of Elders and the Committee shall confer upon the matter, and if the charges are by them then found to be frivolous or insupportable as drawn, they may dismiss the charges. The Board of Elders and the Committee shall appoint representatives to investigate the charges as promptly and as completely as possible, and those representatives shall recommend or not recommend a hearing within the next thirty days or at the next General Conference, whichever shall occur first. All parties and persons affected shall have the right to be heard at that hearing, and may elect to be represented and assisted by an Ordained Minister of the Fellowship.

c. At the conclusion of the hearing, the Committee shall rule on each of the charges preferred, and based upon its findings the Committee shall rule by majority vote of its full membership either to reaffirm the credentials and status of the minister, or to remove those credentials and that status, or to impose lesser discipline as seems appropriate to the Committee. All such decisions of the Committee may be appealed in writing to the Board of Elders within the next thirty (30) days, and the decision of the Board of Elders when rendered shall be final, either to confirm the discipline of the Committee or to set it aside.

B. MINISTERS FROM OTHER DENOMINATIONS: It is the policy of the Universal Fellowship of Metropolitan Community Churches in accepting ministers from other Christian denominations to receive them as Licensed Ministers. In accordance with procedures prescribed by the Board of Elders, the Committee on Ministerial Credentials and Affairs shall accept, consider and act upon the application of ministers from other denominations as they would applications from within the Fellowship to become or to remain a Licensed Minister.

C. DEACONS are non-professional ministers within the Fellowship. Their office is an historic ministry within the Christian Church, a ministry of service and aid, and their qualifications are described in I Timothy 3:8-14. It is not appropriate that Deacons serve on the Board of Directors of a local church or in other administrative

offices of the Church. A deacon may not serve as pastor, interim pastor or associate or assistant pastor, but may be appointed Worship Coordinator of a study group or a mission.

1. Qualifications: Prior to being appointed and set apart by prayer, a Deacon must be a member in good standing of a local church of this Fellowship, and must be a person of spiritual and personal maturity, of exemplary life, of sound judgement, and of proven dedication to God in the church. Appropriate training for Deacons, before and after appointment, shall be the responsibility of the pastor of the local church. Persons are nominated to become Deacons by the pastor of the local church, approved by a majority of the full Board of Directors and set apart or installed in office by prayer, for a term of three (3) years. Deacons may be appointed and approved in the same way to serve further terms in office.

2. Duties: At the direction of the pastor of the local church, Deacons shall perform a spiritual ministry to those in need, to the sick, the friendless, and any in distress. As directed to do so by the pastor and Board they may administer material aid from and in behalf of the church. It is appropriate that Deacons assist their pastors in the conduct of public and private worship when called upon to do so; but Deacons may not administer the Sacraments and Rites of this Fellowship except when specifically authorized to do so by the pastor under whom they serve.

3. Discipline of Deacons is to be exercised by the pastor and Board of Directors of the church in which the Deacon is a member. For cause the pastor may suspend a Deacon from the exercise of a Deacon's ministry for a period of not more than thirty (30) days, and must report that suspension and the reasons for it to the Board. The pastor and a majority of the full Board may remove a Deacon from office for disloyalty, unbecoming conduct, or dereliction of duty, and may for cause impose lesser discipline. There is no appeal from disciplinary decisions of the pastor and a majority of the full Board.

D. EXHORTERS are persons preparing for the professional ministry of the Fellowship.

1. Qualifications: Before being appointed an Exhorter an individual must be a member of a church in this Fellowship and must have demonstrated a spiritual disposition, willingness and ability to work well with others, loyalty to the Fellowship and its agents and agencies and must show promise of ability to do the study and work of a minister in this Fellowship. Such an individual, having indicated to the local pastor a sensed and accepted call from God, must be nominated by that pastor to the Board of Directors of the same local church. The Board shall discuss the matter with the individual, with the pastor, and with any other persons, shall review supporting documents of education, religious experience and church activity, and reference from credible Christian persons; and at a subsequent meeting the same Board shall vote to confirm the individual's appointment, or not confirm that appointment, for a one year term.

2. Duties: The chief duty of an Exhorter shall be to prepare for the Christian ministry under the guidance of the local pastor. As part of that preparation, and in addition to it, an Exhorter may be assigned by the pastor to plan and conduct group activity, to preach, to give counsel, and to do administrative work in the local church. With the local pastor's consent, it is appropriate for a District Coordinator to appoint an Exhorter to serve as Worship Coordinator of a Feasibility Study or Study Group; but in such cases it shall be clearly understood and accepted by all concerned that the Exhorter's primary duty and responsibility continues to be in the local church through the pastor. Within the local church it is not appropriate for Exhorters to administer the Sacraments and Rites of this Fellowship.

ship, but they may be authorized to do so by agreement of the pastor and the District Coordinator when acting as Worship Coordinator in a Feasibility Study or Study Group. Exhorters shall not be appointed Associate or Assistant Pastor, or Interim Pastor, but may be appointed Worship Coordinator by the Board of the church of which an Exhorter is a member.

3. No person shall serve as Exhorter more than four years altogether and after that time must apply to the District Review Committee to be received as a Student Minister.

E. **STUDENT MINISTERS** are persons preparing for the professional ministry of the Fellowship who have completed the greater part of the required academic study and who have had substantial practical experience as Exhorter.

1. Qualifications: Before applying to the District Review Committee for the status of Student Minister, a person must be a member of a Church in this Fellowship in which s/he has served at least two years as Exhorter. Upon making such application, the Exhorter must present satisfactory evidence of having successfully completed academic and practical work to such an extent that the balance required can be completed in one year. That evidence shall consist of transcripts and of letters of recommendation from the pastor and Board of the Exhorter's local church, as well as other references and documentation. The District Review Committee shall vote whether or not to confer the status of Student Minister for a term of one year, and shall do so only after having worked out with the individuals and church bodies affected a plan of work for that year. A District Review Committee may renew a person's appointment as Student Minister for a second one year term only if events beyond the Student Minister's control and expectation prevented completion of that work assignment.

2. Duties: Student Ministers shall be responsible chiefly to the District Review Committee and immediately to the pastor assigned by the Committee to supervise that work. The duties of a Student Minister shall be in general terms set forth and agreed to by the District Review Committee, the pastor of the local church, and the Student Minister when the appointment is made. Ordinarily a Student Minister shall be assigned to serve in a local church of the District, but may be assigned to serve in a Feasibility Study, Study Group or Mission without a pastor provided the District Review Committee takes care that a competent minister of the Fellowship supervises that work. It is the expectation of the Fellowship that a Student Minister will be fully qualified to be accorded license as a professional minister of this Fellowship after one year of service planned and directed by the District Review Committee.

F. **DISCIPLINE:** The Universal Fellowship of Metropolitan Community Churches cannot condone disloyalty, unbecoming conduct, or dereliction of duty on the part of its non-professional ministers. The discipline of Deacons is reserved to the pastor and Board of the local church served by the Deacon. The discipline, extending to suspension or removal, of Exhorters is reserved to the pastor and Board of the local church served by the Exhorter. The discipline of Student Ministers is reserved to the District Review Committee acting in consultation with the District Coordinator and the pastor of the local church served by the Student Minister and extends to suspension or removal. A Student Minister suspended by action of the District Review Committee may apply again to be appointed Student Minister if, because of that suspension, it was impossible for the individual to complete the assigned program of work and study. A Student Minister removed from that status by the District Review Committee may not apply to be appointed again until one year has elapsed, and then must apply as would an Exhorter of a local church.

5	No. 10	ARTICLE IV.A.1.b [First sentence]	MID-ATLANTIC DISTRICT
"In order to be licensed or to have a license renewed, such persons must be active members in a <u>local congregation</u> of the Universal Fellowship of Metropolitan Community Churches..." RATIONALE: Many licensed ministers in UFMCC hold membership in study groups and missions where they are Worship Coordinators. Technically, therefore, they are not members in a "church" as UFMCC defines a chartered church and may technically be ineligible for licensure.			
5	No. 11	ARTICLE IV.A.1.b [First sentence]	M.C.A.C.
"...an application to the Ministerial Credentials and Affairs Committee in accordance with procedures prescribed by the <u>Ministerial Credentials and Affairs Committee</u>." RATIONALE: The committee felt it would be a double benefit if the above change were approved: 1) More continuity and a smoother running process would result if the M.C.A.C. were authorized to both establish requirements and outline procedures to be followed instead of only doing half the job and having the Board of Elders completing the procedure. 2) It would free the Board of Elders to do other more important administrative and policy oriented work.			
5	No. 12	ARTICLE IV.A.1.b [Second sentence]	M.C.A.C.
"Once the license is granted, it must be renewed <u>bi-annually</u> by the Ministerial Credentials and Affairs Committee." RATIONALE: Because of the nature of the relicensing process and the schedule of meetings of the General Conference and the M.C.A.C. the committee felt it would be easier for the relicensing to occur on a bi-annual basis.

RATIONALE: As the Licensing and Ordination of Clergy personally affects, to some extent, all members and friends of the UFMCC to whom said Clergy will eventually minister, the responsibility ought not be placed upon			

the shoulders of a few (the MCAC), but should, in essence, be more fully shared by all of us. This will also ensure a two year 'testing period' of any new requirements and will safeguard candidates for the Ministry from any 'last minute' changes to requirements. The MCAC will, of course, continue to submit requirements as before, but the General Conference will have more sharing in this work.

IV.C PREPARATION FOR THE PROFESSIONAL MINISTRY

1. Ministerial Students

- a. Qualifications: Ministerial students are persons who are in academic preparation for the professional ministry in the UFMCC and who are designated as "ministerial students" by the District Review Committee (DRC) of that district.
- b. Requirements: "Ministerial student" status is a district standing. Recognition as a ministerial student must be renewed on an annual basis by the DRC. The requirements and procedures shall be determined by the Ministerial Credentials and Affairs Committee.
- c. Duties: Ministerial students are under the jurisdiction of the pastor or worship coordinator of the congregation in which they are members. They may be assigned specific responsibilities, but their primary focus shall be academic preparation.

2. Ministerial Interns

- a. Qualifications: Ministerial interns are persons serving an intern year of concentrated practical training prior to being licensed as a professional minister in the UFMCC and who are designated "ministerial interns" by the DRC in that district. Persons preparing for the professional ministry shall have substantially completed their academic requirements before applying for the status of "ministerial intern". Those seeking this status shall have previously demonstrated their spiritual outlook and their perseverance in work.
- b. Requirements: "Ministerial intern" status is a district standing. This status is a one year appointment which the DRC may renew. Persons seeking "ministerial intern" status may or may not have previously held "ministerial student" status. A year of "ministerial intern" status is required before licensing as a professional minister. The specific requirements and procedures shall be determined by the Ministerial Credentials and Affairs Committee.
- c. Duties: Ministerial interns shall serve in a local congregation in the district in which they hold standing. Their precise duties shall be assigned by the pastor or worship coordinator of the congregation in which they are interning. Ordinarily these duties shall include some experience in each of the following areas: preaching, leading worship, counseling, administration, teaching, evangelism, and social action. The intern's work shall be guided and evaluated by the pastor or worship coordinator. The performance of sacraments

and rites may be done only under the direction of the pastor or worship coordinator.

A ministerial intern may be assigned by the District Coordinator to serve as worship coordinator of a study group, provided that the District Coordinator serves as supervisor of the intern. A ministerial intern may be appointed by the Board of Directors of a church or mission to serve as worship coordinator of that congregation, provided that the District Coordinator approves and serves as supervisor of the intern. A ministerial intern may not serve as Pastor, Assistant Pastor, Associate Pastor, or Interim Pastor of a congregation.

3. Discipline

The discipline of ministerial students and ministerial interns shall lie first in the hands of the local pastor or worship coordinator with whom they are working. If charges are made by the pastor or worship coordinator against a ministerial student or ministerial intern of disloyalty, unbecoming conduct, or dereliction of duty, the District Coordinator shall mediate. The District Coordinator will reaffirm or remove status, or take other action as she or he deems appropriate. The District Coordinator may allow an intern to serve in another congregation. Any such disciplinary action by the District Coordinator is subject to approval by the DRC at its next meeting.

IV.D

LAY MINISTRY

1. The priesthood of all believers. The Universal Fellowship of Metropolitan Community Churches affirms the lay ministry of every member of the UFMCC.
2. Deacons. Deacons are a special order of lay ministry within the jurisdiction of the local congregation.
 - a. Qualifications: (same as present IV.C.1.a)
 - b. Requirements: (same as present IV.C.1.b)
 - c. Duties: (same as present IV.C.1.c)
 - d. Discipline: (same as present IV.C.1.d)
 - e. Any specific matters. . . (same as present IV.C.1.e)

RATIONALE: This Bylaw proposal basically does two things:

- 1) It separates the process of preparation for the professional ministry from lay ministry.
- 2) It redefines what the process of preparation for the professional ministry will be.

First, it is important to affirm the ministry of every layperson, as well as to point out the special lay ministry of deacons. Persons preparing for the professional ministry do not properly belong in this section, even though technically they are still "laypeople". It is not their aim to be "lay ministers", but rather they are in a preparatory period equipping themselves for professional ministry. They are "candidates" for the professional ministry and therefore should not be categorized under Lay Ministry. There needs to be a separate Bylaw section (IV.C) for them.

Second, the primary reason for presenting this proposal is to revamp the ministerial preparation process. The present system of exhorters is inadequate. Our clergy drop-out rate has been very high these last two years, and we want to develop a better system to ensure that our future clergy will be better practically trained in local parish work and that they will have more "stick-to-it-iveness". Thus we are NOT modifying the present system of exhorters. Rather this is a proposal for an entirely new program. The old way is not working because it is too uneven. Some local exhorter programs are excellent; others are so-so; others are non-existent. A district status would even out the quality and provide more flexibility and opportunities for training.

Concerning the change in terminology from "exhorter" to "ministerial student" and "ministerial intern", the reason is for clarity. In most Christian circles, "exhorter" is not a very meaningful or self-explanatory term. "Ministerial student" and "ministerial intern" describe exactly what the person is doing.

MINISTERIAL STUDENTS. This status would not be necessary for those preparing for the professional ministry, but would give some recognition to those who are in school and would enable them to focus on academic training. Ministerial training should include both academic and practical, on-the-job experience. The division into ministerial students and ministerial interns allows for some practical experience throughout one's ministerial preparation, but recognizes the importance of concentrated academic time and concentrated practical time (intern year).

MINISTERIAL INTERNS. This status would be for those who have completed the bulk of their academic requirements and who can concentrate on practical training. If one year is not sufficient to prepare someone for licensing, the DRC may renew the status. A status of "ministerial intern" would be required for candidates for the licensed ministry to ensure that our future clergy have some practical expertise prior to getting the title "Reverend".

THE ROLE OF M.C.A.C. The specific requirements and procedures will be left up to M.C.A.C. so as to allow for flexibility and adaptation in MCC's growing years. As the structure of MCC evolves, we may be unhappy that the Bylaws specify a certain procedure that has become obsolete. This proposal lays down the general principles of preparation for professional ministry, but leaves the implementation up to MCAC.

DISTRICT STANDING. There are several reasons why "ministerial student" and "ministerial intern" status should be district standings:

First, it is the DRC who ultimately decides whether a person will become a licensed minister. They would be in a much better position to evaluate a person at the end of the preparatory process if they have been involved in that process themselves. There would be much more continuity in the whole process.

Second, the DRC will meet with individuals before they apply for licensing. There would be more time for individual concerns and guidance.

Third, an intern with a district standing may serve in a local setting which would be most advantageous for his/her own particular training. This may or may not be the congregation where the intern is a member. Not all pastors have the time or the inclination to train and supervise interns. Not all local congregations are good training grounds. Individual needs and congregational needs can be taken into account. Moreover, it would be good experience for an intern to serve in more than one congregation before licensing. There would be much more flexibility with a district standing.

Fourth, at present, study groups and missions can have members but not exhorters. If "ministerial student" and "ministerial intern" were district standings, this problem would be alleviated. There would be no membership-in-name-only in a nearby chartered church, which disenfranchises persons who are working in a study group or mission.

DISCIPLINE. It may not be wise to give the District Coordinator sole mediating and disciplinary responsibility when the matter goes beyond a local congregation, but, at the present time, given our district structure, it is necessary. Hopefully, in the future, when DRC's meet more than once a year, this can be amended so that the DRC handles such disciplinary problems. The Board of Home Missions is not an appropriate body to handle this because they are charged with establishing and developing congregations, not clergy. They have nothing to do with the licensing process, whereas the DRC does. The District Coordinator is a member of the DRC and can be given the responsibility of carrying out their actions during the year.

All persons appointed by the pastor as Deacons shall be approved by the local Board of Directors. <u>All persons appointed by the Interim-Pastor of a Mission shall be approved by the local Board of Directors and the District Coordinator.</u> The Pastor and Board . . . of any term." RATIONALE: As our church bodies are moving into smaller cities, towns and rural areas of the world, they will probably remain as Missions longer before meeting all criteria for Charter Church status, such as 35 members. They will, however, be more likely in that time to develop a full church program with needs for Deacons for visitations and consecration and serving communion, especially in the absence of the Interim-Pastor, as well as other responsibilities pertinent to the Deaconate.

No person shall serve as a <u>Student Minister</u> for more than five (5) years, <u>unless that person has the approval of his/her pastor, Board of Directors and District Review Committee.</u>" RATIONALE: With the proposed changes in credentialing of clergy the committee felt an exception clause needed to be added to the Student Minister's term of office in case of extenuating circumstances. Note, however, that there is a strong check system involved in granting such a waiver.

Add at end of Article IV:

IV.C.3 EVANGELIST. Evangelists are a special order of lay ministers within the jurisdiction of the district, under the supervision of the District Coordinator and the Board of Home Missions, which supervision may be delegated to a local church. *(continued next page)*

- a. Qualifications: Evangelists are persons who feel called to the ministry of the Word and must meet the same qualifications in I Timothy 3:8 - 14. Their purpose is to provide outreach both within the local congregation and to areas not served by a local MCC. Considering the responsibility and duties of an evangelist, it is desirable that they not serve on the Board of Directors or in other church offices.
- b. Requirements: Evangelists shall have been members of an MCC within the District for six months to one year, unless they are called by the District or a local body of the District from an MCC outside that District. Initial recommendation, evaluation and training as deemed necessary shall come from the local Pastor and Board of Directors. They shall be members in good standing in their local church, and be persons of spiritual mind, exemplary lives, joyful outlook, sound judgement, and of proven dedicated service with a gift of the ministry of the Word. The Board of Home Missions shall make the initial appointment, and shall review the appointment annually or at their discretion. If supervision has been delegated to a local church, mission or study group, annual review shall include the recommendation and evaluation by the local Pastor and Board of Directors.
- c. Duties: Evangelists may be called to the prison ministry, institutional ministry, innovative ministries, or to new works in areas not yet served by MCC.
The duties may, if necessary and circumstances dictate, include administration of the rites and sacraments (with the exception of Holy Matrimony) under the authority and direction of the supervising pastor or District Coordinator and Board of Home Missions.
- d. Discipline: If supervision has been delegated to a local pastor and church, mission or study group, the pastor, together with a majority of the full Board of Directors may vote to remove from office, any Evangelist for disloyalty, unbecoming conduct, or dereliction of duty. The pastor, together with the majority of the full Board of Directors, may impose for cause such lesser discipline as they deem appropriate. If supervision remains with the Board of Home Missions and the District Coordinator, they may vote to remove from office any Evangelist for disloyalty, unbecoming conduct or dereliction of duty. Lesser discipline may be imposed by the appropriate body.

RATIONALE: While many districts have a sufficient supply of trained ministers, others do not. Prison ministry, innovative ministries, institutional ministries may require a person to preach and provide the sacraments where there is no minister available, and no exhorter or deacon in the area. Exhorters, under the new requirements, would have as their major impetus the completion of their education in order to prepare themselves for the professional ministry. This leaves a gap in the available personnel previously filled by lesser-trained exhorters. In many districts, churches are unpastored and there are insufficient professional ministers available to begin new works in areas not served by MCC. Under this proposal, Evangelists would be available to be sent out, either under the supervision of a local church, or under the supervision of the District Coordinator and Board of Home Missions to those areas. Many people have a gift for beginning new works who are not sufficiently trained for the professional ministry and who may, by reason of age, etc., be unwilling to take time out for that education, but who may be valuable as they are to begin new study groups and temporarily pastor them. It is to this need that we speak in this proposal.

1. **FOUNDER:** The Universal Fellowship of Metropolitan Community Churches recognizes the unique work of the Reverend Troy D. Perry in bringing God's message of love for all people to the world in establishing this Fellowship. To provide a continuing forum for his counsel and leadership, this Fellowship establishes the office of Founder to be occupied by the Reverend Troy D. Perry until his death, incapacitation or retirement. Upon the Reverend Perry's leaving the post of Founder, it shall be abolished as an office in this Fellowship.

- a. Duties: The Founder shall be the Chief Evangelist of the Fellowship and shall visit the Church bodies of the Fellowship on a regular basis to preach, encourage and counsel. The Founder shall be the chief spokesperson for the Fellowship to Church and governmental bodies and to the world at large. In this capacity, the Founder shall be responsible to the General Conference and shall work closely with the Board of Elders. The Founder shall preside without vote over meetings of the Board of Elders. The Founder shall preside over the General Conferences of the Fellowship. The actions of the Founder shall be reported to, and approved by, each General Conference.
- b. Discipline: The provisions for discipline or removal of the Founder shall be the same as for members of the Board of Elders.

RATIONALE: As a member of the Board of Elders, Reverend Perry will probably be re-elected for as long as he wishes to present himself to the General Conference. While this is a tribute to his vision and leadership it effectively removes one of the positions on the Board of Elders from the electoral process. By creating the position of Founder, the Fellowship is allowed to elect all members of the Board of Elders through a truly effective and valid electoral process.

This provision realistically recognizes the unique position in this Fellowship held by Reverend Perry and provides for the most effective exercise of Rev. Perry's talents in behalf of the Fellowship. At the same time, this provision does not perpetuate an authoritarian position since the position is abolished on Rev. Perry's leaving it. It also mandates that the Founder must cooperate with the Board of Elders and operate under the authority and direction of the General Conference to whom he must report. It also provides for discipline and removal in a way that specifically prevents the placing of any officer above the General Conference or Fellowship Bylaws.

This position relieves the Founder of many burdensome administrative responsibilities as recommended by our management consultant. Such administrative duties will continue to be supervised by the Board of Elders. At the same time Reverend Perry will be given the time to provide the leadership, counsel and voice needed by this Fellowship. This provision continues to provide Reverend Perry with a forum for continuing leadership in this Fellowship by making him the presiding officer without vote of the Board of Elders and the presiding officer of the General Conference.

RATIONALE: It is feared by many that we are slowly developing a tradition that only ministers can be elected to the Board of Elders. This is not the case yet we seem to be unable to educate our members as to the advisability of having a lay elder. The most commonly used argument against a lay elder is that inherent in the position of Elder is the ability and necessity to minister to people. Laypersons have been actively ministering and successfully doing so since the early Church. We feel the real reason why there has not yet been a lay Elder is primarily due to the fact that Lay People in UFMCC are not as visible to the people as are ministers, and do not, therefore, come to the minds of the delegates as quickly or as poignantly as certain ministers.

"No Elder may be elected for more than two consecutive terms of four years. Any member of the Board of Elders serving at the beginning of the General Conference in which this provision is added to the Bylaws and continuing to serve after the General Conference shall be exempted from this limitation on terms provided herein."

RATIONALE: The maximum of two four-year terms is sufficient to allow for the completion of programs begun by newly elected Elders. Any Elder appointed to fill out an unexpired term would be eligible for two full terms of four years. After a minimum of two years not serving as an Elder, any former Elder would be eligible to present themselves again as a candidate for nomination to the Board of Elders. As a result, this does not prohibit a continuing use of such persons as have the confidence of the General Conference in the role of Elder for several terms. However, it requires the Elder after two terms to do other things in the Fellowship. This allows for refreshment and reflection which should improve the quality of the leadership of our Elders.

This provision also builds in better guarantees that new leadership and fresh ideas will come regularly to the Board of Elders while preserving considerable stability and continuity. It is clearly in the democratic spirit of discouraging the building of an elite group of leaders who might serve a lifetime in the highest board of the Fellowship.

RATIONALE: The present structure limits decision-making at the District level to a minority of the clergy within the District. Re-structuring the Board of Home Missions in the way proposed will provide more equitable participation in the decision-making process. This particularly important since, at the present time, the Worship Coordinators of study groups and missions have no vote in determining the directions of their own congregations.  RATIONALE: The Assistant District Coordinator is elected by the clergy and lay representatives of the district to a district-wide office. This office has been created since the bylaws were written and provisions for this office are not reflected in the current bylaws. Most districts have not had a problem with the Assistant District Coordinator being a member of the Board as they are also affiliated with a chartered church. We feel that Assistant District Coordinators should be voting members by virtue of their office only and not by church affiliation, as has been previously and still is the case with the office of District Coordinator.

RATIONALE: It is the experience of many church bodies that good people are willing and able to make a commitment to a two-year term who cannot carry out a three-year commitment, with the result that there are an undue number of vacancies to be filled of unexpired terms and a lessened sense of satisfaction and accomplishment on the part of board members who must move or resign and a heightened sense of frustration within congregations that their elected officers do not or can not finish their terms.

(Add as a second paragraph:)

Passed
 "It shall be the responsibility of the membership to elect yearly a clerk, treasurer, other officers as needed, and a delegate for District and General Conferences. The interim pastor and officers, acting ^{as Interim} in lieu of the Board of Directors, shall exercise the provisions of Article VII (Church Membership) of these Bylaws. The provisions of this paragraph and their exercise must be approved by the District Coordinator and the Board of Home Missions or proper Fellowship Board."

RATIONALE: (Based on Elders' Advisory letter of 2/4/78) This proposal helps define membership responsibilities in an area where membership was authorized but no direction was given.

13	No. 43	ARTICLE VI.B and C	OCEANSIDE MCC
----	--------	--------------------	---------------

Rejected
 Delete the group known as Missions and group both Missions and Charter Churches under one term "Local Congregations."

RATIONALE: This would mean no differences between local groups what so ever.

13	No. 44	ARTICLE VI.B	MCC NASHVILLE
----	--------	--------------	---------------

(Add to end of paragraph:)

Passed
 "After ^a year as a Study Group, the Board of Home Missions ^{or proper Fellowship Bd.} may determine that a Study Group in an area of limited numerical potential may also petition the Board of Home Missions for Mission status."

RATIONALE: MCC is reaching into areas of limited numerical potential and should seek to provide avenues for voting input from these areas and increase their sense of theological authenticity.

13	No. 45	ARTICLE VI.C	[First paragraph, 2nd sentence] OCEANSIDE MCC
----	--------	--------------	---

(Add after second sentence:)

Failed
 "Or, after a period of two (2) years as a mission, it is self-evident that the area will never reach the required thirty-five (35) persons, but all other requirements are met the mission may petition the District Coordinator or proper Fellowship Board for chartering as a Church in the Universal Fellowship."

RATIONALE: It is quite evident that certain areas will never reach the required 35 persons but can do all the outreach required of a chartered church. Should they be held back because of lack of population?

13	No. 46	ARTICLE VI.D	MCC NASHVILLE
----	--------	--------------	---------------

(Add after the fourth sentence:)

Withdrawn
 "Fellowship financial support to all church bodies shall be without regard to national boundaries."

RATIONALE: MCC should be equally committed to the struggles of all its congregations, whether in the US or other countries.

 "Each local church must elect one lay delegate for the first fifty (50) members and one (1) for the next fifty (50)

(continued)

and one (1) for each portion of one hundred (100) members thereafter, that it carries. . ."

RATIONALE: While this would add about 100 lay delegates to the Fellowship it would even out the representation of the small missions and the churches. It would cost the Fellowship nothing and involved more people in the working of the Fellowship.

15	No. 48	ARTICLE IX.A	[First paragraph, 5th sentence]	MCC NASHVILLE
----	--------	--------------	---------------------------------	---------------

(The following is an addition)

"...but no vote. Study Groups of a given district may combine their actual members for the purpose of selecting a lay delegate to General and District Conferences, one lay delegate for each 100 members or portion thereof."

RATIONALE: This is one way of extending voting representation to Study Groups without jeopardizing the stability of the Fellowship or districts.

15	No. 49	ARTICLE IX.A	[First paragraph, last sentence]	BOARD OF ELDERS
----	--------	--------------	----------------------------------	-----------------

Change "eighty percent (80%) " to "sixty percent (60%)" of both lay and ministerial delegates.

RATIONALE: As UFMCC grows and moves toward a more international church, geographical and travel limitations may preclude an 80% quorum. The quorum in local church bodies is 20% and no other denomination is as high as ours, i.e. most are around 20 to 30%.

66%.

15	No. 50	ARTICLE IX.A	[First paragraph, last sentence]	MCC of the RESURRECTION
----	--------	--------------	----------------------------------	-------------------------

Lower the quorum for both lay delegates and ministerial delegates from 80% to 2/3 or 66%.

RATIONALE: With the greater number of members and groups, the present quorum could result in our not meeting that high a percentage, thereby making it impossible for us to carry on any business. The 2/3 or 66% quorum is standard for most group meetings and it would be more in line with the size of our present membership.

15	No. 51	ARTICLE IX.A	[First paragraph]	MCC of the RESURRECTION
----	--------	--------------	-------------------	-------------------------

(The following is an addition)

"No proxy and/or absentee ballots shall be allowed in any business session of this Fellowship; inclusive of General Conference, District Business Meetings, and local Congregational Meetings."

RATIONALE: 1) Absentee ballots may seem to be acceptable. However, even on simple "yes or no" issues, relevant data could be presented at the meeting which could alter those votes. It is impossible to fairly cast absentee or proxy ballots during an election of officers.

2) A uniform standard is necessary. Currently, some local churches allow absentee voting under certain conditions; while other churches have received rulings that no absentee ballots are permissible. This would allow churches to conduct their meetings in an equitable manner throughout the Fellowship; and eliminate some uncertainty, especially in stress situations.

"... and all ^{elects} district office holders, as determined by that district, shall be allowed one vote."

RATIONALE: A district officer, clerk, treasurer, etc. may be a lay person who is not qualified to vote at district conference business meetings under current Bylaw provisions. If a district elects a qualified lay person to fulfill the duties and responsibilities of an office, makes this person subject to the discipline of the district, then the district should have the authority to extend voting rights to this person in conducting the business of the district.

BOARD OF WORLD CHURCH EXTENSION REPORT

GENERAL CONFERENCE, LOS ANGELES, 1979

The Board of World Church Extension is scheduled to meet at General Conference prior to presenting its report to the ministers and delegates during the business meeting of the General Conference.

STRUCTURE

The Board of World Church Extension is made up of the following:

- 1) Executive Secretary : Rev. Elder Freda Smith
- 2) Australasia District Coordinator: Rev. Jan Weymouth
- 3) Canada District Coordinator: Rev. David Gunton
- 4) United Kingdom and Western Europe Coordinator: Rev. Jose von Buhler
- 5) Hispanic Coordinator of the Americas: Rev. Jose Mojica
- 6) USA Member at Large: Rev. Elder James E. Sandmire

TASK

Our task is defined by Article VI.D, UFMCC Bylaws:

"...The Board of World Church Extension shall be directed by the Board of Elders to continue to develop an outreach in response to interested groups throughout the world..."

Our outreach as presently defined is:

- 1) To identify and to implement correspondence with persons and groups throughout the world; to inform them of the aims and goals of the UFMCC; to encourage them in the formation of groups identifying themselves as part of UFMCC, to discover and develop persons within the area who have the qualifications to pastor and to serve as administrators of UFMCC groups and structures.
- 2) Wherever possible, the Board of Elders will send a representative into areas targeted for development; to undertake a fact finding study to provide all necessary information to tailor a plan for evangelizing that area considering its own peculiar circumstances and our own unique ministry.
- 3) At the appropriate time -- to appoint personnel and establish a structure coordinating all groups within a World Church Extension area.

PRESENT OUTREACH -- summer 1979 -- status:

- 1) The United Kingdom. This is our targeted area for maximum development in the mid-conference period, 1979 - 1981. It is expected that the United Kingdom will be a UFMCC District by 1981. At that time this extension area will be divided between the District of U.K. and the Western Europe Extension area. Preliminary groundwork for this development and split is being laid by Rev. Elder James E. Sandmire's official visit to Europe (June - July 1979). A detailed report of the efforts in this area is appended to this report.
- 2) The Hispanic Americas. This Church Extension Area encompasses all of the Spanish speaking ministries in the Americas. Church Extension Area Officer Jose Mojica will visit Brazil and Columbia during the first quarter of 1980. This extension area includes MCC Hispana, New York City, New York; the work in San Miquel de Allende, Mexico, under the direction of Rev. Rhea Miller, as well as targeted new works in Brazil and Columbia.
- 3) The African Continent. Present works include study groups in Ezinichi-Imo State, Okigwi, and Umu-Awa-Ogee, as well as our church in Zaria; all under the direction of Rev. Sylvanus Maduka -- and our study group in Durban, South Africa under the direction of Rev. Joan Wakeford. Rev. Wakeford will attend General Conference 1979 and make a report on the status of and activities of the Durban group to the Board of World Church Extension. A visit to Nigeria by a representative of the Board of World Church Extension is projected for the mid-conference 1979 - 1981) period, and a fact-finding report will be introduced at General Conference 1981.

PROJECTED GOALS for World Church Development: 1980 - 1990

Underlying Assumption: This projection is based on the assumption that UFMCC will be well on the way to its goal of being an International Church -- not as an American Church with an outreach into the rest of the world.

- 1) A World Church Extension Office located outside of the USA (comparable to the Washington Field Office). This office will be staffed by international personnel. Included among the personnel will be:
 - a) A legal and cultural research staff, and;
 - b) Translators handling correspondence and translating materials from the UFMCC Fellowship Offices.

- 2) There shall be multi-national branches of S.T.I. for National Districts as well as for our most active Church Extension Areas.
- 3) Budget: By 1990 World Church Extension will represent 25% of the UFMCC budget. There will be programs throughout our international Fellowship to generate this amount.

Report from the Committee for Church Extension in the United Kingdom and Western Europe follows:

OFFICE of the COMMITTEE for CHURCH WORLD EXTENSION
in the UNITED KINGDOM and WESTERN EUROPE
REPORT TO THE GENERAL CONFERENCE OF THE UFMCC, AUGUST 1979

This report covers the period since the inception of the Committee for Church Extension in September 1977 until the end of April 1979.

The development of UFMCC in this area of World Church Extension has been fraught with difficulties, mainly arising from:

- 1) the national indifference to Christianity.
- 2) only 2% to 5% of the population in Britain attends Sunday service regularly.
- 3) problems of communication with the Fellowship, both geographically and administratively, leading to:
- 4) a sense of isolation on the part of clergy and laity alike, and
- 5) financial responsibilities unable to be met.

The Church Extension Committee has endeavored since its inception to attain specific goals:

- A) STRUCTURE: the creation of a workable structure offering guidance, leadership, training and a degree of spiritual and pastoral security to those called to the preaching of the Gospel of Christ.
- B) TRAINING: the provision for further and more extensive training on the Bylaws and practices of UFMCC.
- C) COMMUNICATIONS: the improvement of communications between MCC groups and other national and European organizations. Also the improvement of communications with the Board of Elders.
- D) EXTENSION: by means of encouraging the birth of new groups with a positive and well-defined identity, and establishing links with European countries for the same purpose.
- E) FINANCES: to make the existing MCC groups in this area self-supporting financially.

Some of these objectives have been met. Others form the future plan of action in the U.K. and Western Europe, as follows:

- A) Regarding the STRUCTURE, the CEC today consists of four members: Church Extension Officer, Secretary, Treasurer and Lay Representative. The Committee acts in consultation and by majority vote, meeting not less than quarterly. Specific tasks have been allocated to each member.

The Committee is responsible for the training and licensing of exhorters outside the jurisdiction of chartered churches, and for upholding the Bylaws of UFMCC within each group. During the period covered by this report, six exhorter-candidates have been trained, and four of these licensed.

Under the direction of the Committee, each group appoints a Secretary (Clerk) and Treasurer, responsible to their pastor and congregation. These officers act as an interim Board of Directors until the group receives its Charter.

It is also the responsibility of the Committee to appoint the Worship Coordinators for groups.

- B) The Committee has conducted frequent training sessions for individuals and groups, using the materials available from UFMCC, and contributions from its members and other licensed ministers.

Spiritual retreats have been a feature of the work, sometimes with the participation of all the churches; at other times study days or weekends have been organised, to include all licensed ministers, exhorters, deacons, local organisers and their spouses.

These training sessions have adhered as closely as possible to the requirements of the UFMCC polity. Generally, training has not been confined to the clergy but also involved lay personnel.

- c) Communication between our churches and outside groups have included:

- 1) the appointment of a permanent representative to the working group on homosexuality of the Evangelical Alliance, a body consisting of members from all the major evangelical denominations.
- 2) combined meetings and activities with:
Quest - the catholic organisation equivalent to Dignity.
The Open Church Group — an interdenominational body working towards greater awareness within their own churches.
The Gay Christian Movement — a similiar organisation.
- 3) Individual discussions with, and counselling of ministers from other denominations.
- 4) Closer links with local groups of the Committee for Homosexual Equality (CHE). This is the largest homophile organisation in the U.K., and an excellent platform for our ministry. More than thirty local groups have invited members of the Committee to address them. MCC members are encouraged to participate fully in activities with CHE, and other groups mentioned, considering ourselves an integral part of the European social and ecumenical movements.

Communications in Europe have much to be desired. Correspondence has been maintained with groups and individuals in Holland, Spain, Germany, Denmark and France, but it has been simply impossible to begin to train or organise any form of activities with these contacts. The major limitations for doing so have been financial ones.

Thus at present our expansion into Europe is only a plan for the future, not a reality, because of lack of finances. Without further economic aid, the work in the United Kingdom and Western Europe will suffer greatly.

A great help to internal communications has been the publication of *The Metropolitan*, the magazine of the Committee, with a distribution of 400 copies. This magazine is being used as a means to reach the general public, and liaise with the congregations. It is distributed free of charge by the local congregations - which economically support this publication - at: bar ministry, during talks to groups, local or national, and sent to anyone interested in our work. In addition to *The Metropolitan*, most congregations publish a monthly bulletin and statement of accounts, and keep a mailing list of friends of the church.

Regarding communications with the press, the relations with the national newspaper 'Gay News', have improved considerably. Their coverage of MCC events appears more positive. Ministers and lay people are encouraged to contribute to open discussions in the national press, although the Committee acts as the advisor in matters of basic UFMCC doctrine.

Communication with the Board of Elders is frequent, both directly and via the Executive Secretary for World Church Extension.

- D) In the area of Extension, the facts speak for themselves. At the inception of the Committee, there were two groups in the U.K.: London and Birmingham. (Thames Valley was approved as a Study Group at General Conference '77, but it was very much a 'tentative' beginning.) Today, MCC in the United Kingdom counts:

London, Birmingham, Thames Valley, Liverpool, North-East in Newcastle, and Medway in Kent, plus a potential congregation meeting at present in Northampton. London is the only chartered church; the rest are study groups with membership increasing gradually.

In view of the religious apathy of the U.K. the Committee has not insisted in large numbers, but in the quality of pastoral service to the local community where each group is based.

These groups have developed specific outreaches : pastoral representation in court cases, hospital visitation (specifically in mental hospitals), a ministry to the deaf, bar ministries, prison ministry, and crisis intervention on a nation-wide level. It has been agreed by the CEC to:

- a) organise an annual national conference to which other organisations will be invited.
- b) organise a weekend ministerial conference once a year - ideally, twice a year.

The first national conference will be this year with the attendance of the Rev. Elder Jim Sandmire.

1978 saw the first ministerial weekend conference with an attendance of sixteen ministers, ministers in training and their spouses. The ministerial conference in 1979 will be on our return from General Conference to give us the opportunity to reflect, discuss and plan in the light of General Conference resolutions.

These two events will help consolidate our work in the U.K. and establish better communications generally.

- E) In the area of finances, we have experienced major setbacks. The combined contributions of the churches through tithing and voluntary donations are not more than an average £75.00 (seventy-five pounds) monthly. This amount hardly covers, if at all, the financial responsibilities of the Committee.

Thus, the goal to become economically self-supportive has not been met. Individual congregations are self-supportive. The Committee is not.

General Conference '77 allocated five thousand dollars to the work of Church Extension in the United Kingdom and Western Europe. Of this sum, we have received one thousand two hundred eighty-eight dollars and eighty-nine cents (\$1,288.89).

It would help us considerably:

- a) if the General Conference allocates further economic aid to this area in 1979, that the amount is received within the specified period of allocation, or
- b) that the United Kingdom and Western Europe is not promised a sum which cannot be realistically expected, consequently allowing us to work and plan only within our means.

Dear brothers and sisters in Christ, this report is brief. We would like to have the opportunity to discuss the past efforts and future plans of our churches with you during the General Conference. We would like to share with the Fellowship at large our awareness of the limitations which we face in our area of World Church Extension. The fact is, that although the United Kingdom is considered a sociologically advanced country, we are a MISSION FIELD, with specific missionary problems of growth, development, and acceptance.

The apparent success of our work simply shows us there is much more to be done. The little we have done would have been impossible without the personal dedication and sacrifice of all the ministers and lay members of MCC in the United Kingdom.

We commend ourselves to prayers.

In Christ's service,

Rev. Jose von Buhler,
Church Extension Officer in U.K. and Western Europe

RESOLUTIONS

PRESENTED BY THE BOARD OF WORLD CHURCH EXTENSION TO THE UFMCC GENERAL CONFERENCE, 1979.

- 1) That this Conference allocate 10% of the UFMCC budget to World Church Extension.
- 2) That this budget be reviewed at the 1981 General Conference with a view of increasing this to 15% at that time with projected bi-annual increments toward a total of 25% of the UFMCC budget allocated to World Church Extension.

RATIONALE: To be presented to the ministers and delegates of the General Conference by members of the Board of World Church Extension and by representatives of the affected areas.

RESOLUTION

PRESENTED BY THE COMMITTEE FOR CHURCH EXTENSION IN THE UNITED KINGDOM AND WESTERN EUROPE TO THE UFMCC GENERAL CONFERENCE, 1979.

That the General Conference should take under consideration the possibility of church groups like those already in existence within Denmark and France, being offered 'affiliation' status with the Fellowship, and thus respecting their own identities, structure and doctrine.

This move would not hinder the work of Church Extension, but will help us understand and share with other groups.

Universal Fellowship of Metropolitan Community Churches — Washington Field Office

COMMISSION ON CHRISTIAN SOCIAL ACTION, UFMCC Report to the General Conference, 1979

Serving a dual role as Chair of the Commission on Christian Social Action and as Director of the Washington Field Office has proved to be a frustrating experience. Much time has been expended at the Washington Office because of insufficient staff and a tremendously heavy work load, leaving little time for Christian Social Action efforts.

But part of the frustration has to do also with a lack of clarity in the Fellowship about Christian Social Action and a lack of real commitment on the part of people throughout the Fellowship to Christian Social Action. I will not be a one-person Commission.

This does not, however, mean that nothing has been done. There are bright spots in the life of this Commission over the past two years. Women are organizing in a number of districts and working together to add their unique and wonderful insights as women to the Christian witness of the Universal Fellowship. Renee McCoy in Detroit and the Rev. Sky Anderson in San Jose are working to provide a context for the Fellowship to discuss the burning issues of racism in our midst.

Men throughout the Fellowship are taking stock of the myths and stereotypes that often bind them into limiting roles.

The response to the Commission's request (and the General Conference's resolution) that all congregations have a local chair for Christian Social Action has not been uniformly good. But in the congregations that have active CSA committees, much good work is being done.

The Workbook on Christian Social Action was reprinted in 1978 and is still selling well. Other resources produced by the Washington Field Office are geared toward the work of Christian Social Action in the local MCC congregations. The work of human rights in the Commission is being coordinated by the Washington Office and focuses on that office.

At the September, 1979 Elders' Meeting a proposal from the Commission was approved for the reorganization of the Commission. We found ourselves at that time a group of Chairpeople with no groups to chair

Commission on Christian Social Action
Report to General Conference, 1979
page two

since it was difficult to get people to respond to our letters and calls with real work. As a result what we proposed was that the four sub-groups of the Commission, the Committee on Racism and the Task Forces on Men, Women and Human Rights, be abolished as separate entities within the Commission.

This was done with our stipulation that the Commission continues to be vitally concerned with the goals and concerns of these task forces and committee. All we have done is to remove a bureaucracy that was cumbersome and not being filled with competent people.

Part of our proposal to the Elders was that the reorganization be printed in In-Unity, which was done, and through it we ask people throughout the Fellowship for ideas, support, commitment and volunteers. I have not received one letter in response to this. In spite of this, we will continue to work on a few special projects that are already underway and will continue beyond this General Conference.

Renee McCoy is putting together study materials on racism for local congregations. Some of this has already gone out and some has been printed in In Unity. This material will be gathered for publication after General Conference.

Resource Packets on a variety of topics are being discussed, drafted, and prepared. Some of the areas to be covered are Women's Liberation, Men's Liberation, Sexism, Inclusive Language, Political Awareness and Action, and Racism.

I am anxious to have further direction from the General Conference and the Board of Elders and want to work in closer conjunction with the Board of Elders to develop and maintain the best utilization of the Commission on Christian Social Action for the Universal Fellowship.

The Commission now is still largely an empty vessel and in the next two years we hope it will fill to overflowing with value to the Fellowship and the glory of God.

Respectfully submitted,

R. Adam DeBaugh, Chair

REPORT OF THE HYMNODY COMMITTEE
1979 General Conference, Los Angeles, California

The Chair of the Hymnody Committee has been accepted by Carl Matthes following the resignation of its former Chairperson, Reverend Larry Bernier.

The Committee has now processed the returned questionnaires regarding the type of music presently utilized in MCC church services. Hymn titles for possible inclusion in the proposed MCC Hymnal have been catalogued. This catalogue consists of those titles suggested by the various congregations via the previously mailed questionnaires.

The Committee has contacted several music publishers regarding access and approval for Hymn use on copyrighted material. In addition the Committee is presently compiling a list of possible hymns that meet two basic criteria:

1. Inclusive language
2. Public domain (not protected by present copyrights)

The Committee is presently in need of persons who would be willing to serve. Qualifications for Committee membership should include:

1. Active in musical programs of some type
2. Access to various hymnals
3. Willingness to follow guidelines as decided by the Committee

Respectfully submitted by,

Carl Matthes, L.A. Church.

Committee on Lay Concerns

Report to the 1979 General Conference of the Universal Fellowship of Metropolitan Community Churches

LAY CONCERNS was originally founded in 1977 to "enhance the flow of communication" between the laity, clergy and Board of Elders of this Fellowship. Since then, we have found that communication makes things happen, that it is first in a chain reaction of communication, community and service. This report will reflect these three stages of development over the past year. We need to emphasize at the start that our experience with communication and service in the lay community is leading us down new passage-ways into the "ministry of the laity." Although this is a large and fairly uncharted territory, by our experience we can affirm that it is a ministry of all laypeople, not just the titled laity, and that it is integral to the purpose and nature of the church. Our own understanding is not perfect or complete; we rely on continuing dialog, as laity and clergy lead each other to deeper and more meaningful expressions of this ministry. By its very activities, this committee has committed itself to promoting an understanding of ministry and to encouraging its development among the laity of our Fellowship.

Communication

When the present chair accepted the Elders' appointment in October 1978, CLC was in a formative stage, having six members. Today CLC is composed of ten representatives from 12 areas, including Australasia and the United Kingdom. Each CLC member has been requested to develop a "contact" in each local church body of their district. These contacts have no special standing but fulfill an important service by aiding two-way communication between their congregations and the district Lay Concerns representative. The responsibilities of the district rep are two-fold:

FIRST, at the DISTRICT level — the district rep serves as a) facilitator of the Lay Concerns meeting held every district conference; b) as the representative (having voice without vote) of the concerns and recommendations raised at that Lay Concerns meeting to the district business meeting; c) representative of the laity on the district Board of Home Missions, and d) facilitator of activities initiated at the district Lay meeting but extending beyond the district conference.

SECONDLY, at the FELLOWSHIP level — each CLC member is responsible for actively communicating to the chair of the committee their laity's concerns and reports of any activities generated by CLC in their district.

As can be seen, the district representative carries major responsibility for the communication channels at the district level. It is important for all district lay people to consider, when electing their lay representative, that it is a position that demands hard work and the skill to not so much lead laypeople as to sensitively enable laypeople to communicate with each other. It is an active and demanding position; most of the strides this committee has made are the direct result of the imagination, perseverance and hard work of its district representatives.

Over the past year, the activities of the chair have been to provide resources and materials to all members, cross-pollenate projects and ideas from one part of the fellowship to another, to encourage non-participating districts to join in the work of CLC (raising our membership from 6 to 10) provide "Information Sheets" for the input of lay concerns to each district rep, pass concerns and reports of the committee's activities onto the Board of Elders, to establish a Lay Page in *In Unity* for the broad dissemination of lay issues and perspectives and as a forum for each district rep to the fellowship as a whole, and, finally, to establish ties with the World Council of Churches' Department of the Laity for the exchange of information and materials.

continued

In these many ways, our organization facilitates communication at local, district, fellowship and even inter-denominational levels.

Community

Community is a natural byproduct of communication.

The work of the committee is focused at the district level because of the conviction of the chair that the district not only provides the grassroots input without which Lay Concerns would be meaningless, but that it is now the basic unit of the fellowship. Especially now that we have moved onto biennial General Conferences, programs imposed from above the district level can fail to speak to authentic needs; programs that only bubble up from below the district can lack cohesion. By strengthening the district, we strengthen both cohesion and authenticity. And by strengthening the *communication* within a district, we strengthen the district as a *community*.

Just as the district Lay meeting provides the opportunity for laypeople to congregate, share ideas and concerns and to grow closer as a communicating family, CLC serves an important accompanying function. It is a "Yes You Can" ethic for the laity. It enables laypeople as a *community* to develop activities that will answer their concerns. It encourages positive ways to build up the church family, to "edify the body." And, because the resulting programs are developed close to people's own perceived needs, they are, consequently, *meaningful* avenues for people's service.

Service

The following evince the rich and imaginative variety of CLC programs throughout the Fellowship:

+seminars exploring the history and identity of the laity + district newsletters + deacon training programs + "conflict management" workshops, enabling laypeople to understand and help resolve conflict in the local church + lay-clergy dialogs + creation and distribution of devotional guides + district census of religious backgrounds + presentation of lay-maintained service programs in the district + presentation by each church family in the district explaining its history and identity + creation and publication of The Church Body Book: A Layperson's Guide to MCC (adapted for use in three districts) + the development of "family units" for prayer and study + "ministering to ministers" program + conferences and spiritual retreats + creation of a taskforce committed to lay leadership training in the district +

The Future of Lay Concerns in the Fellowship

We are facing the exciting prospect of soon being able to recognize lay people in the fellowship who can be known by the good and productive work they have done in their areas. "Productive work" in Lay Concerns is defined as the ability to involve the broad base of laypeople, hopefully avoiding the false gains of a "star system" which, like efforts to establish a quasi-clerical lay hierarchy, tend to leave the average layperson just as apathetic and uninvolved. The benefit to both the districts and fellowship is a laity that perceives its power to benefit the church, its worth in the church, indeed its very identity *as* the church. The layleaders who are able to undertake this as their work and are sensitive to the need of the church to re-examine its attitude to the laity are the people we should seek to involve in the higher workings of our fellowship.

Believing, therefore, that the leadership of this committee should remain fluid, the chair requests that at all General Conferences, beginning with this one, all district members present convene and elect from among themselves, by majority vote, a new chair. The result of this vote shall be brought to the Board of

Elders as a recommendation which, together with the chair's own recommendation, will be considered by the Board for approval and subsequent appointment. By establishing a new chair every two years, the leadership can better maintain a service-oriented and grassroots presence in the committee and will not threaten to become a distant hierarchy itself.

It is further requested that all former chairs be allowed to remain in an advisory relationship to the committee and may stay actively involved by electing to undertake one or more projects. These projects, subject to the approval of the new chair and the Board of Elders, shall be the advisor's own responsibility, shall not entail wanton funding by the fellowship and cannot exceed two years' duration without approval at the following General Conference. In this way, the advisor serves a function rather than an office; this allows important work to be done that is often not possible while coordinating the heavy traffic of district correspondence and activities.

This chair will request permission to compile a catalogue of the many valuable programs developed in the districts through CLC, with the aim of its being available to the fellowship at large in 1980. (It hopes to have all accounts of programs written by the CLC members who developed them so that credit can be given where due and accessibility for further inquiry). Approval will also be requested for collaboration with STI in developing a seminar on the laity for presentation at ministers' conferences, etc.

In Conclusion,

we recognize that true ministry has been, since the beginning of the church, not status but service. Because this has not always been affirmed, ministry has not always been recognized in the laity. This committee wishes to remain firm in its pursuit of service over status, believing that God uses laypeople where they are as they are. We also recognize that although lay ministry, like its clerical counterpart, is often thought of as an individual endeavor, it can function best as a team ministry of *laity in community*. It embraces all service that "edifies the body," strengthens the community, matures the faithful, reaches out in honesty and love and evidences that for us to grow as Christians is to grow closer.

Our laity is strong and resourceful. Our voice will become clearer and our service more evident as we struggle to grow into partnership with our clergy in the mission of this Fellowship. Together, laity and clergy share this common mission because we have been brought together by a common cause; and the Body of Christ breathes new life when ministry is affirmed as the measure of growth in *all* its members.

Respectfully submitted,

Jean Gralley,
Chair, Committee on Lay Concerns

RESOLUTIONS for adoption by the 1979 General Conference

- 1) BE IT RESOLVED that, in order to better reflect the scope of its involvement in communication, community and service, the Committee on Lay Concerns be hereafter known as the UFMCC Commission on the Laity;
- 2) BE IT RESOLVED that this General Conference affirm the importance of continuing communication and community within the Fellowship by pursuing the following measures:
 - A. All districts shall consider aligning for REGIONAL CONFERENCES during the years in which General Conferences are not held; that these shall be the districts' responsibility in organization and funding; and these shall be held for purposes including spiritual renewal and interim-year meetings of fellowship commissions and committees;

B. We request that all Elders earnestly attempt to visit their liaison districts so that communications and community between district and fellowship may be enhanced; and that during visits to district conferences in these liaison areas, Elders attend the Lay meeting for a question and answer period with the laity.

C. All church bodies in the Fellowship shall affirm the importance of continual communication and community by considering the hosting of periodic CONGREGATIONAL FORUMS, informal meetings of the local church family for the discussion of concerns.

- 3) BE IT RESOLVED that Lay Concerns and Samaritan Theological Institute shall co-sponsor *Excel*, a lay training retreat in the South West district and that this alliance shall be for the purpose of developing *Excel's* program of lay ministry and for the developing of similar programs throughout the Fellowship.

COMMISSION ON FAITH, FELLOWSHIP AND ORDER
Report to the 1979 General Conference

Dear Sisters and Brothers:

This brief paper constitutes the report of the Commission on Faith, Fellowship and Order to the 1979 General Conference.

Since 1973 FFO has functioned as a theological forum within the Fellowship. Its labor produced for us a synthesis of theological standing of our members in the body of "Six Questions," a paper presented to and unanimously accepted by the 1976 General Conference and retained as a study by the 1977 Conference. FFO has established task forces as resources to make recommendations to the Fellowship in the areas of Women and the Bible, Ethics, Homosexuality and the Bible, and Liturgy.

Regrettably, FFO has been a non-functioning body since last General Conference except to set up a task force on inclusive language. Since his appointment as Chair in September, the Reverend Taylor has had difficulty in re-activating the commission. Lack of extant files precipitated his having to ascertain the roster of representatives from the District Coordinators, an action which netted only three replies and no names of Commission representatives. A special trip to headquarters to peruse Fellowship files netted a 1976 roster to use as a lead. Should you know of representatives, especially lay-representatives, please give our Chair that information.

Contact with the Board of Elders, and especially with the Rev. Elder Nancy Wilson, has helped to clarify and define our philosophy and goals. Taking a practical, needs-oriented approach to our existence, we would like to adopt goals and projects of FFO enumerated in the 1977 General Conference report and to add to those some more practical projects:

- 1) We are in the process of taking the Six Questions as a springboard to formulate a study guide on how to form a personal theology.
- 2) We would like to draft and make available for the Fellowship a membership training manual and study guide for prospective members.
- 3) Also, we are working on making a Biblically-oriented statement regarding Ethics and the homosexual life style.

In these three projects we would work as closely with the Christian Education Commission as we have in the past.

We would request that the General Conference retain FFO as a viable commission within the Fellowship as an instrument to define and re-define our theological stance and its practical application to our individual and corporate Christian lives.

Finally, our commission is interested in ascertaining those individuals who are both competent and available to contribute substantially to our efforts, and we, therefore, would ask all who are capable to contact our Chairperson.

Respectfully submitted,

The Reverend William J. Taylor

ELDERS' MEETING IN LOS ANGELES, CALIFORNIA
January 22, 1979

Attendance: Elders Arehart, Cureton, Hose, Perry, Sandmire, Smith and Wilson.

OLD BUSINESS

79D-1 Reference: 78D-5 MOVED that the Treasurer be requested to submit a report to the Elders by March 1, with any necessary action items to appear on the April agenda. (M-Hose/2-Wilson; unanimous vote)

Reference 78G-7 The following question was received from the Rev. Phillip Speranza: In view of the fact that Elders' visits to the Canadian District have been financed by the District, will the Board of Elders inform the Fellowship of whence came the money for Elder Hose's visit to the District of Australasia? If Elder Hose's visit to the District of Australasia was paid for out of the general fund, will the Elders inform the Fellowship of the rationale for the trip?

79G-1 MOVED that the following response be issued: the Rev. Hose's trip to and from Australasia was financed by UFMCC funds, which is being reimbursed by the District of Australasia from the 10% UFMCC tithe which they have traditionally kept in the District. Thus, the trip was essentially financed by the UFMCC. It is standard practice for the liaison Elder to visit his/her district once per year at UFMCC expense, as our financial condition allows. Rev. Hose's rationale was 'the same' as for all Elders' visits: to enhance communications between Districts, local churches and UFMCC Elders and staff. (M-Hose/2-Wilson; unanimous vote)

Reference: 78G-9 Status: Not yet implemented due to lack of time and energy.

79G-2 MOVED that staff be permitted to hold this motion in abeyance until feasible. (M-Wilson/2-Cureton; unanimous vote)

Reference: June 1978 Minutes, category J1, concerning structure of Boards of Institutional Ministry outside the USA. Status: Project transferred from Elder Arehart to Elder Sandmire when liaison responsibility was transferred.

79J1-1 MOVED that Elder Sandmire be requested to submit this draft via one of the weekly Elder's mailings by March 15, to be placed on the agenda of the April Elder's meeting. (M-Wilson/2-Cureton; unanimous vote)

Reference 78J10-1 Status: From General Conference Reports the following was compiled as tasks of the Commission on Faith, Fellowship and Order (FFO): The Commission will prepare a pamphlet on each FFO response to the "Six Questions" and will distribute them for local church use. The

pamphlets will be written in a style that will be easy to understand for persons who are not acquainted with theological jargon. Congregations and districts will be asked to critique the pamphlets so that the Commission will be able to keep in touch with the Fellowship's grass roots. The distribution of the pamphlets will be followed by district-level and congregational-level FFO workshops and conferences, to be conducted by FFO members. FFO task forces will solicit input from all levels of the Fellowship to selected questions (much in the same manner that was used to prepare the 1976 FFO paper). The task forces will use that "grass roots" input as a foundation for developing their reports. These task forces will serve as research bodies, reporting their findings to the FFO Commission which will, in turn, make appropriate and informed recommendations to the Fellowship.

- Task force on Women and the Bible
- Task force on Ethics
- Task force on Homosexuality and the Bible
- Task force on Liturgy

In addition the following was received from the Rev. William Taylor: "As chair, I would like to see FFO initiate and/or facilitate these programs as goals in addition to those already in the reports and directives. 1) A fellowship wide Christian Education program of practical applications of our theological stand; 2) Making available such printed matter as would be needed for such a program, especially regarding those Scriptures used by 'fundamentalists' to prove their condemnation of us; and 3) Engendering of Bible-content knowledge and familiarity of the Scriptures that we so sorely lack now.

79J10-1 MOVED that the Board of Elders assist in the prioritization of the goals of the FFO Commission, referring the last three to the Christian Education Commission to work in conjunction with FFO. The Liaison Elder to this Commission will be Elder Arehart. (M-Hose/2-Wilson; unanimous vote)

Reference 78J11-1 The following question was asked by the Rev. Phillip Speranza: In view of the fact that according to Article V.B.1.c of the UFMCC By-laws it is the function of the Elders to 'establish and make appointments to the various UFMCC Boards, Commissions, Committees and Institutions,' and 'to collect and disburse funds,' and 'to carry out all the directives of the General Conference,' will the Board of Elders defend their claim, implicit in 78J11-1, to decide, apart from the General Conference, which programmes are and are not 'top priority'? Are the Elders prepared to submit all existing programmes (in terms of boards, commissions, etc.) to the General Conference for review, in order to let the General Conference decide which programmes should continue, which programmes should be deleted, which programmes should be abandoned?

79J11-1 MOVED that the following response be issued: One of the functions of the Board of Elders is to 'carry out the administrative affairs of the UFMCC between General Conferences in an orderly manner.' (See Article V.B.1). One of our functions is to responsibly review programs and to streamline bureaucratic entanglements when they become non-functional or dysfunctional. All our decisions about Commissions, Boards, etc. are, and always have been, subject to the review of General Conference. (M-Smith/2-Sandmire; unanimous vote).

Reference 78J12-2. Request for communications and work on this project has been made to Al Smithson. No reply has yet been received.

- 79J12-1 MOVED that if no reply is received by February, the Clerk is requested to contact and meet with Mr. Smithson to resolve the communications difficulties. The Clerk will report the status to the Elders via one of the weekly mailings. (M-Wilson/2-Hose; unanimous vote)

Reference 78J15-3 Status: the Rev. Joan Johnson reported in a phone conversation the week of 1/8/79 that the Commission on Innovative Ministries currently has the following task forces actively working: Transgender, Handicapped, Chemical Dependency, Aging, Death & Dying, and Counseling. She requested that specific chairpersons not be required for each task force, but that she be allowed to coordinate the work of the various groups in each area as they prepare their Resource Packets and conference Reports.

- 79J15-1 MOVED that the chairperson of the Commission on Innovative Ministries be given permission to coordinate the work of that Commission as described above. (M-Cureton/2-Arehart; unanimous vote)

Reference 78J31-2. The following question was received from the Rev. Phillip Speranza: In view of the fact that the by-laws of the UFMCC are binding upon the whole Fellowship, will the Board of Elders explain why they have failed to appoint to the By-laws Committee any person outside of the United States? Are the Elders prepared to expand the UFMCC by-laws committee to include persons from outside the United States?

- 79J31-1 MOVED that the Rev. Phillip Speranza be appointed to the By-laws Committee. (M-Arehart/2-Smith; Yea: Arehart, Smith, Cureton, Wilson; Nay: Hose, Sandmire; motion passes)

THESE MINUTES SHALL REFLECT THAT in considering the motion listed above recognized the continuing responsibility to balance the need for wider and more diverse representation with the need to channel our available resources to achieve maximum benefit. Costs for transportation, postage and telephone usage were discussed.

REFERENCE 78Z-4 The following question has been received from the Rev. Phillip Speranza: In view of the fact that the reporting by the Elders of the 'top 20 congregations' must inevitably demoralize poorer congregations who have no hope of ever being in the 'top 20', will the Elders explain why this kind of reporting was instituted in the first place? Is the Board of Elders prepared to cease this kind of reporting?

- 79Z-1 MOVED that the following response be issued: This type of reporting was originally instituted to share one method of sharing a part of the dynamic growth of our Fellowship and its member churches. Though we must each, through our teaching and example, guard against the possibility of this reporting being used in a manipulative way to encourage jealousy and competition, we recognize the positive benefits of sharing such information to encourage each other in the faith and inspire prayer and concern for each other as a part of the same body in Christ. The Board of Elders will continue such reporting and will

also encourage the people of the UFMCC, both lay and clergy, to support and teach the principles of Christ who reminded us that to honor one part of the body is to honor the entire body of which we are all members. (M-Cureton/2-Sandmire; unanimous vote)

Reference June 1978 minutes, agenda category Z, concerning the use of the Statements of Faith and Call to the Christian Ministry. The following question has been received from the Rev. Phillip Speranza: In view of the fact that UFMCC active ministers' statements of faith and call to the Christian ministry were submitted to MCAC as confidential documents, will the Elders explain why they have chosen to break confidentially and to act ultra vires in releasing these documents to Pastor Hougen without the prior consent of each minister involved? Is the Board of Elders prepared to rescind the permission granted to Pastor Hougen and to recover any and all such confidential documents from Pastor Hougen until the prior written permission of each minister involved has been obtained?

79Z-1 MOVED that the following response be issued: Nothing on the application for licensing defines the limits of 'confidentiality'. We obviously have to come up with some guidelines about who does and does not have access to such documents. However, in this case, we did make sure that Pastor Hougen understood that no names would be used in his book or no material quoted without the written permission of the minister involved. We believe that this action adequately protects confidentiality. At this point, it is too late to rescind permission for the Rev. Hougen to use the documents. (M-Cureton/2-Hose; unanimous vote)

Reference 78A-2 This motion directed that specific kinds of information be submitted prior to mission or charter request decisions.

79W-1 MOVED that the attached form for the request of mission or charter status be adopted. This action to become effective after the preparation and distribution of the forms to the District Coordinators and Church Extension Officers. (M-Cureton/2-Wilson; unanimous vote)

OLD BUSINESS - from September 1978

Reference 78D-6 The following question has been received from the Rev. David Gunton: As District Coordinator for Canada, I would like to officially go on record as protesting the implementation of your motion 78D-6 on the Standard Operating Procedures for Districts and World Church Extension Areas outside the USA. It was my understanding that the whole purpose behind the finance advisory board was to give the Treasurer feed-back on matters pertaining to finance. This operating procedure, aimed basically at the Canadian District as the only (sic) District outside the US, was apparently introduced without any consultation whatsoever with people here in Canada. The rules you are imposing go contrary to the set up of the Canadian corporation, Metropolitan Community Churches in Canada. Canadian law will not allow a federally incorporated body to be amenable to a body outside the country. With this action coupled with the over-throw of many of the by-laws we have previously passed last May, I can only conclude that the Board of Elders does not want to see the formation of national churches. If that is the case, in the name of cooperation, please do not lead us to believe that that was your wish.

79D-2 MOVED that the following response be issued: You are right in criticizing us for not consulting with both the Canadian and Australasian Districts on this matter before making any final decisions. You may be sure that we will do so in the future. However, the Board of Elders felt that such procedural matters were long overdue. We seriously question, at this particular time, the feasibility and practicability of a financial advisory board. We recognize the need to straighten out some continuing communications problems regarding districts outside the USA, as well as with the others. The Fellowship has never advocated the formation of national churches. Presumably, in the future, there will be other Canadian, Australian and even trans-national districts. (M-Wilson/2-Arehart; unanimous vote)

Reference 78J30-8. The following question was received from the Rev. Phillip Speranza: In view of the fact that by their actions, minuted and noted, the Elders indicate their agreement with the recommendation of MCAC that "each district absorb the travel expense of the MCAC member of the DRC," will the Elders explain why this recommendation and consequent addition to District expenditures was not submitted to the Districts for consideration and comment prior to implementation?

79J30-1 MOVED that the following response be issued: At the present time the By-laws state that Districts are not legislative bodies, a phrase which has never been adequately clarified and therefore leads to much confusion and misunderstanding. As a result, there has never been a clear resolution of the issue of who may decide expenditures. The only By-law indication is that the 2% District support is to be used to "help expand the Christian outreach of this church." Providing duly credentialed clergy for our church is certainly a part of expanding our outreach. We also recognize the need to continually improve our communications with each other and do not seek to minimize that effort. (M-Wilson/2-Hose; unanimous vote).

Reference 78J30-9. STATUS: District Review Committees for 1979 need to be revised because of District Coordinators' elections and minister's relocations.

Reference REQUIREMENTS FOR THE PROFESSIONAL MINISTRY, effective Nov. 1978. The following question was submitted: In view of the fact that some exhorters are well into existing programmes with local pastors; and in view of the fact that in certain places financial, social and cultural conditions make compliance with the new standards well-nigh impossible, are the Elders prepared to recommend to MCAC that the new standards be required only of those exhorters admitted to that status on or after 30 November 1978?

79J30-3 MOVED that the following response be issued: The Elders are not prepared to make such a recommendation, but will forward the question to the MCAC without recommendation. (M-Wilson/2-Cureton; unanimous vote)

Reference 78J30-13 The following question was received: In view of the fact that the District of Canada is some 3000 miles wide, and in view of the fact that because of the steady devaluation of the Canadian dollar our living costs are significantly higher than those in the United States, and in view of the fact that in 1979 Canadian ministers and congregations will have the double expense of District Conference and General Conference, are the Elders prepared to alleviate the crushing financial burden involved by granting exceptions to the procedure requiring ministers applying for re-license to appear in person before the DRC?

79J30-4 MOVED that the following response be issued: The Elders are aware of the steadily increasing rates of inflation and currency devaluation, as we are also aware of the use of persuasive phrases such as 'crushing financial burden'. Although the immediate reaction is to move to 'alleviate' this burden, we recognize the responsibility to examine the intent of the procedure as well. While a geographical area is designated as a Church Extension Area the credentialing processes are much different, requiring more reliance on written communications and the presentation of applicants on paper and through the recommendations of others. There is little opportunity for MCAC to gather first hand acquaintance of the applicant. There is a corresponding lack of opportunity to share with the applicant in a nurturing and ministering capacity. When an area grows in resources, both human and financial, to the point of being designated as a District, we are no longer limited to the stop-gap measures for credentialing that filled the immediate needs of the

Church Extension Area. Because we believe that the in person interview for re-license is beneficial to both the applicant and to the church at large, we are not prepared to institute a general procedure to circumvent that process. (M-Sandmire/2-Cureton; unanimous vote)

Reference 78S-4. Status: Midge Costanza has accepted the invitation to address the General Conference and accept the Human Rights Award (ref. 78Z-7).

79S-1 MOVED that a two hundred dollar honorarium and expenses for Ms. Costanza and her traveling companion be approved. (M-Arehart/2-Wilson; unanimous vote)

NEW BUSINESS

A. MISSION STATUS REQUESTS

79A-1 MOVED that MCC at Boise, Idaho be designated as a Mission in the UFMCC, (M-Smith/2-Arehart; unanimous vote)

B. CHARTER REQUESTS - no action taken

C. CREDENTIALS PROCEDURES AND APPEALS - no action taken

D. BUDGET AND FINANCE

79D-3 MOVED that the church bodies of the Districts of Canada and Australasia be required to send their 10% tithes to the UFMCC as do all other churches. If national law prevents this, the districts are requested to work with the Elders, in a spirit of cooperation, to develop legal methods and procedures to fulfill the intent of the By-laws to ensure a fair distribution of the administrative costs of maintaining the UFMCC between each of the member groups. One such method or procedure could involve invoicing groups for their respective share of such costs; the amount would, of course, not exceed the amount of the 10% tithe that would have otherwise been collected. (M-Wilson/2-Sandmire; unanimous vote)

G. DISTRICTS

79G-3 MOVED that the Board of Elders request the Northwest and Southwest District Coordinators, after consultation with their respective Boards of Home Mission, to submit a joint proposal with regard to the re-alignment of the boundary between the two districts. This will be due by June 1979. (M-Arehart/2-Wilson; unanimous vote)

H. CHURCH BODIES

79H-1 MOVED that the request from the congregation of MCC Sarasota and the recommendation of the Board of Home Missions of the Southeast District that the congregation known as MCC Sarasota, FL be designated as a Mission within the UFMCC; that the change in status be effective as of November 14, 1978; and, that the physical charter be kept in the possession of the District Coordinator until General Conference in 1979. (M-Wilson/2-Hose; unanimous vote)

- 79H-2 MOVED that the Board of Elders approve the proposed By-laws of the MCC of Dallas, Texas, as submitted. (M-Sandmire/2-Smith; unanimous vote)

Reference the following question submitted by the Board of Directors of MCC Oceanside: Does the District Board of Home Missions have any function in regard to the internal affairs of a Chartered Church?

- 79H-3 MOVED that the following response be issued: The District Board of Home Missions does not have any constitutional authority or responsibility with regard to the internal affairs of a Chartered Church. The Board of Elders does, however, respect the opinions and advice of the Board of Home Missions which shares a common responsibility toward each other and all church bodies in the District as brothers and sisters within the family of God. The Board of Elders often receives and/or requests the advice of the Board of Home Missions. (M-Wilson/2-Cureton; unanimous vote)

Reference the following question submitted by the Board of Directors of MCC Oceanside: Does a church remain under the by-laws upon which they were chartered or must they meet any new by-laws passed after?

- 79H-4 MOVED that the following response be issued: By-laws revisions, when passed by the General Conference, are in effect for all UFMCC Clergy and Congregations. (See Article XII.A.B) (M-Cureton/2-Wilson; Yea: Arehart, Cureton, Hose, Sandmire, Wilson; Nay: Smith) Motion Passes.

Reference the following question submitted by the Board of Directors of MCC Oceanside: Shall a low attendance and small collections be considered as failure to abide by the By-laws?

- 79H-5 MOVED that the following response be issued: No, small collections and low attendance shall not be construed to mean failure to abide by the By-laws of the UFMCC. (M-Arehart/2-Sandmire; unanimous vote)

Reference: The Board of Elders received a recommendation from the Board of Home Missions of the Southwest District that MCC Oceanside be returned to Mission status.

- 79H-6 MOVED that the Board of Elders commend the congregation of MCC Oceanside to expend their time and energy within the next 5 or 6 months to increase the life and work of their church; The Board of Elders will review their status in June as a part of a general review of all church groups. (M-Cureton/2-Hose; unanimous vote)

- 79H-7 MOVED that the local by-laws of MCC Baltimore be approved as submitted. (M-Sandmire/2-Hose; unanimous vote)

- 79H-8 MOVED that the following response be issued in response to the request for approval of the 'Financial Review Committee' operating procedures submitted by MCC of Greater Kansas City: Since the UFMCC By-laws entrust the Board of Directors with the 'charge of all matters pertaining to the Articles of Incorporation, church property, finances, and physical affairs of the local church body', it is the opinion of the Board of Elders that only the Board of Directors can adopt such a proposal as a delegation of it's own responsibility (i.e., much the same way as book-keeping tasks are often delegated by the Treasurer who retains ultimate responsibility for them). (M-Cureton/2-Arehart; unanimous vote).

79H-9 MOVED that the Board of Elders refer all inquires concerning the disagreements between the Worship Coordinator of MCC Columbus and the District Coordinator of the Great Lakes District to the District Coordinator and the Board of Home Missions of that District since they have sole responsibility for directing the establishment, life and growth of study groups and missions. Further, that the Board of Elders also admonish all persons involved to refrain from personal judgment of others and to 1) cease all accusatory statements and allegations of wrong-doing or 2) take immediate steps to initiate formal disciplinary charges. (M-Cureton/2-Arehart; unanimous vote)

79H-10 MOVED that the local by-laws for MCC St. Paul, Minnesota be approved as submitted. (M-Wilson/2-Hose; unanimous vote)

I. PROFESSIONAL MINISTERS AND WORSHIP COORDINATORS - no action taken

J. BOARDS, COMMISSIONS AND COMMITTEES

J1 BOARD OF INSTITUTIONAL MINISTRY (USA) - no action taken

J3 BOARD OF WORLD CHURCH EXTENSION

79J3-1 MOVED that the churches of the Northeast District be permitted to target their WCE February special offering for financing a trip to South America by the Rev. Jose Mojica for the purpose of studying the feasibility of and encouraging the development of churches in that area. (M-Smith/2-Sandmire; Yea: Smith; Nay: Arehart, Cureton, Hose, Sandmire, Wilson) Motion Failed.

THESE MINUTES SHALL REFLECT THAT the preceding motion was defeated with the following rationale expressed: The UFMCC has current financial obligations to existing church extension areas and ministries that depend on the availability of funds from the special February offerings. Without these funds, the work of those ministries would be jeopardized.

The Board of World Church Extension is asked to develop a systematic and planned expansion program with consideration being given to need, cost factors, availability of ministers, continued financing, national laws, general guidelines for beginning and sustaining works, etc.

79J3-2 MOVED that the Board of World Church Extension be expanded to include two members-at-large. Further that the Rev's Jose Mojica and James Sandmire be appointed to fill these positions. (M-Smith/2-Arehart; unanimous vote)

J4 BOARD OF TRUSTEES, SAMARITAN THEOLOGICAL INSTITUTE (see also 79J10-1)

Reference the following questions: STI needs a substantial offering this year to make up for low receipts in 1978, but no one is available to actively spearhead this fund raising drive. Can the Elders give us any ideas on how to push Samaritan Sunday this year? Can individual donors be identified? Current plans call for a spread in April/May IN UNITY and brochures with a more practical approach. Specific needs this year include library, scholarships, educational consultation, and clerical help.

79J4-1 MOVED that the Rev's Sandmire and Cureton be requested to assist STI in the effort. (M-Wilson/2-Arehart; unanimous vote)

Reference a statement from STI that the Rev. Jim Dykes has moved to San Francisco but has agreed to remain STI President until General Conference. They request guidance with regard to appointing a new President, additional trustees, etc.

79J4-2 MOVED that we table further decisions with regard to trustee appointments until after the consultation session that has been re-scheduled for June 1979. (M-Sandmire/2-Cureton; unanimous vote)

79J10-2 MOVED that the Board of Elders request the Commission on Faith, Fellowship and Order; the Commission on Christian Social Action; and Samaritan Theological Institute to recommend position statements on the definition and practical applications of "inclusive language". These assignments are to be considered one of the top priority items and are due no later than January 1, 1980. They may be submitted at any time prior to that date if completed. (M-Sandmire/2-Cureton; unanimous vote)

J10 Commission on Faith, Fellowship and Order

J13 COMMISSION ON CHRISTIAN SOCIAL ACTION - see 79J10-1

J14 COMMISSION ON CHRISTIAN EDUCATION - no action taken

J15 COMMISSION ON INNOVATIVE MINISTRIES - no action taken

J30 MINISTERIAL CREDENTIALS AND AFFAIRS COMMITTEE

79J30-5 MOVED that the proposed forms and procedures for requesting leaves-of-absence from the professional ministry of the UFMCC be approved as submitted with appropriate corrections in arrangement and structure. (M-Arehart/2-Wilson; unanimous vote)

79J30-6 MOVED to change Ministers' reports to quarterly, with the form to be developed by the Administrative Office staff. (M-Arehart/2-Wilson; unanimous vote)

THESE MINUTES SHALL REFLECT that the Board of Elders received a report from the MCAC including recommended guidelines with regard to access to ministers' files, handling of confidential material, etc. The Board of Elders requests the MCAC to prepare additional recommendations with particular emphasis on the definitions of confidential vs. non-confidential material, etc.

J31 BY-LAWS COMMITTEE

79J31-2 MOVED to authorize the clerk to contact the chairperson of the by-laws committee with regard to the preparation of an "election booklet" containing each proposed by-law change, a rationale, supporting and rebuttal statements, effective after 1981 Conference. (M-Cureton/2-Wilson; unanimous vote)

THESE MINUTES SHALL REFLECT THE rationale for this motion: 1) general involvement of more people in the active governmental process of our churches; 2) widespread dialogue on meaningful issues between General Conferences would be encouraged and would help lessen the attitude that General Conference is the only forum from which people can be heard; and

3) general and open discussion of issues would promote the understanding of more diverse points of view and would lessen the atmosphere of hostility and judgment that often surrounds debate, particularly if that debate is perceived to be possible once every two years.

79J31-3 MOVED that the author's names not be included on the rebuttals and that only the names of sponsoring groups be included on the supporting statements. (M-Arehart/2-Smith; Yea: Arehart, Perry, Sandmire, Smith; Nay: Cureton, Hose, Wilson) Motion passes.

J34 COMMITTEE ON CHURCH HYMNODY - no action taken

L WASHINGTON, DC FIELD OFFICE

79L-1 MOVED that the six areas of responsibility listed in the report from the Washington Field Office be approved with the understanding that the Board of Elders retains the prerogative to request specified priority assignments. The six areas are: Lobbying the U.S. Congress on gay civil rights and other human rights issues; lobbying the religious community; support for religious gay caucuses; public education; Christian Social Action in UFMCC; and counseling and constituent services. (M-Arehart/2-Smith; unanimous vote)

THESE MINUTES SHALL REFLECT THAT Elder Hose is requested to draft procedures for instituting programs, tasks, and methods that might help the UFMCC best utilize the work of the Washington Field Office and its personnel.

O COMMITTEE ON LAY CONCERNS - will be listed as J16 in future minutes
- no action taken

R PROCEDURES AND DEFINITIONS

Reference the following question: Can a church without a Pastor discipline Deacons?

79R-1 MOVED that the following response be issued: Although the specific appointment by a Pastor is required to fill the position of Deacon or Exhorter, the Board of Directors by majority vote of the full board may vote to remove from office, temporarily suspend from office, or impose for cause such lesser discipline as they may deem appropriate for an existing Deacon or Exhorter. (M-Cureton/2-Arehart; unanimous vote)

Reference the following question: What happens to Deacons or Exhorters when a Chartered Church returns to Mission Status?

79R-2 MOVED that the following response be issued to the question listed above: The Deacon or Exhorter may either move their membership to a chartered church and seek license there or they may continue to serve their local congregation with a joyful spirit but without a formal title or position of Deacon or Exhorter. (M-Cureton/2-Hose; unanimous vote)

S GENERAL CONFERENCE

Reference the following proposal from the Administrator: Rev. Cureton, "I request permission to supervise the Printing and Reproduction areas of General Conference, working through a coordinator of my choice. Unless you direct otherwise, I propose the following:

- 1) Distribution of pre-conference reports in accordance with motion 78S-3
- 2) Daily announcements and essential revision sheets only to be printed and distributed to each conference registrant
- 3) Final Reports and Directives to be printed and distributed by December 1979, a copy of which would automatically be mailed to each conference registrant.

Specific criteria would need to be met before printing during conference would be authorized. Suggestions will be provided for your review. This process could significantly improve the quality of our final reports while insuring the lowest possible cost.

I request permission for the Bookstore at General Conference to be the sole responsibility of the Publications/Church Services Department. Specific submission and consignment policies to be submitted prior to the April meeting for review and approval."

79S-2 MOVED that the requests and procedures indicated above be approved. (M-Cureton/2-Arehart; unanimous vote)

79S-3 MOVED that the Rev. Willie Smith be appointed to coordinate the Sound and Lighting Crew at General Conference. (M-Cureton/2-Arehart; unanimous vote)

79S-4 MOVED that Mr. Carl Barnwell (Washington DC) be appointed to coordinate the Music for General Conference. (M-Hose/2-Cureton; unanimous vote)

79S-5 MOVED that each Elder be given complete responsibility for devising and facilitating the worship service during which they are scheduled to preach; Elders would compare lists of chosen participants to avoid duplication (M-Arehart/2-Smith; unanimous vote)

THESE MINUTES SHALL REFELCT the rationale for the motion listed above: The Elders recognize the responsibility and joy of respecting the worship traditions of a variety of our people. Because the Elders come from such diverse backgrounds this will ensure a more varied worship program.

THE MINUTES SHALL REFLECT the receipt of the recommendation from the Mid-Atlantic District that we schedule one day of conference on which no business meeting is scheduled to allow for some rest and recuperation. The Elders will attempt to incorporate this recommendation into the schedule.

T MINISTERS' CONFERENCE - no action taken

V ECUMENICAL RELATIONS - no action taken

W ADMINISTRATION AND ORGANIZATION - no action taken

Z MISCELLANEOUS

79Z-3 MOVED that the Board of Elders approve the specialized brochure concept developed by the Rev. Paul Breton as an outreach to the Alternative Lifestyles Conference, but not approve the magazine concept based on the economic investment required. (M-Smith/2-Sandmire; unanimous vote)

79Z-4 MOVED that all Executive and Office Personnel be instructed to give only accurate and honest information regarding requests for employment recommendations and verifications. (M-Cureton/2-Arehart; unanimous vote)

Respectfully Submitted,

TO: The Rev. Carol Cureton
FROM: MCAC - Concerns Sub-Committee
RE: Confidentiality of Ministers Files

1. MINISTERS FILES:

- A. 1. Files of licensed/ordained ministers are to be separated into General and Confidential Information. Only MCAC Concerns Committee and Liaison Elder have access to Confidential files. Have a sheet attached to the files with the enclosed form to be used.
2. Confidential Files shall be available to the full MCAC when candidate is being considered for ordination
3. All ministers shall have access to their own files.
- B. Ministers files should be kept current for a three year (3) period of time.
- C. RESOLVED: Ministers reports to be on a quarterly basis with the form to be developed by the Fellowship Offices.

THE UNIVERSAL FELLOWSHIP OF METROPOLITAN COMMUNITY CHURCHES

REQUEST FOR LEAVE-OF-ABSENCE FROM THE PROFESSIONAL MINISTRY FOR ORDAINED MINISTERS

Leave of absence for one year from the professional ministry of the UFMCC may be given to Ordained Ministers for the reasons of personal renewal and development of ministry. This request form should be completed by the minister requesting leave-of-absence and forwarded to the Chairperson of the Ministerial Credentials and Affairs Committee (MCAC). While it is presumed that a leave-of-absence precludes the regular exercise of ministry, the minister continues to be identified as a minister of the UFMCC with the rights and privileges of office as defined by the By-laws. Ministers on leave-of-absence are encouraged to seek the support and nourishment of a local MCC congregation; during leave-of-absence, ministers should maintain reasonable contact with their District Coordinator.

REQUEST FOR LEAVE OF ABSENCE FROM THE PROFESSIONAL MINISTRY FOR LICENSED MINISTERS

Leave-of-absence from the professional ministry of the UFMCC may be given in lieu of Re-license for a period of one year. This request form should be completed by the minister requesting the leave-of-absence and forwarded to the District Coordinator of the District in which the minister resides. A majority vote of the DRC is required to approve the leave-of-absence. The minister may appeal negative decisions to the MCAC at their July/August meeting, in writing or in person. The request for appeal must be made in writing to the Chairperson of the MCAC at least four (4) weeks prior to the meeting or the appeal may not be considered. The decision of the MCAC is final. Once leave-of-absence is granted, the individual is not licensed to the professional ministry of the UFMCC and retains no rights or privileges of office, but is encouraged to continue seeking the support and nourishment of an MCC congregation. To apply to return to the active ministry after a leave-of-absence has been granted, the applicant should complete an Application for Re-license to the Professional Ministry, UFMCC B-007.

ARTICLE IV
MINISTRY

A. The Universal Fellowship of Metropolitan Community Churches affirms the universal priesthood of all believers. All members of the Church are called by God to minister the grace and gospel of Christ in their daily lives and in their personal growth. The Fellowship also recognizes two orders of ministry within the Church, professional and non-professional, composed of persons to whom the Fellowship has committed the exercise of certain offices and functions not appropriately exercised by any persons not called and authorized thereto by the Fellowship.

1. LICENSED MINISTERS are professional ministers within the Fellowship.

a. QUALIFICATIONS: Licensed ministers must be active members of a congregation of this Fellowship and must be persons of demonstrated spiritual mind and exemplary life, of moral integrity and sound judgement, and must possess administrative abilities and educational preparation and experience in the church as may be determined by the Fellowship's Committee on Ministerial Credentials and Affairs, ~~which~~ ^{WHICH HAVE BEEN APPROVED} approved by the General Conference, before applying for License or renewal of License.

b. REQUIREMENTS: The Ministerial Credentials and Affairs Committee, following procedures prescribed by themselves, and approved by the General Conference, shall from time to time establish minimum standards of education to be met by persons applying to be Licensed Ministers or to be renewed in that capacity. Application to become a Licensed Minister must be made to the Committee and must include profession of Christian Faith consonant with the profession(s) of this Fellowship, agreement to be bound by the Bylaws of this Fellowship while continuing as a Licensed Minister, and recommendations from credible Christians as to personal and spiritual qualifications for the office. Licensed Ministers must be renewed in that capacity bi-annually according to the procedures prescribed.

c. DUTIES: Licensed ministers are authorized to administer the Sacraments and Rites of this Fellowship and to perform all other functions of Christian ministry unless specifically limited by the Ministerial Credentials and Affairs Committee of the Fellowship at the time of granting or renewing the license.

2. ORDAINED MINISTERS are professional ministers within the Fellowship.

a. QUALIFICATIONS: Ordained ministers must be active members of a congregation of this Fellowship and must be persons of spiritual mind and exemplary life, of moral integrity and sound judgement and sound administrative abilities, which have been demonstrated in at least two years in the capacity of Licensed Minister. Ordained Ministers must show both qualifications and willingness to assume any pastoral or administrative office under this Fellowship, if called thereto, and must be recognized as having made an unreserved life-long commitment to be loyal, active professional ministers of this Fellowship.

b. REQUIREMENTS: To be considered for the Rite of Ordination and to become an Ordained Minister, an individual must have actively served as a Licensed Minister in this Fellowship for at least two consecutive years, and must submit application to the Fellowship's Committee on Ministerial Credentials and Affairs in accordance with procedures prescribed by themselves, ^{WHICH HAVE BEEN APPROVED} ~~and~~ approved by the General Conference. Such applications must always include a personal profession of Christian faith consonant with the professions(s) of faith of this Fellowship, agreement to be bound by the Bylaws of this Fellowship, and a statement of life-long commitment to the professional ministry of this Fellowship saving only the call of God to other labors. Standards of educational and work achievement to be met before being accorded status as Ordained Minister, and of continuing education to be required of all professional ministers in the Fellowship, may be established from time to time by the Committee if approved by the General Conference.

3. INACTIVE STATUS AND RETIREMENT: Ordained Ministers not engaged in a duly authorized ministry under this Fellowship for a period of twelve (12) months are not eligible to vote as Minister at a General or District Conference. After twelve (12) consecutive months of inactivity in the professional ministry of this Fellowship, an Ordained Minister must appear before the Committee on Ministerial Credentials and Affairs which may, in accordance with procedures prescribed by themselves, and approved by the General Conference, temporarily suspend or revoke the status as Ordained Minister.

Ordained Ministers and Licensed Ministers may be accorded Inactive Status ^{UPON PETITION OF THE MINISTER,} when for reasons of ill health, or other compelling reasons, ~~upon petition of the Minister,~~ that is ~~deemed~~ ~~deemed~~ appropriate by the Committee. It is always appropriate to grant Inactive Status in response to a Minister's petition unless disciplinary action has been initiated.

Ordained Ministers and Licensed Ministers may petition the Committee on Ministerial Credentials and Affairs and be granted the status of Honorably Retired Minister after an appropriate number of years of service or upon attainment of sixty-five (65) years of age. Ordained Ministers and Licensed Ministers not engaged in a duly authorized ministry under this Fellowship for a period of twelve (12) months may be granted the status of Honorably Retired Minister after an appropriate number of years of service or upon attainment of sixty-five (65) years of age. Honorably Retired Ministers shall have the right to speak, but not to vote at General and District Conferences.

4. DISCIPLINE: The Universal Fellowship of Metropolitan

Community Churches reserves to itself the discipline of its Ordained and Licensed Ministers and cannot condone disloyalty or unbecoming conduct on the part of its ministers. Therefore the Fellowship makes the following provisions for discipline and removal of professional ministers:

- a. Initiation of disciplinary action, including removal, must be by a formal statement of charges by a majority vote of a congregation affected, by a majority vote of a District Conference or by two Ordained Ministers of this Fellowship acting upon facts known to them personally. Such charges must be presented in writing to the minister

concerned, to the Board of Elders, and to the Committee on Ministerial Credentials and Affairs and may be presented to other members of this Fellowship directly affected. Such a statement of charges is confidential and not otherwise to be published or publically discussed. At the time the statment of charges is presented to the minister, s/he immediately goes on inactive status but retains any office and continues to be fully compensated, if compensated, until final disposition of the charges is made.

b. Immediately upon receipt of the statement of charges the

Board of Elders and the Committee shall confer upon the matter, and if the charges are by them then found to be frivolous or insupportable as drawn, they may dismiss the charges. The Board of Elders and the Committee shall appoint representatives to investigate the charges as promptly and as completely as possible, and those representatives shall recommend or not recommend a hearing within the next thirty days or at the next General Conference, whichever shall occur first. All parties and persons affected shall have the right to be heard at that hearing, and may elect to be represented and assisted by an Ordained Minister of the Fellowship.

c. At the conclusion of the hearing, the Committee shall

rule on each of the charges preferred, and based upon its finding the Committee shall rule by majority vote of its full membership either to reaffirm the credentials and status of the minister, or to remove those credentials and that status, or to impose lesser discipline as seems appropriate to the Committee. All such decisions of the Committee may be appealed in writing to the Board of Elders within the next thirty (30) days, and the decision of the Board of Elders when rendered shall be final either to confirm the discipline of the Committee or to set it aside.

B. MINISTERS FROM OTHER DENOMINATIONS: It is the policy of

The Universal Fellowship of Metropolitan Community Churches in accepting ministers from other Christian denominations to receive them as Licensed Ministers. In accordance with procedures prescribed by the Committee on Ministerial Credentials and Affairs, and approved by the General Conference, the Committee

shall accept, consider and act upon the application of ministers from other denominations as they would applications from within the Fellowship to become or to remain a Licensed Minister.

C. PREPARATION FOR THE PROFESSIONAL MINISTRY:

1. MINISTERIAL STUDENTS:

a. QUALIFICATIONS: Before being appointed a Ministerial Student an individual must be a member of a congregation in this Fellowship and must have demonstrated a spiritual disposition, willingness and ability to work well with others, loyalty to the Fellowship and its agents and agencies and must show promise of ability to do the study and work of a minister in this Fellowship. Such an individual, having indicated to the District Coordinator a sensed and accepted call from God, must be nominated by that District Coordinator to the District ~~Review~~ ^{PROFESSIONAL} ~~MINISTERS~~ ^{MINISTERS}. ~~Committee of the District~~ The ~~D.P.M.~~ ^{DISTRICT PROFESSIONAL MINISTERS} shall discuss the matter with the individual, the individual's pastor or worship coordinator, and with any other persons, shall review supporting documents of education, religious experience and church activity, and reference from credible Christian persons, and at a subsequent meeting of the ~~same Committee~~ shall vote to confirm the individual's appointment, or not confirm that appointment, for a one year term.

b. DUTIES: The chief duty of a Ministerial Student shall be to prepare for the Christian ministry under the guidance of the District Coordinator and the District ~~PROFESSIONAL MINISTERS~~ ^{PROFESSIONAL MINISTERS}. ~~Review Committee~~. As part of that preparation, and in addition to it, a Ministerial Student may be assigned to work under the direct personal supervision of a Pastor of a Chartered Church, the Interim Pastor of a Mission or a Licensed or Ordained Minister who is Worship Coordinator of a Study Group in planning and conducting group activity, preaching, counseling, and in doing the administrative work in the congregation. With the consent of the ~~D.P.M.~~ it is appropriate for the District ^{DISTRICT PROFESSIONAL MINISTERS}.

(6)

Coordinator to appoint a Ministerial Student to serve as Worship Coordinator of a Feasibility Study or Study Group; but in such cases it shall be clearly understood and accepted by all concerned that the Ministerial Student's primary duty and responsibility continues to be to prepare for the professional ministry of the Fellowship. The duties may, if necessary and circumstances dictate, include administering the rites and sacraments under the authorization and under the direction of the supervising minister.

c. No person shall serve as a Ministerial Student more than four ^{CONSECUTIVE} ~~years altogether~~ and after that time must apply to the District Review Committee to be received as a Ministerial Intern.

2. MINISTERIAL INTERNS are persons preparing for the professional ministry of the Fellowship who have completed the greater part of the required academic study and who have had substantial practical experience as Ministerial Student.

a. QUALIFICATIONS: Before applying to the District

Review Committee for the status of Ministerial Intern, a person must be a member of a congregation in this Fellowship and have served at least ^{ONE} ~~one~~ year as Ministerial Student. Upon making such application, the Ministerial Student must present satisfactory evidence of having completed successfully academic and practical work to such an extent that the balance required can be completed in one year. That evidence shall consist of transcripts and of letters of recommendation from the supervising minister and credible Christians, as well as other recommendations, references and documentation. The District Review Committee shall vote whether or not to confer the status of Ministerial Intern for a term of one year, and shall do so only after having worked out with the individuals and church bodies affected a plan of work for that year. A District Review Committee may renew a person's appointment as a Ministerial Intern for a second one year term only if events beyond the person's control and expectation prevented completion of that work assignment...

(7)

b. DUTIES: Ministerial interns shall serve in a local congregation in the district in which they hold standing. Their precise duties shall be assigned by the pastor or worship coordinator of the congregation in which they are interning. Ordinarily these duties shall include some experience in each of the following areas: preaching, leading worship, counseling, administration, teaching, evangelism and social action. The intern's work shall be guided and evaluated by the pastor or worship coordinator. The administration of the rites and sacraments of the church may be done only under the authorization and direction of the supervising minister.

A Ministerial Intern may be assigned by the District Coordinator to serve as worship coordinator of a study group, provided that the District Coordinator serves as supervisor of the intern. A Ministerial Intern may be appointed, with the permission of the District Coordinator, by the Board of Directors of a Church or selected by a Mission, to serve as Worship Coordinator of that congregation, provided that the District Coordinator serves as supervisor of the intern. A Ministerial Intern may not serve as Pastor, Assistant Pastor, Associate Pastor or Interim Pastor of a congregation.

c. DISCIPLINE: The discipline of Ministerial Students or Ministerial Interns shall lie first in the hands of the supervising minister under whom they are working. In the event of apparent unbecoming conduct, disloyalty, or dereliction of duty the District Coordinator will reaffirm or remove status, or take other action as she or he deems appropriate. The District Coordinator may allow an intern to serve in another congregation. Any such disciplinary action by the District Coordinator is subject to approval by the District Review Committee at its next meeting.

D. NON-PROFESSIONAL MINISTERS: The Universal Fellowship of Metropolitan Community Churches recognizes two offices within the order of non-professional ministers, Deacons and Exhorters-Evangelists.

1. DEACONS are an historic office of service within the jurisdiction of the local congregation whose qualifications are indicated in I Timothy 3: 8-14. It is not appropriate that Deacons serve on the Board of Directors of a local church or in other administrative offices of the Church. A Deacon may not serve as pastor, interim pastor or associate or assistant pastor. ~~Now may Deacons be appointed Worship Coordinator of a study group or mission.~~

a. QUALIFICATIONS: Prior to being appointed and set apart by prayer, a Deacon must be a member in good standing of a local congregation of this Fellowship, and must be a person of spiritual and personal maturity, of exemplary life, of sound judgement, and of proven dedication to God in the Church. Appropriate training for Deacons, before and after appointment, shall be the responsibility of the Pastor of a Chartered Church, the Interim Pastor of a Mission or the Licensed or Ordained Minister who is the Worship Coordinator of a Study Group. Persons are nominated to become Deacons by the minister, as above, and approved by a majority of the full Board of Directors or the officers acting in Lieu of a Board of Directors, as the case may be, and set apart or installed in office by prayer, for a term of three (3) years, until the congregational status shall change, until a new Pastor or Worship Coordinator may be elected or appointed, whichever shall come first. Deacons may be appointed and approved in the same way to serve further terms in office.

b. DUTIES: Under the direct, personal supervision of the pastor or worship coordinator, Deacons shall perform a spiritual ministry to those in need, to the sick, the friendless, and any in distress.

As directed to do so by the pastor or worship coordinator and Board or Officers serving in Lieu of a Board they may administer material aid from and in behalf of the church. It is appropriate that Deacons assist their Pastors or Worship Coordinators in the conduct of public and private worship when called upon to do so. The duties may, if necessary and circumstances dictate, include administering the rites and sacraments under the authorization and under the direction of their pastor.

c. DISCIPLINE of Deacons is to be exercised by the Pastor or Worship Coordinator, together with a majority of the full Board of Directors or Officers serving in Lieu of a Board of Directors of the congregation in which the Deacon is a member. For cause the Pastor or Worship Coordinator may suspend a Deacon from the exercise of a Deacon's ministry for a period of not more than thirty (30) days, and must report that suspension and the reasons for it to the Board or the Officers serving in Lieu of a Board of Directors. The Pastor or Worship Coordinator, together with a majority of the full Board, or Officers serving in Lieu of a Board may remove a Deacon from office for disloyalty, unbecoming conduct, or dereliction of duty, and may for cause impose lesser discipline. There is no appeal from disciplinary decisions of the above process.

2. EXHORTER-EVANGELISTS are a special office of lay service within the jurisdiction of the district, under the supervision of the District Coordinator and the District Review Committee, which supervision, or parts of it, may be delegated to a local church.

a. QUALIFICATIONS: ~~EX~~ORTER-EVANGELISTS are persons who feel called to a non-professional ministry of the Word and must meet the same qualifications in I Timothy 3: 8-14 as Deacons. Their purpose is to provide outreach both within a local congregation and to areas not served by a local MCC. Considering the responsibilities and duties of an Exhorter-Evangelist, ~~IT~~ is desirable that they not serve on the Board of Directors or in other church offices.

b. REQUIREMENTS: Exhorter-Evangelists shall have been members of an MCC within the District for six months to one year, unless they are called by the District or a local body from an MCC outside that District. Initial recommendation, evaluation and training as deemed necessary shall come from a Local Pastor or Worship Coordinator and Board of Directors or Officers serving in Lieu of a Board of Directors. They shall be members in good standing in their local congregation, and be persons of spiritual mind, exemplary lives, joyful outlook, sound judgement, and of proven dedicated service with a gift of the ministry of the Word. The District Coordinator shall make the initial appointment, subject to the approval of the District Review Committee and shall review the appointment annually with the Exhorter-Evangelist and the District Review Committee.

Exhorter-

c. DUTIES: Evangelists may be called to the prison ministry, institutional ministry, innovative ministries to new works in areas not yet served by MCC or to Churches, Mission or Study Groups where a need exists and the appointment is otherwise legal.

The duties may, if necessary and circumstances dictate, include administration of the rites and sacraments of the church under the authority and direction of the supervising minister.

Since the office of Exhorter-Evangelist is not a preparation for any other form of ministry the duties do not include study for the professional ministry of the church but may include study to enable a more effective ~~NON-PROFESSIONAL~~ lay-ministry.

d. DISCIPLINE: The discipline of Exhorter-Evangelists shall first lie in the hands of the supervising minister under whom they are working. In the event of apparent unbecoming conduct, disloyalty, or dereliction of duty the District Coordinator will reaffirm or remove status, or take other action as she or he deems appropriate. The District Coordinator may allow an Exhorter-Evangelist to serve in some other assignment. Any such disciplinary action by the District Coordinator is subject to approval

by the District Review Committee at its next meeting.

3. APPROVAL OR APPEAL:

a. Any specific matters of congregational approval or appeal of a Deacon not contained herein are left to local ~~church~~ ^{CONGREGATIONAL} option.

b. Any specific matters of approval or appeal of an Exhorter-Evangelist not contained herein are left to local District option.

REPORT OF SAMARITAN THEOLOGICAL INSTITUTE

TO THE 1979 GENERAL CONFERENCE

LOS ANGELES, CALIFORNIA

ACADEMIC REPORT

In the past two academic years STI has expanded and strengthened its various educational programs. As the officially recognized educational institution of the UFMCC, STI has attempted to provide educational resources for laypeople, ministerial students, and clergy. To accomplish this, STI maintains both resident and extension programs. As of May 1, 1979, there were officially enrolled in STI 16 resident students and 47 extension students. In addition, several hundred persons have audited Samaritan courses and seminars. A description of the academic offerings follows.

COURSES IN RESIDENCE. At the Institute's facilities in Los Angeles, evening classes are held in 11-week quarters (Fall, Winter and Spring). In any given quarter four to six courses are offered. These upper-college-level courses may be audited by anyone or taken for credit by officially enrolled students. The 60-credit program of courses leads to a Bachelor of Theology degree. One person graduated in 1978 and three in 1979. Several students have come to STI for a year or so to supplement their ministerial preparation. The 1978 - 1979 student body came from Indiana, Ohio, Colorado, and Alaska, as well as California. These students from out-of-state have really broadened the sharing atmosphere of classes.

INTENSIVE SUMMER COURSES. In the past two years five intensive summer courses have been held. These are full courses packed into one or two weeks. In June, 1978 "The Johannine Gospel" was offered at a private camp in Southern California. In May-June, 1979 "Sexuality and the Scriptures: Male and Female" was offered both in St. Paul, Minnesota and in Los Angeles. In addition two intensive courses were offered in Los Angeles just prior to this General Conference (August, 1979): "Prison Ministry" and "Sexuality-Related Counseling."

SEMINARS. Over the last two years fifteen different Samaritan Seminars have been presented 31 times at District Conferences, Ministerial Conferences, local congregations, and STI. The following seminars were presented the number of times indicated:

- 1) "Death and Dying: A Theological-Medical Dialogue" (Dykes and Dykes)-3-
- 2) "Dynamics of Same-Sex Relationships" (Dykes) -1-
- 3) "The Future Structure of the UFMCC" (Smithson and Farrell) -1-
- 4) "Gay People and the Law" (Smithson) -2-
- 5) "Holy Communion: A Biblical/Theological/Practical Study" (Pulling) -1-
- 6) "Homosexuality and the Bible: A Historical-Critical View" (Pulling) -2-
- 7) "Homosexuality and the Bible: An Evangelical View" (Arthur) -2-
- 8) "Inclusive Language: Why and How?" (Pulling) -3-
- 9) "Inside the UFMCC Bylaws" (Mickley) -3-
- 10) "Leading More Effective Worship" (Anderson and Pulling) -2-
- 11) "MCC and the Church Universal: Ecumenical Relations" (Wilson) -3-
- 12) "Operation Resurrection: A Model for Local Church Renewal" (Wilson) -3-
- 13) "Oppression: What Is It? How Do We Handle It?" (Wilson and Tracy) -1-
- 14) "S.O.S.: Speaking On Sexuality" (Wheeler and Umbertino) -3-
- 15) "Writing to Communicate" (Pulling) -1-

CORRESPONDENCE COURSES. Two new correspondence courses have been added: "UFMCC Polity" and "Sexuality and Scriptures: Homosexuality". These are in addition to the three existing courses: "Introduction to the Bible", "The Life and Teaching of Jesus", and "God". The Polity course will be revised after this General Conference to reflect any Bylaws revisions, changes in commissions, etc. More courses are being planned and worked on.

These correspondence courses are available to everyone in the Fellowship, and over 230 persons have enrolled in them. Anyone may take these college-level courses, and they can be applied as academic credit toward licensure in the UFMCC as a professional minister whether or not the student is officially enrolled in STI.

BOOKSTORE. The STI Bookstore has greatly increased its stock, not only of textbooks, but other interesting books, pamphlets, and essays. Several congregations and individuals have placed orders at the bookstore. A List is available upon request.

LIBRARY. The Institute maintains a library of over 3000 volumes, of which about two-thirds are catalogued. Also several periodicals are received. There is a great need for funding a librarian to finish the cataloguing, and to develop a periodicals section and a Christian education resource center. Anyone may use the library to read and research on the premises. Lending privileges are extended to STI students and faculty.

PROFICIENCY EXAMINATIONS. The Ministerial Credentials and Affairs Committee requested that STI faculty assist in drawing up the exams, that a faculty committee of four read the exams, and that the Dean's Office administer the exams at sixteen testing sites in the U.S. and Canada. All this was done. It should be noted that the proficiency exams are not "STI" exams. The exams were given their final form and approval by the MCAC Subcommittee on Standards after input was received from STI faculty. The Dean attended the January meeting of this committee in St. Louis as a consultant.

EXCEL. As part of its lay educational outreach, STI sponsors EXCEL, which is a lay program for Christian renewal within the UFMCC. The EXCEL Team is a group of trained laypersons and clergy who put on an intensive weekend experience called Exercise in Christian Community Living. The Exercise weekends teach what is fundamental to being a Christian and they send participants back to renew their local congregations. Since 1976 eleven Exercise weekends have been held in the Los Angeles area with about three hundred people attending.

TRUSTEES REPORT

FACILITIES. In August-September, 1978 STI moved from downtown Los Angeles to Hollywood. These new facilities are located in a first-floor suite of an office building. The UFMCC administrative and executive offices are in the same building on the third floor. STI's three-room suite includes classroom, Dean's office, and combination library-study-lounge.

FACULTY. The resident faculty is losing the Rev. James Sandmire and the Rev. Jim Dykes, both of whom will be extension faculty in San Francisco. Additions to the resident faculty include Stanley Conrad (counselor, Ph.D. in progress), the Rev. Nancy Wilson (UFMCC elder and pastor), Paula Schoenwether (professional teacher of journalism, composition, and speech), and the Rev. John Barbone (UFMCC pastor). There are several faculty applications pending.

STAFF. Due to his move to San Francisco, the Rev. Jim Dykes has resigned as President effective this General Conference. STI is grateful for his two years of service at a crucial time in the Institute's growth. The Dean, the Rev. Jeffrey

-continued-

D. Pulling, has been the only full-time staff person, and therefore has functioned as registrar-secretary as well as Dean and instructor. Full-time clerical help is desperately needed, and has been proposed for the 1979-1980 budget.

STATE STATUS AND GRANTING OF DEGREES. In November, 1978 STI was recognized by the State of California, Department of Education, as a religious educational institution operating under the exemption of California Education Code, Section 94303(b). This entitles STI to confer "exempted" degrees upon its graduates. The basic STI degree is a Bachelor of Theology (Th.B.) and signifies completion of 120 credits (60 prior college credits and 60 STI credits). This granting of Bachelor's degrees does not mean that STI is authorized, approved, or accredited by the state or any regional accrediting body. The Institute does not, at present, have the assets or the full-time faculty and staff to qualify for any other state status. STI credits and degrees are recognized only within the UFMCC.

EDUCATIONAL CONSULTATION. The STI Trustees and faculty are presently seeking the assistance of some professional educational consultants in making long-term plans for the Institute. Areas under investigation include realistic growth with present and future financing, feasibility of state approval and regional accrediting, balancing the resident and extension programs, and serving the educational needs of UFMCC clergy, ministerial students, and laypeople.

Respectfully submitted to this 1979 General Conference,

The Rev. Jeffrey D. Pulling, Dean
for the STI Board of Trustees (1977-1979)

The Rev. Jim Dykes, President
The Rev. L. Robert Arthur, Secretary
The Rev. Jeffrey D. Pulling, Treasurer
The Rev. James E. Sandmire

Universal Fellowship of Metropolitan Community Churches — Washington Field Office

WASHINGTON FIELD OFFICE REPORT 1979 General Conference

In the two years since the last General Conference, (August, 1977 through August, 1979) the Washington Field Office of the Universal Fellowship of Metropolitan Community Churches has matured and grown. We have become a true service to the Universal Fellowship and the community at large and more than just a new toy. We continue to strive to do the work of the Lord as the Fellowship sees and mandates it.

Immediately after General Conference in Denver in 1977, the Church Relations Director, the Rev. Roy Birchard, left the Washington Office to begin a new UFMCC congregation in Norfolk, Virginia. The Social Action Director was authorized to hire support staff as the second staff position had to undertake the responsibilities of both co-directors.

That, along with the difficulty in finding capable, qualified and dedicated staff willing to work long hours for little pay, increased the Director's work load tremendously. For long periods during the last two years, the Washington Field Office functioned with only one full-time, paid staff person, the Social Action Director.

However, the publication of the office newsletter, special pamphlets, and resources continued, along with fund raising, speaking tours, lobbying, ecumenical relations, and other activities of the office.

With the hiring of Steve Endean as Executive Director of the Gay Rights National Lobby at the end of 1978, the Washington Field Office of UFMCC was able to lay down the primary responsibility for lobbying the U.S. Congress on Gay rights issues. When this office was created in 1975 one of its mandates from the Fellowship was to lobby the U.S. Congress for the passage of Gay civil rights legislation. Though this was only one of its tasks, it became a very important -- and visible -- one since no other organization had full-time, professional staff in Washington lobbying Congress for Gay rights. We took a leadership role and maintained it for three years.

With GRNL now in a position to take over the leadership role in the area of lobbying Congress for Gay rights, we can begin to take a more reasonable

Washington Field Office Report

General Conference, 1979

page two

role in the task. UFMCC has not stopped educating Congress from our position of Christian faith, and the Gay Rights National Lobby has made it clear that it wants our assistance and support. We will continue to be a part of the decision making process and the educational effort in Congress. What we can do, however, is concentrate on the work with Congress that we can do uniquely well. For instance, we may be able to reach certain Members of Congress better because there is an MCC congregation in his or her Congressional District. We are in a position to address religious and moral questions about homosexuality and human rights with more authority than a secular group can. We provide a pastoral ministry to Members of Congress and their staffs, using not only Washington Office staff, but also ministers, exhorters and lay people from Washington and around the nation.

We provide information to Congressional staff people about the broad issue of Gay rights and the narrower (but very important) issue of religion and human sexuality. We are able to mobilize other religious educational offices here in Washington on Gay rights legislation. We are able to utilize our considerable constituency to mobilize support for Gay rights and related issues, and inform Members of Congress through them about our position in this true form of Christian witness.

We have come to be trusted by many Congresspeople and their staffs. One Member of the House of Representatives asked for our assistance when he got opposition from campaign supporters for his co-sponsorship of the Gay rights bill. Another Congressional office called us for help in drafting a response to a letter from the Catholic Archdiocese critical of the Congressperson's support of Gay rights. A third Member of Congress approached this office for counseling about a personal problem.

But there are five other major functions which are a part of the Christian witness of the Washington Field Office in addition to educating Congress. Because of our unique situation as a Fellowship of Christian congregations, our location in the United Methodist Building, and our membership and involvement in a number of ecumenical organizations and activities, the Washington Office is able to be very effective in lobbying the churches.

Our activities in this regard are extensive. The Washington Office has for years been a member of the Washington Inter-religious Staff Council (WISC), an organization of staff people from virtually all of the religious offices in Washington that work in public policy and advocacy areas. WISC meets on a regular basis and includes people from the Washington social action offices of all the mainline denominations, as well as Quakers, Mennonites, Brethren, Unitarians, Evangelicals, Jews and many other faith groups which are represented through their Washington offices.

UFMCC's Washington Office is very active in WISC's task force on civil liberties and civil rights, and through our efforts that task force has included gay rights as a priority issue. We are also involved in the task force on public policy issues affecting women and the Director is a member of the IMPACT Publications Committee. (IMPACT is an inter-religious constituency information and educational effort.) Additionally, the Director attends meetings of the heads of WISC offices each month.

In addition to the meetings and organizational contacts the Washington Office is involved on a virtually daily basis with staff people from other religious offices. Groups use our addressograph system and frequently consult our library. We get frequent requests for information and counseling from other church offices. We have assisted in the preparation of national church studies on human sexuality for the United Church of Christ, the United Presbyterian Church, the United Methodist Church, and the Disciples of Christ, and we have presented a testimony to a number of denominational bodies on Gay rights. Much of the work, however, is done by simple daily contact with us as Christians who are Gay, who work, worship and pray together as a part of the community of faith. The educational value of this contact for national staff people from other denominations is tremendous.

When Joan Clark was fired from her job on the Dallas staff of the Women's Division, Board of Global Ministries, United Methodist Church because she came out as a lesbian, Women's Division staff people based in Washington came to our office for prayer, tears and support. When a national staff person from another denomination (which must remain unnamed) was killed in the tragic Cinema Follies fire in Washington, his colleagues came to your Washington Office seeking to understand his life and death and were met with prayer, support and understanding.

A third aspect of our work has been contact with the Gay caucuses of the same denominations with whom we are in touch professionally in Washington. We enjoy good relations with Dignity, Affirmation (United Methodists), and other gay caucuses. Recently Integrity National renewed its relationship with the UFMCC Washington Field Office, arranging for us to represent Integrity in the U.S. Congress, just as we represent UFMCC.

We have provided materials, resources, and information to most of these groups, and the Director has spoken to many different meetings and conferences as well. The May, 1979 Strategy Conference on Homophobia in the Churches was a major project of the Washington Office and UFMCC was a sponsor of the conference, which worked to build ecumenical relations and the strategies to fight homophobia in the churches.

The Washington Office's newsletter, A New Day, now provides information on activities in religious Gay caucuses and groups around the country. Our ecumenical support and witness to the Gay caucuses continues to grow in strength and importance.

Fourthly, the Washington Office has produced a great deal of educational materials and resources which is used by not only UFMCC people, but also by members of Gay religious groups, secular Gay organizations, Members of Congress and their staffs, and non-Gay people and organizations, both religious and secular. This public education program of the Washington Office also includes the extensive travels of the Social Action Director, speaking at Gay and non-Gay conferences, meetings and rallies, appearing on radio and television, being interviewed by the press, and leading workshops and planning strategy sessions all over the country.

While these materials have been a part of the work of the office in its other five areas of concern, public education must remain an important part of this office's concern. We have been able to put together a very inexpensive typesetting and printing combination in Washington which is competitive with any other arrangement in the country and we are thus able to produce materials inexpensively.

General Conference, 1979

page four

A fifth area in which the Washington Field Office has been active is Christian social action. The Director of the Office happens to now be the chair of the Fellowship Commission on Christian Social Action, and in fact much of the work of the Washington Office comes under the category of Christian social action. While the report of the Commission will go into more detail of the successes, failures and frustrations of the Christian social action work in the Fellowship, the Washington Office has consistently been a support, a resource and a guide for SCA work throughout the Fellowship.

It is our hope that the Fellowship will clarify the mandate of Christian social action and give more guidance to the Washington Office as to its role in this very important Christian witness.

Lastly, the Washington Field Office of UFMCC is deeply involved in what we call "constituent services," taking a phrase from Congressional staff offices. Constituent services include counseling politicians, Congressional staff people and people working in religious offices and around Washington generally. Much of this we try to refer to more appropriate agencies and people, but when a state representative travels all the way from his home in the mid-west to come out to you, as one did in 1978, you do not just refer him down the street.

The counseling involves troubled people of all kinds, people in the military, people in government service, people in the professions, people in the clergy or working for a church. Our constituent services involve routine things like referring someone to a Gay lawyer, and tracking a Gay group's grant applications to the Department of Health, Education and Welfare or the National Science Foundation. It involves getting Members of Congress to intercede with the Justice Department or a specific warden on a prison case (done in cooperation with the Board of Institutional Ministry), or helping get a UFMCC minister into the U.S. by interceding with the Immigration and Naturalization Service.

In short, constituent services is being a buffer between people in need of assistance and all branches of the Federal Government. Part of the job is knowing who to go to for help and information. Part of the job is patience, perseverance and hard work. But the job is important and has been of value to UFMCC.

In addition to the things mentioned above, your Washington Field Office is deeply involved in many little things that you may not be aware of. Naturally, there is the every-day administrative work in the office, necessary to keep it operating smoothly and efficiently. Opening mail, answering letters, filling orders, recording and banking money, processing subscriptions, keeping the mailing list up to date, filing, keeping financial records, maintaining the library, ordering supplies, and on and on and on.

Governmental interaction is often time-consuming and important and has included helping with the National Gay Task Force's White House Conference, assisting at Fellowship meetings with the Justice Department, working with people at Immigration, HEW, Internal Revenue, U.S. Civil Rights Commission, and so forth. Assisting the Rev. Bob Arthur and the Board of Institutional Ministry both in Congress and the Executive branch, is a job which could easily be expanded into a full time staff position. And much more.

We assisted our California sisters and brothers in fighting the Briggs Initiative, gathering support statements from Members of Congress. We are called for countless interviews by the national and regional press. We dispense a great deal of information to an incredible number and variety of people and agencies, both secular and religious, governmental and private.

The travel of the Director has been successful in helping provide information and resources to a wide variety of groups around the country. The benefits of having the Director travel are many: MCC congregations get to hear more about what their Fellowship is doing for them, other Gay and non-Gay groups identify the Director with the UFMCC and learn more about our Christian outreach, the media coverage usually available helps the local MCC's and the Gay community, and tools, ideas, resources, and strategies from around the country are shared and spread.

Budget and Finances

The full budget for the Washington Field Office will be presented in the treasurer's report, but it is important to stress two things here:

1.) Until just this summer the Universal Fellowship of Metropolitan Community Churches had only provided three items for the Washington Field Office: salaries, office rent and telephone. This summer, additional money was made available to assist the office in paying expenses for increased publication and other expenses.

2.) The Washington Field Office has raised 30% of its expenditures outside of the Fellowship General Fund, some of it from UFMCC Districts, congregations and individuals, some of it from outside the UFMCC. The Washington Office has raised its entire printing, postage, supplies, and xeroxing budget, up until this summer, when UFMCC assisted in some of these expenses. This was not a result of denial by the Fellowship or the Treasurer, but rather a conscious effort on the part of the office to maintain its history of bringing funds into the Fellowship.

It would be wonderful to not have to worry about obtaining outside funding, but realistically we know that we will always need to augment what the Fellowship can provide us with some outside funding resources.

Often office machines have been "down," or as we lay people say, broken, and they have remained that way until money was raised to have them fixed. Sometimes we ran out of postage and had to wait until money came in to buy more. We have spent some time on funding appeals, both to MCC congregations and districts and outside of UFMCC, and to fund raisers, in order to survive as an office and to fulfill the mandate given us by the Fellowship.

The Director's travel expenses have had to be paid for solely by the groups inviting him to speak. Often local MCC congregations or Gay organizations which want him can not afford the full expense of bringing him to their area for just one event, so they add other events and even cities onto his itinerary in order to share the cost. The Director never insists on an honorarium

from an MCC, but they will sometimes give him a love offering, and he does not insist on an honorarium if the non-MCC group cannot afford it. All that is required is transportation, room and board. In the past two years, the Director has begun limiting trips to no longer than two weeks in duration.

Conclusion: Threats, Goals and New Horizons

By now most of you have read A New Day (the newsletter of the Washington Field Office, formerly called Gays on the Hill) concerning the Christian Voice and the threat of the Christian right wing to much of what we stand for. While we agree on much theologically, they often twist the loving Good News of salvation for all that we find in the Scriptures into an oppressive political dogma that threatens human liberties and dignity everywhere.

Your Washington Field Office is central to the conflict against people like John Briggs, Anita Bryant, and the Christian Voice. We are providing a loving Christian witness of God's abiding love for all of God's creation in the nation's capitol. We hope to continue that witness.

Our goal is to continue the work the Fellowship has already laid out for us, as demonstrated in the six main focuses of the Washington Field Office outlined earlier. We hope to work in conjunction with the Board of Elders and the rest of the Universal Fellowship to develop the best utilization of the Washington Field Office for the glory of God and the furtherance of the ministry and evangelical outreach of this Fellowship.

The voice of God's people is heard on Capitol Hill. The voice of your Fellowship is heard in the nation's capitol. We hope to be able to continue our work and our ministry.

Respectfully submitted,

R. Adam DeBaugh, Social Action Director, Washington Field Office UFMCC

The Rev. ~~Jerry~~ Ann Harvey

Pastor

Dear Brothers and Sisters in Christ:

As the time draws near to our General Conference, I feel that I need to bring you up to date on some of the things that are happening in California.

We are, of course, going through an extreme gasoline crisis at this time. For those of you who are planning to drive to the Los Angeles area, I must warn you that the gasoline prices for unleaded fuel and ethel is now \$1.00 a gallon and it is anticipated that it may go as high as \$1.25 to \$1.50 a gallon by the end of summer. Gasoline is impossible to purchase on Weekends and is particularly difficult to purchase in the Los Angeles area and those surrounding suburbs. Due to this gasoline shortage and problem, our ability to pick up people who are arriving via the AMTRAC and air is an impossibility.

Therefore, you will find enclosed with this letter all the information that you will need for you to be able to find transportation via airport limousine service from the airport to the Biltmore Hotel and the same facilities will be available from the AMTRAC station to the Biltmore Hotel. For those of you who are traveling in large groups, if you should want to combine four or five of you in one taxi to come into the area the cost would be approximately \$20.00 to \$25.00 to divide between those of you taking advantage of this situation.

The limo service is an excellent one and should provide good transportation for you. This service is available all day and all night from Los Angeles International Airport. The airport in Los Angeles, unfortunately, is not housed in one building, but is housed in approximately 20 different buildings, therefore, it will be impossible for us to have a centrally located information booth where you might be able to locate us and receive any further information. It is our recommendation to you that, upon your arrival in Los Angeles, you promptly seek your transportation to the Biltmore Hotel where you can get registered for both Conference and hotel and go directly to your rooms to get unpacked and become comfortable. We are encouraging all who can possibly come in on Saturday night to participate with us in our Sunday morning worship service and Sunday evening service, which are going to be very spirit-filled and directed. We encourage you all to be with us for these services.

You will also find included in this letter all information that you would need for your people who will be coming and who will not be restricted by being Delegates, Alternate Delegates and Ministers to having to attend the business meetings. These people will, therefore, be able to take several of the tours that are available in the Los Angeles area, such as Disneyland, Knott's Berry Farm, and Universal Studio tours. These are the three areas of maximum entertainment in the Los Angeles area and tours are available.

We discourage people from taking the so-called tours of the Stars' homes, primarily because all you will be able to see are very high hedges and iron gates and virtually nothing else. So, we feel quite frankly this is a rip-off tour for anyone coming into Los Angeles. However, we will include that information for you also if you still wish to take this tour.

Upon your arrival in Los Angeles and at the Biltmore Hotel, we will have prepared for you packets of information regarding all these tours and also our transit companies' schedules, which will show you how you can get about in all of Los Angeles. A list of all gay bars and businesses, both for gay men and lesbians, will be provided for those who wish to do their missionary work after the evening services of the General Conference.

If there are any other needs which come to your mind or any questions that you have, please feel free to contact us as soon as possible so that we might get that information back to you prior to your arrival in Los Angeles. Some registration for the Conference will take place at the Los Angeles church downtown at 1050 S. Hill during Saturday, August 11 and on Sunday, August 12.

We are getting very excited about the prospect of being able to see and share with so many of you this year and we know that we can make this the most spirit-filled Conference we have had, if we will all come with that positive attitude. We encourage you to pack a great deal of love so that you will have it to share with us all when you arrive.

Looking forward to sharing Jesus Christ with you.

Because He Lives,

The Rev. Jeri Ann Harvey

CHILD -- CARE

We recognize that there will probably be those wishing to bring their children to General Conference. With this in mind, we have arranged for a child-care room at the Biltmore during Conference.

If you are bringing your child or children, and would like to make use of this facility, please make arrangements at the Information/Registration booth at General Conference.

We are attempting to set up a cooperative child care group which will take turns spending a few hours caring for the children in the child-care room. If you are bringing children, or if you would like to volunteer your time in this way, please contact the Information/Registration personnel at the Conference.

Your help is needed and appreciated.

Sincerely,

Ms. Pam Pendleton
MCC-LA Conference Coordinator

ATTENTION, INTERPRETERS!

The UFMCC General Conference offers you a chance to share with your brothers and sisters who are deaf or hearing impaired. We are urging a large number of interpreters to participate in our volunteer program for General Conference IX so that we can share the many exciting workshops and worship services that are planned for our week long celebration.

If you plan to attend conference, please plan to stop by the registration desk and let me know you are here. We will have an organizational meeting to coordinate our staff on Monday, August 13, 11:00 A.M., after the opening service.

Later in the week, Wednesday at 2:00 P.M., we will present a workshop concerning interpreters' services in local congregations.

God Bless,

Robert Gibson, Interpreter Coordinator

ABOUT THE REPORTS TO GENERAL CONFERENCE:

The Board of Elders passed the following motion concerning the preparation of reports to the General Conference:

MOVED that all Commission, Committee and Board reports for General Conference must be sent to the (UFMCC) general offices by March 15, 1979. Further that the reports shall be printed and distributed to the churches no later than June 15, 1979.

To help the chairpersons of the various areas, the deadline for submission of reports was extended to May 1, 1979, with a plea from the UFMCC offices for enthusiastic cooperation in meeting this due date to allow for printing and distribution time.

"Please submit your report divided into two general areas:

1. Informational. This portion shall be presented to the General Conference for ACCEPTANCE and should include such things as goals, actions, status of projects, projected actions, general philosophies of ministry, statement of purpose, etc.
2. Resolutions. This portion should include any items that require specific action by the General Conference. Resolutions shall be presented to the Conference ADOPTION, separate from the informational portion of your report.

In order for us to meet the June 15 deadline for distribution we hope to be able to photocopy the report which you submit. Once duplicated, all reports will be sent to UFMCC congregations and conference registrants. We are encouraging them to review and discuss the reports prior to the Conference. Accordingly, the report you send to the offices will be the official report submitted to the General Conference. All additions or corrections must be made on the floor of the appropriate Conference business meeting. Changes will be reflected when the final reports and directives are distributed 60 to 90 days following General Conference."

The Proposed By-law changes were received and distributed more or less according to schedule. The remaining reports were still being received the second week in JULY. For one reason or another the chairs were not able to meet the due dates. Another delay was caused by the sheer enormity of

(over)

the production required; much typing and re-typing was required before the printing, collating, stapling, stuffing and mutilating of the approximately 275,000 pages -- all this while the other office duties increased as conference approached. You will find errors in the production of your reports...we want you to know that we know they're not perfect! We also want you to know that, while it's the best we could do with the time/money/employee hours available, it's not representative of our best quality work when these constraints are not considered. We ask that you be patient and understanding and drop by the printing room at General Conference if you need a replacement page for your reports -- we'll be glad to assist you.

Final REPORTS AND DIRECTIVES OF GENERAL CONFERENCE IX will be prepared, printed and mailed to all those registered for conference; the due date for this distribution is no later than November 15, 1979.

We have learned much with the preparation of reports this year and accumulated experience and equipment that will ensure more efficiency in the distribution of materials for the conferences in future years.

NOTE: The Elder's report to General Conference consists of copies of the Elders' Meeting Minutes, the white paper and the financial report and budget proposals. The minutes and white paper are included; the budget proposals and reports will be waiting for you at conference. The September 1978 Elders' minutes attachment 78J30-10 page one is printed twice; this does not mean that a page is missing. Please ignore the duplicate page. You will also find that an occasional page is upside down, but correcting this condition before mailing would have cost several more days delay. We thought you would rather have the reports before conference.

COMMISSION ON INNOVATIVE MINISTRIES REPORT
GENERAL CONFERENCE, LOS ANGELES, 1979

Since this Commission was initiated, it has accomplished many things. Pamphlets on Alcoholism, Alcoholics Together, AT and Gay AA directories, Chirho Concept, and News Briefs have been sent to each church in the Fellowship.

Seminars have been offered at General Conference and at the District Conference level.

Since the Denver Conference, much research work has gone into the Transgender Task Force, and that information will be shortly forthcoming.

Future plans include resource packets to be available to those who request them, consciousness-raising spots in "In Unity" magazine, along with factual pamphlets designed for church bulletin boards.

New areas of interest are being explored. There is a publication available on church conflict which was presented to the Mid-Central District in Wichita; this was prepared by the Human Services Team of MCC-Minneapolis.

The Taskforce on Counseling is examining areas of incest and child abuse which affect us all.

The word Innovative means 'new way,' and this Commission is involved in finding new ways to provide information that will help us all in our ministry.

We will also be putting together a bibliography which will enable each person to pick material which suit their particular needs.

We would like to take this opportunity to personally thank each person who has so richly contributed time and energy to this Commission.

Respectfully submitted,

Rev. Joan G. Johnson,
Chairperson, Commission on Innovative Ministries

Ministerial Credentials & Affairs Committee
Universal Fellowship of Metropolitan Community Churches

Report to General Conference IX

Since Peter led the faithful in casting lots to choose the one to be selected as a "leader" for the church (Acts 1:26), the body of Christ has struggled with the question of how to provide and certify those persons from among its members to be set apart as ministers of the gospel. The UFMCC has attempted in its short history, to find "our" answer to the question of providing prepared people to ". . . Be ordained to be a witness with us of His resurrection." (Acts 1:22).

At this point in our history we stand looking back over a decade of service and ahead to the joy of ministering as God has called us. The MCAC, which has had an integral part in "history" looks now to preparations for our shared future.

The certifying and accrediting committee of this fellowship is commissioned by our By-laws in several sections of Article IV. Article IV.A.1a states:

Licensed ministers are those persons of demonstrated spiritual mind and life, administrative abilities, moral integrity, and educational background or equivalent experience to be determined by the Ministerial Credentials and Affairs Committee.

The MCAC affirms the need to maintain a balance between academic and experiential preparation for the professional ministry of the UFMCC. The report from the MCAC Sub-committee on Standards reflects this balance; the committee has tried to maintain a good working balance so that we do not lose touch with the reality and benefits of both areas of preparation.

As a committee we have often succeeded and sometimes failed; that is a professional issue that all professions face. We must be willing to not only celebrate our successes but face our mistakes and build with them.

This committee has been appointed to "Cast its Lots" and ". . . ordain to be a witness with us of His resurrection." The job will never be easy nor taken lightly. The committee will continue to always pray for God's guidance and courage, to provide the clergy needed to pastor God's people.

MCAC SUB-COMMITTEE ON CONCERNS

The work of the sub-committee on concerns of MCAC is truly a pastoral office. It is not so much a structure as it is a one-to-one sharing between professional ministers. Much of the time spent in ministry on MCAC in the past year and a half has been spent in time of counseling, correspondence, and telephone conversations with clergy who are either in great personal need or just looking for a listening ear. The majority of the work has been confidential pastoral ministry with both those who have sought out someone on concerns and those who have been sought out by us when we have perceived them to be hurting.

In the past year the most beneficial form for hearing the concerns of our ministry has been the open forums at Western and Eastern Ministers' Conferences. The forum at Western Ministers conference was perhaps the best example of the beginnings of open and honest sharing between ministers of the UFMCC.

Having listened to many clergy in the past year and a half I would like to summarize what we now see as the major areas of need which present themselves to this ministry.

- A. There is an overriding concern that we establish some continuing structure within this ministry to care for and nurture the professional clergy of UFMCC. The shape of this structure is not yet apparent and I would urge us to proceed slowly investigating what this might be. There seems to be some consensus that the Ministry of Concerns be separated from the functioning of the Credentialing process.
- B. The major area of need within this Fellowship which we have clearly perceived from the work of Concerns is for a level of trust between ministers which will enable them to confide in one another. Creating a new structure will not insure that we will be willing to talk to one another. Too many of us are afraid to share our weaknesses or to be willing to allow ourselves to be vulnerable, we therefore opt for loneliness and isolation. This destroys the power our ministry could have. Another result of this low level of trust is our tendency to seek to overturn the decisions of others by politicizing the process of doing Fellowship business. The tendency is to want to alter and change structures without giving them an opportunity to work. We are also prone to want to change personnel frequently rather than trust them to do the job to which they have been elected or appointed.

It is both urgent and a matter of the Gospel that we experience a sense of healing within our ministry and open ourselves to trusting all whom the Lord has called to serve us. Perhaps the bottom line is that we do not yet trust ourselves nor deem ourselves worthy to receive the power or authority given to us by our Lord Jesus Christ.

MCAC SUB-COMMITTEE ON STANDARDS

I. History of Formation

Called into existence by vote of the Board of Elders at their meeting in January, 1977, the Sub-committee on Standards first met at General Conference the summer of 1977. At that time the Sub-committee outlined a six step program of functioning. Every one of those steps has been achieved and the Sub-committee continues to work on the implementation and ongoing evaluation of the changes it has developed.

II. Tasks of the Sub-committee

- A. Review the credentialing requirements, standards, policies, and practices.
- B. Establish a revised program of the credentialing process.
- C. Provide for updating and refining the newly implemented program.

III. Report of the Sub-committee's Work

- A. Meeting in Dallas, Texas, October 11-13, 1977, the Sub-committee reviewed the existing credentialing standards and requirements in light of input received from the Board of Elders, individual clergy and local congregations and districts. Among other work, two significant developments resulted from that meeting. There was agreement by Sub-committee members that candidates for the professional ministry in the UFMCC needed to combine preparation in the practical and experiential aspects of church life with academic studies. It was also decided that candidates would be required to pass proficiency examinations in the areas of polity, Bible, church history/theology, and practical theology.
- B. Based upon feed-in received from the UFMCC clergy at both Western and Eastern Ministers' Conferences, the Sub-committee decided to meet for a second time in Fort Lauderdale, Florida, March 14-16, 1978. At the end of that meeting the Sub-committee issued a Preliminary Working Report regarding Requirements for the Professional Ministry of the UFMCC.
- C. This document was distributed April 11, 1978 to the laity and clergy of the UFMCC and was discussed on the local and district levels at meetings and conferences. Response was directed to the chair of the Sub-committee and was due June 12, 1978.
- D. At the meeting of the entire MCAC in Los Angeles, California, July 24-28, 1978, the Subcommittee met and finalized the new Requirements for the Professional Ministry. This document was approved by the MCAC and was forwarded to the Board of Elders. The final report was distributed to the UFMCC in the fall of 1978, becoming effective as of November 30, 1978.
- E. The most recent meeting of the Sub-committee took place in St. Louis, Missouri, January 2-5, 1979. Various elements of the new requirements were developed during that meeting, the most important of which were the proficiency exams.

IV. Continuing Work

The Sub-committee will now be involved in the following three-fold process:

- A. Continued development and implementation of other elements of the new requirements, i.e. career testing, etc.
- B. The evaluation of those elements already in use, such as the results of the proficiency exams. Most important in this review process will be the opinions, comments, ideas, and suggestions of the laity and clergy of the UFMCC.
- C. The refining of various aspects of the process with the understanding that there will be no substantive revisions in the newly adopted requirements through General Conference, 1983.

MCAC REPORT TO GENERAL CONFERENCE continued

V. Closing Comments

The Sub-committee wishes to thank all of the people who have taken the time to be a part of this most important development in the life of the Fellowship. We are most aware that the work of our Sub-committee is ongoing in nature. It is an impossible task to deal with a project of this magnitude within the period of a year or two. As the Sub-committee continues its work we request your prayers and continued input.

BOARD OF INSTITUTIONAL MINISTRY (USA)

5300 Santa Monica Blvd., Suite 304, Los Angeles, CA 90029 † (213) 464-5100

REPORT TO GENERAL CONFERENCE, AUGUST 13-19, 1979

This last two years has seen phenomenal growth in the Institutional Ministry program. We have seen the development of a National Institutional Ministry program in Canada, Australia, and England. The National Directors are as follows:

Canada: Rev. Lloyd Greenway

Australia: Gerry Smith

England: Rev. Jose von Buhler

We are currently serving 1600 prisoners and patients at some 430 institutions in 48 states and the District of Columbia with 21 area representatives (coordinators of correspondence and parole planning assistance) and 6 chaplains.

Several of our team members have developed good working teams in their churches as well as surrounding MCC's in their areas. In this way the prisoner/patient load that they minister to is able to increase without undue stress on any one person. Some of our team members are currently serving as many as 250 prisoners each.

Last year, we printed a directory of prisoner support services available throughout the United States called the PRISONERS YELLOW PAGES. The Playboy Foundation printed our first 2000 copies free of charge and we printed another 1500 at our expense later on. All 3500 copies have been either given free to prisoners or sold to others, and we currently have a backlog of over 300 requests for additional copies which we cannot fill. We are in the process of revising the last edition, to be available in the fall.

CELLMATE, our periodic newsletter was printed 17 times in the last two years and over 26,000 copies have been distributed to prisoners and interested people and organizations.

Our PRISON MINISTRY HANDBOOK, developed by Rev. Dick Mickley when he was the National Administrator, has had a wide circulation as well, and has been requested in quantity by the National Association of Prison Chaplains in Canada.

In two years' time, we in the National office have written over 12,000 letters, and that is just a scratch in the surface of the correspondence represented by our entire team. From the estimates we can put together from the reports we require of our team members each month we have visited with over 2100 prisoners, held some 600 services, received some

33,000 letters and written over 42,000 letters in two years' time.

As National Director, I have personally visited on several occasions jails and prisons in San Luis Obispo, CA, Los Angeles, CA, Lansing, KS, Florence, AZ, and the state hospital in Atascadero, CA. I have been in court with prisoners or their cases in San Francisco, Ontario, CA, Long Beach, CA, and Tucson, AZ.

In February, 1978 at San Luis Obispo, CA we held a weekend workshop for all team members and interested persons who could attend on the subject of institutional ministry. We set it up on a simulated basis of being imprisoned and having to face a parole board and review committee before being released.

In March, 1978, Troy, myself, our attorney, and representatives from several other gay organizations were invited to meet with the Director of the Federal Bureau of Prisons at the Department of Justice in Washington, DC over the trouble gays have within the federal prison system. That resulted in several promises from the bureau:

A liaison in the bureau to be charged with the welfare of gay prisoners.

Opportunity to attend and give input into the training of federal correctional personnel.

A change in official terminology to eliminate the phrase: "homosexual rape" and substitute "sexual violence."

(The rationale was that the rape was usually perpetrated upon homosexuals, not by them.)

In May, 1978, I was invited to be a resource speaker for a conference of army chaplains exploring various kinds of specialized ministries. I found a warm reception at their Colorado Springs workshop, and the beginnings of our road to gaining chaplains in the armed services. Currently we have an application on file for a position. We expect to be granted such a position and will fill it as soon as we are given it.

In September, the National Interreligious Task Force on Criminal Justice of the Joint Strategy and Action Commission of the National Council of Churches invited my participation in a work group on prison ministry. At their expense, I have travelled to New York three times, and Richmond, Virginia once already in an effort to put together a paper to be distributed via the National Council of Churches on the subject of prison ministry. We have a minimum of two more meetings before that project is ready to go. Through this means, we have had great contact with very influential people involved in the work of prison ministry from several organizations.

As of last November, 1978, I was elected half-time as the District Coordinator of the South-West District. That meant that we needed to hire an assistant in the Institutional Ministry office to cover the half time that I would be on District business, and to help pick up the overwhelming job of keeping up with correspondence. We found a very able person in Roger Webb who has been invaluable in handling all the routine correspondence of the office, which, even if I were full-time, would not be possible for just one person to accomplish. Between the two of us we have been able for the most part to answer all correspondence within two days of its receipt in the office.

As you may remember from last General Conference, MCC-Detroit was pushing a law-suit against the Michigan prison system because of our denial of access to state prisoners there. We lost that case, but it is currently being appealed.

The case against the Federal Bureau of Prisons still is in process, but it is looking better every day. We are suing them for permission to minister to any prisoner who requests our ministry within the federal system. Apparently we are making some headway, because our literature is now encountering very little resistance at the prisons, as it used to. However, we will see the case to its end in order to insure that we are allowed to go inside to personally minister with those who request it.

One beautiful piece of news that has just recently come our way is that the State of New Mexico which had been denying the prisoners in their state prison permission to correspond with us, just lost its warden and fired eight other staff members at the prison. As a result, the policy has been changed, and we now have open access, at least by mail, with any prisoner there who requests our services.

As a result of our phenomenal growth these past two years, we are in desperate need of additional team members. Any church which does not have an area representative for the Board of Institutional Ministry to coordinate correspondence with prisoners in their area is urged to contact the National Office to make arrangements to appoint someone from their congregation to work in this greatly needed area. I'm sure that the National Directors of the various other National Boards of Institutional Ministry will agree with me when I say that we cannot overemphasize the great needs of our brothers and sisters in prisons.

FROM: The Treasurer, Reverend Elder James E. Sandmire
RE: General Conference Financial Report

Dear Sisters & Brothers:

Enclosed you will find a summary of the audited financial report for the fiscal year ending June 30, 1978. During the years we had annual General Conferences this audited report would have been the statistical part of the report presented to you at General Conference. In the absence of a General Conference last August it was presented to the Board of Elders. It was also presented at this year's Western Ministers Conference and the Pastors were asked to take it back to their respective Churches. It was to be presented at Eastern Ministers Conference, but Herb Shannon's illness prevented the Treasurer from attending the Conference. The material is self-explanatory. It will be included with analysis in the formal report for two years presented to this year's General Conference. If you have questions please address them to the Treasurer in writing this month and I will be glad to answer them on my return from my Elder's tour in July. Please pay particular note to the list of tithes for the fiscal year as indicated by District at the end of the report. Please report any errors to us so we may be sure you are listed accurately for that year in the final report. All tithes are shown for U.S.A. Churches only. A complete accounting of total revenues including all Churches in each nation will be shown in the final report.

Also included is the unaudited report for the first six months of this fiscal year ending December 31, 1978. Since the year was not over no tithes were shown for this period--only a balance sheet and an accounting of income and expenses. We send this information to assist you in judging the financial growth of the Fellowship over a period of time. We had hoped to get such information to the Churches on a quarterly basis, but this has proved impossible because of Herb Shannon's two serious illnesses and our shortage of staff. Herb Shannon is now well and the new budget will provide us with adequate staff hopefully allowing us to report to you quarterly from now on. In the meantime, of course, we have reported to the Board of Elders; we have answered specific questions some of you have addressed to us and we have maintained an open set of books at the Fellowship offices for any of you to inspect who may wish to do so.

For some time the Elders have been concerned that with our fiscal year ending June 30, there is insufficient time provided to the Treasurer to complete the official audit and write the analytical financial report prior to General Conference. Any of you who have been at previous Conferences will remember the distracted behavior of the Treasurer as he tried to finish the report while performing his General Conference duties! After a year of study and after consultation with our auditors, the Treasurer asked the Board of Elders to approve ending our fiscal year March 31. The Elders voted approval. This will give us time to get the report audited and in the hands of delegates prior to General Conference. Of course, for this fiscal year the report will cover only 9 months to March 30. However, an unaudited up date to June 30 for information only will be provided at Conference. The report to March 30 is presently being audited. As soon as our Auditors return it, we will be able to send most of the final Financial Report to all of you so you can study it several weeks before General Conference.

The Treasurer also received approval to establish the Budget year beginning October 1. This allows the General Conference to review the Financial Report before approving the budget for the ensuing period. This year only the period from March 30 to October 1 will be funded generally at the same level as this year's budget.

As you study the enclosed material, we believe you will be pleased to see the increasing financial stability of the Fellowship. The final report will continue that picture and will allow us to plan more adequately for sustained growth in the future.

Sincerely in Christ,

Reverend Elder James E. Sandmire

I HAVE EXAMINED THE STATEMENT OF ASSETS AND LIABILITIES OF THE UNIVERSAL FELLOWSHIP OF THE METROPOLITAN COMMUNITY CHURCHES (DENOMINATIONAL ORGANIZATION, EXCLUSIVE OF AFFILIATED DISTRICTS, CONGREGATIONS, AND OPERATIONS OUTSIDE THE UNITED STATES) AS OF JUNE 30, 1978, AND THE RELATED STATEMENTS OF REVENUE AND EXPENDITURES, OF THE BALANCING ACCOUNT, AND OF CHANGES IN FINANCIAL POSITION FOR THE YEAR THEN ENDED.

MY EXAMINATION WAS MADE IN ACCORDANCE WITH GENERALLY ACCEPTED AUDITING STANDARDS, AND ACCORDINGLY INCLUDED SUCH TESTS OF THE ACCOUNTING RECORDS AND SUCH OTHER AUDITING PROCEDURES AS I CONSIDERED NECESSARY IN THE CIRCUMSTANCE. AS TO CONTRIBUTIONS RECEIVED, IT WAS NOT PRACTICABLE TO EXTEND MY EXAMINATION BEYOND ACCOUNTING FOR THE RECEIPTS AS RECORDED.

IN MY OPINION, THE ACCOMPANYING STATEMENTS OF ASSETS AND LIABILITIES, REVENUE AND EXPENDITURES, BALANCING ACCOUNT, AND CHANGES IN FINANCIAL POSITION, TOGETHER WITH THE NOTES THERETO, PRESENT FAIRLY THE FINANCIAL POSITION OF THE UNIVERSAL FELLOWSHIP OF THE METROPOLITAN COMMUNITY CHURCHES AT JUNE 30, 1978 AND THE RESULTS OF ITS OPERATIONS FOR THE YEAR THEN ENDED IN CONFORMITY WITH GENERALLY ACCEPTED ACCOUNTING PRINCIPLES FOR NOT-FOR-PROFIT ORGANIZATIONS.

SINCERELY,

MELVIN CROSBY,
CERTIFIED PUBLIC ACCOUNTANT

Universal Fellowship of Metropolitan
Community Churches
5300 Santa Monica Blvd., Suite 304
Los Angeles, California 90029

To the people of the UFMCC concerning my leaving the position as Administrator:

When leaders of any group come to a position of tension that leads to actions of separation, it is important to remember that a wider perspective must be sought than just the events of one or two weeks. At the risk of being verbose, I would like to share my perspective with you rather than leaving the explanation to the gossip and imagination with which we sometimes operate.

It is important to remember that I am able to express only my own reality. Other members of the Board of Elders will have theirs, and can express them only. Don't be surprised if we are each a little right and a little wrong. We will get in a lot of trouble if any one of us thinks we've found the total glimpse of God. The only thing that I believe is reasonable to ask of any one of us is that we listen to each other with an assumption of integrity -- assume that the other person is being honest and perceptive to the best of his/her ability. Let God show you the truth and reality in it.

I would like to share my spiritual journey with you, without which you will not be able to know me -- and I want you to. I must also share it because one of the burdens of my heart is that we do so little of that in our interactions. To claim my own integrity I must do what I believe you should do before I have the right to even grumble.

I need to share it, I think. Not the kind of need that must prove its importance by being the rescuer of the world so that being "right" is guaranteed by being indispensable. More like the kind of need that tugs at you when you're alone and see a beautiful sunset . . . sometimes we need to share that kind of experience with someone else that we love.

You see, I am not the same person that moved to Los Angeles last year. Don't get me wrong, the old me wasn't all that bad. She did some pretty OK things along the way, but still. . .

She was very insecure. That's right, insecure. All that sureness that you see on the surface is a bluff, well at least most of it used to be. Sort of like we do sometimes when we really aren't absolutely sure, but cover that uncertainty with the most together and self-assured manner that we can muster because we know if someone really challenges us, we won't have the answer quite together yet. And most of all we remember that the buck stops here. We're the ones every one else comes to as a last resort. If the last resort conks out, then what!

And then something wonderful happened. I stopped preaching for a few months. I stopped talking all the time. For four years I talked non-stop. The people needed so much and there were so few others to give for a while. The silence was good for me. I had time to think for a while. To remember all those words that I had thrown around for those four years. . . God loves you. . . God's will. . . judgment. . . eternal

life. . .salvation. . .sacrament. . .WHAT DID THEY REALLY MEAN? HOW DID I FIT THEM INTO THE 20th CENTURY. All those words that I had said. . .they must fit in today's world somehow!

Virginia Mollenkott says it better than I can, so:

The first chapter of John's Gospel establishes the direct relationship between power and light in the realm of the Spirit. Speaking of Christ Jesus as the Logos or Word, John writes, 'The true light that enlightens every one was coming into the world. . .to all who received him, who believed in his name, he gave power to become children of God.' That passage tells me that believing in the light, receiving the light, confers power upon me. My power comes from the recognition that I am a member of God's family.

MY POWER COMES FROM THE RECOGNITION THAT I AM A MEMBER OF GOD'S FAMILY.

I have really been trying to find out how to live my relationship to God to the fullest, to see what that means. Trying to tailor my words and actions to be consistent with what I believed Christ to be talking about. Just to see at first what happened. And then because I really found out that God's will for me was really total happiness (if you understand the happiness to go beyond the surface perversions that the world tries to sell as real happiness.) I found out that if I did the very best that I could to live out God's will, the happier and more peaceful I was. . . IT WORKED. . .all those things I'd said for four years worked! Even if I didn't understand them to mean the same things at the time, THEY WORKED.

I came to understand anew what being 'one in Christ' meant. What being in union with God meant. What being a part of all creation meant. (I struggle with the possible racist images of light and dark, but learn much from the glimpse of God seen through these writings, too.) Mollenkott found the words that I couldn't find by myself:

In other words, as long as I remember my eternal Identity in God's family, I know that I share a common life with God, with Christ, and with all other members of God's family. There is no need to compete, no need to strive to prove myself. I am free, authentic, and powerful as long as I am conscious of the light, but the moment I forget I am plunged back into darkness and weakness -- not because I have lost my salvation, but because I have forgotten who I really am and continue to be. My power comes from my conscious identification with the light. . .As long as I keep aware of my membership in the divine family (that is, as long as I am enlightened) it is impossible for me to be enslaved by jealousy or resentment or fear or the other negative emotions associated with the individual ego that identifies itself with my individual body.

I have been able to realize that my emphasis has shifted from self-protection to mutual supportiveness. Competition is mostly gone. I know that we all share a common life. My old theology that pitted the 'saved few against the world' is gone. I am no longer a part of an elite that must rigidly defend itself, though I do feel even more keenly a difference -- a set-apart-ness maybe. My view on life has changed from "me against them" to "us, a part of the whole." From the inside out I know and experience that what I do for others I am doing for myself -- and for Christ. We are all one.

No, not perfect by a long shot! But certainly looking from a different perspective, with different motives. Sure, some of the old creeps in now and then. As a matter

of fact, it's a constant struggle. But the struggle is what it's all about. Ed Hougen said in his paper on Christian Social Action:

As a Christian church we are called to witness to a particular way of dealing with people, friend and foe alike; that way is with a reconciling love. The MEANS by which we work for justice is the END we are teaching. For the Christian faith affirms that the ENDS and the MEANS are one. Christ is the way and the truth and the life. Since the means, that is the way one works and deals with others, is the end, that is the expression and realization of the kingdom, the central analytical task shifts to the means or methods of social action. . . Such a perspective may result in the Christian refusal to employ some of the traditional power tactics even though in the short run it appears to be the quickest method of reaching a particular goal. The Christian approach to love and power is to see them more nearly as identical than as opposites. Traditional wisdom sets up the false choice of love OR power with a consequent misunderstanding of both terms. . . Social action (or living in union with God) is not an occasional activity but a continuing agenda we either advance or retard in all aspects of our life. That is in everything we do we are either supportive of liberation and reconciliation or the structures of sin and separation.

For me, those are coming alive. When I look at things now, I see them more clearly in terms of how they fit into a whole, of which I am a part. This makes a difference in the way I deal with people. Suppose as Mollenkott says:

a brother in Christ seriously misrepresents something I have written or said or done, thereby harming my reputation in the eyes of many people who believe every word he tells them. Knowing of his misrepresentation, I may choose to reply to him or not. But whether I confront him or not, I must inevitably live with a basic attitude toward what he has done. I can either fester with resentment toward him (and resentment can manifest itself in dozens of ways), or I can learn to forgive him because he does not know what he is doing. If I yield to my ego-state of resentment, I will plunge myself into darkness because I will be forgetting that the brother and I share a common life in God. I will be distancing myself from him, and I will be validating his attack by treating it as if it could actually hurt the reality of me. . . if I perceive that the attack was based on fear and thus forgive the brother because he does not know what he is doing, I reinforce my own sense of identity with Christ, who said similar words concerning those who thought they were defending God by crucifying him. . . Perhaps the brother, seeing my loving reaction to his attack, will be reminded of his Eternal Identity and healed of his futile illusions that he can enhance his own ego by attacking mine; perhaps not. Apart from affirming his ideal self, I am not responsible for his spiritual state. I am responsible only to live in the light, and thus release healing power for myself and those around me.

Now, why do I need to share all this stuff with you. Well, because I really do love you and want to share these things just like I would a big pan of chewey brownies (my apologies to those who don't love chocolate as much as I do). And also because we've been apart for a long time, most of us. I need for you to take a look at the person I am becoming once in a while; we will spend less time trying to confine each other in the old people we were that way (new wine skins, and all that stuff.)

No, I haven't freaked out. . . I'm not seeing special visions that only elder type people see. . . for one of the first times, I feel absolutely no need to be special in that sense. My specialness is already assured now, because of the specialness of God's loving relationship with me and all people, whether all people have come

to an awareness of that relationship or not.

Don't mistake peace for timidity. Don't confuse the aspiring for genuine humility with weakness. Don't forget the power of God to work in ways we don't understand. And when you've done all that help me remember, too.

That's the basis of my continuing spiritual growth process. I rejoice in it, but I believe it to be the source of most of the tension that resulted in my leaving the position of Administrator. (Now read this through and don't jump to conclusions, or as I tell my lover, don't put words in my mouth and argue with me later.)

After reading through the Elders' Minutes for the past two years, I realized that I must have been a continuing pain in the "whatever" of the majority of the Elders for a long time now. With a Board that has an amazing history of unanimous votes to have this increasingly radical and assertive person ask questions that hadn't been asked before or proclaim a growing series of nays and abstentions must have been a bit much for most to take! Since most of us would probably agree that the fellowship has not been really good at handling conflict, we might not have a hard time agreeing that it's a wonder that something didn't explode before now.

When the position of Administrator was established, I believe there was a recognition of an almost inherent conflict in serving simultaneously as Administrator/Elder, but we felt the transitional stage necessary. The forecast was accurate -- but not necessarily lethal.

There are other kinds of factors, too. My own personal theology and world outlook has changed tremendously. I have come to see as spiritual and ethical questions things that just aren't seen as such by those with whom I serve. Neither of us needs to be right or wrong -- just different. I'm sure that other people must think my passions to be petty at times, but to me they are my survival with integrity. At times like this we have no right to demand that others share our vision, only that we respect mutual integrity within our difference.

For example, I believe that as a church we have embraced unchallenged the values of our former teachings and our environment which proclaims competition as the only way to survive. I believe that we proclaim, with some few exceptions, from our pulpits a white, male, angry god who had to kill sweet Jesus to satisfy some bloodthirsty revenge number on a rebellious creation. How is it, I wonder, that we can assume as part of God's nature that which we would consider petty or hateful in the life of a human being. Granted that God is far more than we can understand, we certainly can expect God to be NO LESS than the kindest, most loving soul who has reflected her/his glimpse of God to us.

My basic philosophy has become that my responsibility is to challenge anything that I do not understand as reflecting a part of God's truth. Sometimes that challenge leads to change in situations or actions; sometimes the challenge brings a new understanding for me instead.

While those who share similar perceptions as mine often see me as a hero, there are at least as many, if not more, who see me as a new found heretic who seeks to take Jesus away from them. I think I can understand that, for my memory does not have to look back too many years to find myself going through the same kinds of things with others who stretched my thinking.

Knowing these things as my reality, what do I do now? Believe me, I have spent many hours in prayer and thought about as many options as I can find. A big part of me wants to be the stoic who carries on no matter what. Part of me says, "Keep

Cureton - page five

going, it doesn't matter if anyone agrees or not if you are doing what God wants you to." Part of me says "You are not practicing what you're preaching because you're waiting for others to validate your reality before you're comfortable with it."

But there's more to it. I'm really tired and drained. So much so that I really don't think I can continue serving as an Elder. Yes, I've really examined the responsibility that I have to those who elected me, but I have a greater responsibility to maintain my union with God. At this time, I believe that I cannot do both; I feel much more led by God away from the Board of Elders than toward it. There are many of you who share my opinions and are more articulate and qualified than I am. Elect another to represent you, but please accept this challenge from me: communicate your burning issues with each member of the Board. When you speak only to one Elder you leave that Elder in a very vulnerable position, especially if that Elder feels a responsibility to voice your opinions.

With this letter I resign my position as Elder within the UPMCC. I intend to remain a part of this Fellowship -- though it is difficult at times, it's still the best game in town.

Sincerely,

Carol S. Cureton

Welcome to the Biennial General Conference of the Universal Fellowship of Metropolitan Community Churches. From one local Church in Los Angeles, California to an International Fellowship, we have grown; and with our growth comes the need for a more adequate parliamentary procedure to facilitate the flow of our Business Meetings.

The Chair has discovered while Americans are familiar with Roberts Book of Rules, many of our members from outside the United States of America are not. For that reason, the Chair has ruled that "Roberts" will not be used, but will be substituted with the chart found at the bottom of this sheet.

The chart will not permit the General Conference to be subject to parliamentary maneuvers intended to slow the will of the majority of the Conference. It will supply us with the fastest means available to facilitate business.

Please observe the following rules:

1. Lift your hand if you wish to be recognized. (If you are not recognized take your hand down until the floor is yielded. The Chair will not call on Delegates who do not follow this rule.)
2. Address the Chair as "Mr./Ms. Moderator."
3. Give your name as well as the location of your church home.
4. Generally, a delegate may speak only once to any given motion.
5. The Chair may limit the time of all speakers.
6. The Chair ordinarily will only vote during a business meeting if there is a tie, or if the Chair wishes to record his/her vote to a certain vote after the vote of the Conference is finalized.
7. The Chair requests that each of us pray and ask the Lord's guidance in the business to come before the body.

Dear Sisters and Brothers:

Attached are the proposed Bylaw changes that have been received by the Bylaws Committee for consideration at our General Conference in Los Angeles during August of this year.

There were no proposals received from the Government, Structures and Systems Commission; therefore, the attached proposals are all priority two items and are equal in their presentation order at General Conference. (See the Bylaws Committee Report, General Conference of 1977, recommendation II.)

If there are errors in a proposal that your church, board, committee or commissions has submitted, please advise the Bylaws Committee at the below address immediately so that an errata sheet can be produced and distributed. Any other communication concerning the Bylaws should be also sent to the same place.

In His service,

Michael (Herrn) Mank,
Chairperson, Bylaws Committee
38 Bonview
San Francisco, Ca 94110

I. Resolution proposed by the Mid-Atlantic District Women's Caucus and unanimously adopted by the Mid-Atlantic District Conference on 19 May 1979, with a recommendation for further adoption by the General Conference.

WHEREAS, the ministry of this Fellowship extends to all persons, and especially to those persons who have hitherto been denied access to traditional churches; and

WHEREAS, male-to-female transsexuals have not to this date been uniformly accepted and affirmed as women and female-to-male transsexuals have not been uniformly accepted and affirmed as men;

NOW, THEREFORE, BE IT RESOLVED, that it is the sense of the Universal Fellowship of Metropolitan Community Churches that male-to-female transsexuals are women and shall be accepted and treated in all respects as women; and that female-to-male transsexuals are men and shall be accepted and treated in all respects as men; and

BE IT FURTHER RESOLVED, that copies of this resolution be transmitted to appropriate news media, gender clinics and counselling centers.

II. Resolution proposed by East Bay Metropolitan Community Church.

WHEREAS, all members of UFMCC should have access to the actions reported in the Elders' minutes in order to provide for prompt grass roots feedback;

NOW, THEREFORE, BE IT RESOLVED, that as soon after the Elders' meetings as their minutes are approved, the minutes will be offered for sale at cost. The procedure for obtaining the minutes will be published in "In Unity," and detailed in a letter sent to each local church group.

III. Resolution proposed by MCC-Oceanside.

RESOLVED, that before bus service is given to any bar during General Conference, the bar must affirm that it will not discriminate against people on the basis of sexual orientation, race or sex.

IV. Resolution proposed by East Bay Metropolitan Community Church.

WHEREAS, membership classes and new works can be strengthened by the inclusion of material explaining binding future goals and present procedures; and

WHEREAS, everyone in UFMCC can call their actions into account only if they are clearly aware of what directives bind them; and

WHEREAS, historical material on committees and commissions may provide the perspective needed to encourage service on the committees and commissions; and

WHEREAS, grassroots input to those bodies will be facilitated by the following;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Elders is instructed to provide by 1981 a packet for purchase at cost including the following:

1. resolutions, procedures and anything else that the UFMCC has bound itself to carry out, and
 2. committee and commission reports presented to the General Conferences of UFMCC.
-

V. Resolution proposed by Oceanside Metropolitan Community Church.

RESOLVED, that a chartered church may not have its charter taken except by disciplinary action of the Board of Elders or by voluntary request from that chartered church.

VI. Resolution proposed by Good Shepherd Parish MCC of Chicago.

WHEREAS, mass confusion has reigned due to present seating policy in General Conference;

BE IT RESOLVED, that at future General Conferences seating shall be in five (5) sections:

1. lay delegates,
 2. ministers,
 3. study group observers,
 4. official observers from other groups, and
 5. the general public.
-

VII. Resolution proposed by MCC Minneapolis.

RESOLVED, that the UFMCC General Conference shall call into existence as a committee of this fellowship the Ministerial Nurture Committee.

This committee shall be co-chaired by one minister and one lay person. The committee shall be comprised of concerned clergy and lay persons.

Furthermore, the rules of this committee shall provide that no ordained clergy who has served on Ministerial Nurture should serve on the Ministerial Credentials and Affairs Committee concurrently, nor shall any ordained clergy who has served on Ministerial Nurture serve on Ministerial Credentials and Affairs Committee sooner than three years following service on Ministerial Nurture.

The purpose of this committee shall be concerned for the spiritual and emotional welfare of UFMCC ministers. This committee will allow for nurture without those who provide that nurture being called upon to decide upon any minister's possessing credentials or ordination.

VIII. Resolution proposed by Bob Harmon, MCC Columbia, S.C., and the Rev. Gil Lincoln, MCC Nashville, TN.

RESOLVED, that the Elders issue regularly to all church units a list of ministers not engaged as a pastor, assistant pastor, worship coordinator or on the UFMCC staff, and further that the Elders seek ways to encourage such ministers to consider responding to the needs of church units without a pastor or interim pastor.

IX. Resolution proposed by the Rev. Gil Lincoln and Jim Bogle, MCC Nashville.

RESOLVED, that the Ninth General Conference of the UFMCC calls on the Board of Elders,

1. to consider the need of a judicial or review process or structure in the Fellowship to receive appeals; and
 2. to appoint a number of lay-persons and clergy to work on the resolution of that need.

X. Resolution proposed by Metropolitan Community Church of Detroit, Resolution
on Nuclear Power and Nuclear Weapons

Whereas: Scripture tells us that God gave the Earth to humanity to be cared for and made fruitful; and

Whereas: Jesus specifically commanded us to love our enemies; and

Whereas: The Bible continually condemns our going down to Egypt for help and commands us to look to God for our security and salvation; and

Whereas: If hatred is murder, then plotting the destruction of millions of human beings is also murder and any nation, by producing and deploying vast arsenals of nuclear weapons necessarily plots the destruction of millions of human beings; and

Whereas: The commercial nuclear power industry, through radiation leaks, inadequate storage of poisonous waste materials and extremely high costs both threatens to make the Earth uninhabitable for thousands of years and to, at least, impoverish the poor:

Be it Hereby Resolved: That the Universal Fellowship of Metropolitan Community Churches goes on record as opposing the production, stockpiling and deployment of all nuclear weapons and other nuclear material, and nuclear energy.

Be It Further Resolved, we advocate monies saved by not building nuclear weapons and power plants be used by local and federal governments to meet the human needs of education, housing, poverty, health care and employment, as well as the development of alternative energy sources.

XI. Resolution proposed by the Commission on Christian Social Action

Whereas: The Universal Fellowship of Metropolitan Community Churches has historically supported the right of all people to equal opportunity under the law; and

Whereas; The Equal Rights Amendment would provide the assurance of such equality for women and men in the United States of America; and

Whereas: Many groups are spreading distortions of fact, half-truths and outright lies in an attempt to stop the passage of the Equal Rights Amendment in the United States of America; and

Whereas; We, as Christians, are called to speak out in support of legislation that will help all people achieve justice and equality;

NOW BE IT RESOLVED, that the Universal Fellowship of Metropolitan Community Churches supports the passage of the Equal Rights Amendment in the United States of America, urges its passage by the remaining states that have not done so (Nevada, Utah, Arizona, Oklahoma, Missouri, Illinois, Arkansas, Louisiana, Mississippi, Alabama, Florida, Georgia, South Carolina, North Carolina and Virginia), and urges its members, friends and supporters to work for the passage of the ERA; and

BE IT FURTHER RESOLVED, that the Universal Fellowship of Metropolitan Community Churches will not hold international meetings or conferences in states that have not passed the Equal Rights Amendment in the United States.

XII. Resolution proposed by the Christian Social Action Commission

Whereas: The Universal Fellowship of Metropolitan Community Church supports the belief that we are indeed a Church whose mission is to proclaim the Gospel to all people, everywhere:

Whereas: The racial and ethnic composition of local churches throughout this Fellowship is evidence that the message of God's love for all people is not, in fact, being shared in those local churches with minorities due to the lack of active viable outreach to minority communities and

Whereas: Christianity calls us to fearlessly, joyously and actively oppose any and everything that obstructs the flow of the message of God's unconditional love for ALL PEOPLE; and

Whereas: The issue of racism is indeed such an obstruction, and

Whereas: Racism has survived throughout this fellowship mainly due to a lack of understanding of what it is, how it works or how to combat it; and

Whereas: The successful elimination of racism is dependent upon the establishment of such educational programs and guidance.

Be it hereby resolved, this commission proposes the establishment of a salaried or volunteer position of Race Relations Director who would be appointed by the Board of Elders, and work under the direction of the Christian Social Action Director, being accountable also to General Conference and the Board of Elders, whose duties would be as follows:

1. Compile and distribute educational material in the area of race relations to local churches.
2. Establish and direct a racism task force and continuously report to the Board of Elders and local church of the growth and development of that committee.
3. Serve as resource person to local churches in the area of race relations.
4. Set up guidelines for establishing lines of communication between UFMCC and minority communities.
5. Coordinate on a fellowship level and direct on a local level programs geared at consciousness raising, education, assertiveness and leadership development in minority communities.

XIII. Resolution of the Washington Field Office

Whereas: the Universal Fellowship of Metropolitan Community Churches was created ten years ago because, in part, of the oppression of Gay people; and

Whereas: The National Gay Civil Rights Bill H.R. 2074, would help to further the legal rights of Gay people in the United States; and

Whereas: we are called as Christians to "prophesy to the sheperds" and to work for full human rights for all people;

NOW, THEREFOR, BE IT RESOLVED, that the Universal Fellowship of Metropolitan Community Churches supports the passage of the Gay Civil Rights Bill in the Congress

of the United States, urges Members of Congress who have not co-sponsored it to do so, and urges its members, friends and supporters to support the passage of the bill in the United States Congress.

XIV. Resolution from the Washington Field Office and the Commission on Christian Social Action

Whereas: The Declaration of Independence of the United States of America proclaims the fundamental democratic principle that governments are instituted and derive "their just powers from the consent of the governed"; and

Whereas: This principle has, from the beginning, been implemented in the United States through selection of members to serve in the two bodies of the Congress; and

Whereas: of the 17 Federal Districts (National Capitals) in the world community, only one other than the District of Columbia is not represented in their national legislatures; and

Whereas: the District of Columbia's population is greater than that of ten states in the USA which are fully represented in Congress while the District of Columbia is not; and

Whereas: Both bodies of the Congress have by two-thirds vote approved a Constitutional amendment to provide full voting representation for the District of Columbia in both the House of Representatives and the Senate of the United States; and

Whereas: We as a part of the Christian community, recognize that God has called all of us to be good and responsible citizens, and believe it is our responsibility to remind the body politic of its duty to recognize the need of all our citizens to be enfranchised and thus to participate fully in the privileges and responsibilities of citizenship;

NOW, THEREFORE, BE IT RESOLVED, that the Universal Fellowship of Metropolitan Community Churches supports the passage of the District of Columbia Voting Rights Constitutional Amendment, urges its members, friends and supporters to support the Amendment, and urges the States in the United States to ratify the Constitutional Amendment.

XV. Resolution proposed by the Government Structures and Systems workshop.

RESOLVED: the Board of Elders consider the feasibility and advisability of designating a week or weekend during non-conference years for meetings of Commissions, Committees, Task Forces, etc., at a designated time and place; and

BE IT FURTHER RESOLVED: the Board of Elders consider the feasibility and advisability of the funding of representatives by the Fellowship, Districts, local congregations and interested individuals.

XVI. Resolution proposed by the Rev. Claudia L. Vierra and the Rev. Gary Wilson.

WHEREAS: the main purpose of the tests required by the Ministerial Credentials and Affairs Committee is to determine the level of proficiency in areas of knowledge needed for the professional ministry; and

WHEREAS: the tests were not studied in regards to their reliability and validity; and

WHEREAS: there was no standard criteria for making an evaluation of the subjective parts of the test;

BE IT THEREFORE RESOLVED: that the tests will not be the sole determination for allowing a person to apply for ministry until data on the reliability and the validity of the tests has been presented to the General Conference. The tests will be for information only.

XVII. Resolution proposed by the Rev. Claudia L. Vierra and the Rev. Gary Wilson.

RESOLVED: all presently ordained ministers shall be required to meet the present educational requirements for ordination by 1987.

xviii. Resolution proposed by MCC Providence, Rhode Island.

BE IT RESOLVED: that the UFMCC gives its **complete support to the** October 14th March on Washington and the events surrounding that March.

XIX. Resolution proposed by Good Shepherd Parish MCC of Chicago.

WHEREAS: Ms. Helen K. Vale has done an excellent job as parliamentarian for this conference;

BE IT RESOLVED: that the Ninth General Conference go on record commending Ms. Vale for her excellent work; and

BE IT FURTHER RESOLVED: that the General Conference requests Ms. Vale to re-write the "Table of Motions" for future General Conferences; and

BE IT FURTHER RESOLVED: that the Board of Elders is urged to consider Ms. Vale as parliamentarian for future conferences.

XX. Resolution proposed by Calvary MCC of Redwood City, CA.

RESOLVED: that henceforth all proposed bylaws changes be submitted in advance to our World Church Extension officers for impact statements in terms of law and/or language problems.

XXI. Resolution proposed by the Resolutions Committee.

WHEREAS: the resolutions committee that actually functioned at this General Conference consisted of individuals who had absolutely no direction, objectives and prior knowledge of their service on the committee; and

WHEREAS: no one was given guidance as to how to submit resolutions;

NOW, THEREFORE, BE IT RESOLVED: 1. a procedure be established for the submission of resolutions,

2. the difference between a bylaws change, a resolution and/or new business be established by the Board of Elders or a committee appointed by them,

3. a standard form for resolutions be established,

4. enough time be set aside between the deadline for submission of resolutions and the time of preparation in order to let the committee do its work,

5. these determinations be submitted to local church bodies by the Board of Elders or the committee dealing with these resolutions at least six months prior to the next General Conference.

XXII. Resolution submitted by David Holt MCC Los Angeles

WHEREAS: All Task Forces, Commissions, and Committees submitting reports, findings and action to the General Conference must have these reports, findings and actions formalized and received by the Board of Elders ninety calendar days prior to the beginning of General Conference.

WHEREAS: The Board of Elders shall mail to the General Conference Delegates and Ministers these reports not later than sixty calendar days prior to beginning of the General Conference.

Reports that are not received;

RESOLVED: That these reports will not be presented for consideration by the General Conference.

XXIII. Resolution submitted by the Commission on Social Action

WHEREAS: The Gospel calls all Christians to actively work towards the elimination of serious obstacles to spreading the Good News of the Gospel to all people; and

WHEREAS: Racism is indeed such an obstacle; and

WHEREAS: Education on the issue of racism is an effective tool for eliminating racism; and

WHEREAS: Interaction and communication with minority gay men and lesbians is one such educational tool and such interaction can be experienced at the National Third World Conference; held in Washington D.C., Oct. 12-14, 1979.

BE IT HEREBY RESOLVED: That UFMCC endorses the Third World Conference and will appoint 2 Third World individuals, one gay male and one lesbian to represent UFMCC at the Conference. These people will have the responsibility to report to the Board of Elders and all local congregations the results of the Conference. Included in this report will be any and all suggestions that would increase the understanding and implementing of anti-racism programs. UFMCC will provide whatever financial assistance possible for its representatives.

Report of the Treasurer
Section I - Introduction

This report covers the period from July 1, 1977 through March 31, 1979--essentially one full year and three quarters of the next year. The unusual time period results from a decision by the Board of Elders (on the Treasurer's recommendation) to change our fiscal year to run from April 1 to March 31, effective March 31, 1979. In effect this limits the second year to a nine-month year. The reason for this change is to provide more time from the end of the fiscal year to the start of General Conference for completing the formal audit and preparing the Treasurer's report. With the growth of the Fellowship's financial affairs and the increasing complexity of the accounting function it has become almost impossible to complete an adequate report for General Conference when the fiscal year ends June 30. While this decision was made too late for it to affect this year's report, the next Conference report should be completed in sufficient time to be sent to all Churches, clergy and delegates well in advance of General Conference.

Each Conference the Treasurer has set some objectives to be met by the time of the next Conference. Since the Denver Conference, we have made progress in meeting some of these objectives, but others remain to be achieved over the next two years. Among these objectives were the following:

A. Continue to refine the accounting system.

This has been done with the cooperation of our accountant, Mr. Herb Shannon. After a period of experimentation with computers for handling our accounts, we found our work was not yet extensive enough to justify the cost of this procedure. We will continue to evaluate our needs in this area and we will return to computer use when feasible.

The billing procedures for accounts receivable has been inadequate for some time. This had resulted in slow billing and inadequate record keeping. With the help of new procedures in both accounting and administration developed by Herb Shannon, Reverend Carol Cureton and Rick Noll--these problems have been eliminated. As of this report communications

and accuracy has improved remarkably. As a result the accounts payable is current. We wish to thank all of you for your prompt payment of invoices received from the Fellowship offices.

B. Several objectives related to establishing or expanding input to the Treasurer's office from advisors.

Specifically included were an expanded Finance Committee and Finance Advisory Board. The costs of travel and the difficulty of establishing regular contact by mail made it apparent that the expansion envisioned was not practical. Accordingly, a new plan for providing this two-way communications with the field and with other appropriate advisors will be proposed later in this report.

C. Improve the reporting procedures between the Fellowship and the Church bodies and present quarterly reports.

Part of this objective has been realized. The administrative staff designed new forms for us and Church bodies have more faithfully completed and returned these forms on time. A system for informing Church bodies who are late in filing reports or paying tithing assessments was improved. As a result, communication with the field from the Treasurer's office has increased. Three interim financial reports were sent to the individual Churches. While this is not the quarterly reports aimed at, it has helped us devise a system which should allow for quarterly reporting of our financial position during the next two years. Improved communications and reporting from the field has provided us with a statistical base to allow for both comparative studies and long-range planning forecasts.

D. Investigate ways of uniting the Fellowship finances of Church districts and extension areas outside the U.S.A. to assure greater accountability and more comprehensive planning.

Considerable improvement can be noted in this area of concern. The Treasurer formulated a comprehensive plan assuring proper reporting, financial committees and audited reports for Australasia, Canada, Nigeria, South Africa and the United Kingdom. The result has been much more extensive reporting allowing for better planning for our work in these areas. A special note of

commendation should be given to the Church Extension Committee in the United Kingdom who turned a very difficult financial position into a very solid and stable one through careful budgeting and planning.

As part of their contribution to the work of the total Fellowship, the Australasian District at the end of the fiscal year contributed a portion of the Fellowship tithes retained for Church extension work in that district to the Fellowship office for the general work of the Fellowship. Individual Churches in Canada and the United Kingdom have also contributed to the general work of the Fellowship and have contributed to Fellowship travel and other expenses within their areas. In a real sense, the funds and effort in carrying the message of this Fellowship to these areas is now returning to assist the work of the entire Fellowship as we move to new areas of the world.

E. Re-examine the Fellowship's benefits program particularly with regard to a retirement program.

Since our last Conference we have met with representatives of companies representing various types of retirement packages. At this stage of our growth, we do not have sufficient resources to maintain properly such a program. Our counselors have indicated to us that our ministers are best advised to pursue an individual retirement program. To that end, we urge all Churches to carefully consider their responsibility to their ministers and lay employees and to assist their permanent staff by contributing to a retirement fund as part of their compensation program.

The administration of our health and life insurance program has been restructured with the administrative Elder taking responsibility for its overall direction. During the period since last Conference the program was re-evaluated. It remains, in our opinion, the best program of its kind for our needs. We are happy to announce that the program is now self-sustaining. That is, the premiums paid by the Churches now fully pay the costs of the program for those enrolled in member Churches. The cost of premiums for staff at Fellowship headquarters are, of course, included in the administrative budget of the Fellowship.

- F. Incorporate Samaritan Theological Institute and place it on a firm financial base.

The decision to incorporate has been delayed by the Board of Trustees. However, the Institute has improved its financial picture and is on a much firmer foundation. A report of its financial position is included in this report.

- G. Develop a uniform accounting system for all Church bodies.

This goal is a long range one which will take some years to complete. As the Churches move toward greater accountability to their members, most of them have now adopted good standard accounting practices. This, in effect, has moved us toward uniform practices if not the same accounting system.

It is clear that good progress has been made in meeting a series of difficult objectives. Perhaps the best news of all is that as we start our second decade, the Fellowship is on a firm financial base. To grasp what a great achievement that is, please follow the report and analysis to be presented here and pay special attention to the ten year historical summary included in this report.

The Treasurer wishes to thank Mr. Herb Shannon for his untiring efforts in improving the efficiency and accuracy of our accounting practices. His devotion has been a major reason for our excellent record over this last two years. The Treasurer also wishes to thank the other staff members at the Fellowship office for their loyalty and devotion and for their willingness to work with our office in meeting their reporting requirements, in being willing to work within limited budgets and in being willing to work for what are still grossly inadequate salaries. Further, the Treasurer thanks the Board of Elders for allowing the Treasurer to formulate policies and their supporting those policies consistently. Finally, the Treasurer thanks each of you for your willingness to support our efforts to build a stable and responsible financial structure for this Fellowship and for your devoted giving of your tithes to build God's Kingdom.

Section II Audited Financial Report for Fiscal Years 1978 and 1979

In this section you will find two audited reports for the 12-month 1977-1978 Fiscal year and the 9-month 1978-1979 Fiscal year. The report was prepared by our auditor, Mr. Melvin Crosby, Certified Public Accountant, from the financial records prepared by our accountant, Mr. Herb Shannon.

An analysis of the various sections of the audit, prepared by the Treasurer, follow in Section III. These operations cover the activities of the Fellowship office and of transactions of Church bodies in the United States. Unaudited reports for the first six months of this two-year period, then for the first year and finally for the first six months of the second year were distributed to you by mail and those Church bodies who sent representatives to the Western Ministers Conference. In addition, this material was resubmitted as a part of the Conference packet sent to each delegate and minister in late July. This material was included at that time to assure everyone had received the same material. Since the second year's audit had not been finished by that time, the full financial report could not be included with that material.

Reports for operations of Church bodies outside the United States is also included in Section II. This material is then analyzed under the appropriate headings in Section III.

I HAVE EXAMINED THE STATEMENT OF ASSETS AND LIABILITIES OF THE UNIVERSAL FELLOWSHIP OF THE METROPOLITAN COMMUNITY CHURCHES (DENOMINATIONAL ORGANIZATION, EXCLUSIVE OF AFFILIATED DISTRICTS, CONGREGATIONS, AND OPERATIONS OUTSIDE THE UNITED STATES) AS OF JUNE 30, 1978, AND THE RELATED STATEMENTS OF REVENUE AND EXPENDITURES, OF THE BALANCING ACCOUNT, AND OF CHANGES IN FINANCIAL POSITION FOR THE YEAR THEN ENDED.

MY EXAMINATION WAS MADE IN ACCORDANCE WITH GENERALLY ACCEPTED AUDITING STANDARDS, AND ACCORDINGLY INCLUDED SUCH TESTS OF THE ACCOUNTING RECORDS AND SUCH OTHER AUDITING PROCEDURES AS I CONSIDERED NECESSARY IN THE CIRCUMSTANCE. AS TO CONTRIBUTIONS RECEIVED, IT WAS NOT PRACTICABLE TO EXTEND MY EXAMINATION BEYOND ACCOUNTING FOR THE RECEIPTS AS RECORDED.

IN MY OPINION, THE ACCOMPANYING STATEMENTS OF ASSETS AND LIABILITIES, REVENUE AND EXPENDITURES, BALANCING ACCOUNT, AND CHANGES IN FINANCIAL POSITION, TOGETHER WITH THE NOTES THERETO, PRESENT FAIRLY THE FINANCIAL POSITION OF THE UNIVERSAL FELLOWSHIP OF THE METROPOLITAN COMMUNITY CHURCHES AT JUNE 30, 1978 AND THE RESULTS OF ITS OPERATIONS FOR THE YEAR THEN ENDED IN CONFORMITY WITH GENERALLY ACCEPTED ACCOUNTING PRINCIPLES FOR NOT-FOR-PROFIT ORGANIZATIONS.

UNIVERSAL FELLOWSHIP OF METROPOLITAN COMMUNITY CHURCHES

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 1978

UNIVERSAL FELLOWSHIP OF METROPOLITAN COMMUNITY CHURCHES IS A NOT-FOR-PROFIT CORPORATION COMPRISING HEADQUARTERS FOR ITS AFFILIATED CHURCHES, MISSIONS, STUDY GROUPS, AND REGIONAL DISTRICTS.

THE FELLOWSHIP'S PRINCIPAL SOURCE OF REVENUE IS A "TITHES" CONTRIBUTED BY THE AFFILIATED CONGREGATIONS BASED ON TEN PERCENT OF THEIR RECEIPTS, EXCLUSIVE OF CONTRIBUTIONS FOR SPECIFICALLY DESIGNATED PURPOSES.

ITS ACCOUNTS INCLUDE THE OPERATIONS OF AN AFFILIATE. THE THEOLOGICAL INSTITUTE, WHICH HAS SEPARATELY INCORPORATED BUT WHICH HAS A SEMI-AUTONOMOUS BOARD OF TRUSTEES.

THE ACCOUNTS DO NOT INCLUDE CONTRIBUTIONS FROM AFFILIATED CONGREGATIONS IN CANADA OR OVERSEAS, WHICH ARE DEPOSITED IN THEIR RESPECTIVE COUNTRIES AND RESTRICTED TO USE THEREIN.

NOTE #1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

CONTRIBUTIONS ARE RECORDED AS REVENUE WHEN REMITTANCES ARE ACTUALLY RECEIVED. OTHER REVENUE AND EXPENDITURES ARE RECORDED ON THE ACCRUAL BASIS.

MERCHANDISE INVENTORY:

MERCHANDISE INVENTORY IS CARRIED AT THE LOWER OF COST OF MARKET AND ARE DETERMINED UNDER THE FIRST-IN, FIRST-OUT METHOD (FIFO).

PROPERTY AND EQUIPMENT:

PROPERTY AND EQUIPMENT ARE CARRIED ON THE BASIS OF COST. THERE IS NO PROVISION FOR DEPRECIATION.

TAXATION:

THE FELLOWSHIP HAS QUALIFIED FOR EXEMPTION FROM FEDERAL TAXATION OF ITS INCOME UNDER SECTION 501(C)(3) OF THE INTERNAL REVENUE CODE. THE PRESENT RULING IS A "GROUP EXEMPTION" COVERING AFFILIATED CHURCHES AS WELL AS THE FELLOWSHIP. THIS QUALIFICATION PERMITS INDIVIDUALS TO TAKE INCOME TAX DEDUCTIONS FOR THEIR CONTRIBUTIONS TO THE FELLOWSHIP AND ITS CHURCHES. TO MAINTAIN THIS EXEMPTION, AN ORGANIZATION MUST MEET STATUTORY REQUIREMENTS ON A CONTINUING BASIS. WITH REGARD TO PERMITTED ACTIVITIES, IT APPEARS THAT NO SUBSTANTIAL PART OF THE FELLOWSHIP'S ACTIVITIES INVOLVE ATTEMPTS TO INFLUENCE LEGISLATION OR PARTICIPATION IN POLITICAL CAMPAIGNS ON BEHALF OF CANDIDATES FOR PUBLIC OFFICE; THE SAMARITAN THEOLOGICAL INSTITUTE HAS A RACIALLY NON-DISCRIMINATORY POLICY AS TO STUDENTS.

NOTE #2. LOANS RECEIVABLE:

THIS ACCOUNT REPRESENTS LOANS APPROVED BY THE BOARD OF ELDERS TO MINISTERS OR CHURCHES IN DISTRESS.

Board of Elders
Universal Fellowship of Metropolitan Community Churches
5300 West Santa Monica Boulevard, Suite 310
Hollywood, California 90028

I have examined the Statement of Assets and Liabilities of the Universal Fellowship of Metropolitan Community Churches (denominational organization, not including affiliated districts, congregations, and operations outside the United States) as of March 31, 1979 and the related statements of Revenue and Expenditures, of the Balancing Account, and of Changes in Financial Position for the nine month period then ended.

The Fellowship has adopted a fiscal period ending March 31 of each year. This nine month period accomplishes the change in fiscal year.

My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances. It was not practicable to extend my examination of contributions beyond accounting for the receipts as recorded.

In my opinion, the accompanying statements of Assets and Liabilities, Revenue and Expenditures, Balancing Account, and Changes in Financial Position, together with the notes thereto, present fairly the financial position of the Universal Fellowship of Metropolitan Community Churches at March 31, 1979 and the results of its operations for the nine months then ended in conformity with generally accepted accounting principles for not-for-profit organizations consistently applied.

Sincerely,

Melvin Crosby

MELVIN CROSBY, CERTIFIED PUBLIC ACCOUNTANT

UNIVERSAL FELLOWSHIP OF METROPOLITAN COMMUNITY CHURCHES

NOTES TO THE FINANCIAL STATEMENTS

For the Nine Month Period Ended March 31, 1979

The Universal Fellowship of Metropolitan Community Churches is a not-for-profit corporation comprising headquarters for its affiliated churches, missions, study groups, and regional districts.

The Fellowship's principal source of revenue is a "tithe" contributed by the affiliated congregations based on ten per cent of their receipts, exclusive of contributions for specifically designated purposes.

Its accounts include the operations of an affiliate, Samaritan Theological Institute, which has a semi-autonomous Board of Trustees.

The accounts do not include contributions from affiliated congregations in Canada or overseas, which are deposited in their respective countries and restricted to use therein.

Note #1. Summary of Significant Accounting Policies:

Contributions are recorded as revenue when remittances are actually received. Other revenue and expenditures are recorded on the accrual basis.

Merchandise Inventory is carried at the lower of cost or market determined under the first-in, first-out (FIFO) method.

Property and Equipment are carried on the basis of cost; there is no provision for depreciation.

Taxation: The Fellowship has qualified for exemption from federal taxation of its income under Section 501(c)(3) of the Internal Revenue Code. The present ruling is a "group exemption" covering affiliated churches as well as the Fellowship. This qualification permits individuals to take income tax deductions for contributions to the Fellowship and its churches. To maintain this exemption, an organization must meet statutory requirements on a continuing basis. With regard to permitted activities, it appears that no substantial part of the Fellowship's activities involve attempts to influence legislation or participation in political campaigns on behalf of candidates for public office; the Samaritan Theological Institute has a racially non-discriminatory policy regarding students.

Note #2. Loans Receivable: This account represents loans approved by the Board of Elders to ministers or churches in distress.

Note #3. Contingent Liabilities:

The Fellowship has made an election under provisions of the U. S. Internal Revenue Code to cover its non-ministerial employees under Social Security. Employees at the time of election could choose whether or not to be covered, but the Fellowship is liable to cover all non-ministerial employees hired subsequently at rates to be set from year to year by act of Congress.

The Fellowship's general offices and Institute classrooms are leased for a six year term expiring August 31, 1984. The obligation is for \$918.50 monthly for the Fellowship plus \$354 monthly for the Institute, with increases of approximately nine per cent every two years.

Section III Treasurer's Analysis of Financial Report

A. Balance Sheet and Changes in Financial Position.

The Statement of Changes in Financial Position for the year ended June 30, 1978 shows a continued stabilizing of our economic condition. Due to a healthy increase in revenue and continued prudence in spending, we ended the year with an excess of revenue over expenditures of \$12,400.00 resulting after allowances in an increase in working capital for the year of \$12,150.00.

The current assets and liabilities for the year also reflects this improving position. Total assets grew in value by \$4,250.00. A good portion of this resulted from an improved cash flow and an increase in merchandise inventories. The progress of previous years in reducing our accounts receivable (almost all of it monies owed by individual Churches) was maintained.

Total liabilities compared to the previous year were reduced by \$7,900.00. This is due partly to a reduction in bank charges (high the previous year because charges for special arrangements made with our bank to allow us to overdraft our account during a cash flow crisis). During 1977-78, our improved income and the growth of reserve funds preserved us from any serious cash flow crisis.

Use of increased income to further reduce the Accounts Payable was especially gratifying. They were reduced by nearly one half from \$13,337.00 to a very manageable \$7,188.00.

The net result of changes in financial position for the first year was dramatic. As of June 30, 1977 liabilities were \$6,766.00 in excess of assets. Within one year this situation had reversed resulting in a current assets over current liabilities valued at \$5,384.00. These net changes for the first year between General Conferences are, of course, reflected in the Balance Sheet ending June 30, 1978. Only a few additional comments need to be made. Current assets increased from \$14,817.00 in the year ending June 30, 1977 to \$19,067.00 for the year ending June 30, 1978. Part of this increase is reflected in an increase of over 100 per cent in cash on hand. (\$1,581 to \$3,709.) indicating a more comfortable cash flow position for paying current liabilities. Another large part of the increase is due to the sizeable increase over the year in the amount of cash in the savings account (from \$255. to \$3,089.) Those who have attended previous conferences will remember how hard we have worked to build a reserve fund to pay recurring items and to help us in times of diminished cash flow. These figures indicate our patience and work is now paying off.

Another positive feature of this section of the balance sheet is shown in the reduction from fiscal year 1977 to fiscal year 1978 of the amount due from member ministers, staff, and churches to the health insurance fund. The reduction from \$5,714. owed in 1977 to \$959. in 1978 is the result of better record keeping and billing procedures and of greater cooperation by members of our insurance plan in keeping their account current.

In the liabilities section for fiscal year 1978, most items have already been commented on. However, it should be noted that the amount of \$1,021 indetified as taxes withheld refers to employee withholding taxes in the savings or checking accounts but not yet sent to the appropriate agencies at the time of the audit.

Current liabilities as of June 30, 1979 totalled \$13,682.66 down from the \$21,583 reported at the last General Conference. Once again, this reflects the continuing improvement in our general financial condition over the year. This is reflected in the balancing account which showed a deficit of \$4,861 at the last General Conference. By June 30, 1979 this had been reversed with an excess of revenue over expenditures for the year of \$12,399.65. Of this amount \$3,088.94 had been placed in our saving account as restricted funds to pay anticipated withholding taxes and insurance premiums. This left a balance of \$10,372.48 in the General Fund. It was important to have this large a balance because we were coming into the vacation period when revenues from Churches decline and we had no General Conference to provide an influx of funds to carry us over a period of lower cash flow. The balance assisted us through this period with no disruption of the services of the Fellowship offices.

The Statement of Changes in Financial Position for the Fiscal Year 1979 (page 34) reflects a nine-month year and the analysis covers that period. Where feasible and for comparative purpose we have also shown the unaudited figures for the quarter ending June 30, 1979 to give a full 12-month year.

Since the figures for 1979 reflect only nine months operations it is not surprising to see a net decline in current assets. The quarter ending June 30 is normally a good revenue producing quarter and if included would have most likely resulted in an increase in current assets. It should be noted that our new billing procedures continued to reduce the amount on record in accounts receivable and in money due from the insurance funds.

While current assets were reduced by \$3,359, please note that current liabilities were even more reduced. Our continued work in paying bills on time and reducing expenditures resulted in a reduction in liabilities by \$4,097. This in turn actually generated a net increase in working capital for the current nine-month year.

The Balance Sheet for the nine months ending March 31, 1979 (page 25) is self-explanatory. Note should be taken of some changes from the previous year. Moving into the new Fellowship headquarters required some additional furniture. The increase need for in-house capability particularly in the printing and Church services departments resulted in purchase of additional equipment. This is reflected in the increased value of the office equipment section of the assets column.

The reduction in accounts payable and loans payable contributed to a drop from \$13,682.66 in 1978 to \$8,897.00 in 1979. As a result the balancing account shows an excess of revenue over expenditures of \$2,078.00 even in the shorter nine-month year. This is a continued sign of a prudent expenditure policy and of a basically healthy financial position. The addition of the balance of \$10,372.00 at the beginning of the year made it possible to end the year with a balance of \$12,460.00. This was utilized during the next quarter to reduce our accounts payable even further.

Section III B Statement of Revenue and Expenditures

Introduction: Sources of Revenue and Expenditure

The following two tables compare the sources of revenue and expenditures for Church bodies (USA) for Fiscal Years 1977 and 1978 and for the nine month Fiscal Year for 1979. In the Treasurer's oral report some additional unaudited figures for the 12 months ending June 30, 1979 will be given for comparative purposes only.

Total Revenue	\$164,965	\$205,259	\$160,766

Total income for the nine-month 1979 year suggests that the total income for 12 months (based on projecting the quarterly average income) should be in the \$215,000 to \$230,000 range. This is comfortably ahead of last year but the figures again suggest some leveling off of income increase from the very large increases of last year. This, in turn, suggests the need for very cautious spending plans during the next year of world economic uncertainty.

An analysis of the component sources of income indicates tithes from Church bodies in the U.S.A. comprises the largest percentage by far of the total revenue. In 1977 tithes comprised 65% of the total; in 1978 tithes comprised 61% of the total. In the nine months of 1979 this had grown to 71% of the total. While not shown in this report, the percentages did not appreciably change in the April-June quarter. Thus, after a promising rise in other kinds of revenue in 1978, the trend was reversed in 1979. In the Treasurer's opinion, this reliance on tithes for a large portion of revenue leaves the Fellowship unduly dependent on the fluctuating economic conditions which are reflected first in the offerings in individual congregations. Clearly, other sources of revenue must be developed as proposed in the ten year plan outlined in the Elders White Paper.

Our income projections for 1978 continued our office's excellent income forecasting record. We projected tithing (USA) for \$139,000. We actually received \$126,266. Total revenue was forecast to be \$211,500 while we actually received \$215,313. In the 1979 fiscal year (9 months) tithes (USA) was projected to be \$117,000 while \$114,325 was actually received. However, total was projected to be \$173,250 for the nine-month period. Other sources of revenue declined resulting in total receipts of \$160,767. Part of this decline is due to a serious decline in World Church Extension offerings. In reality we received only \$2,952. We also failed to received donations from planned Fellowship fund raising dinners and from a Fellowship Sunday offering.

Net Income or Deficit	(9,675)*	12,400	2,087

*Adjusted to reflect increase to plant and equipment account from capital expenditure - plus 3,581.

The pattern of spending in 1978 indicates less was spent for the Executive office than anticipated (projected maximum expenditure: \$166,950 while actual expenditures were \$128,204.) This reduction is partly due to lower than expected expenditures in Elders Travel (due in some cases to district assistance in paying travel cost), legal and accounting fees, and the exclusion of Washington, D. C. Field Office expenses from General and Executive Office accounts. Printing and postage were somewhat higher than expected reflecting activity of a larger staff in trying to improve communications with the Church bodies. Rent and telephone and salary expense for the Los Angeles office were about as expected.

Expenditures for such revenue producing activities as In Unity and publications were less than expected, but inclusion of the total expenditures for Samaritan Theological Institute in a combined statement rather than just the UFMCC allotment increased the projected expense for that activity. World Church Extension costs were less than expected since some Church Extension costs were shown in other administrative categories in the process of refining accounting classifications. A more revealing picture of this activity is shown later in this report. Generally speaking the expenditures indicate a cautious expenditure policy in line generally with the direction indicated by the budget with adjustments made due to realities of revenue and some unexpected needs.

The same may be said of the nine months expenditures for the 1979 fiscal year. For example, the projected expenditures for the Fellowship office for the nine months of the 1979 fiscal year was \$120,669 while actual expenditure was \$103,937. Specific ministries was budgeted at \$25,500 while actual expenditures including Church Extension were \$26,525. Some of these categories will be discussed again later in the report.

The tithing record for this year is interesting when compared to the last several years. Financial growth within congregations in the United States may be seen in the following table:

	<u>1978-79</u>	<u>1977-78</u>	<u>1976-77</u>	<u>1975-76</u>	<u>1974-75</u>
Number of Church bodies contributing (USA)	100	94	77	65

\$1 - \$500	42	37	33	38
\$501 - \$1000	17	16	16	16
\$1001 - \$2000	21	24	18	7
\$2001 - \$3000	8	6	6	3
\$3001 - \$4000	6	4	3	1
\$4001 - \$6000	5	5	3	1
\$6001 - \$11000	1	1	1	0

A careful look at this table will reveal a slow tapering off of growth in the United States both in numbers of new Church bodies and in the increases in the accounts contributed by the Churches as tithes. This may be read in both negative and positive ways. The slower growth may reflect a lessening of our evangelistic zeal since we remain very small in many large communities and we are unknown in many communities where we should have Churches. However, it may also reflect a maturing and stabilizing of the Fellowship as we expend more effort in building and strengthening existing congregations. My own belief is that some of both positions may be true for us. While it is true many congregations are stabilizing, the size of our Fellowship in the United States compared to the work to be done suggests we need to reconsider our evangelism program for the Fellowship within the United States.

The above tables show the tithes for 1978 and 1979 through June 30, 1979 for Church bodies outside the United States. The figures are shown in both national currency and U.S. dollars. These statistics have been difficult to assess in past years due to distance, to difficulty in reporting for Church groups just beginning, to differences in national legal and financial reporting requirements and to fluctuations in currency evaluations. During the period since the last General Conference, the Treasurer drafted a set of reporting requirements for areas outside the U.S.A. which have begun to yield a more complete accounting of our financial position as a Fellowship. We wish to thank the District treasurers and Church Extension treasurers for their assistance during this period. The following tables remain incomplete but are much more extensive than the last Conference report. In some cases Church bodies have paid tithes to districts or Church Extension areas but have failed to send reports to the Fellowship office. We are striving to ensure that by next General Conference we can present a complete and audited report of all Fellowship financial transactions for all parts of the world. This will permit us for the first time to realize a goal this Treasurer has worked for a long time--a comprehensive, complete and integrated Fellowship-wide Financial Report.

District of Australasia (Australia and New Zealand)

As of the preparation of this report the complete report for this District had not been received. All funds received by the District comes from the Churches within the District. In view of the great distances in Australia, the high costs of administering the District and the continuing evangelism needs there, the Elders have permitted the District to retain Fellowship as well as District tithes to finance the work of the Fellowship in that part of the world. As the Churches have matured they have increasingly joined the rest of the Fellowship in contributing to works benefitting all the Fellowship. Several of the Churches have contributed of World Church Extension and Samaritan Theological Institute offerings. In addition, the Church bodies in the District contributed to the travel expenses within the District of the Reverend Elder John Hose during his recent Elder's tour. At the end of the last calendar year the District had a small surplus of Fellowship funds on hand after paying all expenses. The District then sent that money to the Fellowship office for use in the administrative and evangelistic work of the total Fellowship.

The District has worked to come into conformance with the budgeting and reporting requirements as requested by the Elders. They have an appropriate District-wide accounting system and a full audited report should be available by next General Conference. They have adopted a yearly budget for the District and they make appropriate reports to the District.

District of Canada

A significant increase in tithes is reported in all Canadian Churches some of which are very new. Pursuant to the request of the Elders that more of the Fellowship tithes be sent to Los Angeles for use of the total Fellowship; the District and the Fellowship requested a ruling on the effect of national law upon this request. The Fellowship received a letter on April 30, 1979 from the Deputy Minister of the Taxation section of the Canadian Revenue Department. We were advised that sending tithes out of the country would violate national laws relating to charitable organizations. Accordingly, we will work with the District in developing methods for using Fellowship funds within Canada to meet specific and legally chargeable Fellowship expenses. The Canadian District has paid for Elders travel and other Fellowship expenses that occurred within the District. They have utilized Fellowship funds for an ambitious program of evangelism that resulted in establishment of several new Churches.

The District's fiscal year coincides with the calendar year. In trying to meet the reporting requests of the Elders, the District Treasurer provided us with a report for the 1978 Calendar year of all District Revenue and Expenditures. It is included in this report for your information. The differences in the reported tithes from Churches we have listed and those listed in the Canadian report is due to using different months as a reporting period and to the more complete reports available to the District. The report is especially valuable in showing how the Fellowship funds have been used for Elders work and Church Extension. (Please note the figures are in Canadian dollars. We do not know the exchange rate at the time of the report. The exchange rate to American dollars as of the time of the printing of the Treasurer's report is .8533).

World Church Extension Areas

Nigeria

Reverend Sylvanus Maduka has moved from Zaria to establish new works in Nigeria. The reports of tithes from Okigwe have not yet started to come in. The reports from Zaria have been intermittent. The Board of World Church Extension is aware of these reporting difficulties and will assist us in correcting them before next General Conference. The Elders have continued to send \$100. per month to Reverend Maduka as directed in the last budget. Other Church groups have also provided special financial help directly to Reverend Maduka.

South Africa

The oppressive nature of the government has made it necessary for the reports from our work there to be made in private to the Elders in personal correspondence. No public reports have been required at this time. However, the Elders have been sending \$100. per month to the work in South Africa as directed in the budget. Other Churches have also contributed by special offerings to the work there. The Houston Church has contributed 2% of its General Fund to the work in South Africa. These monies have been used to defray the expenses of the Director of Church Extension in that country.

The United Kingdom & Western Europe

This extension area received special help from the Fellowship in the form of help with travel and phone calls and in the cancelling of some accounts owed the Fellowship by Churches in the area. This help for a total of \$688.89 was given by the Elders by writing these accounts off the Fellowship books at the rate of \$100. per month from December, 1977 through June, 1978. In addition, support funds was given to the Church Extension Officer, the Reverend Lee J. Carlton, as provided by the budget plus moving allowances when his term of service ended and he returned to the United States. After June, the Fellowship continued the monthly stipend of \$100. per month to assist the work in that area. In September, 1977 the Church Extension Committee as now constituted was formed and the Reverend Jean White was named Treasurer. The financial records of the work in that Church Extension area were audited from that date through the end of the current fiscal year March 31, 1979. The record of revenues and expenditures are shown for your information in the following table. Figures are listed in pounds. The exchange rate as of this printing is 2.2345 dollars to the pound.

Section III B 3. Revenue Producing Activities

A. Samaritan Theological Institute

The Institute report gives a detailed picture of revenues and expenditures. The figures in the auditors statement indicates the Institute has improved its financial position and enhanced its revenues since last Conference. The Institute raises approximately 75% of its own revenue through student fees, individual donations and through the Samaritan Sunday offering. Samaritan Sunday offerings are still being reported. A complete listing will be published in In Unity.

B. Fellowship Press

Reverend Carol Cureton and the staff have done an excellent job in holding down costs and increasing revenue in this department. Book sales continue to be sizeable and plans are being made to increase this source of revenue.

In Unity is no longer the financial drain it has been on the Fellowship. Holding down costs and improving collections from Church bodies has materially strengthened this department. Much of the publishing and printing function has been brought in house through acquisition of equipment through the hiring of such staff as Jean Gralley as Graphic Artist. Initial increase in costs will be offset by lower costs and increased services.

Section III B 4. Specific Ministries

A. World Church Extension

The figures in the auditors statement do not reflect money given to Church extension within Districts outside the U.S.A. or within Church Extension areas. These are commented on earlier in this report. The figures also do not always reflect help given by the Elders to an area in the special forms but often recorded as administrative expenses such as travel. We are endeavoring to bring this account into focus in a way that will more accurately reflect revenues and expenditures. For this report we have extrapolated all church Extension help given by the Fellowship headquarters and we show it below for your information. Where these figures are recorded in the auditors statement they may differ somewhat from these figures which were compiled unaudited. They do reflect a generally accurate picture for informational purposes only.

The General Conference targeted the United Kingdom and Western Europe for maximum funding. Since last Conference those funds have been well spent. The work of the Church Extension officers during these two years, the Reverend Lee Carlton and the Reverend Jose von Buhler, together with the Church Extension Committee and all of the dedicated clergy and laity resulted in a remarkable growth. The London M.C.C. thrives under it's Pastor, the Reverend Jean White. Birmingham M.C.C. has undergone hard times, but in the midst of trial it's Pastor, the Reverend Jo McVay-Abbott, has succeeded in founding a vital new study group in Northampton. The Reverend Jo McVay-Abbott has been the pioneer in the United Kingdom and our work there is very much indebted to his faith and perseverance. In Thames Valley M.C.C. near London the Reverend Jose von Buhler established a group that is now a flourishing Church under it's Pastor, the Reverend Art Ramirez. Reverend Ramirez is, of course, an American. In a remarkably short time he has won the love and respect of his congregation and of the whole district. His knowledge of the Fellowship vision and procedures has been an invaluable resource. The Reverend von Buhler assists in Thames Valley while serving as Church Extension Officer. In Liverpool, a study group has just started as has one in Kent, south of London. Both groups are small but dedicated and hoping to grow. In Newcastle, the Reverend Angela Needham pastors a spirited congregation that must battle much prejudice as well as depressed economic conditions. The congregation is a model blend of both gay and non-gay Christians. The newest work in the United Kingdom is in the resort community of Bournemouth. The group is pastored by the Reverend Tom Bigelow who has returned to that country to continue his ministry. I have taken the time to speak of this growth as I have in past reports of Australasia and Canada to show how well our limited Church Extension funds have been used and what a blessing they have been to the growth of our Fellowship. Each of these areas and Districts is now or soon will be self-supporting. They want to contribute to the Fellowship work as a whole as they did during my recent tour of the United Kingdom by assisting my travel there. And many of them have come from great distance at real sacrifice to attend General Conference. That is why I am so disappointed in the small number of donations to the World Church Extension offering. A very few Churches have been most faithful in this responsibility, but we must respond more generously both at this Conference during the Extension offering and through the yearly Fellowship offering. It is one of the finest investments any of us can make.

B. Institutional Ministry (USA)

This ministry has not been able to raise any of its own funds as hoped. However, the value of the ministry and its growing fame throughout this country has convinced the Elders it should be funded totally by the General Fund. Consideration is now being given to expanding this Ministry. Indeed, work in this ministry is already proceeding in Australasia, Canada and the United Kingdom. Please refer to report of this Ministry.

Section III B 5 The Executive Office

The expenditures for this office come totally from the General Fund. The need for additional staff was foreseen in the revised budget for this last fiscal year and provided for in the revised budget. The expenditures are detailed in the auditor's statement and are self-explanatory. Many expenditures were in line with general projections. Postage and printing costs are up due to our increased staff being more involved with Church bodies. The in house printing facilities of Fellowship Press should limit outside printing costs in the future.

6. Miscellaneous Comments

Due to the use of both nine and twelve month years for 1978-79 in various parts of the analysis, we urge you to pay particular attention to the description of the time span involved

C. Analysis of Accounts Receivable and Accounts Payable

Considerable information on the improved collection procedures for Receivables has already been given. As a result the Receivables have been reduced to a very small amount. Old receivables have been reduced to a handful of accounts which we do not regard as collectible and we expect to write them off this next year. The current receivables are being paid off by most accounts within 30 to 60 days.

After the nine-month fiscal year ended, we continued to reduce Accounts Payable. These bills had once been dangerously large. We are proud to announce that by the time of this General Conference we will have used our improved revenue position to pay off completely all indebtedness except for a small loan which will be cancelled during General Conference. At that time our only obligations will be our monthly expenditures for ongoing operations. We are virtually debt free!

D. The Health & Life Insurance Program. Refer to other sections of this report.

E. Summary

We may summarize the work of these last two years by pointing out we have:

1. Finalized the completion of most of the objectives set by this Treasurer assuming office six years ago and listed for you in previous General Conference Reports.
2. Continued the growth that began with \$3000.00 income and expenditures our first year to a budget in the \$200,000 range representing Church bodies with total revenues and expenditures approaching \$2,000,000.
3. Reduced receivables and payables to a current status which assures more stable income and leaves us unencumbered with large debts.
4. Provided for reserve funds and designated accounts placed in interest earning savings accounts.
5. Begun to bring all the Fellowship throughout the world into conformance with an appropriate Fellowship reporting and accounting system to allow for accurate statistical analysis and forecasting and assuring audited books and good accounting practice. Much of the picture of our growth financially can be seen in the next section which is a historical review of all the tithes paid by all Church bodies in the United States from the first accounting through June 30, 1979.

V. Recommendations.

Most of the recommendations will be found in the proposed budget which this year is a product of all of the Elders. I subscribe to that budget and its implications. Other than that I have only four suggestions this year.

1. Provide staff support so we may properly send out quarterly reports to the Churches and so we may offer support services to local Churches with such help as manuals, auditing, etc.
2. Provide an improved way of receiving input and utilizing the expertise of the many professionals in our local Church bodies. I suggest that the Districts be utilized in a more vital way by convening district finance advisory groups. The Fellowship office should then assign them special areas or problems to research and ask them to report their recommendations to the Elders. A revitalized finance committee residing within traveling distance of the Fellowship headquarters, headed by the former Treasurer and funded for some travel and office expense is also needed to provide consultation and to review the records regularly.
3. Increase sources of revenue other than tithes through fund raising programs as outlined in the Elders White Paper.
4. We have worked hard to get where we are financially. Please think through the cost of any action of the Conference as a part of the way you evaluate its significance to the Fellowship. To fund an office with no revenue to support it is the sin of lack of responsibility. Remember we face a period of world-wide economic uncertainty and recession. This is a time to count our blessings, but it is not the time to reach for "pie in the sky". God will bless us with all we need to do God's work if we are good stewards of what God gives us.

I began this report by thanking my co-workers and you for your support over these years. As I now seek to follow God's will for my ministry in new directions in our Fellowship, I want to thank the Savior whom I serve for the privilege and blessing given to me to work both as an Elder and Treasurer in building God's kingdom of salvation, grace and liberation.

May God bless you all.

Respectfully submitted,

The Reverend Elder James E. Sandmire
Treasurer

your best buy . . .

No. M-201 THE BIG "O"

The handsomest of all carpet mats will provide you with cleaner and safer entrances, hallways, vestibules, and elevators. Look great even under heavy traffic conditions. You'll stop the dirt at the door with these mats and keep your floors and carpets looking good longer. The luxurious olefin pile dries much faster than most other carpet matting; will not shed, and holds its color better. Reduce your clean up costs . . . let the BIG "O" mats be your first line of defense against floor deterioration!

Colors: Rust, Blue, Brown, Charcoal, Green, Red, Sand or Walnut.

No. M-202 "EL CHEAPO"

For those who want a floor mat to do a "clean the shoes" job and care not about the color or design but only that it will do the job and not cost much . . . we offer to the budget buyer probably the best carpet mat buy in the nation—"EL CHEAPO." Because of its having slight imperfections, the buyer must take whatever color and pattern that is available at the time. POSITIVELY NO RETURNS. It may look like the mats below—it may not—BUT it will perform a floor matting service for you.

Choice of 4 sizes only:

Tolerances and Lengths

Plus or minus 3" to 6" is acceptable practice in matting industry. Long rolls will be billed out as to the exact lineal feet. Odd cuts are rounded off to full foot.

Shipping

Wherever possible shipments under 150 lbs. will go via UPS. All other orders via common carrier truck or our own truck. Rush orders via UPS Blue Label, UPS overnight, or Federal Express.

Other Items

Whereas this catalog represents a most complete collection of floor mats...there still may be specific types of mats that are not in our catalog. We have been selling floor mats for nearly fifty years and as a service to our prospective customers we will try and steer you to sources if we in our organization are unable to furnish you with the desired mats.

All Orders

are subject to final approval by MATTING WORLD. Matting World is a trademark and a division of Ojserkis Janitor Supply.

Limited Warranty

Neither we nor the manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use or inability to use any item sold by us, but our only obligation in lieu of all warranties express or implied, is to replace any item proved to be defective.

Returns

Write for return authorization. Any merchandise returned without the proper authorization will be refused. All returns are subject to a minimum restocking charge of 30%. Certain items are not subject to cancellation or return. Our Customer Service Department will furnish details.

Damaged Shipments

Any item damaged in transit is the responsibility of the carrier. Claims for damaged or short shipments must be filed at once with the carrier. Delay may cause you a loss. Our responsibility ends when the shipment leaves our facilities.

Why Waste Money...

No. M-502 "EL CHEAPO" RUNNER

There are numerous applications where it may not pay to purchase a first-class carpet top runner: flood victims during construction, after hurricanes; athletic events, after earthquakes; bad winter storms; hunting and fishing lodges; ice fishing huts; boat houses; dirty manufacturing plants; or any other location where it simply does not make economic sense to use a top of the line product. These runners may have minor imperfections as to color and backing—but they will all perform a floor matting service for you.

Conditions of sale are as follows: no color selection; positively no returns; minimum length is ten running feet; maximum length is sixty running feet. THERE ARE NO EXCEPTIONS!

Price is \$1.50 per square foot—surely one of the best cost saving prices in the nation.

3' width \$4.50/lin ft. 4' width \$6.00/lin ft.

The best and nothing but the best - DUCHESS OF NYLON 7

**FREE SWATCHES -
FAX OR WRITE ON YOUR LETTERHEAD**

No. M-701 DUCHESS OF NYLON ON RUBBER

Rubber backing provides superior qualities in 3 areas: 1) Grippers on underside of mat reduce creeping of mats; 2) Rubber is more durable than vinyl—hence a longer life; 3) They are high temperature machine washable. These outstanding characteristics coupled with the attractive selection of designer colors make **Duchess of Nylon on Rubber** the superior mat for your entrance way. Choose from over 50 different colors (any of colors shown on pages 6 and 7 plus those listed below). **NOTE:** Because of rubber manufacturing complexities—actual sizes are as follows:

Casino Red	Champagne	Charcoal	Kelly Green

**IF YOU ARE
RENTING
FLOOR MATS ...**

Rental companies offer you a limited size selection—you cannot get the correct size mat for the area. They offer you a very limited color selection. Rental companies lock you into long term service contracts with automatic price increases and blind acceptance of delivered quality. And remember, if the mat is loaded with dirt, mud, or moisture and you have to wait 'til the next visit of your rental man — the mat is not doing the protection job you paid for it to do. For the cost of your service per year, **MATTING WORLD** will show you savings and give you a better mat value for the dollar.

10 WATER HOG MATS

THE BEST "MOISTURE CATCHER" IN THIS CATALOG...

Traps water and dirt before it gets on the floor.

Best Seller!

No. M-1001 WATER HOG

King of the moisture trappers—stops snow melt and ice from spreading—its unique water dam around the perimeter will hold up to 1½ gallons per square yard. And the rubber reinforced squares help trap dirt as well as moisture so as to keep your mat effective throughout the worst of winter storms. Gripper rubber back helps to prevent creeping on top of carpets and grabs really well on terrazzo or concrete. Easy to clean with vac or hose. Choose from seven colors and 14 sizes.

No. M-1002 THE WATER TRAPPER

Essentially the same concept as the **Water Hog** but with variations—entire surface is carpet top—rounded button tops instead of squares—and a bit more stylish in appearance and perhaps a little less of the functional workhorse than the **Water Hog**. Other than that, both mats are 100% polypropylene on a rubber base and have exceptional absorbent capacity for water and grit. Rounded corners enhance the appearance. Thickness: approximately ¾". Colors: Red/Black, Dark Brown, Charcoal, Slate Blue, Forest Green, or Burgundy. Four sizes only.

Mat-A-Dor™

No. M-1201 MAT-A-DOR MATS

For Indoor or Outdoor use, the most versatile heavy duty mat. Tapered cleaning fingers let dirt removed from the shoes drop directly into the mat's base. Avoids leaving dirt on the surface of the mat where it could be carried in on shoes of others.

Overall Mat Height $\frac{5}{8}$ " Colors: Black, Blue or Brown.

Ideal for entrance ways, bowling alleys, schools and churches. Anti-fatigue Use: store counters, bank tellers, production lines. To clean, take mat to a convenient spot and shake. Dirt, (even caked mud), comes tumbling out. If installed inside, vacuum in place. Or, flip it over to let dirt fall to the floor—then vacuum or sweep. Occasionally you may hose or scrub the mat.

24" x 32" Fits Standard 30" or 36" Doorways:

Black \$ 59.45/each
Blue or Brown 87.25/each

The heavy-duty live rubber entrance mat that excels in shoe cleaning as well as providing safety under foot at your high traffic entrances. The famous SHAD-O-RUG design of six inch squares of "V" ribs in alternating directions coupled with the knob back make this mat an excellent value. The rubber ridges remove soil from the shoes. The knob back allows the mat to breathe so liquids may evaporate, as well as be reversible. Use at main entrances of banks, churches, malls, schools, car dealers, factories, and public buildings. Finest Quality

THE CAROLINA SERIES

The floor matting industry, like the automobile industry of the 60s and 70s, has not done much more than "move the chrome around" the past couple of decades. . . now we offer to our customers truly a giant step forward in floor matting technology.

"THE CAROLINA SERIES" offers more scraping and absorbing capabilities in an attractive design than the floor matting industry has ever been able to provide sophisticated buyers in the past forty years.

Both "CAROLINA OUTSIDE" and "CAROLINA INSIDE" are fabricated from a 100% ribbon polypropylene tied to a durable cleated rubber backing in a design pattern that provides the maximum in scraping dirt and water from shoe bottoms and holding it so it does not carry further into your building.

The water dam edge enables these mats to hold up to 1½ gallons of water per square yard—a remarkable accomplishment! And the rubber reinforced ribs prevent the mat pile from crushing. . . they are easy to clean in place with a vac or extraction machine.

No. M-1501 "CAROLINA OUTSIDE"

The mat with the more aggressive surface to provide superior scraping of dirt, mud, snow, ice, and water. Colors: Black Pearl (Gray/Black mix), Stormy Blue (Blue/Gray mix), or Mesquite (Beige/Brown mix).

No. M-1502 "CAROLINA INSIDE"

The mat with the more absorbent face for moisture absorption when you get past the front door. . . and there are more attractive, softer colors to match your decor: Heather Blue, Desert Sand, Pebble Gray, Spruce Mist, Rose Petal, Black Onyx, Brownstone, or Redwood.

If you are color sensitive (fussy about shades and match)—request samples on your letterhead via Fax or mail.

No. M-1601 REGULAR COCOA MATS

The "old reliable" and "Grandad" of the matting industry has been around since the days of sailing ships. Because they will not rot or wear out when wet . . . they are still an excellent buy. They are capable of absorbing up to two gallons of water per square yard—Remove soil from shoe bottoms like a brush and hold up where less durable mats would fail. Don't place them directly out in the elements but under a canopy or in an entrance area or wherever moisture causes a safety problem. Thickness: 1½".

SHOW YOUR COLORS AT THE ENTRANCE!

Add a touch of class to your building—Promote school spirit, the company logo, the military emblem, or the family crest . . . tell the world your name!

Ever popular old-fashioned vinyl link mats to identify your place are mostly purchased in close weave for high-heel protection and sharpness of letters. Any logo or design can be put on a mat but do not expect the detail or sharpness of an inlaid carpet mat. . . it is best to keep your design short and simple for maximum effect. Links are 1/2" wide by 2" in length. Thickness: 7/16".

SEND US A ROUGH SKETCH AND INDICATE:

1. Dimensions—a) left to right; b) front to back
2. If for surface or to fit into a recess:
Beveled edge for surface; square nose edge for recess
3. Choose from eleven colors shown - O.K. to mix. Specify field background color and logo/letter colors
4. Logo design (if desired)
5. Letters - Block or mosaic (uneven edges)

No. M-1901 LINK MAT - PRICES

For a link mat quotation, send us a sketch specifying dimensions, edge type, logo, lettering, and if mat is to fit into recess or lay-on-floor surface. Also indicate direction of traffic. We will respond with a formal quotation detailing price and delivery.

NOTES:

1. Show direction of traffic on your sketch.
2. Standard recess is 1/2" deep — measure your recess.
3. Vinyl links are mounted on spring steel for strength and long wear.
4. Sizes over 8' x 10' should be made as 2 separate mats.
5. Final layout must be left to manufacturer's discretion.

DELIVERY: Approximately 8 Weeks

RUBBER vs. VINYL

To the discriminating buyer who feels rubber runner better fits his needs than vinyl. Rubber is more weather resistant (vinyl becomes hard, brittle and tends to be slippery in cold weather). Rubber has greater slip resistance; offers more foot comfort, and abrasion resistance. Rubber will not curl or shrink. In short—vinyl is more colorful and less expensive—but rubber is more durable.

No. M-2101 TUCK-TRACTION MAT

Unique raised knob design provides excellent anti-slip qualities as well as a tough scraping surface. Easy to clean - improves safety in wet areas - reversible - protects expensive floors. Knob design enables mat to breathe underneath. Excellent multi-purpose mat. Thickness $\frac{3}{8}$ ", width 3'. Colors: Black or Brown.
 3' x 4' \$94.65 3' x 8' \$189.35 3' x 32' \$832.50

 Custom cut length (2' increments) \$24.75/lin. ft.

No. M-2102 STANDARD CORRUGATED RUBBER — $\frac{1}{8}$ "

The old standby of the matting industry—if you want a mat that lasts, takes lots of punishment and gives you maximum service—this is the mat. Will not curl or shrink. Cleans easily. Ideal for general use in office buildings, schools, military bases or wherever a good durable runner is needed. Colors: Black or Brown.

HOW TO ORDER AN IDENTIFICATION MAT

No. M-2801 IMAGE MATS

Printing on carpet fibers is not like printing on paper. It is a sophisticated art to provide relatively sharp, crisp images on flexible fibers and we at **Matting World** are proud to be a nationwide leader in message mats that will add prestige to any area. Up to five color logos on 45 different color floor mats offer you a chance to show your company name and logo in a style and format that will long be remembered.

- 1) Decide location and size of mat . . . we can make mats from 3' x 5' all the way up to 12' x 24'.
- 2) Send us a rough sketch with dimensions, colors, and what you want to appear on a mat in the way of name and/or logo. If you are able to furnish camera-ready black and white artwork—that would even be better!
- 3) If you are unable to provide us with a decent sketch or quality camera artwork—send us a letterhead, program or menu cover, business card, picture of logo or any item that would enable us to design a mat for you and give us permission to let our mat artist enhance or change the design to suit the production. Making an I.D. Mat is far more complicated than printing a name/logo design on paper—our art department will know the best way to go.
- 4) Before the mat goes to production (with exception of flocked mats on Page 34), a color sketch will be submitted to you for approval. If you wish to make corrections or changes, this is the time you should do so. If you decide to purchase the mat, there is no charge for the sketch—if you decide not to purchase a Logo/I.D. Mat, then there is a **\$50.00** charge per sketch.
- 5) Colors: Tell us the number of colors you want on your mat. Include the background color in your total.
- 6) Horizontal or vertical: Tell us if you want your mat to read horizontal like a dollar bill or vertical like an adding machine tape.
- 7) Lettering: Specify block lettering, bold script, or serif lettering.
- 8) Design suggestion: The simpler the design . . . the better the mat will communicate for you—the better the first impression. Avoid using more than one circular design on your mat.
- 9) You are limited by the width of the mat (left or right) as to how many letters may be placed per line—as a rule we suggest no more than the following: 3' width: 10 letters; 4' width: 14 letters; and 5' width: 20 letters. As you increase the size of the mat, you are able to place more copy on your mat.
- 10) Quality vs. application: Graphic Inlay Mats are generally the most durable and easy to clean; Ink Print Mats are for complex designs with thin lines, shading, or highlighting, and where color registration is not as important; Flocked Mats are for customers who can live with a surface printed mat with vinyl backing and are looking for a quality level at a lower price.
- 11) The above covers the most important aspects of ordering an Identification Floor Mat. For additional information . . . call our **I.D. Mat Department** at 1-800-257-8557.

No. M-2901 CARPET INLAID MATS - 2-COLOR SINGLES AND REVERSE PAIRS

Your business, school, or institution deserves an attractive identification mat with the right color, size, and design...and these mats have the finest visual clarity to enhance your decor.

Send us your sketch showing dimensions, color pattern, logo and / or message along with business card, letterhead, matchbook cover or guide to what you would like to have on a mat. While you must allow the art department to modify so as to fit mechanical requirements...we are sure you'll receive a mat that does credit to your organization's image.

Because of inlaid construction—the most economical way to purchase these mats is in sets of reverse pairs. That is the background color of one mat providing the color of letters and designs of the second mat. This also will provide you with a clean back-up mat at all times. But if you prefer to purchase one mat only—we can provide you with one only two-color mat.

By far the best made identification mats—these custom design carpet inlaid mats are the most durable and long lasting. And besides . . . they are available in largest color selection (see page 11); and may be machine washed and tumbled dry. High quality nylon bonded to rubber backing offer the best of visual clarity for your logos, trademarks and messages—they are actually woven into the mat surface itself.

Although print-quality is not possible on identification floor mats...our art department is capable of providing personalized multi-color logo mats of the quality shown on this page. Modification of designs and placement on the mat should be left to art department's discretion. And so when you purchase one of these carpet inlaid mats with up to five colors...aesthetically you'll convey the fashionable image and distinct identity that is so important in today's business world.

So, put these long life identification mats to work in your entrances, lobbies, in front of service counters, at stairs, elevators, escalators or wherever you want to promote your image as well as protect your floors.

Surely your business deserves the most attractive and durable identification mat!

It is rare that a mat can be as functional as it is attractive—but here it is. Put your name or logo where it will be seen and at the same time your mat will provide you with the best in moisture removal qualities. Choose from seven colors: Medium Grey, Medium Blue, Medium Brown, Dark Brown, Dark Green, Red/Black, or Charcoal. To be effective, keep your name or logo simple and to the point. This mat does not lend itself well to curvature or detail—your design must be simplistic. Send us your business card or letterhead, or formal artwork. Available in 15 different size mats from 3' x 5' to 6' x 20'. We'll provide you with a formal quotation which will include a one-time set-up charge.

No. M-3204 COMBINATION I.D. MAT

Get the best of two worlds by buying mats that combine the graphic inlay process with the ink print process all on one mat. These are mats for sophisticated consumers and designers who take great pain to convey an elaborate message on their I.D. mats. Since these mats are of a custom-made nature—one must submit their design in greater detail and request a formal quotation. You should provide us with good quality, sharp, black and white artwork and indicate the number of colors and their locations. The better your artwork, the more simplistic your logo design and message—the better your final mat will communicate.

INK PRINT - I.D. 33

No. M-3301 INK PRINT I.D. MATS

There are many mats with intricate designs and logos that don't lend themselves to the graphic inlay process—ink print, while not as good as an I.D. mat, does offer you the opportunity to do more complex designs that involve thinner lines, shading, and highlighting. Send us your sketch showing us what you want on your mat and we will establish if inlay or ink print is the way to go. Remember, the more simple you keep your design and the less detail—the more quickly your mats will communicate . . . so it pays to keep the design uncluttered. You can use up to eight colors out of pallet of 24. Discounts on quantity purchases are substantial—it pays to buy more than one mat.

Colors: Amethyst, Black, Brick, Burgundy, Champagne, China Blue, Chocolate, Confederate Grey, Gold, Green, Grey, Lavender, Mink, Moss Green, Navy, Olive, Orange, Red, Rosewood, Royal Blue, Spring Green, Tan, Turquoise, or Yellow.

No. M-3401 FLOCKED MATS — One Color Logo-Print

Electrostatic flocking is a process for surface printing of your logo-design mats, that because of their relatively short life span, are for those who are looking for a quality level at a lower price. There are no sketches for approval; nor are returns accepted. These mats cannot be machine washed or dry cleaned—nor are they recommended for schools where students can, with deliberate effort, kick the letters off the mat.

These flocked mats will get your message out—but they are not the quality of, nor do they have the lifespan of, an inlaid mat.

In the commercial or institutional kitchen . . . in back of the food service counter or your bar—"Kitchen Herby" matting will provide you with floor safety, traction, and comfort at a most reasonable price. Because it is oil-proof and alcohol-proof—this mat will take the abuse of spilled cooking oils and drinks. It will withstand fats, greases, and acids that turn most mats into mere mush. And the open slot construction allows for quick drainage of any spills. V-grip ridges provide security under foot while knob-back allows underside drainage and ventilation. This is the mat that will increase productivity and safety for your kitchen workers. And it can be used on both sides! By the range or by the salad bar—"Kitchen Herby" will do the job! ALCOHOL PROOF • ACID PROOF**

No. M-3901 "MR. FACTORY" MATTING

By far the best value in factory matting—Has fantastic resistance to chemical change from oil, grease, alkalis, alcohols, and acids. Easy to clean: simply hose or damp mop. Reversible: use with knob-back or cross-rib side up. The resistance to most chemicals and its ability to provide safety traction under damp and wet conditions make "MR. FACTORY" the choice for your working locations. Being highly durable, it will provide years of service and outlast most matting. It will also help you to comply with OSHA regulations. Where other mats will turn to mush, "MR. FACTORY" will provide you with safety and foot comfort through the most difficult spillage problems. Types: "R" — Regular solid matting without drainage holes and for most applications — 1/4" thick. "S" — Open slot design with drainage holes where constant spillage requires — 3/8" thick. Colors: Red, Black, White, Grey or Orange-Glo. Sizes: Width — 24", 36" or 48".

Poly heavy-duty astro turf is very expensive—but very durable! Use it as entrance matting or wherever a high traffic area (inside or outside) requires a long lasting colorful mat. Deep resilient blades let mud, water, and spills drain off to provide a relatively non-skid walking surface. And since the blades spring back—they act as a comfortable cushion to reduce fatigue when mat is used under employees who are on their feet for long hours. Resistance to shedding or fading make this a mat that will keep your building looking clean and well-managed. Thickness: 1/2". No. M-5103 "O-RAD"

The darling of airport floors the world over...here is vinyl radial flooring that holds up well in all the difficult high traffic locations:

- | | |
|---------------------|--------------------|
| • AIRPORT TERMINALS | • HOSPITALS |
| • SHOPPING MALLS | • SCHOOLS |
| • MUSEUMS | • OFFICE BUILDINGS |
| • CAFETERIAS | • SPORTS ARENAS |

Raised disc design means relatively non-skid, non-slide surface that provides excellent traction, promotes safety and is easy to clean. Because it is sold in rolls rather than in tiles...it is easier to install, fewer seams mean safer flooring, and roll quantity provides color consistency for more attractive floors. "O-RAD" will give you outstanding wear properties in the heaviest of traffic areas and at a price of half the money of radial rubber tiles. Install with 2 part epoxy adhesive—detailed instructions furnished. Available in Black or Light Gray. Width: 48"

No. M-5902 TOUGH DECK

Provides maximum protection against slips and falls—hides cracked uneven floors. Allows drainage to prevent moisture and odor build-up—will not mildew. Applications are almost unlimited . . . from health clubs to horse trailers . . . these tiles will give you an attractive, safe, long-lasting floor. Turn wet surfaces into dry walkways that are safe, sanitary, and easy to clean. Modular design enables you to create any length, width, or shape . . . simply snap tiles together for easy installation. **Tough Deck** tiles are ideal for industrial, commercial, and sports applications. They offer comfort and protection. Each tile exposes over 1/3 of the floor below to the air; allows circulation to keep feet cool and comfortable. Bevelled edging minimizes the possibility of tripping and allows use of wheeled carts. And they will hold up around fire trucks, pool areas, saunas, weight rooms, hot tubs, and in your boat. Thickness: 3/4". Tile: 12" x 12". Eleven colors: Dark Blue, Pool Blue, Teal, Pink, Purple, Yellow, Orange, Green, Red, Gray, or Black.

A sample devotional from
Sanctuary for Lent, 1996

MONDAY, FEBRUARY 26, 1996

Read Romans 12:9-18

—Burnout III

Do not lag in zeal, be ardent in spirit, serve the Lord.

—Romans 12:11

Let's continue to think together about burnout, since it is a highly prevalent contemporary problem among a large segment of our population.

There are many symptoms of burnout such as excessive sleeping, eating, or drinking. Persons who are victims of this condition catch frequent colds, suffer headaches and many other physical and psychological problems. Most of them are irritable and impatient. They easily become defensive even when they have no reason to be.

Persons who experience burnout are tired all the time; in a downward spiral that can extend over a period of months, and even years.

One wonders what happened to that initial enthusiasm, whose loss led to stagnation and then to frustration and apathy.

We see frequent cases in which persons began a project or assignment with a high level of enthusiasm, then come to a complete stop, leaving the task unfinished.

Prayer: O God, sustain me through trying and difficult times. Help me not to be discouraged, but to maintain my zeal and continue to be ardent in spirit, serving you. Amen.

B. THE PRESBYTERIAN HYMNAL (PEW EDITION). This comprehensive hymnal strives to praise the glory of God with sensitive language that is familiar, yet inclusive. It contains more than 600 hymns and psalms that are cognizant of our diverse nature and that reinforce the celebration of life. From cover to cover, this hymnal reflects the heritage of the past, the community of the present, and the promise of the future. Mandated by the General Assemblies of 1980 and 1983, and activated by the efforts of church leaders, congregation members, and the hymnal committee, this hymnal truly celebrates diversity and unites all participants through worship and song. Expertly hardbound in blue cloth.

All I Need To Know About Life I Learned From Fishing

There is no such thing as too much equipment
 ♣ When in doubt, exaggerate ♣ Everyone has a
 story about the one that got away ♣ It's good to be ^{at}
 the top of the food chain ♣ Even the best lures get
 weak after they've been used a few times ♣
 Sometimes you've really got to squirm to get off the
 hook ♣ Cast everything in the best light possible ♣
 Get reel! ♣ Take time to smell the fishes ♣ A fishing
 line has a hook at one end and an optimist at the
 other ♣ The fishing is always better on the other side
 of the lake ♣ Good things come to those who wade ♣
